Valuable and Worthless Securities

★

VOLUME X
1944-1945

Showing little-known dormant and inactive corporations, and those that have been reorganized, merged, liquidated or dissolved; corporations that have lost their charters, and information establishing the year the securities became worthless.

Preface

THE purpose in the preparation of this work is to provide an efficient service on Valuable and Worthless Securities and to continue the traditions of Marvyn Scudder & Company, Inc.

The first edition was published in 1926 by the late Marvyn Scudder. Because of the enthusiastic reception given the book, another edition, Volume II, was published in 1928, Volume III in 1930, Volume IV in 1934, Volume V in 1937, and Volume VI in 1938. There are approximately 100,000 different corporations in each of the first three volumes; and 250,000 additional corporations in Volume IV, together with an Index to the first three volumes; and 200,000 additional corporations in Volume VI, which, when issued in 1938, also included a reprint of Volume V in its entirety.

The six volumes, listing approximately 750,000 different corporations, none of which is duplicated in any of the various volumes, represent the most extensive and voluminous record of its kind ever published.

It has been my desire to improve and make each edition the foremost of its kind in the field. With this in mind I added to Volume VII the most complete Mining Directory of its kind ever published.

The 1941 Edition, like the 1940 Volume, contains two sections.

Section I contains primarily information on securities that have liquidating values and their sources of collection. The book also lists reports on securities that are worthless.

Section II contains the most complete mining book ever published. The products mined are arranged in alphabetical order. After each product, the states are listed in alphabetical order where that particular product is mined. After each state the mining companies are listed in alphabetical order that mine that particular product. In addition, there is an alphabetical index.

The Mining Manual, Section II, was conceived because of a long felt need for information of this character. Over a period of years I found that most of the inquiries received concerned stocks and bonds of mining companies. To determine the real value of these securities considerable research is necessary in each case in order to ascertain whether or not the companies hold any mining claims. To facilitate this work I compiled a record of practically every type of mining property in the United States, Alaska and Canada containing minerals ranging from Alabaster to Zircon. The information is based on current official records obtained from County Treasurers, showing companies listed on the Tax Rolls, State and Territorial Reports, University Surveys, Records from the Secretaries of various States, and Canadian Mining Reports. The State and University Surveys contain primarily information on active mining companies, while the records obtained from the County Treasurers list only the companies that own property. By checking these records one against the other a more complete list has resulted, because companies that are actively operating mining claims may only lease the property and therefore do not appear on the Tax Rolls.

Volume IX, 1942, contains an Index to Volumes V-VI, and the First Section of Volume VII. In addition, due to changes of Trustees, the First Section of Vol. VIII has been revised and included in Volume IX, together with thousands of reports on securities that have a cash or exchange value, giving their sources of collection, and those that are worthless.

Volume X, 1944-1945, contains an Index to the 1943 Issue on Valuable Securities, and over 750 pages of reports on little-known and obsolete corporations. This data was obtained from individual investigations, State Departments, newspapers from all parts of the country, and from the private files of my clients. I am grateful for this cooperation.

ACF-Brill Motors Company. Press report:

Philadelphia, July 14—Brill Corp. registered today with the Securities and Exchange Commission 280,138 shares of common stock, par value $2.50 a share, of ACF-Brill Motors Co., which will be the corporate name of the merged Brill and American Car & Foundry Motors Co., upon the effective date of the registration statement. The merger plan will be voted upon by stockholders on July 27.

Under the terms of the merger each two class B shares of Brill and each common share of ACF will receive a warrant to purchase one share of the new common stock. The merger also provides for the issuance of 280,138 warrants to purchase an equal number of shares of common stock, par value $2.50 a share, of the merged company at $12.50 a share to Jan. 1, 1950, and $15 a share thereafter to Jan. 1, 1955, subject to certain adjustments in some instances.

The merger agreement also provides for the issuance to American Car & Foundry Investment Corp. of warrants to subscribe to 178,572 shares of common stock, and that the remaining 101,566 shares registered would be issued upon the exercise by public holders of warrants held by them.

If all the shares of common stock authorized to be issued under the merger are issued, ACF Investment Corp. will own about 45 per cent of the outstanding shares of the merged company, exclusive of the 280,138 shares reserved for issuance upon the exercise of warrants.

Admiral Cadillac Gold Mines, Ltd. Incorporated in Ontario and held property in Quebec. The Department of Mines, Quebec, Quebec, informed us that this company no longer appears on their lists of holders of mining claims or mining properties in the Province of Quebec. The company did have some mining claims a few miles North of the O'Brien and the Thompson Cadillac Mines, but these claims have all expired since 1938. The shares in our opinion have no value.

Admiral Cadillac Gold Mines, Ltd. (Ontario). Judged worthless. Company has forfeited charter and Letters Patent were returned to the Office of the Secretary of the Province of Ontario. (5-29-42.)

Alaska Mines Corp. Incorporated in Virginia in 1916. The company's assets consisted almost entirely of placer mining claims in Alaska. In the summer of 1921 the company was put through Federal equity receivership in Alaska and Virginia and all of its assets were sold subject to certain mortgage liens. The proceeds of the sale were all consumed in payment of receivership expenses, leaving no equity for the stock which is without value. The corporation was dissolved in December, 1921.

Alaska-Northwestern Railroad Co. Incorporated in Arizona in 1910, and failed to file reports since then. The charter was revoked in 1927. No value was found for the stock at that time. We believe the shares are without value.

Alaska Petroleum & Coal Co. (Wash.). Letter dated 6-12-39 from Secretary of State of Washington states, ". . . was stricken from the records of this office on 7-1-26 and automatically dissolved 7-1-29 for non-payment of its annual license fees . . .". (6-15-39.)

Alderman Drug Co., Hartford, Conn. Press report, August, 1944:

The Alderman Drug Co. at the southwest corner of Main and Pearl Sts., has been sold to the United Cigar-Whelan Stores Corp. which will take over the operation of the store beginning Aug. 1. The purchaser also took a long term lease on the property.

Herbert S. Luce, vice-president of the Whelan Co. in charge of real estate said Monday that his company would enlarge the store as soon as necessary materials are available. Mr. Luce added that the company would spend between $35,000 and $40,000 to modernize the store.

The Alderman Drug Store, famous as a local meeting place, was established in 1913 and is one of the city's most valuable corner properties. According to Mr. Luce, the store will continue to operate under the present name along with the name of the purchaser.

Aldred Investment Trust. Press report, May 20, 1944:

Philadelphia, May 19—The Securities and Exchange Commission announced today that it had filed a complaint in the Federal Court in Boston charging seven trustees and officers of the Aldred Investment Trust with gross misconduct and gross abuse of trust. It asked a preliminary and final injunction to prevent the defendants from acting in their official capacity and the appointment of a receiver to liquidate the trust's assets and distribute them to creditors.

According to the SEC's announcement, the trustee and officers, without giving adequate notice to security holders, caused a drastic change in the investment policy of the trust in January and obtained authorization to carry out arrangements that they had made previously by which the trust would convert approximately 30 per cent of its assets and use the proceeds to buy control of the Eastern Racing Ass'n., Inc., a Massachusetts corporation engaged in conducting horse-race meetings and parimutuel betting at Suffolk Downs race track.

The SEC charged that as a result of the arrangements the trust was caused to speculate in $1,195,000 in common stock of the racing association and that the trust paid approximately $80 a share for such stock, although the bid prices from November, 1943, through February, 1944, ranged between $52 and $59 a share.

The defendants named were Gordon B. Hanlon, Robert P. Loring, Elpon N. Hanlon, W. Edward Higbee, John L. Arnold, Malcolm M. Bowen and Ezra D. Hart.

The complaint also charged that the trust had been insolvent since 1937 in that its assets have been substantially smaller than its outstanding debenture obligations totaling $5,900,000; that the trust had been operating at a loss since 1939 and that the entire income of the trust has been inadequate to pay annual interest of $265,500 on the debentures. A substantial part of the interest has been paid from capital, the SEC asserted.

The SEC also declared that the defendants had been paying themselves large salaries, fees for office facilities alleged to have been furnished the trust, brokerage commissions and alleged operating expenses that have aggravated the insolvency of the trust and steadily diminished its assets. The defendants, the SEC said, continued the existence of the trust for personal benefits.

Gordon B. Hanlon, a securities dealer in Boston, the SEC said, purchased a controlling block of the trust's common stock for less than $20,000 and installed trustees of his own choosing.

Alexander, S., & Co., 247 Buffalo Av., Paterson, N. J. (N.J.). To all to whom these presents may come Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office that S. Alexander & Co., a corporation of this State, whose principal office is situated at No. 247 Buffalo Av., in the City of Paterson, County of Passaic, State of New Jersey (Americo V. Alexander, being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Title 14, Corporations, General, of Revised Statutes of New Jersey, preliminary to the issuing of this Certificate of Dissolution.

Now Therefore, I, Joseph A. Brophy, Secretary of State of the State of New Jersey, Do Hereby Certify that the said corporation did, on the Tenth day of March, 1944, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal, at Trenton, this Tenth day of March, A. D., one thousand nine hundred and forty-four.

J. A. Brophy,
Secretary of State.

Allied Petroleum Corp. Following was contained in a letter dated April 1, 1943, to stockholders:

"The sale of substantially all of the assets of Allied Petroleum Corp., except cash and securities, to the Jergins Oil Co. for $600,000 was completed on Thursday, March. 25, 1943. The directors have decided that it is to the best interests of the Allied Petroleum Corp. to wind up and dissolve and to pay an immediate liquidating dividend of $6.02 for each share of outstanding stock. Below is the Call of a Special Meeting of Stockholders to approve these resolutions."

A special meeting of shareholders of A. P. C., a Del. corp., is hereby called to be held on the 12th day of April, 1943, at 10 o'clock a.m. of that day, at the principal office for the transaction of the business of said corporation, located at 214 Columbus Ave., in the City of S. F., State of Calif., for the purpose of considering and acting upon each of the following propositions:

1. A proposal to wind up and dissolve the corporation.
2. Approval of the resolution of the directors to pay a first dividend in liquidation of $6.02 per share.

Stockholders approved resolution that $6.02 per share be distributed.

Amalgamated Mines Co. "Incorporated under the laws of the State of Nevada on Oct. 19, 1928, but its charter revoked on the 1st Mon. of March, 1936, because of its failure to file, on or before said date, a list of its officers and directors, and designation of resident agent, and his acceptance of such designation for the year July 1, 1935 to July 1, 1936; also to pay the statutory filing fee and penalty then due, namely: $7.50.

However, the corporation may be reinstated to its former status and rights as such, upon filing in this office an affidavit stating the reason for the revocation of its charter, together with a list of officers, etc., for the current year, July 1, 1942 to July 1, 1943, accompanied by remittance to cover the fees and penalties from 1935 to date in the amount of $60. The last named resident agent was The Nevada Agency and Trust Co., Cheney Bldg., No. 139 North Virginia St., Reno, Nev." Quoted from a letter from the Sec. of State of Nev. dated 12-11-42. The following is quoted from a letter dated 12-11-42 received from the Nevada Agency & Trust Co., Reno, Nev.: "We are unable to furnish you with information concerning Amalgamated Mines Co. inasmuch as the company has been inactive for many years and we have been unable to contact any of its principles for some time. American Auto & Radio Manufacturing Co. Press report, Feb. 15, 1944.

Harry Schwartzberg, the Kansas City fugitive who, as Harry Phillips, became a Michigan grower of plant bulks, was started toward prison at Terre Haute, Ind., today as a move began to tap his Michigan assets for the benefit of more than a thousand creditors of his old American Auto & Radio Manufacturing Co., bankrupt in 1929.

From the office of Henry A. Bundschu, referee in bankruptcy, went 1,700 notices to creditors and lawyers, announcing a meeting of creditors at the bankruptcy court Feb. 28.

A trustee will be named by the creditors to begin the probe for Schwartzberg assets or equities in Michigan. There the runaway Kansas Citian conducted the bulb business on a nation-wide scale from Grand Rapids, while the FBI still listed him as a hunted man.

The Grand Rapids business at one time had a credit rating of $100,000. When Schwartzberg fled from here, Judge Albert L. Reeves had directed him to turn over to bankruptcy court $126,719.45 in cash and merchandise. The Schwartzberg - Phillips situation naturally is a complicated one. Hopes of Kansas City creditors have been dimmed somewhat by word that Michigan creditors have started receivership actions against both the Soilless Growers Guild and the Carto Pack Company, which the fugitive was said to have headed. The contention will be advanced that Schwartzberg started his Grand Rapids operation with money filched from his Kansas City creditors.

Meanwhile a third hand reached out for the Michigan bulb funds.

Maurice M. Milligan, United States district attorney, served Schwartzberg with a court notice, setting up the government's claim of an unsatisfied balance of $4,500 on a $5,000 bond forfeited when Schwartzberg fled the jurisdiction of the federal court.

Victor C. Emden, etc., Plaintiff, vs. American Borax Co., a Corporation, et al., Defendants.—No. 301298.

Notice is hereby given that America Borax Co., a Nevada corporation has filed in the above entitled action a verified petition, in which the plaintiff Victor C. Emden also has joined, for authority to accept the offer of Stauffer Chemical Co., of 624-36 California St., San Francisco, Cal., one of the defendants in the above entitled action (1) to pay to American Borax Co. the sum of $5,000 to be distributed ratably to the stockholders of American Borax Co., other than Stauffer Chemical Co.; (2) to purchase before April 1, 1944, all of the shares of the stock of American Borax Co. owned by shareholders other than Stauffer Chemical Co. at the price of 4.12 cents per share in cash, provided that the owners thereof exercise their right to sell said shares prior to April 1, 1944; and (3) in consideration of said payment and of said offer to purchase said stock, to compromise, settle and dismiss the above entitled action and all claims and demands included therein. For further particulars reference is hereby made to said petition now on file with the Clerk of the above entitled Court.

The hearing of said petition has been fixed for Monday, the 27th day of March, 1944, at the hour of 10 o'clock a. m., before the above entitled Court, Department No. 3 thereof, at its courtroom, situate on the fourth floor of the City Hall, No. 400 Van Ness Av., San Francisco, Cal., when and where all persons interested in this action may appear and show cause why said petition should not be granted.

Dated at San Francisco, Cal., Feb. 15, 1944.

American Borax Co., a Nevada Corporation,

American Trusteed Funds, Inc. Press report April 16, 1944:

Four men were sentenced in Federal Court here yesterday following their pleas of guilty to indictments returned in 1941 for swindling 3 Hackensack residents and others in a trust foundation and mining stock scheme that caused heavy loss to investors in this area.

The local victims listed, all of whom lost all they invested in 1938, according to Assistant United States Attorney Edward McDonald, are Harold B. Zabriskie, North Hackensack; Louis Grieco, 24 Huyler St., Hackensack, and Anthony J. Mancini, 27 Bergen St., Hackensack.

Those sentenced by Judge Alfred C. Coxe were Theodore P. Heider, 67 S. Munn Ave., East Orange, given 6 months; M. Lawrence Jacobs, Jackson Heights, N. Y., a year and a day, Wilfred W. Werfe, New York, a year and a day, and John Kane, attorney, New York, suspended sentence.

They were among 10 men and a corporation, American Trusteed Funds, Inc., of which Heider was president, which offered for sale stock certificates in the foundation. Stockholders were promised $2,000 in 10 years for each certificate they bought and paid for at the rate of $10 a month. They were not told, however, that of the first $100 the sum of $72 would be deducted for so-called sponsor's fees. Some of the investors were later switched to stock in a worthless Canadian gold mine which was falsely declared to be in operation. Also misleading was the statement that the stock was shortly to be listed on the New York Curb Exchange.

American Underwriters Corp. Value of Legal Reserve Certificate. The Treasurer of the Sunset Life Ins. Co. of Olympia, Wash., reported on Jan. 8, 1944, that a unit of this stock consists of 10 shares with a par value of $10 each, therefore, the unit would have a value of $100. The stock has an actual book value of $11.25 per share, and that 66 2-3% of the money paid in for the stock was converted into United States bonds. The American Underwriters Corp. is the holding company for the Sunset Life Ins. Co. and the Sunset Casualty Co., and these units are disposed of in various localities in the State of Washington at par. The appraisal should be made at $100 per unit.

American Utilities Service Corp. Press report March 8, 1944: "Staff of the public utilities division has recommended that SEC disapprove the proposed voluntary plan of recapitalization filed by American Utilities Service Corp. unless it is amended within 30 days to give present common stockholders approximately a 15 per cent participation in the new common stock to be issued. American proposed to reclassify its existing 105,000 shares of 6 per cent cumulative preferred stock $25 par into 105,000 shares of new common $20 par so that holders of the preferred would receive new common stock on a share-for-share basis. No provision was made for common stock.

Armour Leather Co. On July 23, 1926, the Armour Leather Company was reorganized and on that date, in lieu thereof, the J. K. Mosser Leather Corporation originated. Any stock issued prior to that date would be Armour Leather Company stock, while any stock issued on and after that date would be J. K. Mosser Leather Corporation stock. Armour & Co. communicated with these people in 1926 and again in 1936, at which time an offer was made to purchase their J. K. Mosser Leather Corporation stock or the equivalent thereof in the event they were still holding Armour Leather Company stock on the book value basis of the J. K. Mosser Leather Corporation common stock or $37.93 per share. In all cases any mail addressed to them has been returned. Stock of both companies should be presented to Mr. Ray F. De Long, Transfer Agent, Armour & Company, 316 South La Salle Street, Chicago 4, Illinois.

Associated Gas & Electric Co. Value of Common and Class "A" Stock, no par value. The office of the trustees, located at 21 West Street, New York City, informed us on July 3, 1944, that the plan of reorganization of June, 1943, eliminated the common and class "A" stock from any participation in securities of a reorganized company. This plan, however, has not as yet been approved by the court, nor has the Internal Revenue Department at Washington declared these shares worthless for income tax purposes. While the shares have not been officially declared worthless, we submit only a nominal value of $1 for the lot as a fair value for these shares as of January 5, 1944, the date of the decedent's death.

Associated Gas & Electric Co. Press report August 27, 1944:

A plan for reorganization of the Associated Gas & Electric Co. and the Associated Gas & Electric Corp., top holding companies in the vast utilities empire formerly controlled by Howard C. Hopson and known as the Associated Gas & Electric System, was approved yesterday by Judge Vincent L. Leibell in United States District Court.

Under the reorganization plan, which was approved April 17 by the Securities and Exchange Commission, many of the 226,876 security holders, included all stockholders, do not share in the assets of a proposed surviving company which would be set up to combine the assets of the two holding companies into a solvent concern.

Also approved by the court was the report of Frederick Crane, special master, which provides for the restoration of the two companies' securities to their position prior to the recapitalization plan of 1933 sponsored by Mr. Hopson, who headed the system at that time but who later was sentenced to five years in prison on a mail fraud conviction. It is expected that the new plan will now go to creditors of the companies for their consideration. It will become operative only if accepted by creditors and confirmed by the court.

Value Set at 105-115 Million

Although the system often was referred to as a $1,000,000,000 system under the Hopson regime, Judge Leibell found that the assets of the two companies have a value of between $105,000,000 and $115,000,000, compared with a face value of $668,406,240 as of March 31, 1943.

In the restoration of the securities to their 1933 status, holders of the Associated Gas & Electric Corp. 8 per cent bonds due in 1940 receive a prior claim for most of their assorted claims. Holders of these bonds will receive new debentures and cash at the rate of $102.56, plus interest at 4 per cent a year from July 10, 1943, for each $100 face amount now held. New common stock will be distributed to other participating creditors.

Judge Leibell wrote that "it is unfortunate that the value of the combined assets of A.G.E. Co. and A.G.E. Corp. is such that many classes of A.G.E. Co. security holders (including all stockholders) do not share in the assets of the surviving company under the plan of reorganization. . . Under the circumstances here present, it is not necessary that the court make a precise valuation of every asset in order to make a finding that the excluded securities and stock of A.G.E. Co. have no value."

Capitalization of the "surviving" company will consist of an authorized $8,000,000 in new senior debt with an estimated $7,500,000 outstanding, $8,000,000 in new debentures with an estimated $7,400,000 outstanding and 10,000,000 shares of $5 par common stock with 7,500,000 shares outstanding.

How Stock Will Be Allotted

The new common stock will be distributed as follows:

For each $100 principal amount, the Associated Gas & Electric Corp. debentures of 1973 will receive about 6½ shares, the Associated Gas & Electric Corp. income debentures of 1978 about three shares, Associated Gas & Electric Co. fixed interest debentures 2½ shares, and debentures due in 1983 and 1986 about two shares. Convertible debenture certificates are to receive slightly more than one share, and about a half share is to be distributed to holders of convertible obligations due in 2002, and for each share of preferred stock and preference stock held by those who originally obtained their securities in exchange for convertible debenture certificates. General creditors are to receive 2.14 shares for each $100 of allowed claims.

The Associated Gas and Electric Co. holds all the common stock of the Associated Gas & Electric Corp. which, in turn, is the parent of three holding companies, General Gas & Electric Corp, Associated Electric Co. and NY PA NJ Utilities Co. Voluntary petitions for reorganization of the two top holding companies was made on Jan. 10, 1940. Below these concerns, the system included in 1939 seventy public utility companies, forty-two water companies, fifteen transportation companies and twenty-eight miscellaneous companies.

Associated Gas & Electric Corp. See Associated Gas & Electric Co.

Associated General Utilities Co. Value of V. T. C. for common stock of no par value. The par was changed to $1 per share in 1941. The shares were quoted in January, 1944, at $1 bid per share. Therefore, we submit $1 per share as a fair value for the stock as of January 6, 1944, the date of the decedent's death.

Hopson and known as the Associated Gas & Electric System, was approved yesterday by Judge Vincent L. Leibell in United States District Court.

Under the reorganization plan, which was approved April 17 by the Securities and Exchange Commission, many of the 226,876 security holders, included all stockholders, do not share in the assets of a proposed surviving company which would be set up to combine the assets of the two holding companies into a solvent concern.

Also approved by the court was the report of Frederick Crane, special master, which provides for the restoration of the two companies' securities to their position prior to the recapitalization plan of 1933 sponsored by Mr. Hopson, who headed the system at that time but who later was sentenced to five years in prison on a mail fraud conviction. It is expected that the new plan will now go to creditors of the companies for their consideration. It will become operative only if accepted by creditors and confirmed by the court.

Value Set at 105-115 Million

Although the system often was referred to as a $1,000,000,000 system under the Hopson regime, Judge Leibell found that the assets of the two companies have a value of between $105,000,000 and $115,000,000, compared with a face value of $668,406,240 as of March 31, 1943.

In the restoration of the securities to their 1933 status, holders of the Associated Gas & Electric Corp. 8 per cent bonds due in 1940 receive a prior claim for most of their assorted claims. Holders of these bonds will receive new debentures and cash at the rate of $102.56, plus interest at 4 per cent a year from July 10, 1943, for each $100 face amount now held. New common stock will be distributed to other participating creditors.

Judge Leibell wrote that "it is unfortunate that the value of the combined assets of A.G.E. Co. and A.G.E. Corp. is such that many classes of A.G.E. Co. security holders (including all stockholders) do not share in the assets of the surviving company under the plan of reorganization. . . Under the circumstances here present, it is not necessary that the court make a precise valuation of every asset in order to make a finding that the excluded securities and stock of A.G.E. Co. have no value."

Capitalization of the "surviving" company will consist of an authorized $8,000,000 in new senior debt with an estimated $7,500,000 outstanding, $8,000,000 in new debentures with an estimated $7,400,000 outstanding and 10,000,000 shares of $5 par common stock with 7,500,000 shares outstanding.

How Stock Will Be Allotted

The new common stock will be distributed as follows:

For each $100 principal amount, the Associated Gas & Electric Corp. debentures of 1973 will receive about 6½ shares, the Associated Gas & Electric Corp. income debentures of 1978 about three shares, Associated Gas & Electric Co. fixed interest debentures 2½ shares, and debentures due in 1983 and 1986 about two shares. Convertible debenture certificates are to receive slightly more than one share, and about a half share is to be distributed to holders of convertible obligations due in 2002, and for each share of preferred stock and preference stock held by those who originally obtained their securities in exchange for convertible debenture certificates. General creditors are to receive 2.14 shares for each $100 of allowed claims.

The Associated Gas and Electric Co. holds all the common stock of the Associated Gas & Electric Corp. which, in turn, is the parent of three holding companies, General Gas & Electric Corp, Associated Electric Co. and NY PA NJ Utilities Co. Voluntary petitions for reorganization of the two top holding companies was made on Jan. 10, 1940. Below these concerns, the system included in 1939 seventy public utility companies, forty-two water companies, fifteen transportation companies and twenty-eight miscellaneous companies.

Associated Gas & Electric Corp. See Associated Gas & Electric Co.

Associated General Utilities Co. Value of V. T. C. for common stock of no par value. The par was changed to $1 per share in 1941. The shares were quoted in January, 1944, at $1 bid per share. Therefore, we submit $1 per share as a fair value for the stock as of January 6, 1944, the date of the decedent's death.

This corporation never filed any reports but did pay a bonus on a return of one third of one per cent on a capital of $5,000. The company was marked from the active list of corporations under date of May 7, 1909, and with this information it would indicate that the stock has no value, according to the Department of Revenue of Pennsylvania. The Farmers National Bank of Athens, Pa., informed us on April 14, 1943, that the officers have been dead for a number of years. The bank found no record of the company being liquidated nor any distribution being made to stockholders. It is our opinion that the shares are without value.

The Atlantic Federal Savings & Loan Association will take action upon proposed dissolution of the association at a meeting of shareholders at the office of Secretary Carl E. Hoffman next Friday evening at 7:30. The officers and directors of the association, headed by Fred Steinke, have acted to dissolve the agency because loans are being paid off rapidly and those outstanding are not sufficient to warrant continuation of the business.

The association at one time had more than $100,000 outstanding in loans, but this has been reduced to some $90,000 and under the dissolution plan, local banks would take over the loans. Since the association was organized about ten years ago for the purpose of financing home ownership, not a single loss has been sustained on loans.

Auto-Ordnance Corp., 1437 Railroad Av., Bridgeport, Conn. Press report, Mar. 17, 1944:

Russell Maguire, president of the Auto-Ordnance Corp., firearms manufacturers, 1437 Railroad Av., announced that the firm name has been changed to the Maguire Industries, following a stockholders' meeting in New York.

Mr. Maguire, whose foresight in 1939 before war broke out in Europe was responsible for the mass-production of the Thompson sub-machine gun, known around the world as the "Tommy" gun, explained several reasons for changing the company name at this time. One is that the "Tommy" gun has so captured public imagination as to overshadow the other important activities of its makers.

"Auto-Ordnance," he said is name associated only with war and for the present all of its activities in electronics, food compression and oil are devoted entirely to the war effort.

"Since our postwar activities will naturally have little if anything to do with ordnance production, our old Auto-Ordnance title would not only be meaningless but even misleading," he said.

Maguire Industries, Inc., has plants located in Bridgeport, New Milford, Greenwich and Stamford, and maintains offices in New York City, Washington, D. C., Utica, N. Y., Wichita, Kan., and Dallas, Tex.

Axel Lonnquist First Mortgage 6½% Bonds Dated May 1, 1925. The Detroit Trust Co., Detroit, Mich., informed us as follows on May 22, 1944:

As of Feb. 25, 1941, bondholders were advised of liquidating dividend No. 4 of 2½% making a total liquidation to date of 37½%. Since that date the few remaining lots have been lost for taxes with the exception of one lot which has been sold for cash. The final interest distribution on impounded funds in Class "A", Trust No. 1 of Union Guardian Trust Co., has been paid to the Trustee so that the Trustee can now make final distribution to bondholders.

Cash on hand amounts to $708.55. Of this amount $641.25 will be used to make final liquidating dividend No. 5, of $22.50 per $1,000 bond to the holders of $28,500 par value of bonds presently outstanding, and the balance of $67.30 will be applied on Trustee's fees and expenses.

In order to receive this final liquidating dividend, bonds should be forwarded promptly to — Detroit Trust Co., Reorganization Department, First Floor, 201 W. Fort St., Detroit 31, Mich.

Because this is a final liquidating payment, and since there is no possibility of further recovery for bondholders, the bonds will be of no value whatsoever after this payment is made. We therefore propose to retain the bonds and cancel them unless any bondholder instructs us in writing to return same.

"Albert M. Campbell, executive vice president of Ayrshire Patoka Collieries Corp., announces that in keeping with the company's plans for expansion and future development and to meet postwar conditions, it has concluded arrangements for the acquisition of the common stock of Republic Coal & Coke Co.

"The Republic Coal & Coke Co. will continue to operate exclusively as an independent sales organization, serving the producers and buyers of the solid fuel industry.

"Lyle H. Dayhoff and Harold D. Wright, co-founders of Republic Coal & Coke Co., will continue in their executive capacities as chairman of the board and president, respectively, as heretofore. No changes of any kind are contemplated in the management policy or Republic's organization."

Ayrshire Begun in 1939

Indianapolis, Ind., Aug. 18—Ayrshire Patoka Collieries Corporation, which has extended its holdings through acquiring common stock of the Republic Coal & Coke Co., Chicago, was incorporated under the laws of Delaware in June, 1939, as a consolidation of Electric Shovel Coal Corp., and Patoka Coal Co.

At that time, the holders of Electric Coal Shovel Corp stock received two new common shares for each preferred share held, and one new common share for each 30 shares held. Holders of Patoka stock were given 213.4 new common shares for each old share held. The new corporation's business was strip mining in the State of Indiana. The Ayrshire Patoka organization owns and operates four mines at Arthur, Staunton, Clinton and Winslow, Ind.

The company enlarged its holdings substantially in June, 1943, when it acquired a major portion of what is now the Fairview Collieries Corporation, including operation of the Flamingo mine, the Fairview Corporation being an Indiana operating company. At the same time, the old Fairview Collieries Corp. (Delaware) was purchased by the company and the name changed to Fairview Corp., which is a subsidiary of Ayrshire.

Stock of the Miami Coal Co. (Indiana) which had deep mine coal reserves adjacent to the Fairview operations, were acquired by Ayrshire in July, 1943.

R. P. Koenig, president of the Ayrshire Patoka organization is on leave as a lieutenant colonel with the United States military forces in Europe, at the present time. In addition to Mr. Campbell, other officers of the company include: J. B. F. Melville, vice president; W. P. McCool, secretary, and H. E. Lohmann, treasurer and assistant secretary.

Directors are J. D. Peterson, Harold D. Wright, R. J. Hyland, T. W. Bowers, P. F. Goodrich, A. M. Campbell, J. B. F. Melville and R. P. Koenig.

Baker Steam Motor Car & Manufacturing Co. The. Following quotation is from a letter received from Arizona Corporation Commission:

"In reply to your inquiry of February 4th, relative to The Baker Steam Motor Car & Manufacturing Co., please be advised that the corporation was formed under the laws of Arizona on November 7, 1917, and since 1929 has failed to file annual reports or pay annual registration fees, as provided by law.

"The charter of this corporation will expire by 25-year statutory limitation on November 7, 1942.

"The officers of the corporation were as follows:

"Pres. M. O. Replogle, 574 S. Corona, Denver, Colorado. "Sec., L. B. Cheney, 1928 Grant St., Denver, Colorado."

Although the Company has until November 7, 1942, before it will be defunct under the 25-year statutory limitation we would assume, in view of this information, that the **stock is** without value. **(2-13-42.)**

Ballard, James F., Inc. Press report Sept. 30, 1944:

Sterling Drug, Inc., has acquired the stock of James F. Ballard, Inc., of St. Louis, manufacturer of campho-phenique and other drug products. The transaction, announced yesterday in St. Louis by James Hill, Jr., president of Sterling, involved payment to Ballard's stockholders of 21,000 shares of Sterling stock, which Mr. Hill turned over to David White, president of the St. Louis company, as representative of the stockholders.

Ballard's earnings for 1943 were $102,930, equal to $4.90 a share on the Sterling stock given in exchange for that of Ballard. Manufacturing operations will be continued in St. Louis, and Mr. White will remain with the company, Mr. Hill said.

To put into effect an expanded merchandising program, Ballard's sales staff will be merged with that of the Dr. W. B. Caldwell Co., a division of Sterling, whose headquarters are at Monticello, Ill.

Bancredits Corp. Incorporated under the laws of the State of Nevada on Nov. 8, 1926, but it is not in good standing. It temporarily forfeited its right to do business legally under its charter on the 1st Monday of March, 1933, because of failure to file lists of officers and pay fees and penalties amountiing to $67.50. Said amount covers the period of years from 1932 to date. The last list filed here on July 2, 1931, shows the principal office was then located at No. 14 E. 2nd St., Reno, Nev., with the Corporate Service Assn. as the resident agent. Bank of United States, New York City. Press report, April, 1944:
Supreme Court Justice Isador Wasservogel signed yesterday an order directing creditors, depositors and other interested parties to show cause in the Supreme Court on May 12 why the final account of Superintendent of Banks Elliott V. Bell, as liquidator of the Bank of United States, should not be approved and the corporate existence of the bank terminated. The last assets of the bank were sold at the close of last year.
In a petition, Mr. Bell said that immediately upon the approval of the account ,the ninth and final dividend would be paid to depositors and creditors of the bank. This payment will amount to $1,475,000. With this payment, 76⅛% of all claims will have been paid. In addition, the Banking Department has on hand $1,520,000 of unclaimed or unpaid funds of depositors and creditors.

Bank of Virginia, Richmond, Va. This bank went out of business at the beginning of the War between the States and the value of the stock now is only that of a sentimental nature.

Bankers Bond & Mortgage Guaranty Co. of America. Incorporated in Delaware and is located in the Bankers Securities Bldg., Philadelphia, Pa. Mr. Henry E. Pearson, Secretary of the company informed us on June 10, 1943, that their annual statement of the company is in the course of preparation and will be mailed to stockholders shortly. The company's business has been steadily improviing and if real estate maintains its present status, the prospects for the company are better than they have been for years. Mr. Pearson also stated that the stock is selling for about $1.00 per share. We suggest that you place your name with the company to receive their statement.

Bankers Interstate Security Co. Incorporated in Arizona on December 14, 1922, and since 1933 has failed to file reports. The company's charter will expire by limitation in 1947. The company had its principal office at Denver, Colo. The Secretary of State of Colorado reported that the company became defunct October 15, 1936. The Guaranty Bonds, apparently are worthless, because we checked the banks, courts and State Banking Department in Denver, and was unable to find a record of the company, other than its office in Denver. It is our opinion that this company was merely a promotion and its securities are worthless.

Bankers' Land & Mortgage Co. A California corporation, incorporated October 24, 1908; principal place of business, San Francisco, Calif. Forfeited its charter November 30, 1909 for its failure to pay State taxes and has not since been reinstated. (6-13-38.)

Bay Biscayne Bridge Co. Mr. John T. Beach, c/o Coffin & Burr, Inc., located at 70 Pine St., N. Y., N. Y., informed us as follows on June 18, 1943:

"We have just received our new manual 'Valuable Securities.' The writer is interested to look at your comment on the bonds of the Bay Biscayne Bridge Co. because I was secretary of the reorganization committee of that company and later an officer of the Miami Bridge Co. for several years. The statement which you make is correct but in 1941 the 6% Income Bonds of the company were called at the principal amount and interest. Thus there is available for each bondholder $1,000 Bay Biscayne deposited bond, $1,000 for principal and $350 representing back interest, in addition to 10 shares of stock.

This information might be of help to the holders of the $1,500 deposited bonds which have not as yet been surrendered. They should be surrendered to the Manunfacturers Trust Co., 55 Broad St., New York, N. Y."

Bay Side Canning Co., San Jose, Calif. Press report dated May 31, 1944:

The Bay Side Canning Co's 13-year receivership ended here this morning with Superior Judge M. G. Del Mutolo approving a 12½ per cent payment of claims against the company.

Final accounting presented by the receivership attorneys showed company assets of $90,471.75. According to the final accounting, $38,000 must be paid to creditors of the receiver and the balance divided among some 400 creditors of the company before the bankruptcy. Claims of the 400 creditors were reported as totaling $316,922.12, or 12½ per cent.

Largest creditor of the company is the American Can Co. with a claim for more than $100,000, company attorneys said.

In approving final settlement of the receivership, Judge Del Mutolo allowed a $13,000 fee to the two receivership attorneys, Victor A. Chargin and Charles E. Luckhardt, for their work during the past three years.

Real estate and equipment of the company at Alviso was recently sold to V. K. Clifford of Los Angeles for $75,000.

Bayonne Bldg. Assn. No. 2, Bayonne, N. J. Press report March 14, 1944:

With only one shareholder dissenting, investors in the Bayonne Bldg. Assn. No. 2 last night adopted the directors' recommendation for voluntary dissolution and unanimously elected three trustees to conduct the liquidation proceedings.

Meeting in the V. F. W. Hall, 16 W. 9th St., the shareholders named as trustees John F. Schmidt, now president of the board of directors; Theodore H. Boice, treasurer, and William C. Devlin, a member of the board. All have agreed to serve without compensation.

Of the 175 ballots cast on the question

of dissolution, 32 were submitted in person and 143 were by proxy. The dollar value of the ballots for dissolution was $253,335.50, or 97 per cent of the investments. The lone dissenting vote represented holdings of $6,783.85.

Business of the association has been at a standstill since February of last year and there was no other alternative but to liquidate, Schmidt told the shareholders. He promised that 100 cents would be paid on every dollar invested and that the payments would be made as soon as it was legally possible.

The first, he said, will be 40 cents on the dollar, to be paid from the cash in hand within 10 days or two weeks. The second also will be 40 cents on the dollar and will be made when mortgages held by the association are moved. This, he estimated, will take about 60 days. The remaining payments will come when the association disposes of its real estate.

According to William N. Hutchinson, real estate agent for the association, $26,800 must be realized from the sale of the property, which consists of 10 pieces of property and three vacant lots. He was confident, however, that because of the high value of property today the shareholders will receive even more than that and as a result get more than 100 cents on the dollar.

The resolution to accept the directors' recommendation was submitted by Miss Jane Dobson, sister of the late Frank Dobson, who for many years was a director and vice president of the association.

In response to a query from a shareholder, Percival G. Cruden, a director and solicitor for the association, revealed that those owning property under mortgage to the association will be permitted to request a five-year extension from the new holders. He did not announce who the new mortgagees would be, except to mention that Jersey City banking firms were interested in acquiring the mortgages.

The shareholders' investment in the association is $317,410.70, Schmidt announced. Cash on hand totals $121,847.84, but this figure does not take into consideration cash payments made since February, 1943, which have been segregated from the main accounts in anticipation of dissolution.

Mortgages total $168,756.53, and cash on hand on mortgages amounts to $290,000. All this represents 91 per cent of the holdings, leaving nine per cent in real estate.

Since 1939, the real estate has been reduced from 106 pieces of property valued at $623,426.04 to the present 10 pieces of property and three lots. The present real estate holdings have an assessed valuation of $75,000, according to Schmidt.

Pledging economy, Schmidt estimated that dissolution expenses would probably amount to $4,000.

Bayou-Terre-Aux Boeufs Sub. D. D. "C," St. Bernard Parish, La. We have been informed that this district defaulted almost on its first coupon, and it subsequently developed that it had been fraudulently promoted, causing a scandal which involved even nationally known political figures in the State of Illinois. In 1915 a tropical hurricane completely flooded the district, and the lands were adjudicated to the State, and no taxes were levied for at least the last 25 years. Several years ago, due to a redemption law which practically forgave all past taxes, the land was redeemed because of oil possibilities and a suit was brought by a bondholder to force the district to levy and collect taxes. The litigation was never completed, because, we understand, the leases were surrendered by the oil companies, making the question in litigation purely an academic one. We understand that although surrounding lands have some value for trapping purposes, the drainage work which was done, immediately enough, ruined the subdrainage district as a trapping area. When the lands were first redeemed there were a few sales of these bonds at around 3 flat, but we feel safe in advising you that there seems to be neither any value or any market for these bonds. As a matter of fact the maturities owned by your client are now prescribed, being now more than five years past due, and are legally unenforceable. Mr. A. M. Smith of the A. M. Smith Investment Co., Carondelet Bldg., New Orleans, La., was the plaintiff in the litigation mentioned above.

Mr. Ambrose Smith, 409 Carondelet Bldg., New Orleans, La., informed us on Nov. 12, 1943, that he might have an interest in the purchase of some of these bonds at $5. to $10. per bond.

Bell Lumber Co. Press report at Green Bay, Wis., on Feb. 10, 1944:

Frank Cartier, trustee of the Bell Lumber Co., and others interested were in Milwaukee today, attending the hearing on reorganization of the firm called by Judge F. Ryan Duffy in United States district court. Creditors and others had been invited to present any suggestions for reorganization at this time, and also to make their objections, if any, to the appointment of the trustee.

In an order entered by Judge Duffy on the petition of the National Discount company, principal creditor of the firm, the trustee has sold a large quantity of surplus materials and equipment which has been left from housing and other contracts. Considerable remains to be sold, Cartier said. However, the order did not specify to whom the proceeds were to be paid, and the petitioner's request for clarification of its status as a creditor was taken under advisement by Judge Duffy.

Bergen Point Building & Loan Assn. The following was reported on March 29, 1944:
Shareholders in the Bergen Point Building & Loan Assn. of Bayonne are called to a meeting to be held April 24 to take action on the decision reached by their board of directors to liquidate the affairs of the association. The directors voted unanimously to liquidate at this time in the best interest of the shareholders, none of whom will sustain any loss.
The financial statement discloses the indebtedness to shareholders after de-

ducting the equity of the association in pledged shares amounted to $77,107.66 as of Feb. 29, there was cash on hand and in banks in the amount of $25,707.77, mortgage loans amounting to $45,812.92, real estate in the amount of $43,770.86, and cash reserves of $32,363.53. The association was to have merged with two others under federal supervision, but negotiations did not materialize, and it was then decided to liquidate.

Commissioner of Public Works Edward F. Clark, is president of the association and has serving with him on the board of directors former Recorder Daniel J. Murray, solicitor; Thomas Cashman, secretary; Irving Brandwein, treasurer, and Peter Higgins and William H. Osbahr, the latter vice president.

Bergen Point Building & Loan Assn., Bayonne, N. J. Press report Apr. 26, 1944: At a meeting held Monday night in the VFW Hall at 16 W. 9th St., a unanimous vote was cast by the 96 shareholders of the Bergen Point Building & Loan Assn., present either in person or by proxy, for voluntary liquidation of the association. Three trustees, Commissioner Edward F. Clark, Peter F. Higgins, and William H. Osbahr, were elected to carry out the dissolution.

The total of the shareholders' interests amounts to $80,401.63. Assets include $36,959.11 in cash, $37,032.21 in mortgage loans, and $34,561.28 in real estate, for a total of $108,552.60. Listed also is $28,000 in reserve.

Bishop Silver Mines, Ltd. Incorporated in Arizona on Feb. 18, 1909 and its charter expired by 25 year statutory limitation on Feb. 18, 1934. Mr. George Rosendale, former Secretary of the company located at 123 Wm. St., New York, N. Y., informed us on Aug. 30, 1943, that no work has been done on the property since the first World War. It is his recollection that the lease on the property has been forfeited, although they have received no formal notice of this. No taxes have been paid for many years. In view of the above, it is our opinion that the property reverted to the Province of Ontario for non-payment of taxes and that the shares are without value.

Blanke Health Coffee & Tea Co. Incorporated in Missouri, and according to 1933 records of the State Department, C. F. Blanke was President, and Thos. F. Courtney, both of St. Louis, Mo.

Blanke Tea & Coffee Co. Incorporated in Missouri and according to the 1941 State record Mr. C. F. Blanke was President, and William Fisher, Secretary. Mrs. C. F. Blanke, 377 N. Taylor Av., St. Louis, Mo., informed us as follows on June 22, 1943: "Sorry I cannot tell you anything about the Blanke Coffee Co. or Healthful Coffee stock. Due to a fire the Blanke Coffee Co. had on March 20th everything was lost so the company is out of business. Also sorry to say that my husband Mr. C. F. Blanke passed away in June, 1942. So you see all records were lost and I would not know what to tell you about the stock. The Blanke Coffee was in very bad shape before Mr. Blanke passed away."

In view of the above, we assume that the stock of both companies is worthless.

Blendite Alloy Company. Incorporated in Arizona on March 14, 1929, and was located at Phoenix, Arizona. The last report filed by the company was for the year 1929. While the company's charter is subject to cancellation by the commission at any time for failure to file annual reports and pay fees, no action has been taken toward the cancellation of its rights. There is, however, a limitation of its charter, which is generally 25 years. The State of Arizona, rather than pay the costs of dissolving the corporations, has waited until their charters expire by limitation. This company is not listed in our 1940 mining record which covered all Arizona companies, owning property at that time. We also searched the Bureau of Mines Report for 1939 and found no record of this company. It is our opinion that the company is out of existence and its shares worthless.

Blue Creek Coal & Land Co. First Mortgage Bonds Dated June 1, 1908. By a decree of the Circuit Court of Kenawha County, West Virginia, in a chancery suit therein pending in which Edward S. Jones and others are plaintiffs and Blue Creek Coal & Land Co. and others are defendants, the Special Commissioner, John O. Kizer, Union Bldg., Charleston, W. Va., has been authorized to pay a final dividend to all holders of the duly issued and outstanding first mortgage, 30 year 5% bonds dated June 1, 1908, secured by "Fourth Lien" described in the decree of sale in said suit, in the following amounts:

For each unextended bond bearing coupons 25 to 60, inclusive, the sum of $63.50.

For each extended bond bearing original coupons 25 to 60, inclusive, and extension agreement coupons 1, 2 and 3, the sum of $63.50. Extension agreement coupons 4 to 20, inclusive, are disregarded, but if held should be presented with the bond. For each coupon not sent with the bond, the sum of 78c will be deducted from the bond dividend; and paid to the holder of the coupon on delivery.

After a reasonable time, any funds remaining in the hands of the Special Commissioner payable for unpresented bonds, will be paid over to the General Court Receiver of the Circuit Court of Kanawha County, W. Va., from whom distributions can be obtained only by special court order.

Bornstein, Joseph, Foreclosure Trust Certificates of Beneficial Interest. The Detroit Trust Co., Detroit, Mich., informed us as follows on March 29, 1944:

This is to advise you that on March 21, 1944, we consummated sale of the foregoing property pursuant to our letter of Jan. 3, 1944. The sale price was $60,000.00 net, less allowance of $22,622.75 for unpaid taxes assumed by the purchasers. The proceeds of the sale distributable to Certificate holders is $34,425.00, or $4.50 per unit on a total of 7,650 Units of Beneficial Interest outstanding, after provision for all prior lien obligations and estimated contingent liabilities of the Trust, including Income Tax and Michigan Intangible Tax.

It is improbable that the Income Tax liability of the Trust will be wholly determined until at least three years after the filing of the Trustee's final Fiduciary Income Tax Return. Then, when all liabilities of the Trust have been satisfied, such funds as remain will be distributed pro rata to the registered Certificate holders who received the present distribution.

Your attention is called to the fact that the payment now being made is a final liquidating distribution on your investment, subject only to such small additional payment as may possibly be made after March 15, 1948 if the funds reserved for contingent liabilities are not used in full. This information is furnished for whatever assistance it may be to Certificate holders in connection with Income Tax matters. A final "Fiduciary Income Tax Return" for 1944 will be filed with the Collector of Internal Revenue at Detroit on or prior to March 15, 1945, which Return will reflect the profit or loss, as the case may be, in connection with the sale of the property and the income therefrom for the current year to date of sale. A report will be submitted to Certificate holders at that time.

Your Certificate(s) of Beneficial Interest should now be forwarded by registered mail or delivered in person, endorsed exactly as issued, to: Detroit Trust Co., Stock Transfer Dept., 201 W. Fort St., Detroit 31, Mich.

Upon receipt thereof, payment of your pro rata share of the distribution will be made to you.

Brands Restaurant Control Corp. Incorporated in Delaware on October 18, 1919, and was located at 9 Colt Street, Paterson, N. J. Mr. H. Russell Brand, located at 1860 Broadway, New York City, informed us on September 7, 1943, that the company was reorganized under order of the United States District Court for the Southern District of New York. All stockholders were notified that the Class "A" and "B" shares had no equity, but if they would put up additional funds to purchase the assets at the bankruptcy sale, they would receive a certain amount of stock in the new company according to their holdings. The stockholders that did not put up additional funds for this purpose were forever barred from sharing in the assets of the new corporation.

Harry Menard
C. Hoogesteger

Dec. 1, 1943

To the Owners of the Above
Described Bonds:

Subsequent to the Committee's letter dated July 8, 1943, sufficient funds have accumulated with the Trustee to warrant the immediate distribution of principal liquidating dividend of 7½%. Therefore, if you will please arrange to present your bond(s) for endorsement to the Detroit Trust Co., 201 W. Fort St., Detroit, Mich., Windows No. 2 or No. 3 on the first floor, you will receive a check in the amount of $75.00 for each $1,000.00 bond presented, after payment of which the unpaid principal on each $1,000.00 bond will amount to $100.00.

We are enclosing a copy of the Trustee's latest Trust Mortgage Report, in order that you may be acquainted with the present status of this issue and wish to call your attention to the fact that this report reflects the payment of the aforementioned principal liquidating dividend in both the principal balance due on outstanding bonds, and cash on hand.

Brazil, Republic of. Press report: Brazil today offered holders of $286,065,654 external bonds a choice of retaining their securities with reduced interest rates or accepting new 3¾ per cent external dollar bonds of 1944 of reduced principal amount, plus varying cash payments. The offer, covering 30 different bonds, was made under a debt adjustment plan worked out by Brazilian officials in cooperation with the Foreign Bondholders Protective Council. It covers all outstanding dollar bonds of the Republic, its states other than Ceara, and its municipalities. The state of Ceara 8 per cent bonds of 1922 receive separate treatment under the plan, the government offering to redeem them at 12 per cent of their principal amount. The bonds were sold almost entirely in New Orleans and international bankers who have been familiar with the Brazilian debt said they believed most of them were still held in New Orleans. More than $42,000,000 have been transferred to the United States from Brazil to meet initial payments under the plan. Brazil is the first Latin-American nation to effect a debt adjustment plan covering all its outstanding dollar bonds. Valentim F. Boucas, member of the Council on Economy and Finance, and Claudionor de S. Lemos, comptroller general, special representatives of the Brazilian Government for the external debt adjustment, announced that the offer follows discussions with the Foreign Bondholders Protective Council, Inc., and in accordance with Decree Laws 6019 of 1943 and 6410 of 1944.

Breakers Hotel 6½ s/45. (Long Beach). Company was in financial difficulties for many years and the earthquake in Long Beach did serious damage to hotel. In 4-1934, insurance company made a payment covering this damage and a distribution of $7.50 per $1,000 bond was made to Breakers Hotel bondholders. In 10-1938, a new company was formed by the Bondholders' Committee, known as 200 East Ocean Blvd. Corp. and stock was distributed to depositing bondholders at rate of 10 shares per $1,000 bond. Subsequently, in 7-1939, this stock was redeemed by the company at $6.65 per share. Therefore, holders of Breakers Hotel bonds who deposited their holdings with the committee received a cash distribution of $66.50 per $1,000 bond in 7-39, which was in addition to the $7.50 made in 3-34. Non-depositing bondholders received the $7.50 distribution in '34, and, in addition, were finally paid off at the rate of $62.56 per $1,000 bond. See 1943 Issue.

New York—Breecker Bros., Inc., fur dealers, 227 W. 29th St.—Judge Sheintag, in Supreme Court, has granted a motion by Morris and Albert Breecker to have an action brought against them by Louis Lempel, as trustee in bankruptcy of Breecker Bros., Inc., transferred from Special Term, Part III, calendar to that of the Trial Term. Jacob Meadow represents the defendants, who filed the motion in order to obtain a jury trial. The trustee had brought suit to recover $32,607, alleging that the defendants, as officers and directors of Breecker Bros., Inc., had transferred certain of the firm's assets to Kleinman & Schwartz (furs) giving the latter preference over other creditors. Plaintiff alleged that a total amount of $41,107 had originally been transferred to Kleinman & Schwartz, but that $8,500 of that sum had been returned to him.

6% Bonds Dated September 1, 1926: The Detroit Trust Co., Detroit, Michigan, informed us as follows on October 11, 1944:

Liquidating dividend No. 1 of 12% was paid to holders as of April 2, 1938; No. 2 of 5% was paid as of May 7, 1940. Since the last remaining asset, except cash, has now been disposed of, a final liquidating dividend can be made to holders.

Cash now on hand amounts to $1,724.56. Of this amount $1,600 will be used to pay liquidating dividend No. 3 of 16% ($160 per $1,000) to the holders of $10,000 par value of bonds presently outstanding. The balance of $124.56 will be used to apply on the Trustee's fees and expenses.

In order to receive this final liquidating dividend, bonds should be forwarded promptly, or presented, to—Detroit Trust Company, Attention: D. A. McTavish, Stock Transfer Division, Mezzanine Floor, 201 West Fort Street, Detroit 31, Michigan.

If payment is to be made to someone other than the registered holder, the bond must be accompanied by a duly executed assignment with signature of the assignor guaranteed by a bank or trust company.

As this is a final payment and there is no possibility of further recovery, (one mortgagor having settled his indebtedness at the time of the reorganization by the payment of $1,200 and the other mortgagor having gone through bankruptcy in 1936), the bonds will have no value after this payment. We therefore propose to retain and cancel the bonds unless any bondholder instructs us in writing to return same.

Briarcliff Laundry, Inc. The following was reported at Atlanta, Ga., on Feb. 2, 1944:

A joint indictment against Asa G. Candler, Jr., his two sons, John H. and Samuel Candler, and two of their business enterprises, Briarcliff, Inc., and Briarcliff Laundry, Inc., charging use of the mails to defraud was returned here by a federal grand jury. The eight-count indictment returned yesterday before the jury adjourned, charged the defendants with "devising a scheme and artifice to defraud and for obtaining money and property by means of false pretenses to customers, patrons and competitors of the Briarcliff Laundry, Inc."

The action grew out of alleged losses to hundreds of customers to the laundry resulting from a fire last June which destroyed the laundry plant, and facts were presented to the federal grand jury by District Attorney M. Neil Andrews and Assistant Attorney J. Ellis Mundy.

Collected Insurance:

The indictment charged that the defendants advertised and represented to patrons and customers that all articles and clothing left with the laundry would be insured against loss and damage by fire and made additional charges for such purported insurance. As a result, they collected approximately $5,000 a year ostensibly for the purpose of paying the costs of such insurance, the indictment alleged.

They did not provide said insurance as advertised and never at any time did they furnish or provide more than about $1,000 of insurance for laundering articles, none for articles left for storage and cleaning, when sometimes clothing valued from $100,000 to $300,000 was left at the laundry by customers, the indictment claimed.

Customer Claims:

As a further attempt to defraud, the indictment said the defendants held the laundry a separate corporation insolvent from its inception and practically all its assets were hypothecated in favor of Briarcliff, Inc., so that the Briarcliff Laundry, Inc., would not be able to respond to claims of customers for loss and damages and so that Briarcliff, Inc., would be insolvent and not liable and responsible for such claims for loss and damage.

Patrons of the laundry were not advised of such a change of ownership and were led to believe that Asa G. Candler, Jr. and Briarcliff, Inc., still managed and controlled the laundry and issued receipts to customers carrying the name of Briarcliff, Inc., the indictment further stated.

When the laundry was destroyed by fire June 17, the value of articles and property destroyed and damaged was estimated at from $200,000 to $300,000 by the grand jurors, who stated in the indictment that the sum was practically a total loss to the customers, as the laundry had insurance in the amount of only $1,000 to cover such loss and damage by fire.

Cost of Insurance:

The defendants appropriated for "their own profit and gain all the various sums and amounts of money collected from their patrons and customers ostensibly to pay the cost of insurance, except such small sums of about $50 as would pay the premium on the said $1,000 policy carried at one time," the indictment read.

The indictment claimed the defendants used the mails to send letters, terms and conditions, claim tickets and advertisements which set forth that articles and clothing left with the laundry were "completely insured against fire, theft and moth damage."

$400,000 Involved:

During the period immediately preceding March 1, 1942, Briarcliff, Inc., of which Asa G. Candler was president, carried on the business of Briarcliff Laundry. Shortly before March 1, Asa Candler, Jr. and John H. Candler entered into an agreement consented to by Samuel Candler, whereby the laundry business and properties of "Briarcliff Laundry" would be transferred by Briarcliff, Inc., to Briar Cliff Laundry, Inc., for a purported sum of $400,000 to be evidenced by bonds of Briarcliff Laundry, Inc., payable to bearer, to be owned by Briarcliff, Inc., the indictment claimed.

However, Asa G. Candler, Jr., "continued to exercise financial control and supervision over the laundry, cleaning and storage business of Briarcliff Laundry," and the agreement provided that John H. Candler would receive 60 per cent and Samuel 40 per cent of the profits from Briarcliff Laundry, Inc.

As a scheme to defraud, the same plan, policy and management with respect to the operation of said laundry, cleaning and storage business was employed alike by Asa G. Candler, Jr., John H. Candler and Samuel Candler, the indictment charged.

Penalty for offense of using the mails to defraud is not more than $1,000 fine and not more than five years imprisonment or both, on each count.

British American Aircraft, Ltd. A Dominion Co. incorporated by letters patent dated April 4, 1930.

Have been informed by the Dept. of the Sec. of State of Ottawa, Canada, that the company has not filed the Annual Summaries prescribed by Sec. 121 of the Dominion Companies Act for the years ending subsequent to 3-31-32. On Nov. 25, 1935, a registered notice was mailed to the company at its nominal H. O., being Windsor, Ontario, but the communication was returned by the postal authorities who were apparently unable to effect delivery. Consequently, we assume that this company is out of existence. British Overseas Bank. Press report:

London, June 26—The final chapter in the checkered history of the British Overseas Bank, formed after the last war to revive trade with eastern Europe, was written today with announcement of transfer of its business to Glyn, Mills & Co. Realization of the bank's assets, once valued at £2,000,000 but now about £300,000 because they are frozen in occupied Europe, will be undertaken by the Continental Assets Realization Trust.

The history of the Overseas Bank typifies the history of the breakdown of international commercial relations between the two wars. In 1920, together with Polish interests, the bank founded the Polish Bank and then extended its interest into the Baltic States, Germany and southeastern Europe. It promised to build up a profitable business. Then, however, came the depression, with exchange regulations and other barriers, and finally the bank was saddled with assets frozen by standstill arrangements.

In 1938 an unnamed but important financial group came to its help with a special deferred deposit of £2,000,000. This might have saved it had not the present war intervened.

To facilitate transfer of the banking business of Overseas to Glyn, Mills, the financial group that gave aid in 1938 has agreed to waive repayment of £300,000 of its deposit.

Buffalo, Pittsburgh & Western Railroad Co. The Pennsylvania Railroad Company informed us as follows on July 27th, 1944: "In 1883 the Buffalo, Pittsburgh & Western Railroad Company merged with three other railroads to form the Buffalo, New York & Philadelphia Railroad Company and the stock of the first named company was exchangeable, share for share, for stock of the new company. The earnings of the new company were insufficient to meet its fixed charges and the road was sold under foreclosure proceedings in 1887 and reorganized as the Western New York & Pennsylvania Railroad Company. Under the terms of the reorganization plan the bonds and stock of the old company were exchangeable, under certain conditions, for bonds and stock of the new company. This privilege of exchange, however, ceased on May 29, 1888, after which date, under action taken by the Board of Directors, no further claims were recognized. Also, the Western New York & Pennsylvania Railroad Company itself became involved in financial difficulties, and under a reorganization agreement in 1893 its stock was also assessed and its bonded indebtedness considerably scaled down through an exchange of securities of the present Western New York & Pennsylvania Railway Company. From the foregoing it is clearly evident that the stock of the Buffalo, Pittsburgh & Western Railroad Company has no value whatever."

Building Securities Corp. 6½% First Mortgage Bonds Dated January 15, 1925, and C/D.

A Bill of Complaint dated March 20, 1944, was filed in the Circuit Court for the County of Wayne, and State of Michigan, by the Detroit Trust Company, Trustee, as record owner of the title to the property known as the Detroit Towers. This property was mortgaged as security for the issue of bonds of the Building Securities Corporation above referred to. One of the prayers in the Bill of Complaint asks authority from the Court to sell the property for a sum not below a minimum price to be set by the Court. It is suggested in the Bill of Complaint that it may be possible to sell for at least the sum of $300,000.00. The Order to Show Cause issued following the filing of the Bill of Complaint directs all persons beneficially interested in the property (which includes owners of bonds and certificates of deposit for bonds) to show cause before the Honorable Theodore J. Richter, Circuit Judge, at a session of the Court to be held in the Wayne County Building, Detroit, Michigan, at 2:00 o'clock in the afternoon on the 19th day of May, 1944, why the prayers in the Bill of Complaint should not be granted. Any party in interest may file an appearance in the proceeding and be heard on the above date and at any other time or times that the matter comes before the Court.

The Circuit Court for Wayne County, Michigan, in Chancery, in 1935, entered its decree giving authority to the Trustee to purchase the property upon foreclosure for the benefit of all bondholders without the necessity of paying cash upon the purchase price. This decree was affirmed by the Michigan Supreme Court. Thereafter, foreclosure sale was held, and the Union Guardian Trust Company (now Detroit Trust Company), Trustee for all bondholders, bid in the property February 18, 1938, for the sum of $750,000.00 leaving a deficiency of $480,455.56.

Redemption was not made, and the Trustee took possession of the property August 18, 1938, and has been operating it since that time under the powers contained in the Trust Mortgage. No formal declaration of Trust has been executed by the Trustee since the Trust Mortgage itself contains the terms and conditions under which the Trustee operates the property. Your bond, or certificate of deposit for your bond, if deposited with the depositaries for the American Bond & Mortgage Company Committee, is evidence of your right to share pro rata in any distribution of the proceeds of operation or subsequent sale of the property when and if sold.

In May, 1938, the Trustee instituted proceedings against the Defendants found liable for the deficiency under the foreclosure decree. In connection with that suit, the Court appointed Union Guardian Trust Company Receiver, to take over the assets of the said defendants, and ordered that the assets be liquidated as soon as practicable. The receiver was discharged pursuant to Court order dated August 3, 1943 and the balance of cash of $7,774.67 was deposited with the trustee, together with certain judgments.

In 1940 the Trustee was advised by the City of Detroit that the property would be foreclosed for non-payment of delinquent taxes (amounting to more than $100,000.00 including interest and penalties). The Trustee petitioned the Court for instructions and on September 3, 1940, the Trustee was authorized to execute a mortgage upon the property and apply the proceeds to the payment of all delinquent and current taxes, fees and expenses. Any balance was to be used for maintenance of the property. Pursuant thereto a first mortgage was executed by the Trustee on September 6, 1940, to the Western and Southern Life Insurance Company for the sum of $120,000.00, due September 1, 1950, with interest at the rate of 4½% per annum, payable quarter annually, and quarterly principal payments of $1,500.00 commencing December 1, 1941. As of April 1, 1944, the principal balance of the mortgage was $105,000.00 with interest paid to March 1, 1944.

Butte-New York Copper Co. Incorporated in South Dakota. The Butte & Superior Mining Company, 25 Broad Street, New York, N. Y., in care of Hayden, Stone & Company, informed me that their company had advanced money to the Butte-New York Copper Company since 1915 for development work. The Butte & Superior Mining Company brought foreclosure proceedings about 1923, and the receipts from the sale were insufficient to pay the debts, leaving no equity for the stockholders. The Butte & Superior Mining Company also informed me that the stock had no value in 1921, nor at any time before then. Therefore, I submit the shares as worthless as of February 13, 1921, the date of the decedent's death.

Cain, Earl R. Foreclosure Trust.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on August 29, 1944:

To Holders of Certificates of Beneficial Interest in Earl R. Cain Foreclosure Trust Involving Property at the Southwest Corner of Cass and York Streets, Detroit, Michigan:

On June 29, 1944, the Trustee wrote to certificate holders concerning an offer for the purchase of the trust property, and advised that a hearing thereon would be held before the Michigan Corporation and Securities Commission Public Trust Division, on July 11, 1944. Shortly before the hearing the Trustee received a higher offer from another prospective buyer. At the hearing the Commission considered the facts and adjourned the matter to permit the interested parties to give consideration to further offers. Negotiations were conducted and on July 17, 1944, the Commission entered its order authorizing the Trustee to accept an offer of $87,500. net, or any better offer, and to consummate sale of the property. On August 21, 1944, the sale was completed for the sum of $87,600. net, this being the highest offer.

The proceeds of the sale distributable to certificate holders is $85,655. or $9.26 per Unit on a total of 9,250 Units of Beneficial Interest outstanding, after provision for all prior lien obligations and estimated contingent liabilities of the trust, including Income Tax and Michigan Intangible Tax. A prior distribution this year of 20 cents per Unit was made in June. The reserve set aside for contingent liabilities is approximately 25 cents per Unit. It may be that the Income Tax liability, if any, of the trust will not be wholly determined until at least three years after the filing of the Trustee's Final Fiduciary Income Tax Return. When all liabilities of the trust have been determined and satisfied, such funds as remain will be distributable pro rata to the present registered certificate holders who receive this distribution.

Your attention is called to the fact that the payment now being made is a final liquidating distribution on your investment, subject only to such small additional payment as may possibly be made if the funds reserved for contingent liabilities are not used in full.

For the period from January 1, 1944, to date the Trustee will file a final "Fiduciary Income Tax Return" with the Collector of Internal Revenue, Detroit, Michigan, covering the operation of this trust and sale of the property. The Return has been prepared on a cash basis and will reflect an operating profit of $3,906.94 and a long term capital gain of $14,626.32 on the sale of the property of which 50% or $7,313.16 is taxable. A list of the holders of Certificates of Beneficial Interest will be filed with the Return.

Total distributions made available to certificate holders in 1944 from operation of the property and from sale of the property are as follows:

(a) Income from operation	$ .422	Per Unit
(b) Taxable 50% portion of long term capital gain from sale	.790	" "
(c) Return of Capital	8.248	" "
Total Distribution	$9.46	" "

As we undestand the attitude of the Treasury Department, the cash distributions made available to certificate holders as mentioned above should be treated by them in their 1944 Income Tax Returns as follows:

Item (a) above should be reported as income from fiduciary.

Item (b) above should be reported (without further reduction) separately as a gain from sale of a capital asset.

Item (c) above represents a return of capital and is not subject to income tax unless and until the certificate holder has recovered the cost basis of his certificate. When the cost basis has been recovered, the excess is subject to income tax.

Your Certificate(s) of Beneficial Interest should now be forwarded by registered mail or delivered in person, endorsed exactly as issued, to:

Detroit Trust Company
Stock Transfer Department,
201 West Fort Street,
Detroit 31, Michigan.

Upon receipt thereof, payment of your pro rata share of the present distribution will be made to you.

Cameron Iron & Coal Co. The New York Stock Exchange informed us as follows on Nov. 29, 1943:

Our records show that 27,200 shares of the Capital Stock ($100 par value) of the Cameron Iron & Coal Co., incorporated under the laws of the Commonwealth of Pennsylvania, were admitted to the list on Feb. 1, 1887, pursuant to an application dated Jan. 10, 1887.

The application of the company states, among other things, that the lands possessed by the company were formerly the property of the Cameron Coal Co., a corporation whose affairs are practically wound up and which retired from business entirely freed from indebtedness, all debts and claims of such company having been fully satisfied and paid in cash.

The Capital Stock of this company was stricken from the list on Dec. 28, 1892, upon receipt of information that the company had discontinued its transfer facilities.

Cameron Metal Tape Co., Inc. Del. 1943.

Cameron Motors Corp. Incorporated in Delaware on Nov. 8, 1916, and is no longer in existence having become inoperative and void March 19, 1924, and was proclaimed by the Governor in January, 1925. The last report filed in 1921 listed E. S. Cameron as president, located at 2 Columbus

Circle, New York City. We found no value in the stock, and therefore believe the shares are without value.

Cameron Oil Co. (Ariz.). Have filed no report since 1914; failure to do so results in forfeiture of charter in following year.

Cash Boy Consolidated Mining Co. Incorporated in Nevada, and was located at Reno National Bank Bldg., Reno, Nev. The stock is assessable, and the last assessment (No. 17) was levied Aug. 15, 1921. The stock was last quoted in 1927 at 2c per share. Nothing was heard of the company since then. In view of the fact that there were 17 assessments on the stock, any shares that were delinquent were forfeited, and have no value. The company, as far as we have been able to determine, is out of existence.

Cassoday Oil Corp. Incorporated in New York and filed a certificate of dissolution on March 1, 1927. A return of capital in the amount of $1.20 per share was made on the shares. However, we were informed that funds were set aside to pay income taxes. These funds were used for corporate expenses instead of income taxes. The result was that all funds that the corporation had and what could be recovered from the officers and directors were used to pay income taxes. The corporation is now defunct and its shares are without value.

Catasauqua & Fogelsville R. R. Co. Press report May 19, 1944:

Washington, May 18—An application for authority to merge the Catasauqua & Fogelsville R. R. Co., and the Philadelphia & Reading Terminal R. R. Co., into the Reading Co., was filed today with the Interstate Commerce Commission by the three corporations. The Reading Co. also asked permission to assume direct obligation for $6,950,000 in first mortgage bonds of Philadelphia & Reading Terminal.

The petition said the Baltimore & Ohio R. R. Co. owned 1,181,465 shares, or 42.2% of the total voting power, of the Reading Company stock, while the New York Central R. R. owns 700,000 shares, or 25%.

Under the merger, Reading Co. stock now outstanding would remain unchanged. Shares of the Catasauqua company and the Terminal company would be cancelled and none of the Reading Co. stock would be issued in exchange.

Central Counties Finance Co., Inc. The Secretary of State of California informed us as follows:

So far as the records of the secretary of state of Calif. show, the Central Counties Finance Co., Inc., a Delaware corporation, withdrew from intrastate business on Feb. 27, 1932. Another company of similar name, to wit Central Counties Finance Co., was incorporated on May 19, 1921, and was dissolved on Sept. 21, 1926. Neither of these companies, so far as we are aware, is now active in this state. The assets of the Central Counties Finance Co., Inc., are now held by the Mercantile Acceptance Co., of San Francisco, of which Mr. Harold G. Snodgrass is president, and the address of that company is 333 Montgomery Street, San Francisco. The information we have would indicate merely that the Mercantile Acceptance Company is holding certain assets for the purpose of dissolution. If you have any further questions, I suggest that you direct them to Honorable Edwin M. Daugherty, Commissioner of Corporations of this state.

Central Land & Improvement Co. Incorporated in California on Nov. 7, 1883, and was located in San Francisco, Calif. The last report of the corporation was filed on June 30, 1911. The state controller of California informed us that the state of California is not holding any unclaimed funds for outstanding stock of this company. The controller checked the state records and found that the company reduced the value of their stock from $1,000 per share to $25. per share in May of 1911. The company, when it was incorporated, was authorized to issue 400 shares. This certificate of diminution of capital stock was recorded on June 29, 1911 with the county recorder of the city and county of San Francisco. There was nothing mentioned in that certificate which allowed for a payment of any money to the stockholders. It appears to the controller that the company was in financial difficulties and that this change of par value in stock was to merely keep the company in a liquid condition. The last address was 804 Spreckles Bldg., San Francisco. The term of said corporation expired Nov. 7, 1933. We found no value to the stock.

Central Land & Mining Co. (Pa.). Letter from treasurer of company states, "The enclosed check represents a first and final dividend of 25c per share on stock of this company, which has been formally dissolved in accordance with the laws of the Commonwealth of Pennsylvania." (2-19-37.)

Central of Georgia Railway. Press report July 19, 1944:

The trustees of the three principal mortgages of the Central of Georgia Railway filed yesterday with the Interstate Commerce Commission objections to the plan of reorganization proposed by Merrel P. Callaway, trustee of the road, on Jan. 28, 1944.

The objections were filed by the Liberty National Bank and Trust Co., of Savannah, Ga., trustee of the first mortgage 5% bonds; the Bankers Trust Co., New York, trustee of the Consolidated mortgage bonds, and the Chemical Bank and Trust Co., New York, trustee of the refunding and general mortgage bonds.

The three mortgage trustees, said they based their objections to the Callaway plan upon a belief that allocations to the stockholders of the South Western R. R., a leased line, and to the collateral trust bonds of the Central R. R. & Banking Co., a subsidiary, were excessive, in the face of lack of earnings. The mortgage trustees proposed allocations substantially lower than those in the Callaway plan.

The mortgage trustees also took the position that the plan of reorganization should provide specifically for proper adjustments in case of cash distributions by the court.

The capitalization suggested in the Callaway plan generally is approved by the mortgage trustees but they suggest increasing the common stock from $29,000,000 par value to $30,038,000.

Central of Georgia R. R. Press report July 26, 1944:

A reorganization plan, including the purchase of three rail lines currently leased, was presented yesterday by trustees in bankruptcy of the Central of Georgia R. R., to the Interstate Commerce for its approval.

Earl F. Bidez, accounting department employe of the Central, testified before hearing examiner R. T. Boyden that the reorganization plan, offered by Trustee M. P. Callaway, called for issuance of two mortgages—a first mortgage at 4%, and an income mortgage, incorporating between them outstanding liens on the entire railroad property.

The mortgages and any available cash, he said, would be distributed among present bondholders who would also receive preferred and common stock in exchange for their present security holdings.

Mr. Bidez said outright purchase of the Southwestern R. R. Co., the Augusta & Savannah R. R. Co., and the Chattahoochee & Gulf R. R. Co.—all operated now under lease—was contemplated, with the reorganized company issuing stocks, cash and securities to present bondholders of the three companies.

T. M. Cunningham, general counsel for the trustees, presented an affirmative case at the hearing.

Mr. Bidez estimated the inauguration of the plan would effect a decrease of 63% in the line's total debt, including unpaid interest. He said the present debt, including unpaid interest accrued up to Jan. 1, 1944, was $87,575,138.

The Central of Georgia R. R., filed its petition in bankruptcy in June, 1940.

Central Public Service Corp. (Md.).

The Central Public Utility Corp., located at 100 W. 10th St., Wilmington, Del., informed us as follows on Dec. 8, 1943:

Acknowledgment is made of the receipt of your letter dated Nov. 27th, relative to the Class A Stock of Central Public Service Corp., held by the Estate of Harold S. Recknagel and in this connection we give you the following information.

In August 1932, there was put into effect a Plan for Readjustment of the Affairs of Central Public Service Corp., and its Subsidiaries. Under this plan, the holders of the above mentioned stocks were given the right to exchange their shares for shares of Central Public Utility Corp., in the manner and upon the basis set out in the plan. That offer expired on June 5, 1833.

Every reasonable effort was made to acquaint the stockholders with the provisions of the plan, by means of publicity, paid advertisements in newspapers of general circulation in the larger cities and by notices sent to all stockholders of record. As a practical matter, you will be interested to know that the Class A Stock of Central Public Utility Corp., has in the past, occasionally sold at a few cents a share.

Bankruptcy proceedings were instituted against Central Public Service Corp., in December 1932, and on March 8, 1933, the Federal District Court in Baltimore made a finding of insolvency and adjudicated the corporation a bankrupt.

Subsequently, proceedings for the reorganization of that corporation were begun under Section 77B of the Bankruptcy Act. On Aug. 9, 1934, the same court determined that the corporation was insolvent and that there was no equity for stockholders.

Accordingly, the Plan of Reorganization of the corporation which was confirmed by the Court on July 20, 1935, made no provision for stockholders.

On Oct. 29, 1935, the court directed the transfer, pursuant to the provisions of the Plan, of all the assets of the corporation held by the Trustee, for distribution pursuant to the provisions of the plan. This transfer has been made and the old corporation is entirely without assets. Only a small dividend in liquidation was paid on the claims of its general creditors, i. e. less than one-half cent per $1.00 of claim. The corporation was dissolved on Dec. 30, 1935.

Central Public Service Corp. The above corporation was dissolved 12-30-35 and under the plan of reorganization dated 12-1-34 all assets were acquired by Central Public Utility Corp. and an exchange of securities was made as follows:

Each $7 Pfd. rec'd 1¾ $4 Pfd. of new company; each $6 Pfd. rec'd. 1½ $4 Pfd. of new company; each $4 Pfd. rec'd. 1 $4 Pfd. of new company; Class "A" rec'd. 1 Class "A" of new company; Common rec'd nil. (6-5-33.)

Central States Electric Corp. Notice to creditors and stockholders of Central States Electric Corp. (In reorganization).

Notice is hereby given of a hearing to be held by the District Court of the United States for the Eastern District of Virginia in its courtroom in the United States Post Office Building in the City of Richmond, Va., on the 16th day of May, 1944, at ten o'clock a. m., at which time the court will consider and act upon:

(a) The Trustees' plan of reorganization dated Feb. 25, 1944;

(b) Any objections which may be made to the Trustees' plan of reorganization;

(c) Such amendments or plans as may be proposed by the debtor corporation, or by any creditor or stockholder;

(d) An adjudication of the insolvency of the debtor corporation as requested in Trustees' Report No. 10 filed herein on Dec. 7, 1942; and

(e) Such other matters and things as may properly be brought to the attention of the Court at such hearing.

Copies of the Trustees' plan of reorganization will be mailed upon request.

Central States Power & Light Corp. Notice to all holders of First Mortgage and First Lien Gold Bonds, 5½% Series due 1953, of Central States Power & Light Corp.

In the District Court of the United States for the District of Delaware.

In the Matter of the Application of the Securities and Exchange Commission to enforce and carry out a plan to effectuate the provisions of Section

11(b) of the Public Utility Holding Company Act of 1935, with respect to Central States Power & Light Corp.—Civil Action No. 354.

Notice is hereby given that the foregoing bonds will be paid and discharged, to the extent of seventy per cent. (70%) of the principal amount thereof, on Mar. 7, 1944. Such partial payment and discharge of the bonds will be effected by an irrevocable direction given by Central States Power & Light Corp. (hereinafter called the "Company") to The Chase National Bank of the City of New York, Trustee under the First Mortgage and Indenture of Trust of the Company, dated Jan. 1, 1928, to apply to such payment an amount of cash which will be on deposit with such Trustee at the opening of business on Mar. 7, 1944, equivalent to seventy per cent. (70%) of the principal amount of all of the said bonds then outstanding. Interest upon seventy per cent. (70%) of the principal amount of all outstanding bonds will cease to accrue on and after Mar. 7, 1944.

In order to receive the foregoing partial payment, bonds, with July 1, 1944, and subsequently maturing interest coupons attached, must be presented to The Chase National Bank of the City of New York, Corporate Trust Department, 11 Broad Street, New York 15, N. Y., together with a letter of transmittal properly executed. Copies of letter of transmittal may be obtained from The Chase National Bank of the City of New York or the Company. Any bonds bearing a stamp or seal of, or which was affixed to such bonds in, a foreign country (as designated in Executive Order No. 8389, as amended) must be accompanied by a Form TFEL-2 license.

Bonds and attached interest coupons presented to said Trustee will be stamped with appropriate legends evidencing the fact that a partial payment has been made and that interest upon the amount of such payment will ceause to accrue on and after Mar. 7, 1944.

Interest on the full principal amount of the bonds up to Mar. 7, 1944, and on the reduced principal amount from that date will be paid on July 1, 1944, upon presentation of coupons maturing on the latter date.

The partial payment of bonds is a step in the Company's plan of liquidation dated as of Dec. 1, 1941, as amended, and has been approved by the Securities and Exchange Commission and the above mentioned Court and this notice is being given to bondholders pursuant to an order of such Court dated Feb. 18, 1944. A previous order of said Court dated Jan. 6, 1944, enjoined all creditors and stockholders of the Company and all other persons from interfering with the proceedings in such Court to enforce the partial payment of the bonds herein described, including the commencement of any actions or proceedings in any court or before any administrative agency and said order also provided that such Court take exclusive jurisdiction of the Company and its assets wherever located. Press report Sept. 14, 1944:
Albany, Sept. 13. (A. P.) Papers dissolving the sixty-three-year-old Chateaugay Ore & Iron Co., at Lyon Mountain have been filed with Thomas J. Curran, Secretary of State, by Delaware & Hudson Railroad. The mine property recently was acquired by Republic Steel Corp., which had leased it from the railroad in 1939. The company was organized in 1881 and acquired by Delaware & Hudson in 1903. Republic sank two new levels in 1941. to speed up war production.

Chicago & Alton R. R. Co. The Alton R. R. Co., located at 340 W. Harrison St., Chicago, Ill., reported the following on Nov. 6, 1941:

". . The Chicago & Alton R. R. Co., after a receivership of about 10 years, passed out of existence shortly after its properties were sold on Dec. 30, 1930, at a receivership sale to the present Alton R. R. Co., which took possession on July 18, 1931, by means of a deed received from the United States District Court, with the approval of the Interstate Commerce Commission. No attempt was made to reorganize the former Chicago & Alton R. R. Co., and for your further information, the amount received at the receivership sale was insufficient by a very wide margin to take care of the second and third mortgage bonds of the Chicago & Alton R. R. Co., in default during the receivership, and other prior claims coming ahead of the stock, leaving nothing for distribution to the stockholders."

Chicago, Milwaukee, St. Paul & Pacific Railroad Co. Value of 5% Series "A" Bonds due 1975; value of 5% Conv. Adj. Bonds due 2000.

The bonds due 1975 are listed on the New York Stock Exchange and sold on the date of death at 14⅝ flat. Therefore, I submit 14⅝ flat or $146.25 as a fair value for a $1,000. bond as of June 18, 1942, the date of the decedent's death.

The bonds due 2000 are listed on the New York Stock Exchange and sold on the date of death at 2⅛ flat. Therefore, I submit 2⅛ flat or $21.25 as a fair value for a $1,000. bond as of June 18, 1942, the date of the decedent's death.

Coupon No. 21 of the 5% bond due 1975 should be presented to the company at 52 Wall Street, New York, N. Y., for a payment of $24.22 for each $25. coupon.

The coupons number 8 and subsequent on the 5% bonds due 2000 have no value.

Chicago, Milwaukee, St. Paul & Pacific Railroad Co. Value of preferred and common stock.

On Feb. 12, 1940, the I.C.C. approved a plan of reorganization which eliminated the common and preferred stock. On June 4, 1940 the I.C.C. reaffirmed its plan and submitted it to the Federal Court. The court approved the plan on Oct. 21, 1940, and signed the final decree on Nov. 13, 1940. An appeal was filed Feb. 17, 1941. In view of the above I submit the common and preferred shares as worthless as of June 18, 1942, the date of the decedent's death.

Chicago & North Western Railway Co. Exchange of securities:

The United States District Court for the Northern District of Illinois, Eastern Division, in proceedings entitled "In the Matter of Chicago and North Western Railway Company, Debtor, No. 60448," entered on May 29, 1944, its decree and order vesting the Debtor's property in the reorganized Chicago and North Western Railway Company and authorizing and directing other action to be taken and things to be done to complete the consummation of the Plan of Reorganization of said Debtor.

As directed in said order, delivery of new securities of the reorganized company will be made upon surrender of general claims which have been allowed and bonds of the following issues: Chicago and North Western Railway Company General Mortgage Gold Bonds of 1987; Chicago and North Western Railway Company First and Refunding Mortgage Gold Bonds; Chicago and North Western Railway Company Fifteen-Year Six and One-half Per Cent. Secured Gold Bonds; Chicago and North Western Railway Company Twenty-Year 4¾% Convertible Gold Bonds; Des Plaines Valley Railway Company First Mortgage 4½% Bonds; Manitowoc, Green Bay and North Western Railway Company First Mortgage 3½% Bonds; Milwaukee and State Line Railway Company First Mortgage 3½% Bonds; Milwaukee, Sparta and North Western Railway Company First Mortgage 4% Bonds; St. Louis, Peoria and North Western Railway Company First Mortgage 5% Bonds; St. Paul Eastern Grand Trunk Railway Company First Mortgage 4½% Bonds; Sioux City and Pacific Railroad Company First Mortgage 3½% Bonds.

Exchange Agents, who will handle the exchange of securities on the basis stated in the Plan of Reorganization, have been designated as follows:

The First National Bank of Chicago, Window No. 29, Trust Dept., Chicago 90, Ill. Bankers Trust Co., Corporate Agency Dept., 16 Wall St., New York 15, New York.

Beginning Monday, June 19, 1944, the exchange agents will be prepared to receive bonds of the issues mentioned above and evidences of general claims. Holders of bonds and claims to be surrendered should apply promptly to one of the exchange agents mentioned above, either directly or through their banks or brokers, for information on the new securities to be delivered, the exchange procedure, and instructions to be followed and forms to be used in forwarding bonds and claims for exchange.

It is expected that delivery of the new securities provided for by the Plan of Reorganization will be made by the exchange agents on or about July 11, 1944.

Pursuant to orders of the Securities and Exchange Commission, holders of the stocks will receive the involuntary liquidating value of $100 a share and accrued dividends through April 15 from the Central Hanover Bank and Trust Co., and the debenture holders will receive on April 15, from the same agent, principal and accrued interest.

Cities Service Power & Light Co. Press report:
Philadelphia, Aug. 7 (AP)—The Securities and Exchange Commission approved today a plan for the simplification of the Cities Service Power and Light Co. system through the merger of four operating subsidiaries in Missouri and Arkansas.
Under the plan the Ozark Utilities Co., Lawrence County (Mo.) Water, Light and Cold Storage Co., and Benton County (Ark.) Utilities Corp., will

be merged into the Empire District Electric Co., Joplin, Mo.

Empire, as the surviving corporation, will issue $10,600,000 of first mortgage bonds to be sold under competitive bidding and 6,500 shares of $100 par value 5 per cent cumulative preferred stock to be sold privately. An additional 32,518 shares of 5 per cent preferred stock will be offered in exchange for a like number of shares of Empire's outstanding $100 par value 6 per cent cumulative preferred stock, held by others than Empire's parent.

City Bank & Trust Co., Hartford, Conn.
Press report June 13, 1944:

Bank Commissioner Richard Rapport asked permission of the Superior Court Monday to sell the remaining assets of the City Bank and Trust Co., which has been in receivership for nearly twelve and one-half years, to Mace D. Osenbach, Richmond, Va., investor, for $1,150,000 in cash.

Mr. Rapport, who is the receiver of the closed bank, said in his petition to the court that the sale will allow payment of final dividends of 12⅛ per cent to savings depositors and 12 per cent to commercial depositors, who already have been paid 87 per cent and 85 per cent, respectively. The final dividend will mean liquidation of the bank at 99¼ per cent to savings depositors and 98 per cent to commercial depositors.

City Bank & Trust Co. Hartford, Conn.
Press report Sept. 30, 1944:

Payment of final dividends to the depositors of the closed City Bank & Trust Company, which has been in receivership thirteen years, was approved Friday by Superior Court Judge P. B. O'Sullivan on application of Bank Commissioner Richard Rapport, the receiver.

A final thirteen per cent dividend, bringing the total to 98 per cent, will be paid to the commercial depositors starting October 1. This will amount to $530,131.34. A final dividend of 12⅛ per cent, bringing the total to 99⅛ per cent, will be paid to savings depositors beginning October 15. This will amount to $1,709,457.38.

Assistant Attorney-General Joseph A. Levy, representing the receiver, told the court the receivership has on hand $2,254,373.54. Final expenses will amount to $14,784.82, leaving a balance of $2,239,588.72, he said.

Cleveland & Buffalo Transit Co. Reported in April, 1944:

The Cleveland & Buffalo Transit Co., which formerly operated a lake passenger service to Buffalo, has sold its dock and warehouse facilities at Buffalo, practically winding up its liquidation of physical assets. The property was acquired by the Automotive Trades Steamship Co., Detroit, and the deal will net the liquidating company $123,500, to be distributed to stockholders. Outstanding are 20,600 shares of $1 par common stock. After passing on of the cash assets, C. & B. still will have its charter and a small plot of land in Buffalo.

The new owner of the Buffalo dock property, purchased by C. & B. in 1924, and the facilities built 1924-27, with cost totaling over $850,000 is expected to use the property in the transportation of new automobiles by lake vessel after the war.

Clover Club Bottling Co., Inc., Providence, R. I. Press report April 26, 1944: The Clover Club Bottling Co., Inc., of Providence, dealers in ginger ale and soda water, which was dissolved as a corporation by Presiding Justice Jeremiah E. O'Connell in Superior Court on Monday, will continue to do business as a partnership, John F. Timothy, one of the partners, announced last night.

The corporation was dissolved on the petition of Timothy and William H. Garrahan, a member of the Bureau of Police and Fire, who said they were holders of all of the stock of the corporation. Timothy and Garrahan will be the only partners, Timothy said.

Columbia Oil & Gasoline Corp. Press report Feb. 16, 1944:

To the holders of Columbia Oil & Gasoline Corp., Common Stock (including Voting Trust Certificates or Scrip therefor).

Under a Plan of Dissolution, approved by stockholders on Dec. 30-31, 1942 and subsequently by United States District Court in Delaware, the undersigned corporation has been ordered to effect a cash distribution to each common stockholder in full settlement of all his rights and interests in the corporation.

In compliance with this Court order, the sum of $2,336,826.00 has been deposited with The Corporation Trust Co., 15 Exchange Place, Jersey City, N. J., representing a liquidating payment of one dollar ($1.00) for each share of common stock, or voting trust certificate therefor, and twenty cents (20c) for each bearer scrip certificate equivalent to one-fifth (1/5) share.

On several previous occasions the corporation has described the plan to all stockholders of record and has urged deposit of the shares or scrip. More than 95% of the holdings already has been presented for payment. The corporation is publishing this final notice in the hope that holders of shares, voting trust certificate or scrip certificates, who have not already acted, will do so promptly in order to obtain the payment to which they are justly entitled.

Communications should be addressed to The Corporation Trust Co., 15 Exchange Place, Jersey City. N. J.

Commercial Minerals Co. Articles of incorporation were filed on this concern Sept. 4, 1925, under the laws of the State of California. According to the Secretary of State, this company is in good standing with respect to payment of State taxes. However, a letter of inquiry, directed to the Company's principal place of business—Oakland—was returned unclaimed. 11-1-41.

Commercial Mutual Insurance Co. New York City.

This company was reinsured in the Providence Washington Insurance Company, which was located at 20 Market Place, Providence, R. I. The 30-year charter of the company was then allowed to expire, and the affairs of the company were liquidated under the then Section 30 of the General Corporation Law. W. Irving Comes, formerly president of the company, served as attorney for the Trustees, in the liquidation proceedings. A final report was made to the Supt. of Insurance in New York State by Mr. Comes in a letter dated January 29, 1906, indicated that a final liquidation dividend of 3% of the face value of the scrip had been paid to scrip holders. This was in addition to dividends amounting to 89% previously paid. Mr. Comes's letter also indicated that he held assets of $1,889.60 to be applied to the payment of unpaid liquidation dividends. This liquidation took place before the Department Liquidation Bureau was formed in New York State, and therefore their records are not complete. Perhaps your claim should be filed with the Providence Washington Insurance Company.

Commercial Service Association. (Montana).

In the District Court of the Sixth judicial district of the State of Montana, in and for the County of Park.

In the matter of the Dissolution of the Commercial Service Association, a Montana Corporation.

Notice is Hereby Given that the Commercial Service Association of Livingston, Park County, Montana, a corporation, organized and existing under and by virtue of the laws of the State of Montana, has filed herein its verified Petition for a Decree dissolving said corporation; and that Tuesday, the 18th day of April, A. D. 1944, at the hour of ten o'clock a. m. of said day, has been appointed as the time, and the Court Room of the above entitled Court, in the Court House, at the City of Livingston, County of Park, State of Montana, as the place at which the said Petition is to be heard;

That on or before said date any person may file herein his objections to such application for dissolution or to the granting thereof by the above entitled Court.

In Witness Whereof, I have hereunto set my hand and affixed the Seal of the above entitled Court this 8th day of March, A. D. 1944.

Commonwealth Light & Power Co. Press report June 16, 1944:

Philadelphia, June 16. The Securities & Exchange Commission made public today a reorganization plan for the Commonwealth Light & Power Co., and its subsidiary, the Inland Power & Light Corp., Chicago, providing for the dissolution of the two holding companies.

Filed by Walter Bachrach and John E. Dwyer, trustees for the respective companies in reorganization proceedings under the Federal Bankruptcy Act, the plan has been scheduled for hearing July 31.

Assets will be distributed among security holders and creditors upon surrender of all securities and the discharge of all claims.

Under the plan, for each $100 of principal amount held, public holders of Inland collateral trust sinking fund gold bonds will be paid $66.75 cash (plus 74% of the cash remaining after full settlement) and holders of 7% Inland sinking fund debentures and 7% Commonwealth refunding and unifying bonds will receive $30.

The Middle West Corporation, parent of the two companies, will be paid its $3,111,978 claims with $260,786 cash, 59,278 common shares of the Arkansas-Missouri Power Corp., now held by Inland; 2,400 common shares of the Missouri Edison Co., and 26% of the remaining funds.

The Kansas Power Co., and the Commonwealth of Virginia, holders of $60,000 and $10,942 claims against the companies, will receive $30 cash for each $100 of claims.

Commonwealth Metal Products Corp. N. Y. 1936.

Commonwealth Mines Co. Incorporated in Wyoming and was located at Beckwith Bldg., Evanston, Wyo. The company is defunct, its franchise having been revoked Nov. 23, 1923. This company never filed an annual statement. We found no record of this company's operations nor any value to the stock, which we believe is worthless.

Commonwealth Mortgage Co. Incorporated Delaware in 1915 and lost its charter in 1931. Mr. J. A. Mansfield, an attorney and former Vice. Pres. of the company, located at New York Life Bldg., Minneapolis, Minn., informed us on June 8, 1942, that the stock has no value.

The attorney is Samuel Blumberg, 200 Fifth Ave., New York City. Mr. Endel informed us that no interest has been paid on the bonds, which he states has no value. There is a first mortgage of about $400,000 on the property, and the property has been appraised at no more than this figure. This General Mortgage, which is a second mortgage, is believed to have no equity whatsoever, and most of the bondholders have given their bonds back to the synagogue as a contribution. There are only a few outstanding.

Congress Mining Corp., Congress, (Ariz.). Press report, July 20, 1944: Congress, Ariz.—The Reconstruction Finance Corp. purchased at foreclosure sale the entire property of the Congress Mining Corp., including the Congress gold mine, the mill, millsite, machinery, equipment and personal property. The purchase price was reported to be $91,000 and the amount of the judgment $93,835.

The plaintiff, the RFC, started foreclosure proceedings against the Congress concern late in 1940, at which time Carl A. Rockwood, RFC engineer, was appointed permanent receiver and given authority to take over the company's 23 mining claims, millsite claim, a 300 ton cyaniding plant, etc. Originally the government agency asked for a judgment of $120,000, stating that the mining company had made payment of only $20,000 on the total loan of $140,000 which had been granted in 1936.

The mining property was acquired by the Congress Mining Corp. early in February 1936 and preparations were made to treat 450,000 tons of tailings by means of RFC funds. Construction of the milling plant was started in the summer of 1937.

Connecticut Importing Co., New Haven, Conn. Press report, Aug. 12, 1944:

The Connecticut Importing Company, of New Haven, one of Connecticut's largest liquor wholesale houses, was virtually put out of business Friday when Judge J. Joseph Smith in U. S. District Court imposed what Federal officials believed to be "one of the heaviest sentences" ever imposed anywhere in the nation for failure to report liquor transactions to the Alcohol Tax Unit.

The corporation, which did more than $500,000 worth of business yearly, was fined $40,000 and its officials, President Morris Brochin, 51, and Secretary-treasurer Sol Rabinowitz, 54, both of New Haven were sentenced to 18 months with a total fine of $7,000 and one year and a day with a total fine of $7,000, respectively.

The defendants were granted a stay of execution for one month in order to dissolve their business before going to jail. Recently Mr. Brochin bought out Mr. Rabinowitz' interest in the corporation which listed a capitalization of $200,000. They had been associated in business for 25 years.

To: Holders of Consolidated Chemical Corp., 5% bonds and to holders of The Miner-Edgar Co., 7% bonds.

1. Please be advised that Hon. L. S. Echols, Referee in Bankruptcy, in the District Court of the United States for the Southern District of W. Virginia, has given notice to the following effect in so far as it affects the above mentioned bonds, namely:

"In the District Court of the United States for the Southern District of W. Virginia. In the matter of: Miner-Edgar Chemical Corp., a corporation, In Bankruptcy No. 2673. Bankrupt. To the creditors of the above named bankrupt:

Notice is hereby given that * * * * * the thirteenth meeting of creditors of said bankrupt will be held at my office, Room 402, Morrison Bldg., Charleston, Kanawha County, W. Virginia, on the 20th day of April, 1943, at 10:30 o'clock in the forenoon of said day; * * * * * an order will be entered barring all lien claims filed or proved after the close of business on the 20th day of April, 1943, against said bankrupt's estate, or against property in its name or against the proceeds arising from the sale of said property, and any and all liens against the same and barring the assertion of all lien claimants of every kind and nature who have not theretofore filed their claim and bonds shall thenceforth be forever foreclosed and barred from any interest or participation in said Bankrupt's Estate, said property or said proceeds of sale; * * * * *

Dated March 29, 1943. L. S. Echols, Referee in Bankruptcy."

2. The bonds referred to in the above quoted official notice include The Miner-Edgar Co., 7% bonds (for which Consolidated Chemical Corp., 5% bonds should be exchanged through Special Master Charles H. Weelans, Trenton, N. J.), and you will observe that all parties are notified by the Court to the effect that on the 20th April, 1943, an order will be entered by the Court barring all holders of bonds from participating in the distribution of the assets of the bankrupt, which were pledged to secure the payment of said bonds, unless said bondholders have filed their proofs of claims and their bonds with said Referee Echols by the close of business on the **20th April, 1943.**

Consolidated Cortez Silver Mines Co. Incorporated in Nevada, and is located at 2 Rector Street, New York City, in care of Coleman & Reitze, members of the New York Curb Exchange. Mr. John F. Coleman, a member of the Curb informed us on September 18, 1944, that this company went through receivership in Nevada in 1937, and a new company was formed—Cortez Metal Company. A certain amount of Cortez Metal Company stock has been set aside to be distributed to the stockholders of the Consolidated Cortez Silver Mines Company, when silver mining will again be profitable. There will be no assessment. We suggest that you place your stockholder's name on file with Coleman & Reitze, so that you will receive the new stock when it is distributed.

Consequently, we would assume stock is without value. (11-2-39.)

Consolidated Edison Co. of New York. Press report July 13, 1944:

Welding of Consolidated Edison Co. of New York and its subsidiary companies into a single operating company is proposed in a plan on file today with the New York State Public Service Commission.

The parent company proposes to absorb the Brooklyn Edison Co., the New York & Queens Electric Light & Power Co., the New York Steam Corp., the Westchester Lighting Co. and the Yonkers Electric Light & Power Co.

Consolidated Telegraph & Electrical Subway Co. is not involved under the plan.

(Would Cut Expenses).

Ralph H. Tapscott, president, told the commission that the merger is desirable and in the interest of consumers and the public and that it would bring about a corporate structure that would conform to operating reality.

The consolidation is proposed, the petition states, with a view to eliminating such expenses, including taxes, as are due to the continuance of the five companies as separate corporate units.

Minority holders of securities in subsidiaries would be paid off as follows: Brooklyn Edison stockholders would receive $135 for each share of stock. Less than 1 per cent of the stock is held by minority interests. New York & Queens Electric Light & Power Co. holders would receive $108.625 for the preferred and $115 for the common. Less than 5 per cent of the preferred and less than 1 per cent of the common is outstanding.

(Other payments).

Holders of $7 Series A preferred of New York Steam Corp. would get $82 a share and of the $6 preferred $72 a share. Holders of common would receive $10 a share. Less than 2 per cent of the preferred and less than 3 per cent of the common remain outstanding.

All of the outstanding stock of Westchester Lighting and Yonkers Electric is owned by Consolidated Edison.

Total payments to minority holders would amount to $1,287,293, assuming that none demands payment upon a court appraisal.

Consolidated Gold Corp.

Incorporated on December 1, 1926, and lost its charter on April 1, 1932. The company was reinstated April 6, 1935, and again lost its charter April 1, 1940. Mr. Jerome M. Hirsch, 165 Broadway, New York City, informed us that the American Smelting & Refining Company, who had an option on their property, abandoned the property and turned back the stock. The company did not do the assessment work on the property and lost it. The shares are without value.

Consolidated Gold Mining Co. Forfeited its right to do business legally under its charter on the 1st Monday of March 1932, because of failure to file lists of officers and pay fees and penalties amounting to $60.00, which cover period of years 1932 to date. Last list of officers filed 6-24-31 shows the principal office was then located at 511 North Carson St., Carson City, Nev., with the U. S. Corp. Co., as duly authorized resident agent of said corporation.

Consolidated Mortgage Corp. Incorporated in Delaware on Feb. 6, 1926, and was located at 4 Albany St., New York City. The last known officers were: J. Russell Robertson, president; Edward C. Kuhn, vice-president; H. L. Johnson, treasurer. We found no trace of these officers, nor any record of the company's operations. The corporation lost its charter on April 1, 1936. The shares in our opinion have no value.

Another company of the same name was incorporated in Delaware on Aug. 4, 1925, and lost its charter on April 1, 1928. The last known officers were: F. E. Nemec, W. F. Cawthorne, and John Grom, Jr., all of Newark, N. J. We found no information on this company, and believe the shares are without value.

Consolidated Nevada-Utah Corp. See 1943 Issue.

Consolidated Nevada-Utah Corp. On Mar. 20, 1942, the company, located at Pioche, Nev., reported that the bonds of the company have been in default in the amount of $600,000. for several years with unpaid interest amounting to a very large sum. The bonds and stock do not have any value insofar as market quotations are concerned. The company is not operating their mining property, only occasionally have a leasing arrangement whereby there is a little income to meet existing overhead charges. The officers of the company do not draw a salary and are functioning with the hope that at some later date some values may develop. As the company is without funds to meet the expense of a balance sheet, a report consequently has not been compiled.

Consolidated Ohio Coal Co. (Ohio). Charter cancelled by Tax Commission in August, 1914.

Consolidated Oil Production Co. Incorporated Montana and was dissolved on July 24, 1941. Mr. Adolph C. G. Anderson, former president of the company, located at 1400 West Adams St., Chicago, Ill., in care of the Reliance

Elevator Mfg. Co., informed us as follows on Feb. 24, 1943:

Your letter of Feb. 16th, addressed to Mr. Wellington Walker, has been referred to me, as I was president of the Consolidated Oil Production Co., until its liquidation on July 18, 1941, at which time a decree was entered, dissolving the company.

The first and final liquidation dividend of seventy cents (70c) per share, was mailed to all stockholders of record some time in October, 1941.

If you will advise me the name of the stockholder you refer to, I can check with our records and advise you whether he was a stockholder of record, and whether he did receive a dividend check.

Consolidated Paper Box Co. Regarding the present status of this company, a Nevada corporation, our records indicate this company went into bankruptcy in July, 1932. A number of liquidating dividends were paid on the Class A bonds but as funds were insufficient to make any payments on underlying bonds, it is apparent no value accrued to the Class B Common stock. (6-14-40.)

Consolidated Paper & Milling Co. Incorporated in Maine and filed its last return in 1908. The charter was suspended in 1909 for non-payment of taxes. We found no value to the stock and therefore believe the shares are without value.

Press report Mar. 8, 1944: Los Angeles, Mar. 8.—The plan of reorganization of Consolidated Rock Products Co., as approved Oct. 25, 1943, yesterday was confirmed by U. S. District Judge Harry A. Holzer here. Under the plan, Consolidated Rock Products Co. will have a simplified stock structure with only two classes of securities outstanding—$2,944,000 of new first mortgage bonds to be dated May 1, 1942, and to bear 3 per cent fixed interest and an additional 2 per cent cumulative income interest, and approximately 3,197,000 shares of common stock, $1 par value.

Holders of the present bonds issued by Union Rock Co. and Consumers Rock & Gravel Co., Inc., will receive all the new bonds and 80 per cent of the new stock. Holders of the preferred stock of Consolidated Rock Products Co. will receive the remaining 20 per cent of the stock. Holders of present stock are entitled to no participation under the plan.

Cosmoclub Realty Corp. The following notice was sent to stockholders: The corporation has contracted to sell, subject to the approval of its stockholders, the land and buildings owned by it and located at Nos. 359-361 Lexington Ave., New York, N. Y. The proposed sale price is $21,500 in cash, the purchaser taking the property subject to mortgages in the aggregate principal amount of $40,000.

As you know, the income received from the property during recent years has been sufficient to pay interest on the mortgages, insurance charges and other incidental expenses, but has not been sufficient to pay real estate taxes due to the City of New York, which taxes have now been unpaid for over four years. We are informed that the City of New York is about to advertise the property for sale to satisfy said taxes. The cash proceeds of the proposed sale will be sufficient to pay off these tax arrears, together with fees, commissions and expenses incurred in connection with the proposed sale and other expenses involved in dissolving the corporation and winding up its affairs.

There is enclosed herewith a notice of the special meeting of stockholders to consider the proposed sale, together with a form of consent and a form of proxy. If you approve of the proposed sale, please sign the enclosed consent and form of proxy and return same to Messrs. Simpson Thacher & Bartlett, 120 Broadway, New York 5, N. Y., at your earliest convenience. Mr. Milner of that office will be able to answer any inquiries which you may desire to make in connection with this matter. Very truly yours, Felix Rigo, secretary-treasurer.

Creston Golf Club, Creston, Iowa. Press notice February 9, 1944: At their annual meeting last night, stockholders of the Creston Golf Club authorized the transfer of the organization's assets to a new corporation which will bear the name of Crestmoor. It is provided that upon execution of the proper instruments of transfer the old corporation shall be dissolved. S. Ray Emerson heads the new Crestmoor Corporation as president; J. Earl Kunath is vice president; Sherman Rex, treasurer, and V. W. Partlow, secretary. Many of the stockholders in the old corporation are continuing to hold stock in the re-organized company. A rumor that the club house is to be leased for operation as a public restaurant or dance hall is unfounded, the new stockholders say. It is their intention to retain the club house for the use of members. They expect to open it as usual early this summer and to schedule much the same program of activities and events as in the past, they say.

Croft & Allen Corp. The Union Bank & Trust Co., Bethlehem, Pa., reported the following on April 20, 1944:

The Bondholders' Protective Committee of the Croft & Allen Corp. purchased the plant and machinery of that company at bankruptcy sale. Subsequently they sold the plant and machinery to the Just-Born Candy Co. for a consideration of $120,000.00, of which $110,000.00 was in the form of a purchase money mortgage.

In order to purchase the property at the bankruptcy sale and to maintain it until it was resold, they borrowed money at the Integrity Trust Co., Philadelphia. After selling the property they assigned the bond and mortgage to the Integrity Trust Co., in trust, for the following purposes:

1. To use the proceeds from the mortgage to pay the notes at Integrity Trust Co.
2. To pay the balance of the commission owing the real estate agents making the sale of the property.
3. To distribute the balance to the depositing bondholders.

After the Integrity Trust Co. closed Land Title Bank & Trust Co., Phila., was appointed trustee to hold the bond and mortgage for the purposes indicated. They may be in a position to give you some idea as to the possible amount for distribution at the time the mortgage matures in 1954.

There is a total of $577,600.00 par value in deposited bonds to share in the balance for distribution.

The Land Title Bank & Trust Co., Phila., Pa., reported the following on May 2, 1944:

I have your letter of April 27 inquiring about Croft and Allen certificates. The Land Title Bank & Trust Co. was appointed in place of the Integrity Trust Co. as substituted trustee of a bond and mortgage originally $120,000., now reduced to $100,900., secured by premises Newton Ave., Bethlehem. By its terms, the mortgage matures in 1954 at which time approximately $85,000. principal will be due.

The assignment of mortgage provides that the trustee shall collect interest and amortization, reduce the amount owed to the Federal Deposit Insurance Corp. (who took over the loan of the Integrity Trust Co.) pay off two individuals sums of $2,000. each, and distribute the remaining balance to the certificate holders.

The mortgage is carried as to interest, taxes, and amortization.

I trust that this information will be of assistance.

C/D for First Mortgage 6% Bonds Dated September 1, 1927.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on Sept. 14, 1944:

This is to advise you that in accordance with our recent correspondence, and approval of all holders of Certificates of Deposit for bonds of the above issue, the property securing the same has been sold for a cash price of $57,200. After deducting expenses, and setting up a cash reserve of $3,550. with regard to Income Tax, and adding funds on hand with the Trustee from other sources, there is now available for distribution $54,670. equivalent to the sum of $770. on each $1,000. bond held.

In order for you to receive said payment, it is necessary that you surrender your Certificate of Deposit for cancellation to:

Detroit Trust Company,
Reorganization Department,
201 West Fort Street,
Detroit 31, Michigan.

Payment will be made to holders of Certificates of Deposit exactly as registered. In the event that payment is to be made to any other than the registered holder, proper assignment must accompany the securities, and signature must be guaranteed by a bank or trust company, or a member of a recognized stock exchange.

When the income tax question has been determined, and if funds remain, a further pro-rata distribution will be made to the holders receiving the above payment. For this reason it is very important that at the time you present your securities for payment and cancellation, you give us your most recent address.

To assist you in preparing your tax return for the year 1944, the Trustee will forward to you shortly a final statement of operations of this property, together with such other information concerning all operations and sale of the property during the year 1944 which will assist you in your tax return.

D. & C. Co., Inc., (N. Y.). Suit against the company resulted in a sale of properties in March, 1907. Nothing left for stockholders. Company is out of existence and stock is worthless as of (9-4-23).

D. C. Corporation was organized in Michigan on April 19, 1922, and our records show that its charter was void under date of August 31, 1927, for failure to comply with the statute in regard to the annual reports.

The 1924 report was submitted, but not accepted for filing and this shows the officers to be Samuel Hoffenbert, president, Detroit; Amelia Simons, vice president, Rochester, N. Y.; Samuel H. Levy, secretary, Detroit, and Jacob Simons, treasurer, Detroit. The last known address was 654 East Elizabeth Street, Detroit, Michigan.

Daily News Corp. Mr. W. R. Powell, secretary and treasurer of Daily News, Los Angeles, Calif., informed us as follows on Aug. 18, 1943:

You make inquiry concerning stock of the Daily News Corp. held by the estate of James A. Nelson. According to our records, the following stock of the Daily News Corp. is outstanding in his name: Certificate No. 850 for 2 shares Class "B" Common stock and Certificate No. 3751 for 25 shares Class "C" Common stock. In addition to this the following stock of Stockholders Publishing Co., Inc., is also outstanding in his name: Certificate No. 433 for 2 shares of Preferred stock and Certificate No. 435 for 8 shares of Common stock. The address of record for the stockholder is 4600 Fountain Ave., Los Angeles.

The Daily News Corp. is the corporation that was organized in 1926 and which purchased the property of the Illustrated Daily News from the receivers of Vanderbilt Newspapers, Inc. This company operated the newspaper property until 1929, at which time Stockholders Publishing Co., Inc., was formed and this latter company purchased the assets and assumed the liabilities of the Daily News Corp., and became the owner and operator of what is now known as the Daily News of Los Angeles. In 1929 all of the Preferred stock of the Daily News Corp. was redeemed and since that time the only stock of this company outstanding is the Class "B" and Class "C" Common stock. The only assets of the Daily News Corp. now consist of 10,000 shares, which is 10 percent, of the Common stock of Stockholders Publishing Co., Inc. The Class "B" and Class "C" stock of the Daily News Corp. has no par value and no present market value of which we are aware. The stock does have a potential value depending on the earnings of the Common stock of Stockholders Publishing Co., Inc. If and when Stockholders Publishing Co., Inc. earns sufficient profits to enable it to pay dividends on its Common stock, then 10 percent of those dividends will go to the Daily News Corp., and be available as dividends on the outstanding stock of that company.

Stockholders Publishing Co., Inc., has issued and outstanding 5,300 shares of Preferred stock and 100,000 shares of Common stock. The corporation suffered severe operating losses during the depression, and found it necessary to go heavily into debt at that time. In recent years, however, the corporation has been making splendid progress and is today in the best financial condition of its history. The Preferred stock of the company has a par value of $50 a share while the Common stock has no par value. Originally this stock sold in units of 1 share of Preferred and 4 shares of Common at $50 a unit . . . presumably this is the price which Mr. Nelson paid for his stock; i.e. $100 for his 2 units. The Preferred stock calls for non-cumulative dividends at the rate of 7%. The corporation has never paid dividends on its Common stock . . . it paid 2 quarterly dividends on the Preferred stock in 1930 but was unable to pay further dividends until April of 1940 when a partial quarterly dividend of 62½c a share, being at the rate of 5% per annum, was declared and paid. The corporation continued quarterly dividends at the same rate until April 20, 1943 at which time it went on a 7% basis, which has been continued up to this time.

The stock of Stockholders Publishing Co., Inc., is an unlisted stock rather closely held and there is very little activity in it; consequently, it is rather difficult to quote a market value. We believe that a fair value of the stock at the present time is about half of its original price. What few sales have occurred recently we believe brought about $25 a unit.

If there is any other information you would like to have feel free to call on us.

An agreement in principle has been reached on a proposal to merge the Darby Petroleum Corp. into the Sunray Oil Corp. on a basis which would give to stockholders of Darby $40 a share, payable in convertible preferred stock at par and in cash, according to an announcement made yesterday by Eastman,

Dillon & Co., who, subject to market conditions, are to arrange for the necessary financing.

The consummation of the merger will require the approval of the stockholders of the two concerns. The properties which would be combined have a net daily crude oil production of 20,000 barrels. They are in Texas, Oklahoma, Kansas, New Mexico and California. C. H. Wright, president of Sunray, would be the president of the merged company.

Davis-White Corp., Larchmont, N. Y. Bankruptcy proceedings filed in the United States District Court for the Southern District of New York, it was reported on March 11, 1944: Davis-White Corp., Larchmont—William L. Orr and Joseph W. Bryan were appointed temporary receivers under a bond of $60,000 by Judge Bright upon the Application of the Government, which is a creditor as the result of defaults in filling contracts for the production of essential machine parts for the Navy. In the petition for the appointment of receivers Rear Admiral G. F. Hussey Jr., Chief of the Bureau of Ordnance of the Navy Dept., stated a critical emergency exists in connection with the defendant's business which will result in damage to the Government and the war effort unless receivers were appointed. Interested parties were cited to show cause on March 17 why the receivership shall not be made permanent.

Delaware, Lackawanna & Western R.R.

Reported on Feb. 1, 1944.

New York, Feb. 1 (AP)–The Delaware, Lackawanna & Western Railroad announced today another step merging into the parent company the leased lines that constitute its operating system.

This was an agreement between representatives of the Lackawanna and the Morris & Essex Railroad Co. on a plan under which stockholders of M. & E. would receive Lackawanna bonds in place of their stock. Proposals covering the Lackawanna of New Jersey were announced yesterday.

Seeks Cut in Fixed Charges.

The aim of the Lackawanna, in addition to bringing together under single corporate entity a 1,000-mile system covering New York, New Jersey and Pennsylvania, is a reduction of fixed charges—including guaranteed dividends to stockholders of leased lines. These fixed charges would be reduced to $4,000,000 a year from $7,000,000. Through sinking funds fixed debt would be reduced later to around $3,000,000 a year.

A spokesman said the road intends "to put its financial house in order" for the postwar uncertainties.

Generally speaking, bonds will be traded for stock. The financial details vary. Part of the interest on some of the bonds issued will be fixed, on some the interest will be contingent upon earnings.

A key factor in the amalgamation program is settlement of tax questions. Some years ago, Lackawanna, on the basis of a federal court decision, stopped paying income taxes on the dividends paid stockholders of its leased lines. Suits resulted and are still pending. The merger proposals settle those disputes.

Barriers Still to Hurdle.

Lackawanna's broad program still has several barriers to hurdle. Each agreement must be approved by directors, the Interstate Commerce Commission and by the stockholders involved.

Ready for such action now are plans covering the New York, Lackawanna & Western, the Valley Railroad, the Lackawanna of New Jersey and now the Morris & Essex. There are other leased lines, including the Syracuse, Binghamton & New York, Oswego & Syracuse, the four-mile Newark & Bloomfield Railroad, 19-mile Warren Railroad and the eight-mile Green Railroad.

The hearing was before Judge J. Foster Symes for confirmation of the proposal, which the court already has approved. Holders of general mortgage bonds voted 79.33 per cent against the plan, which provides for no payment for these bonds.

Detroit & Canada Tunnel Co.

The Detroit Trust Co., Detroit, Michigan, informed us as follows:

Notice to holders of bonds and debentures of Detroit & Canada Tunnel Company or of Certificates of Deposit therefor who have failed to exchange the same for new securities:

Pursuant to an Order entered by the United States District Court for the Eastern District of Michigan, Southern Division on August 28, 1944, in Proceedings for the Reorganization of Detroit & Canada Tunnel Company (not to be confused with the successor corporation—Detroit & Canada Tunnel Corporation) provision was made whereby the holders of such unexchanged bonds, debentures and certificates of deposit may, on or before February 7, 1945, apply to said court for an extension of time within which to make such exchange upon the terms and conditions of said order. A copy of said order will be furnished upon request in writing addressed to Detroit Trust Company, Fort Street, Detroit 26, Michigan. This is the final and last notice.

Detroit & Port Huron Shore Line Ry. Co. At a Session of the District Court of the United States for the Eastern District of Michigan, continued and held pursuant to adjournment at the Court Room in the City of Detroit, in said District, on Thursday, the 29th day of June, in the year of our Lord one thousand nine hundred and thirty-nine.

Present, the Hon. Arthur J. Tuttle, District Judge.

Union Trust Co., Plaintiff, vs. Detroit & Port Huron Shore Line Ry., et al., Defendants. In Equity, No. 1853.

Order approving account of special master and directing payment of balance of funds to clerk.

This cause coming on to be heard

upon report of Special Master accounting for disposition of funds received by him pursuant to orders of Sept. 12, 1938, and Feb. 18, 1939, in this cause, and requesting the Court to instruct him as to disposition of the balance of said funds in his possession,

It is ordered:

1. That the report and account of the Master be, and the same is hereby, in all respects confirmed and approved.

2. That the Special Master be, and is hereby, directed to pay to George M. Read, Clerk of this court, the balance of funds in his possession in the sum, to wit, of $2,157.78, to be placed by the Clerk in the registry of the court.

3. That upon compliance with the previous paragraphs of this order the duties of the Special Master in this reference shall thereupon be terminated.

The Court finds that the money thus delivered into the registry of the court is subject to disbursement, upon proper petition and order, to the holders of nondeposited and unsurrendered bonds and coupons of the Detroit and Port Huron Shore Line Ry., First Mortgage 5% Gold Bond issue due Jan. 1, 1950, according to the following schedule:

Bond with July 1, 1925, Jan. 1, 1926, July 1, 1926, and Jan. 1, 1927 coupons	$ 23.89
Bond with no coupons	21.71
Coupons, each	.53
Bond with July 1, 1925 coupon	22.26
Bond with July 1, 1925, and Jan. 1, 1926, coupons	22.80
Bond with July 1, 1925, Jan. 1 1926, and July 1, 1926 coupons	23.34

Such dividends are, of course, subject to any deductions the Clerk may be required to make by law in disbursing said funds.

(Signed) Arthur J. Tuttle, District Judge.

Glen H. Dean, Secretary of Bondholders' Protective Committee, P. O. Box 2488, Detroit, 31, Michigan.

July 21, 1944—Distribution No. 3 of $10. per each $1,000. bond in liquidation. Remaining Assets as of June 30, 1944, according to Committee, amounted to $208,630.66.

Detroit & Port Huron Shore Line Ry. Co. Mr. Donald L. Quaife, Special Master, United States District Court for the Eastern District of Michigan, 730 Federal Bldg., Detroit, Mich., informed us as follows on May 10, 1943: "Your letter dated May 7, 1943, inquiring concerning the above-named bonds has been received. Funds from which payment can be made on these bonds have been placed in the registry of the court. Money can be paid out of the registry only upon special petition to and order of the court. The amount payable on each $1,000 nondeposited and unsurrendered bond of the Detroit and Port Huron Shore Line Ry., First Mortgage 5% Gold Bond issue due Jan. 1, 1950, with no coupons attached is $21.71. 53c is payable on July 1, 1925, Jan. 1, 1926, July 1, 1926, and Jan. 1, 1927, coupons. If you wish to forward the bonds held by your client to me by registered mail, I will prepare a petition and send it to you for your client's signature. Upon its return, I will prepare an order and present it to the Judge for his signature authorizing the Clerk of the court to make the payment. The check will be sent direct to you from the office of the Clerk. The bonds will not be returned, but will be stamped paid and filed in the office of the Clerk, inasmuch as this will be the final payment upon these bonds and coupons."

Detroit, Ypsilanti, Ann Arbor & Jackson Railway. (Nov. 26, 1943). To the holders of Certificates of Deposit issued for 5% First Mortgage 25-year bonds of Detroit, Ypsilanti, Ann Arbor & Jackson Railway dated Feb. 1, 1901:

Pursuant to direction and authorization by the Bondholders' Protective Committee, we are prepared to make the first and final distribution on Certificates of Deposit issued for bonds of the above issue on the basis of $39.74 for each $1,000.00 bond and $19.87 for each $500.00 bond.

In order for you to receive payment it will be necessary that you surrender your Certificate of Deposit, properly endorsed, to Detroit Trust Co., Reorganization Division, 201 West Fort St., Detroit 31, Mich., or deliver in person to Window No. 9 or No. 10, 1st floor. In the event payment is to be made to any other than the registered holder it will be necessary that the Certificate of Deposit be endorsed, with signature guaranteed by a bank, trust company or member of a recognized stock exchange, plus instructions to whom payment is to be made. In addition, there will be a stamp tax of 50c per $1,000.00 bond.

Protective Committee, Detroit, Ypsilanti, Ann Arbor & Jackson Railway bonds. Detroit, Mich., Nov. 26, 1943.

To: Depositors of 5% First Mortgage Twenty-five Year Bonds of Detroit, Ypsilanti, Ann Arbor & Jackson Railway:

This is to advise you that the Bondholders' Protective Committee of the above isue, constituted by Protective Agreement of July 20, 1925, has completed its duties and arranged for disbursement of all net funds received from liquidation of properties by its depositary, Detroit Trust Co., of Detroit, Mich.

Detroit Trust Co., a consolidated corporation continuing the entity of Union Guardian Trust Co., was also trustee for the Committee in the liquidation of its properties. A complete accounting by the trustee and the Committee, covering all properties and funds received and disbursements made, is on file in the office of Detroit Trust Co., and may there be inspected by certificate holders. The records of the Committee, including the minutes of all committee meetings, of which a total of twenty-six have been held, are available at the same place.

The enclosed notice from the trustee and depositary calls for the return of your certificates and sets forth the amount of the liquidating dividend. This is $39.74 per $1,000 bond, representing the net proceeds of $43,137.77 divided among the holders of certificates totaling $1,085,500 par value in bonds.

Since it would be impractical and prohibitively expensive, in view of the large number of certificate holders, to distribute to each certificate holder copies of the lengthy accountings on file and a detailed history of the liquidation, your Committee wishes here to recapitulate briefly the work that has been done in behalf of the certificate holders since the formation of this Bondholders' Protective Committee.

The bonds deposited by you in return for certificates of deposit were Five Per Cent First Mortgage Twenty-five Year Gold Bonds of the Detroit, Ypsilanti, Ann Arbor & Jackson Railway, dated Feb. 1, 1901. Such bonds had been issued in the principal amount of $1,610,000.00 under a mortgage or deed of trust, which was a second lien upon properties of the electric railway between the cities of Detroit and Ann Arbor, Mich., and a first lien upon other properties from Ann Arbor to Jackson, Mich. An earlier issue of bonds of Detroit, Ypsilanti & Ann Arbor Railway, the predecessor of Detroit, Ypsilanti, Ann Arbor & Jackson Railway, had been issued in the principal amount of $330,000. under a mortgage or deed of trust dated Feb. 1, 1899. This mortgage was a first lien upon those properties on which the mortgage securing your bonds was a second lien. For convenience, the bonds represented by your certificates of deposit will hereafter be referred to as "Jackson bonds", and those issued under the earlier 1899 mortgage as "Ann Arbor bonds". The Railways which had issued the above bonds were succeeded by Detroit, Jackson & Chicago Railway, a corporation owned by Detroit United Railway, and became a part of the system of the latter. Subsequently Detroit United Railway went into receivership, defaults occurred under both Jackson and Ann Arbor mortgages, and a separate protective committee was formed by each group of bondholders. A separate receiver was later appointed by the court for Detroit, Jackson & Chicago Railway, and operation of the lines of that railway was discontinued, pending foreclosure, to prevent increasing deficits.

In 1929 the alternatives confronting your Committee were, first, to acquire on foreclosure the properties securing the Jackson bonds and liquidate them independently, or, second, to join with the Ann Arbor Committee in a joint liquidation of the properties securing both issues. As a result of negotiations carried on by this Committee with the Committee representing the Ann Arbor bonds and with Eastern Michigan Railways, the successor of Detroit United Railway, a plan of joint liquidation was developed which promised much the greater probabilities of a substantial realization. Under this plan, the two Committees were to proceed to acquire the properties of Detroit, Jackson & Chicago Railway by purchase upon foreclosure sale, and Eastern Michigan Railways was to liquidate the same for the Committees, under a guarantee by the Railways that a total of $603,000 would be realized within the term of one year.

The sum of $603,000, less expenses, was to be disbursed to the Committees, for the benefit of certificate holders, in the proportion of 7-9ths to the Ann Arbor Committee until it had received $231,000, or seventy per cent of face value of its bonds, and 2-9ths to the Jackson Committee until it received $322,000, or twenty per cent of face value of its bonds, both Committees to share jointly in the liquidation of all properties in the above proportions, irrespective of priority of lien.

The above plan of liquidation and readjustment of indebtedness was embodied in a contract between Eastern Michigan Railways and the two protective Committees on Sept. 12, 1929. Pursuant to the terms of the Protective Agreement, certificate holders were duly notified thereof.

Liquidation of the properties proceeded under the direction of Eastern Michigan Railways but did not result in the collection of sufficient funds to pay the guaranteed sum of $603,000 within one year from the date of the contract. The Committees agreed to an extension of the time for the payment of this sum upon an agreement by the Railways to pay in addition thereto 40% of the sale price of all properties sold after the guaranteed sum had been realized. Subsequently, however, Eastern Michigan Railways became insolvent, a Receiver was appointed, and the Receiver, on Jan. 29, 1933, repudiated the Railways' guarantee. The financial condition of the Railways at that time was such that the guarantee was apparently worthless.

Thereafter liquidation of the properties proceeded under the direction of the Committees. A joint proof of claim was filed in the Eastern Michigan receivership, from which the Committees realized a cash settlement and a small amount of stock in a reorganized corporation. Expenses during the period of liquidation included the payment of non-deposited bonds under the foreclosure, deficit in the Detroit, Jackson & Chicago receivership account which was quite substantial, property taxes, selling expenses and administrative fees.

A dispute arose between the two Committees respecting the allocation of funds in the hands of the trustee. This dispute resulted in litigation in the federal courts, which has only recently been concluded. The allocation of the remaining funds in the hands of the Trustee between the Committees is in accord with the judgment of the court.

Press report October 4, 1944:

Detroit, Oct. 4. (A. P.)—Two stock brokers went on trial today before Federal Judge Edward J. Noinet on charges of violating United States mail statutes in the sale of about 500,000 shares of stock in Devon Gold Mines, a Canadian company, after a third defendant had pleaded guilty to the Government's accusations.

Samuel J. Lewis of New York, salesman in the group selling stock in Devon Gold Mines, pleaded guilty on two counts after the trial opened. His sentence was deferred. The other defendants are Maurice Niditch of New York, Toronto and Montreal, and Benjamin Kaufman of Philadelphia.

Sidney Manster, attorney for the Securities and Exchange Commission, said this was the first time that promoters of a Canadian company accused of selling stock in the United States by fraudulent means had been tried in a United States District Court. He told the court that sales had grossed $100,000, with a 100 per cent loss to stockholders and that Devon Gold Mines was adjudicated bankrupt in Toronto in 1943 after having filed a voluntary petition in bankruptcy.

Mr. Manster said the Government would prove that the stock was not registered with the SEC and had been sold by high pressure sales methods over the telephone, by mail and direct by salesmen.

Dominion Gas & Electric Co. Philadelphia, April 13 (AP)—The Securities and Exchange Commission approved today Internatiional Utilities Corporation's amended plan of recapitalizatiion providing for the merger of Dominion Gas & Electric Co. into International.

International will issue ninety-six shares of $3.50 preferred stock, $50 par value, to retire an equal number of 1931 series prior preferred shares; 126,640 shares of new $15 par value common stock to retire 66,653 shares of $1.75 1931 series preferred; 123,376 common shares to retire eighty-eight shares of Class A stock, and 12,523 common shares to retire 1,252,265 shares of Class B.

In connection with the redemption of Dominion's 6½ per cent collateral trust bonds, due 1945, International would make a capital contribution to Dominion of the bonds which it holds, as well as sufficient cash to finance Dominion's retirement of publicly held bonds.

The Commission reserved jurisdiction over the amounts at which certain investments, including 4,255 shares of General Water, Gas & Electric Company's $3 preferred stock and 100,000 common stock shares of Lehigh Coal & Navigation Co., are recorded on International's books following the merger.

East Hampton Bank & Trust Co., Middletown, Conn. Press report June 16, 1944.
Middletown, June 16.–(Special.)–Judge Howard W. Alcorn in Superior Court Friday approved the request of the State Banking Commissioner Richard Rapport to sell the remaining assets of the East Hampton Bank & Trust Company and also to declare a final two per cent dividend on the commercial depositors, practically bringing to a close the affairs of the defunct bank. The case first appeared on the docket of the court in July of 1936 and the remaining litigation to bring the affairs of the bank to an end entails the filing of the final accounting followed by a discharge by the court.
To date the savings depositors have received 100 per cent dividends and, including the two per cent dividend approved Friday, the commercial depositors will have received about 97 per cent.

This company was founded in 1811, and ran into some difficulty in maintaining itself during the Civil War days and entered into an agreement with the Easton School District in which stockholders were allowed to use the facilities of the library without payment while the School District agreed to spend a certain amount each year for books and use the library as a school library. In 1911 the Easton Public Library was formed and fell heir to the books of the combined library formed above. The stock has no value and hasn't had since the Civil War. The Easton Public Library would like to have the certificate as a local curiosity. They have an excellent local history collection and such things add to its value.

Eaton Land Co. First Mortgage 6½% Serial Bonds dated 4-1-1924.

Bondholders' Protective Committee for Eaton Land Co., First Mortgage 6⅛% Serial Gold Bonds dated April 1, 1924.

Committee: C. G. Chapman, R. L. Nixon. Depositary, Detroit Trust Co. Nov. 19, 1943.

To the owners of Bonds and/or Certificates of Deposit of the above described bond issue:

Your Committee is now authorizing the final payment on the above issue. This payment amounts to $109.07 per each $1,000.00 bond, making a total of $1,751.83 paid on each $1,000.00 bond in the liquidation of this issue. This payment is on the following basis:

Principal in full	$100.00
Interest on $300.00 from April 1, 1943 to Aug. 15, 1943	7.26
Interest on $100.00 from Aug. 15, 1943 to Nov. 19, 1943	1.81
Total per $1,000.00 bond ——	$109.07

Upon delivery of your Certificate of Deposit or Bond to Detroit Trust Co., (Reorganization Dept.), 201 W. Fort St., Detroit, Mich., you will be given a check for your distribution.

Certificates must be endorsed in the exact manner in which your name appears on the face of your Certificate.

It is a requirement of the Government that individuals, fiduciaries and partnerships, owning bonds issued by a Corporation, such as the Eaton Land Co., must file with the Trustee an Ownership Certificate when they receive interest. We enclose an Ownership Certificate which should be signed and returned with your Certificate or Bonds. Also please advise if you will file a Federal Income Tax Return for 1943.

Yours very truly, Bondholders' Protective Committee.

MI. Only two bonds outstanding on this issue and we are very anxious to locate the present owner.

Eaton Land Co. First Mortgage 6% Bonds dated May 1, 1926 and/or C/D. Payment March 28, 1944.

In our letter dated Dec. 16, 1943, you were notified of the then immediate distribution of an eighth principal liquidating dividend in the amount of 7½%. Subsequent thereto sufficient funds have accumulated to warrant the distribution at the present time of another principal liquidating dividend in the amount of 5%, after which the unpaid principal balance on each $1,000.00 bond will amount to $225.00.

Therefore, if you will please present your Bond(s) or Certificate(s) of Deposit for endorsement to the Detroit Trust Co., 201 W. Fort St., Detroit, Mich., attention of the Reorganization Division on the first floor, you will receive a check in the amount of $50.00 for each $1,000.00 Bond or Certificate of Deposit presented.

Edith Mae Cummings No. 5. First Mortgage Bonds dated July 1, 1928 and/or C/D.

The Detroit Trust Co., Detroit, Mich., informed us as follows on June 1, 1944:

Sufficient funds have been accumulated by the Trustee, through liquidation, to pay liquidating dividend No. 2 equal to 10% of $45,600, the face amount of the remaining outstanding bonds. A similar dividend of 1% of the face amount of the bonds has been previously paid by the Trustee.

In order to receive this liquidating payment, bonds and/or Certificates of Deposit should be forwarded promptly to Detroit Trust Co., Reorganization Dept., 1st Floor, 201 W. Fort St., Detroit 31, Mich. The bonds will be endorsed to show this payment and returned with the dividend check.

After payment of this liquidating dividend, the assets of the trust will be:

Cash, $2,365.58; general certificate of indebtedness of Harvey C. Emery, liquidating trustee, having balance of $1,194.40 which may liquidate for $510.; 63 lots on option; if exercised in full, trust will realize $5,200. Total, $8,075.58.

An additional dividend will be made probably when liquidation of real estate is completed.

El Paso Electric Co. of Delaware. Press report:

Directors of the El Paso Electric Co. of Delaware voted yesterday to liquidate the company, subject to approval of two-thirds of the stockholders and of the Securities and Exchange Commission. The Engineers Public Service Co. owns all the common stock of El Paso and more than the required two-thirds of the voting stock necessary to accomplish liquidation.

El Paso Electric of Delaware is being eliminated as a sub-holding company in compliance with the simplification provisions of the Public Utility Holding Company Act. Last December the company sold its traction properties and its sole asset now is the El Paso Electric Co. of Texas. Under dissolution, this property will be transferred directly to Engineers Public Service. Under the liquidation, the 15,086 shares of El Paso of Delaware preferred stock held by the public will be paid off at par.

El Salvador Silver Mines Co., Inc. Incorporated in Delaware and lost its charter in 1925. On Jan. 20, 1922 Mr. Parker Nevin of New York City, was appointed receiver for the company. The company was finally wound up through bankruptcy and a new company was formed known as Central American Mines, Inc. Creditors of El Salvador Silver Mines Co., Inc., received 281,000 shares of Central American Mines, Inc. The stockholders of El Salvador were given the right to subscribe to 189,000 shares of Central American Mines, Inc., at $1. per share. The shares of El Salvador are therefore, worthless.

Elizabeth Lake Estates. First Mortgage 6% Bonds dated Feb. 1, 1928 and/or C/D.

The Bondholders' Protective Committee reported the following on May 2, 1944:

Subsequent to the committee's letter dated Dec. 21, 1943, sufficient funds have accumulated with the trustee to warrant the immediate distribution of a 5% principal liquidating dividend on all outstanding bonds which will leave an unpaid principal balance of $375.00 on each $1,000.00 bond.

If you hold actual bond(s), in order to secure your 5% principal liquidating dividend, please present your bond(s), personally or by registered mail to the Detroit Trust Co., Depositary, 201 West Fort St., Detroit, Mich., in care of the reorganization division, windows numbered 9 or 10, on the first floor, whereupon yours bond(s) will be endorsed and returned to you accompanied by a check in the amount of $50.00 for each $1,000.00 bond presented. If, however, you have deposited your bond(s), it is not necessary to present your Certificate of Deposit for endorsement and you will find enclosed a check in payment of the aforementioned liquidating dividend in the amount of $50.00 for each $1,000.00 bond on deposit in your name with the Detroit Trust Co., Depositary.

Elkhorn Oil Co. Incorporated in Wyoming, and reported the following in 1942:

President, W. S. Kimball, Casper, Wyo.; vice-president, R. D. Dame, Casper, Wyo.; secretary, W. B. Haselmire, Casper, Wyo.; treasurer, W. B. Haselmire, Casper, Wyo.

The company still retains its charter. However, as of Feb. 28, 1944, it was not in good standing, not having filed its report for 1943.

We found that the company is located in the Consolidated Royalty Bldg., Casper, Wyo., and owns 440 acres in Converse County, Wyo., with 33 producing wells, 300 barrels per day. (1942) Petroleum Register. Letters addressed to the company have not been answered nor returned.

Elkhorn Oil Co., Casper, Wyo. On Nov. 15, 1943 it was reported that this company is the owner of a state lease in the Big Muddy Field about 20 miles east of Casper. This lease is operated by the Continental Oil Co. on a 50% basis. No new wells have been drilled on this lease for over 20 years. Production has been up and down, with several price changes in the last few years. At the present time the income from this lease is about $200. a month average. Through ownership of the Elkhorn-Salt Creek Syndicate, the company receives a royalty on a small lease on the edge of Salt Creek. The return from this lease is about $15. per month. There is very little hope that any larger income can be expected from this lease. Through a large ownership in the Western Slope Oil & Refining Co., Elkhorn receives a small royalty in the La Barge Field. The company receives about $10. to $15. per month from this lease. The enpenses of the company run about $170. per year. In the last five years the company invested some $6,000. in Kansas and Oklahoma royalties and interests in leases. Most of this investment has been charged off as a loss. Cash in the bank is $1,178.76, other assets of $5,000. in 2% U. S. Bonds, and 12,000 shares of Cow Gulch Oil stock, market unknown. Denver brokers quote the stock at 1c per share.

Engineers Public Service Co. Press report Feb. 2, 1944:

Holding Company Plans to Dissolve
D. C. Barnes, Head of Engineers Public Service, Discloses Move Is in Preparation

Action Not Mandatory

Concern Was Expected to Stay in Business as Permitted by SEC Investment Order

Philadelphia, Feb. 1—The first public disclosure that the Engineers Public Service Co. was contemplating a program leading to its eventual dissolution was made today by its president, Donald C. Barnes, in testimony before a trial examiner of the Securities and Exchange Commission.

Mr. Barnes, testifying at a hearing on the proposed merger of the Virginia Public Service Co. into the Virginia Electric & Power Co., confirmed unofficial reports when he stated that Engineers Public Service was preparing to dissolve along lines proposed by the North American Co.

The testimony came as a sensation in an otherwise routine hearing. Until now it had been expected that engineers would remain in business at least as the parent of the Virginia Electric and Power, since that would have been allowed by the terms of the divestment orders of the SEC against Engineers. The parent company, however, was ready even to waive that right if necessary, Mr. Barnes said.

Consider Voluntary Plan

"If the outcome of the present litigation involving Section 11 (b) (1) shall make it necessary or desirable to do so, we are hopeful that we may develop an 11 (e)—(that is, voluntary)—plan which will meet with the approval of the commission under which Engineers' interest in Gulf States Utilities Co. and El Paso Electric Co. will be distributed to its security holders through the liquidating of holding companies following, in general, the proposed program of the North American Co. and the disposition of the remaining smaller properties by sale when it can be done on an advantageous basis," Mr. Barnes said.

"Under such a program it would be our thought that on consummation of the 11 (E) plan, Engineers Public Service Co., Inc., would be dissolved and the New York office closed so that the entire management of the Virginia Electric & Power Co. would be located in Virginia, and as soon as the present tax advantage of maintaining Engineers as the parent of Virginia Electric disappears, Engineers would then proceed to liquidate in the same manner as that proposed for the liquidating holding companies over Gulf States and El Paso," Mr. Barnes added.

Mr. Barnes said that the merger plan would create a sound and substantial utility company in a conservative area where capital has enjoyed, "and we have every reason to expect will continue to enjoy, fair treatment so that the security holders may be assured of a fair return on their investment.

"It will assist Engineers in further compliance with the provisions of Section 11 (B) (1)," he said.

Mr. Barnes told Richard Townsend, trial examiner, that consummation of the merger would have an agreeable effect upon the public, the consumers and the investors with respect to the two companies, which are adjacent to one another.

Opposition to the Proposed Merger Is Expected

Opposition to the proposed merger is

expected from representatives of Virginia municipalities, cooperative groups and individuals. They were granted a limited right to be heard by Mr. Townsend.

Mr. Barnes disclosed that it was the understanding of the Engineers Co. that three groups were being organized to bid on the issue of new bonds in connection with the merger, one headed by Eastman, Dillon & Co., one by Halsey, Stuart & Co. and one by Stone & Webster and Blodget, Inc., the First Boston Corp. and Harriman Ripley & Co., Inc.

The General Gas & Electric Co., owner of all common stock of Virginia Public Service, has indicated its approval of the plan by entering into a contract as amended between Engineers, Virginia Electric and General Gas, Mr. Barnes testified. The plan would eliminate Virginia Public Service from the Associated Gas & Electric system in compliance with Section 11 (B) (1) of the Holding Company Act.

The new bonds that would be issued in connection with the merger include $24,500,000 of Virginia Electric & Power first and refunding 3½% bonds due 1974. In addition, bank loans of $5,000,000 maturing over a five-year period would be negotiated.

Proceeds from the sale of the new bonds and the bank loans would be used to redeem the entire debt of Virginia Public Service, consisting of $26,000,000 first mortgage 3¾s of 1972 and $10,500,000 debenture 5s of 1957. Current assets of the two companies and the capital contribution of $2,500,000 to be made by Engineers to Virginia Electric would be used as needed, together with the proceeds from the new bonds and loans to carry out the redemption program.

Equitable Gas Light Co. The Central Hanover Bank and Trust Co., 70 B'way, New York City, informed us as follows on June 28, 1943:

We wish to acknowledge receipt of your letter of June 23, inquiring as to the present status of the Equitable Gas Light Company of Suffolk County, New York, Stock, held by a client of yours.

In reply to your inquiry, may we advise that under a Plan of Union dated September 1, 1897 and subsequently modified January 12, 1898, the Equitable Gas Light Company and the New York and East River Gas Company was formed under a new organization known as the New Amsterdam Gas Company. Since the consummation of this plan, we have exchanged all of the Certificates of Deposit issued by us and our records do not indicate the present status of the undeposited stock of the Equitable Gas Light Company. However, for your further information, may we advise that the New Amsterdam Gas Company subsequently merged with the Consolidated Edison Company of New York and, therefore, may we suggest that you communicate directly with the latter company.

Y., informed us as follows on March 10, 1944: ". . . Estey Operating Corp. sold the premises known as 245 W. 27th St. on or about July 10, 1941 in accordance with the terms of an amended arrangement approved by the United States District Court for the Southern District of New York, pursuant to the provisions of Chapter XI of the National Bankruptcy Act. Since the sale of the property all assets of said corporations have been distributed in accordance with the terms of the amended arrangement and in accordance with the order of court. All of the assets are being distributed by Manufacturers Trust Co., New York City, pro rata to all holders of the ten year 6% Icone Debenture Bonds at the rate of $25.165 for each $100. bond. Inasmuch as the final distribution was insufficient to pay holders of its debentures in full, no equity remained for the capital stock."

Evergreen Mines Co. (Colorado). The Tax Assessor of Gilpin County, Central City, Colorado, informed us on August 19, 1944, that the Gilpin tax roll shows about 25 claims assessed to Evergreen Mines Company, but have paid no taxes on same since 1928. While we do not believe the shares have any present value, we suggest your obtaining a copy of the company's last financial statement from the Secretary of State of Colorado, Denver, Colorado, for a charge of $1. The company may eventually lose its properties for non-payment of taxes.

Felt Drug Co., Inc., 114 Franklin Street, Watertown, N. Y. Press notice Feb. 2, 1944:

The Felt Drug Company, Inc., a wholesale drug business located at the rear of the Burdick block, 114 Franklin street, has been purchased by Leon D. Welch, local insurance broker, who said today he now owned "practically all the stock."

The company, capitalized for $85,500, came under Mr. Welch's control after he purchased stock at $80 per share. There is a total of 885 shares of stock involved in the corporation, it was said. The Northern New York Trust Company and Edwin S. Clark, president of the F. A. Empsall Company, Inc., were the principal stockholders.

Mr. Welch said this afternoon that he had purchased the controlling interest in the Felt Drug Company, Inc., and that "the business will continue to operate as it has in the past."

He said that Fenton R. Horton, vice-president and general manager of the corporation, would continue in his present capacity and actively operate the business.

Mr. Welch said that he had purchased "practically all the shares of stock" in the drug corporation.

Stockholders, who were reportedly willing to liquidate their holdings in the corporation, were approached in December by Attorney Theodore W. Charlebois who procured a 30-day option on their shares. After the option expired in January, Mr. Charlebois negotiated an extension of the option until Feb. 1. Then, it was announced, he assigned his option to Mr. Welch.

Drug stocks and accounts receivable of the corporation were described today as being in "excellent condition."

It had been reported that Mr. Welch might liquidate the corporation by selling the stock and accounts. This, the new owner denied, reiterating that he plans to continue the business "as usual."

The Felt Drug Company is one of this city's longest established businesses. It was 111 years old Jan. 3, being organized in 1833 when the first business establishment was a small store in Court street. Nicholas N. Smith was the founder of the business which has been reorganized several times

The most recent organization of the corporation occurred in 1932 when the late Frank B. Clark became president and treasurer. Mr. Horton, vice-president and general manager, was elected at that time and Attorney A. Raymond Cornwall was made a director and secretary of the board of directors.

The late Mr. Clark succeeded James V. Cleveland as president of the organization.

The founder of the business sold his interest in the company to E. C. Van Namee who in turn sold out in 1883 to the late Samuel Felt. Mr. Felt operated the business until his death in 1919 when George R. MacOmber became president and manager.

Fidel Assn. of New York, Inc. Press report July 6, 1944: New York, July 6 (AP)—Serge Rubinstein, chairman and president of Panhandle Producing & Refining Co., announced today the company had bought the outstanding capital stock of Fidel Association of New York, Inc., an annuity trust with resources estimated at $2,250,000. Mr. Rubinstein said the purchase was for cash from interests associated with Cecil P. Stewart, marine insurance underwriter, and S. B. Hopps, who acquired control of Fidel in 1943. After completion of the sale, Mr. Stewart resigned as Fidel chairman and was succeeded by Hamilton F. Pell, chairman of Panhandle's executive committee.

Fifteen Park Row Corp. Press report March 16, 1944:

To all Holders of First Mortgage 20-Year Gold Bonds of Fifteen Park Row Corporation dated as of May 1, 1932, secured by a Mortgage Indenture to Irving Trust Company as Trustee, dated as of May 1, 1932 on premises known as 13-15-17-19 and 21 Park Row, 13 Ann Street, and 3 Park Row in the Borough of Manhattan, City, County and State of New York, and all persons beneficially interested in said bonds, or in the Mortgage Indenture securing same and to all persons whose rights may be affected by the Plan of Reorganization hereinafter referred to:

In an action instituted by Irving Trust Company, as Trustee under Mortgage Indenture of Fifteen Park Row Corporation, dated as of May 1, 1932 as Plaintiff, against Fifteen Park Row Corporation and The People of the State of New York, as Defendants, now pending in the Supreme Court of the State of New York, New York County, Index No. 3829-1943 and brought to foreclose the aforesaid Mortgage Indenture, a Plan of Reorganization of the aforesaid Mortgage Indenture and of the property covered thereby (herein called the "Plan") has been presented to said Court and filed in said action in the office of the County Clerk of New York County on or about February 25, 1944 by the Fifteen Park Row Bondholders' Committee composed of Douglas G. Wagner, Allen H. Clarke and S. Sanford Levy (hereinafter called the "Committee").

Pursuant to an order dated February 29, 1944, made by Honorable Bernard Botein, a Justice of said Court you are cited to show cause before said Court, at Additional Special Term (Trust Mortgages), to be held in and for the County of New York, at Room 1530 Criminal Courts Building, 100 Centre Street, in the Borough of Manhattan, City of New York, on April 4, 1944, at 10:30 o'clock in the forenoon of that day or as soon thereafter as counsel can be heard, why an order should not be made (1) granting leave to said Committee to intervene in these proceedings; (2) approving said Plan, with such modification, if any, as may be approved by the Court or any other or alternative plan of reorganization which may be approved by the Court and (3) granting such other and further and different relief as to the Court may seem proper.

Adjournments of such hearing may be taken upon notice given at such hearing or any adjournments thereof and without any other or further order.

Dated: March 8, 1944.

Fifth & Hill Building Co. This company was the equity owner in the Pershing Square Bldg. (leasehold property) against which a $1,150,000 first mortgage leasehold bond issue was sold in 1926. The bonds defaulted in 1932 and a receiver was appointed. Income was insufficient to keep up ground rent and taxes and the ground owner petitioned the court for permission to terminate the lease. This was granted in 1937 and consequently bondholders lost the security for their bonds. Under the circumstances, the stock of the company is without value. (9-10-40).

First National Investment Underwriters. The Commonwealth of Mass., informed us as follows on July 21, 1943:

In reply to your letter of July 19th, I have been through the papers filed by this Trust and find a letterhead (under date of January 23, 1920) with the address 203-204 Hoppin Homestead Building, 357 Westminster Street, Providence, Rhode Island. The address at 615 Tremont Building was the address of the attorney who filed the papers.

In reading through the papers on file I find a provision for the filing of a copy of the Trust and any amendments thereto in the Registry of Deeds for Suffolk County, Massachusetts. This is located at the Court House, Boston. You may perhaps obtain more up-to-date information by contacting that agency.

Mr. L. E. Judd, 11 West 42nd Street, New York City, informed us as follows on August 18, 1942:

The Foltis Fischer Corporation was adjudged bankrupt on January 25, 1940.

Some time in February 1940, according to the notice from Peter B. Olney, Referee in Bankruptcy, an offer was made to pay the Trustee the sum of $2,500.00 for the Trustee's right, title and interest to various properties which appeared to be their assets at that time. Obviously there was nothing left for the stock-holders. As a matter of fact, I do not think there was anything left for distribution to the creditors.

Fonda, Johnstown and Gloversville Railroad Company Reorganization.

To holders of Fonda, Johnstown and Gloversville Railroad Company's General Refunding Mortgage Bonds, First Consolidated General Refunding Mortgage Bonds and Certificates of Deposit for such Consolidated Bonds Issued Under the Deposit Agreement Dated as of May 15, 1933:

June 2, 1944.

The United States District Court for the Northern District of New York by order entered April 18, 1944, has directed the distribution of the new securities and the payments of cash pursuant to the Plan of Reorganization of the Railroad Company, heretofore approved by the Interstate Commerce Commission and confirmed by the Court. Such new securities are now available.

Holders of Bonds of the above issues and of such Certificates of Deposit should surrender them to The New York Trust Company (Corporate Agency Department), as Exchange Depositary, 100 Broadway, New York 15, N. Y., together with a duly executed Letter of Transmittal in the form prepared for the particular class of securities surrendered. The instructions on the Letter of Transmittal should be followed exactly. Forms thereof may be obtained from such

Exchange Depositary or from the Railroad Company, Gloversville, N. Y. Copies are being mailed to Bondholders of whose names and addresses the Railroad Company, or the Bondholders Protective Committee, has a record.

Holders of such Bonds on surrender thereof in negotiable form with coupons specified in the form of Letter of Transmittal therefor, and holders of such Certificates of Deposit on surrender thereof in negotiable form will receive in exchange therefor new securities of the reorganized Railroad Company and checks for interest at the following rates:

For each $1,000 principal amount General Refunding Mortgage Bonds:

(a) $750 principal amount First Mortgage Bonds, Series A, 4% and interest thereon at the rate of 4% per annum from July 1, 1941, to January 1, 1944; and

(b) $410 principal amount Second Mortgage 4½% Income Bonds (non-interest bearing scrip being issued for odd amounts of less than $25), and interest on Bonds delivered, but not with respect to scrip therefor, at the rate of 4½% per annum, from July 1, 1941, to January 1, 1944.

Holders of unpaid coupons maturing prior to January 1, 1938 on General Refunding Mortgage Bonds should detach and present the same, accompanied by Federal Ownership Certificate, for payment through the usual channels.

For each $1,000 principal amount First Consolidated General Refunding Mortgage Bonds or a Certificate of Deposit therefor issued under said Deposit Agreement:

(a) $25 principal amount First Mortgage Bonds Series A, 4%, and interest thereon from July 1, 1941, to January 1, 1944;

(b) $65 principal amount Second Mortgage 4½% Income Bonds (non-interest bearing scrip being issued for odd amounts of less than $25) and interest on Bonds delivered, but not with respect to scrip therefor, from July 1, 1941 to January 1, 1944; and

(c) A Voting Trust Certificate for 8 shares of Common stock.

Holders of unpaid coupons maturing prior to November 1, 1932 on amended First Consolidated General Refunding Mortgage Bonds (due 1982); and prior to November 1, 1931 on unamended bonds (due 1952) should detach and present the same, accompanied by Federal Ownership Certificates for payment through the usual channels.

Unpaid coupons maturing November 1, 1931 and May 1, 1932 on unamended bonds only, should not be detached but must accompany the bonds to receive the payment of $10 for each such coupon as provided in the Plan.

The Reorganization Managers have applied to the Commissioner of Internal Revenue for a ruling as to the treatment of the exchanges for income tax purposes and, if and when a ruling is made, it will be made available.

It is expected that the procedure of exchange will require not more than two weeks under ordinary circumstances.

Attention is called to the fact that the said Court order directs that the Bonds and Certificates of Deposit to be surrendered shall be surrendered as promptly as practicable and that the new securities allocated by the plan to such Bonds and Certificates of Deposit not surrendered within six years from June 1, 1944, shall be sold and the proceeds, with any interest and dividends, shall be paid to the reorganized railroad company.

By Order of the United States District Court. Northern District of N. Y.

Fort Grand Hotel (Claus D. and Carl H. Lundblad) First Mortgage 6½% Bonds Dated 1924 and/or C/D. The Detroit Trust Company, Detroit, Michigan, informed us as follows on June 8, 1944: This is to advise you that sufficient funds have accumulated from payments on the land contract to make a fourth (4th) distribution to bondholders. This distribution is equivalent to 10% of the face amount of your bonds. Bonds should be forwarded for endorsement of such payment to:

Detroit Trust Company
Reorganization Division
201 West Fort Street,
Detroit 31, Michigan.

Those who have not exchanged their Certificates of Deposit for actual bonds should send their Certificates of Deposit to the issuing depositary and upon receipt of their bonds forward same to Detroit Trust Company for payment and endorsement.

Cash receipts and disbursements of the Trustee for the period November 30, 1943 to May 31, 1944 were as follows:

Cash Balance Nov. 30, 1943	$10,000.13
Receipts: Payments on Land Contract from 12-1-43 to May 31, 1944 six months @ $450.00 each	2,700.00
	$12,700.13
Less: Disbursements: Distribution No. 3 made available to bondholders on 12-8-43, 5% of $75,100.00 bonds outstanding $3,755.00; Collection fee on contract payments 5% of $2,700.00 — $135.00; Services re Distribution of 5% made as of Dec. 8, 1943 — $25.00; Mimeographing & Postage re 3rd Distribution $5.30; 1943 Intangible Tax-$6.29....	3,926.59

Cash Balance May 31, 1944 $ 8,773.54
After payment of this distribution there remains the sum of $1,263.54 which is being retained in the trust. Unpaid delinquent taxes amount to approximately $2,871.55. While these are a lien against the property the contract purchaser is liable for the payments thereof under the terms of the contract. You will note that the delinquent tax situation is much improved since our last report of December 8, 1943, at which time we showed approximately $17,000.00 of unpaid taxes.
This property was sold on contract for $25,000.00 and the unpaid balance thereof is $3,102.12, all payments up to May 1, 1944, having been met. Further payments will be made as funds become available.

Fortuna Consolidated Mining Co. We have been informed by the Arizona Corporation Commission that this company was incorporated Aug. 28, 1917, and since 1929 has failed to file reports or pay registration fees annually, as required by law. Under the provisions of the statutes of Arizona, it is provided that action be taken against all corporations which have failed for a period of 2 years or more to file annual reports and pay the fees thereon, but legislative appropriation has not been made for this purpose as yet, so the company is not legally dead. However, under the circumstances, we would assume that the company is out of existence and that there is no value to the stock. (11-30-40)

Mr. Cecil Sims, 1000 American Trust Bldg., Nashville, Tenn., informed us as follows on November 27th, 1943: "The Trustee of the Frank Silk Mills was the Bank of Tennessee, which became insolvent and was wound up by D. D. Robertson, Supt., of Banks, as Receiver. The property was foreclosed by court proceedings and final distribution was ordered made in the latter part of 1936. The entire bond issue was held by three interests, these being the Receiver of the Bank of Tennessee, Nashville, the Receiver of the Holston Union National Bank, Knoxville, and The General American Life Insurance Company of St. Louis. My file shows that complete distribution of all net proceeds from the court sale was made to these parties as the holders of the bonds in January, 1937."

Freightways, Inc.

Press Notice February 2, 1944 (San Francisco Examiner).

Freightways, Inc., an association of shipping companies operating from border to border, and as far east as Illinois and Minnesota, was ordered dissolved yesterday by Federal Judge Michael J. Roche.

The Anti-Trust Division of the Department of Justice charged the association with conspiracy to monopolize trade and fix rates, and won an injunction action. The Interstate Commerce Commission recently denied the carriers' appeal of the case.

The name "Freightways, Inc." must be removed from the huge vans in service across the country.

The companies affected were Canadian Freightways, Consolidated Freightways, Inc., Phoenix Blue Diamond Freightways, Salt Creek Freightways, Salvage Transportation Co., Inc., Union Transfer Co., Wilson Freightways, Pacific Express Co.

Mr. E. A. Zern, Vice President and Treasurer of The Wayne Pump Company, Fort Wayne, Indiana, informed us as follows on May 5, 1944: "Referring to your letter of March 15th and subsequent correspondence regarding Stockholders Warrant of the Fry Equipment Company. We have referred your question to a former director of the Fry Company and we quote herewith his reply: 'I have your letter with reference to the correspondence with Robert D. Fisher of March 15th. This has reference to a final liquidation of the Fry Equipment Corporation stock certificates in The Wayne Pump Company. The history of this, according to my best memory, is as follows: When Wayne took over Fry, it was necessary to guarantee undisclosed obligations, including tax claims, etc. In order to make a satisfactory settlement with Wayne, we agreed to put in the hands of Speyer & Company, an investment banking house in New York, 1,230 shares of stock in The Wayne Pump Company. After a period of litigation on federal tax matters, we finally settled this old claim by turning over the stock for a new certificate of approximately 1,000 shares, which was sold and the shareholders paid off on a pro rata basis. Subsequently, the reorganization of Wayne converted their preferred and common stock into common stock, and I think you will find that no remaining stock certificates were unaccounted for. There is, therefore, no value in these old warrants to which Mr. Fisher refers.' You will note according to this information that there is apparently no value attached to the Warrants to which you refer."

Gehrke, Walter, Co.

6% Land Contract Coll. Trust Notes Series "A," Dated 1-15-1930.

The Detroit Trust Co., Detroit, Mich., informed us as follows on August 5, 1943:

To the holders of Walter Gehrke Co., 6% Land Contract Collateral Trust Notes,

Series "A" Dated January 15, 1930:

You were informed in our letter dated November 28, 1942, that when funds were available from time to time for distribution to Noteholders, we propose to distribute same as partial liquidating payments on the principal of the Notes and that we were then ready to pay 5% principal liquidating dividend to all Noteholders in keeping with this policy.

Subsequent to the date of the aforementioned letter, sufficient funds have accumulated from earnings and payment of one land contract in full, to warrant the immediate distribution of 7½% as a further principal liquidating dividend after which there will remain an unpaid principal balance of $675.00 owing on each $1,000 Note.

In order that you may be familiar with the present status of this Note issue, we are attaching hereto a current Trust Mortgage Bulletin and wish to call your attention to the fact that the information in this Bulletin reflects the payment of the aforementioned dividends.

To secure your dividend, please present your Note(s) personally or by registered mail to the Detroit Trust Company, Fort and Shelby Streets, Detroit, Michigan, Windows No. 2 or No. 3 on the first floor, whereupon your Note(s) will be endorsed with said payment and returned to you ac-

companied by a check in the amount of $75.00 for each $1,000.00 Note presented.

Trust Mortgage Bulletin

We have contacted public officials in Texas, as well as private sources of information, in an endeavor to obtain data on this company, but have been unsuccessful in finding even a trace of it. We were informed that many corporations of this nature were formed in various counties of Texas and that there is no law making it compulsory to record reports as to operations or when a company is going out of business.

Under the circumstances, we would assume that the stock has no value but, of course, without definite information on the subject we cannot state whether such is the fact.

Press report April 17, 1944.

Geneva—The basis of exchange of stock in the merging of Geneva Trust Company into Lincoln-Alliance Bank and Trust Company of Rochester, if approved by the State Banking Department, indicates a substantial profit to stockholders here who long have looked upon their certificates as of scant market value.

The profit will be particularly high for those owners who have acquired stocks in the past several months at prices ranging from a reported low of less than $10 a share. There has been little activity in the Trust Company stock since last fall, it is understood, when there was a slight flurry at the low figure.

Exchange Shares

Since the terms of merger, according to President Frank W. Whitwell, former Trust Company president, provide for the exchange of three shares of Geneva Trust common for four shares of Lincoln-Alliance currently quoted at $53 asked and $50 bid, purchasers at recently prevailing low prices appear to be getting more than $200 for every three shares of Geneva Trust that had cost them something under $30.

Geneva Trust Company stockholders who had purchased stock at prices almost double the present value of Lincoln-Alliance, seemed to be in agreement that the merger on the whole will be beneficial to stockholders.

5,000 Shares

That the common stock of Geneva Trust apparently had been underrated, was indicated when the proposed merger disclosed that it had a book value of $83 a share. There are 5,000 shares listed at a par value of $20 at which figure 150,000 shares of Lincoln-Alliance also are listed.

Generally conceded as a good financial transaction, the merger of Geneva Trust with the larger Rochester bank was the subject of a few expressions of regret here from those who disliked seeing the passing of the local identity of the 80-year-old bank.

Georgia Park Land Co. First Mortgage 6% Serial Bonds Dated June 1, 1925. Detroit Trust Company, Detroit, Mich., informed us as follows on Sept. 22, 1943:

Bondholders' Protective Committee
for
Georgia Park Land Company
First Mortgage 6% Serial Gold Bonds
Dated June 1, 1925

Committee: C. S. Vaughn, C. Hoogesteger, Harry Menard.

Depositary: Detroit Trust Co.

Sept. 22, 1943.

To owners of bonds and/or certificates of deposit of the above described issue: Sufficient funds have accumulated with the trustee to warrant the payment of a 2½% liquidating dividend on this issue.

We are advised by the trustee that all of the property covered by this mortgage has been lost to the state of Michigan for unpaid taxes, except a small parcel covered by land contract. Therefore, the only remaining assets are the above mentioned contract, with an unpaid balance of $1,458.39, and $1,143.81 in cash on hand, after payment of the above mentioned dividend. Fees of depositary, trustee and the committee remain unpaid. The amount of these fees will be determined by the Michigan Corporation and Securities Commission, at such time as the trust is closed.

If you are still the owner of bond(s) or certificate(s) of deposit, please present the same to Detroit Trust Company, 201 W. Fort St., Detroit, Mich., attention of the Reorganization Division on the first floor and you will receive a check in the amount of $25.00 for each $1,000.00 bond or certificate of deposit presented.

First Mortgage 6½% Bonds Dated May 1, 1928, and/or C/D Therefor.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on July 26, 1944:

A liquidating dividend of 12.1% was made on April 20, 1936, and another of 4% on March 5, 1937. In November, 1939, the few remaining lots were lost to the State of Michigan for delinquent taxes. Through an arrangement with an interested third party these lots were repurchased from the State at the Scavenger Sale on Land Contract, under an option agreement whereby the Trustee would receive

$1,100 if the option to purchase was exercised in full. The option has been completed.

A final liquidating payment can now be made to holders. Cash on hand amounts to $1,051.75. Of this amount $863.50 will be used to make a 5½% ($55.00 per $1,000 bond) distribution, to be known as liquidating dividend No. 3, to the holders of $15,700 par value of bonds and/or Certificates of Deposit presently outstanding. The balance of $188.25 will be used to apply on Trustee's fees and expenses.

In order to receive this final liquidating dividend No. 3 bonds and/or Certificates of Deposit should be forwarded promptly to—Detroit Trust Company, Reorganization Division, First Floor, 201 West Fort Street, Detroit 31, Michigan.

As this is a final payment and there is no possibility of recovery for bondholders, both the mortgagors having gone through bankruptcy, the bonds will have no further value after this payment. We therefore propose to retain the bonds and cancel them unless any bondholder instructs us in writing to return same.

Glacier Production Co., Butte, Montana.

Press report:

Phila., July 24.—A series of transactions leading to the dissolution of Glacier Production Co., Butte, Mont., a subsidiary of American Power and Light Co., will be the subject of a hearing Aug. 8, the Securities and Exchange Commission said today.

The transactions include the sale by Montana Power Co. to American of 6,000 shares of Glacier common stock and $3,690,000 of its debentures for $10,000,000. American would cause Glacier to pay $650,000 in 4½ per cent notes held by it and then would make a capital contribution of the debentures in return for all assets of Glacier.

American would sell Glacier's oil production facilities and gasoline absorption plant as well as 32,894 capital stock shares of Inland Empire Refineries, Inc., to Union Oil Co. of California for a base price of $10,000,000 and transfer all Glacier's gas properties to Montana.

In answer to your letter of the 24th inst.
If you have reference to the Globe Co. of Los Angeles—a company which our law firm incorporated when I practiced law back in 1911 and of which one Bowan (I have an indistinct recollection that this was his name) was the promoter–
I think the promotion never materialized.
However, the stock has been worthless. for the past 30 years.
If the name of Edgar Brown or D. K. Trask or a Mrs. Pardee appears on the documents it would identify the matter. It is so long ago that I have no papers on the subject and the information I give you is from my memory except that I know the stock has no value.

Gloucester Lumber and Trading Co., Ltd.

Press report March 16, 1944:

Bathurst, N. B., March 13–The George Eddy Co., Ltd., was reported here yesterday to have purchased the Gloucester Lumber and Trading Co., Ltd. C. G. Eddy is president of the Eddy Company which carries on large scale lumber operations at Rimouski, Que., and Truro, N. S., as well as at Bathurst.

The Gloucester Lumber and Trading Co. will be operated as such with a large saw mill here for which a cut is coming out this season. A winter mill, cutting both soft and hard woods, is being operated. Some years ago this company acquired a large block of timberland in the vicinity of Tracadie in addition to extensive limits on the Nepisiquit and Bass Rivers and operate a large saw mill there. More recently the John Walker mill and limits at Burnsville, also on the Caraquet coast was acquired along with a mill. The company is one of the largest operators in the long lumber line in this province.

Gloucester Lumber Company was founded by the late William G. White and George Rogers. The recent change was brought about by the death of Ernest Rogers, general manager of Gloucester Lumber, who passed away suddenly while taking part in a curling bonspiel at Newcastle. Waldron Caie, East Bathurst, long associated with the Gloucester Lumber Company, is acting manager.

Gold, Silver & Tungsten, Inc., Boulder, Colo. Mr. A. R. Pendleton, for the company, informed us as follows on Nov. 26, 1943:

Your letter of Aug. 16th was misplaced, but we will endeavor to give you the information you seek about the Wood Mountain Mine.

Gold, Silver & Tungsten, Inc. assumed the indebtedness against the Wood Mountain Mine, which we believe to be a deed of trust.

As to the Wood Mountain Mining Company, we have no information as to that company. At the time Mountain Plains Companies, Inc. made the deal with the officers of Wood Mountain Mines Companw, 58,610 shares of stock was set aside to be delivered to the stockholders of that company. This was issued as names were sent in by F. P. Chiado, 2605 W. Travis St., San Antonio, Texas, whom we believe was secretary. As you do not give the name of your client, we are unable to inform you if his name is in this list.

Goshen, South Bend & Chicago Railroad Co. Mr. Edward O. Tudor, Trustee, 10 South LaSalle Street, Chicago, Illinois, informed us as follows on April 1, 1943:

In response to your letter of March 24 relative to 4% Collateral Trust Bonds due 1932 held by your client, will say that from information received at the time I was appointed successor to Central Republic Trust Company, Trustee, the Goshen, South Bend & Chicago Railroad Company ceased operations in the year 1916 and that its properties were sold under foreclosure for an amount insufficient to satisfy first mortgage bondholders; further, that said Gary and Interurban Railroad Company is no longer in existence, was placed in receivership in the year 1915 and its assets entirely liquidated for the benefit of creditors.

I received from Charles H. Albers, my predecessor, the sum of $434.25 for the payment of coupons as follows:

$ 2.25	coupons due July 1, 1912
6.00	coupons due Jan. 1, 1913
1.75	coupons due July 1, 1913
4.00	coupons due Jan. 1, 1914
19.50	coupons due July 1, 1914
400.75	coupons due Jan. 1, 1915

also certain collateral securities, pertaining to Collateral Trust Agreement dated December 1, 1911, between Goshen, South Bend & Chicago Railroad Company, an Indiana corporation (no longer in existence), and Western Trust & Savings Bank, Trustee, under which certain collateral was deposited and remains on deposit as security for an issue of bonds known as Goshen, South Bend & Chicago Railroad Company Four Per Cent. Collateral Trust Bonds, originally issued and presently outstanding under said collateral trust agreement in the aggregate principal amount of $513,337.50, which said bonds matured January 1, 1932 and default was made in payment of the July 1, 1915 interest maturity.

If your client holds any of the coupons listed, he would be entitled to the money on same subject to costs, expenses, fees, etc., allowed by order of court.

First Mortgage 6% Bonds Dated November 1, 1928.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on April 6, 1944:

As of April 27, 1936, a 27% liquidating dividend was paid to bondholders. Under date of August 10, 1937, bondholders were advised by the Trustee that the subdivision properties held as collateral to these bonds would be lost to the State for taxes because of the large amount of delinquent taxes and the small amount (less than $700.00) of available cash in the hands of the Trustee.

Under an arrangement worked out with the mortgagor, it was possible for a short time thereafter, before the properties were lost to the State, to turn in bonds for release of lots. By this method $6,500 bonds were turned in and cancelled, leaving $31,500 presently outstanding.

No final distribution could heretofore be made to holders until the final interest distribution on impounded funds in Class A, Trust No. 1 of Union Guardian Trust Company had been paid. This final interest distribution has now been paid so that the Trustee can now make final distribution. Cash on hand amounts to $504.62. Of this amount $441.00 will be used to make a 1.4% ($14.00 per $1,000 bond) distribution to holders and the balance of $63.62 will be used to apply on trustee's fees and expenses.

In order to receive this final liquidating payment, bonds should be forwarded promptly to:

Detroit Trust Company
Reorganization Department
201 West Fort Street
Detroit 31, Michigan.

Because this is a final liquidating payment, and since there is no possibility of further recovery for bondholders (the mortgagor corporation having gone out of existence several years ago) the bonds will have no value after this payment is made. We therefore propose to retain the bonds, after this payment is made, and cancel them unless any bondholder instructs us in writing to return same.

Greenwater Copper Mines & Smelter Co. Incorporated in Delaware and lost its charter in 1940. We cannot add much to our report in Volume VI, except that the stock of the Tonopah Western Cons. Mining Company, was assessable, and is now worthless. The shares of Greenwater Copper Mines & Smelter Company, are, therefore, worthless.

Greenwich Land and Development Co., 4 West Putnam Avenue, Greenwich, Conn.

The company informed us as follows On April 11, 1944:

"I have your letter of the 7th inquiring concerning the Greenwich Land & Development Company. This company is still in existence and operating to the extent that it is the holder of real estate having a book value after depreciation of $166,626.68. Some of this real estate is vacant land and other improved property which is now rented out for income. The income however, does not meet the carrying charges of interest, taxes and maintenance. The book value of the stock is about $160 per share however this is far above the true value of the stock because of the depreciated market for real estate.

"There have been no sales of this stock in many years. Our Federal Capital Stock tax return reports a value of $100 per share for tax purposes. All in all it is extremely difficult to determine the proper valuation of this stock under present conditions because there is no way of knowing what we can eventually realize on the sale of the real estate, although there is considerable equity.

"We believe however that with the anticipated improvement in the real estate market, following the end of the war, that this company will be able to liquidate its holdings so that the stock will be worth par or better."

Greenwich Land and Development Co. Mr. Thomas N. Cooke, Greenwich, Connecticut, informed us on May 2, 1944, that he would pay $1,000 for 25 shares of the stock.

Guaranty Security Corp.

Mr. Danforth W. Comins, former trustee in bankruptcy for the Finance Corporation of New England, now located at 84 State St., Boston, Mass., informed us on Aug. 3, 1943, that the bonds of said Finance Corporation of New England taken in exchange for stock of Guaranty Security Corporation, are entirely worthless. The affairs of the bankrupt estate were completely closed many years ago and bondholders (i.e. creditors) who proved their claims received dividends somewhat in excess of 50%.

Guaranty Trust Co. Loan 161-T First Mortgage 6½% Bonds Dated October 15, 1926.

The Detroit Trust Company, Detroit, Mich., informed us as follows on June 3, 1944:

This will advise you that we have been requested by the holders of a substantial block of bonds to complete foreclosure sale in connection with the property securing the above-described bonds, in accordance with decree entered April 25, 1944. Said bondholder has agreed to bid not less than $41,000.00 at the foreclosure sale, less unpaid taxes and penalties computed under the so-called Cobo Plan, and there will be deducted before distribution the trustee's fees and costs, attorneys' fees and costs of sale.

Taxes, penalties, etc. amount to approximately $18,500.00, while trustee's fees and counsel fees as approved by the decree amount to $850.00. Costs should not run over $250.00. This would make a net bid of approximately $21,500.00, and there would be available for distribution approximately $212.87 on each $1,000.00 bond. The property is known as the Longfellow Garage and is located at 2975 Longfellow Ave., Detroit, Mich. It consists of a two-story brick building, having a 148-ft. frontage on Longfellow Avenue, and a depth of 139.57 feet. Bonds outstanding amount to $101,000.00. In December, 1943, this property was appraised by the Real Estate Department of Detroit Trust Company at $45,000.00.

Pursuant to an order entered by the court, this property was leased for a 10-year period beginning Nov. 1, 1941, at an annual rental of $5,400.00 for the first year, and $6,000.00 for each of the remaining nine years. Rent has been paid to May 1, 1944, including $2,050.00 paid at the time of execution of the lease which, in the event of no default, will be applied on the last rentals due under the lease, and substantially all moneys that have been received have been applied on delinquent taxes. The trustee has cash on hand at this time of $694.74. This, and any additions thereto, may be used to pay trustee's and attorney fees allowed by Decree.

In accordance with the request, Notice of Sale is now being published. Foreclosure sale is to be held on June 26, 1944 at 12 o'clock noon (Eastern War Time) by the Circuit Court Commissioner at the south entrance (Congress Street) Wayne County Building. The Mortgage Trustee has no authority under the Indenture to bid in property on behalf of bondholders at such foreclosure sale. Under all the circumstances the Mortgage Trustee does not propose to object to confirmation of sale, providing a minimum bid of the amount mentioned above is made for the property at the foreclosure sale. If the holders of bonds do not feel that this price is sufficient, they should endeavor to find someone who would be willing to bid a greater price when the property is offered for sale.

Guaranty Trust Co. Loan 161-T. Undeposited First Mortgage 6½% Bonds Dated Oct. 15, 1926.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Sept. 15, 1944:

Pursuant to our letter of June 3, 1944, you are advised that foreclosure sale held June 26, 1944, after taking into consideration unpaid taxes, resulted in a net bid for the property of $23,664.00. After deducting foreclosure expenses there was available the sum of $22,717.75 for distribution on the $101,000.00 par value of bonds outstanding, equivalent to $224.92 on each $1,000.00 bond, with coupons due October 15, 1930 and subsequent attached.

Prior to the sale the tenant of this property defaulted under the terms of his lease and the Trustee was required to take action to terminate the lease. After possession was secured, an arrangement was worked out with the purchaser at the sale, whereby he acquired immediate possession of the property upon payment of the pro-rata share of estimated earnings during the period of redemption, based on rental due under the cancelled lease on all bonds not represented by him. Accordingly from cash on hand there is available an additional pro-rata distribution of $13.30 on each $1,000.00 bond.

In order for you to receive the above payments it is necessary for you to present your bonds for endorsement:

1st To Carl M. Weideman, Circuit Court Commissioner, Wayne County Bldg., Detroit 26, Mich., for payment of $224.92 per $1,000.00 bond, being the pro-rata share of avails of foreclosure sale.

2nd To Detroit Trust Co., Reorganization Dept., 201 West Fort St., Detroit 31, Mich., for payment of $13.30 per $1,000.00 bond, being pro-rata share of cash on hand with Trustee.

If it is inconvenient for you to present your bond to the Circuit Court Commissioner, you may forward the bond to this company and we will make collection for you. No deficiency judgment was allowed, so the above payments will constitute the only distribution to be made thereon.

Guaranty Trust Co. Loan No. 221-A. First Mortgage Bonds Dated June 1, 1929:
On August 22, 1944, the Detroit Trust Co., Detroit, Mich., informed us that there is available a final distribution of impounded Class A funds on the basis of $2.50 per $1,000. bond. Bonds should have June 1, 1932 and subsequent coupons attached.

Hackettstown Mutual Fire Insurance Co. Press report, March 7, 1944. An application for the appointment of a custodial receiver to take charge of the Hackettstown Mutual Fire Insurance Company's affairs pending the holding of a new meeting for the election of directors was granted in Jersey City yesterday by Vice Chancellor Henry T. Kays.
In granting the application, which was based upon the ground, among others, that nine Patersonians held an illegal meeting and elected officers from among their midst in an effort to gain control of the company, Vice Chancellor Kays expressed the opinion that "a great fraud has been practiced upon this company."

Hagerstown Gas Co. Press report, March 8, 1944: Philadelphia, March 8. —The Securities and Exchange Commission gave approval today to the proposed sale of the assets of the

Hagerstown Gas Company, a subsidiary of the Consolidated Electric and Gas Company, to Harrison & Co., of Philadelphia, for $140,000 in cash. Harrison & Co. will assume all of the obligations of the Hagerstown concern, including $266,000 of first mortgage bonds and will purchase for $30,000 a like amount of such bonds owned by Consolidated.

Hagerstown Gas Company will deliver to Consolidated the proceeds from the sale as a liquidating dividend, and Consolidated will use all of its receipts in the retirement of its collateral trust bonds, due August 1, 1957 and August 1, 1962, by open market purchases.

Hammerslough, Louis, Real Estate Bonds. 6% Bonds Due December 15, 1895.

Louis Hammerslough was in the retail clothing business at Fifth and Main Streets, Kansas City, Mo., in 1887. According to the records of the Kansas City Title Co., he owned the property at that time and placed a $40,000. mortgage on it on April 1, 1887. This is not recorded as a bond issue. The term was used rather carelessly at the time. Mr. Hammerslough moved his store to 825 Main Street from 1892 to 1894, but did not own that property. If the above are not First Mortgage bonds, we do not believe they have any value. For the fact that the store was moved, and Mr. Hammerslough did not own the property at 825 Main Street, the first property, apparently was foreclosed, for the benefit of the First Mortgage holders. The Mercantile Loan & Trust Co., Kansas City, Mo., Trustees for the bonds, was dissolved on June 19, 1899 and liquidated. We have been unable to find anyone who knows of the disposal of its records or the present whereabouts of anyone connected with it.

Hammon Copper Co., Ltd. Incorporated under the State of Delaware, January 25, 1930. (Their letter 5-15-39). No longer in existence, having become inoperative and void April 1, 1933, and proclaimed by the Governor, January, 1934, for non-payment of taxes.

Hamtramck Lumber & Supply Co. Certificates of Beneficial Interest and Certificates of Deposit of a Trust Mortgage, dated July 1, 1927:

The Detroit Trust Company, Detroit, Michigan, informed us as follows on May 3, 1944:

The sale of the trust property referred to in the trustee's letter to certificate holders, dated March 3rd 1944, was consummated April 24th, 1944.

The following statement shows receipts and disbursements of the trustee in the administration of the trust from December 31, 1943, (the date ending the last accounting to certificate holders) to date including the proceeds of the sale of the property.

Receipts:		
Cash balance on hand as of 12-31-43	$ 40.92	
Rent collected 1-1 to 4-25-44	862.50	
Tax adjustments on 1943 Real Estate Taxes	190.55	
Sale price of property	45,000.00	
Total receipts		$46,093.97
Disbursements:		
Insurance	$ 33.81	
Abstract Certification and Revenue Stamp on Deed	77.75	
Printing and postage	10.31	
Attorney fees for service rendered in connection with negotiations and consummation of sale of property	350.00	
Trustee fee for service under Declaration of Trust since 1-31-43, including extraordinary service over past several years in all negotiations for the sale of the property	2,541.88	
Distribution now available to certificate holders at the rate of $2.19 per unit on the 18,500 Units of Beneficial Interest in the trust	40,515.00	
Total disbursements		$43,528.75
Balance	2,565.22	
Cash balance reserved by trustee for contingent and undetermined liabilities of the trust including Federal Income Tax questions		$ 2,565.22

As soon as possible the trustee will prepare a final "Fiduciary Income Tax Return" for the trust in connection with the sale and the income from the property for the current year to date of sale and file such return with the Collector of Internal Revenue at Detroit. A report on the matter will be made to certificate holders at that time.

It is improbable that Income Tax questions of the trust will be wholly determined until at least three (3) years after the filing of the Trustee's Final Fiduciary Income Tax Return. Then, when all liabilities of the trust, if any, have been determined and satisfied, such funds as remain out of the reserve held by the trustee will be distributed pro rata to the registered certificate holders who receive the present distribution.

Your Certificate(s) of Beneficial Interest or Certificate(s) of Deposit should be forwarded by registered mail or delivered in person to:

Detroit Trust Company,
Stock Transfer Department,
201 West Fort Street,
Detroit, 31, Michigan.

Payment will then be made by check to the registered holder of the Certificate of Beneficial Interest or the Certificate of Deposit. If payment is to be made to someone other than the registered holder, the Certificate of Deposit or the Certificate of Beneficial Interest must be accompanied by duly executed instruments of assignment and transfer with signatures of the assignors or transferors guaranteed by a bank or trust company. Upon receipt thereof, payment of your pro rata share of the distribution at the rate of $2.19 per unit will be made to you.

Hamtramck Lumber & Supply Co. Certificates of Beneficial Interest and C/D.

The Detroit Trust Co., Detroit, Mich., informed us as follows on July 1, 1944:

The final Fiduciary Income Tax Return has been prepared and filed with Collector of Internal Revenue in Detroit, Michigan, covering the operation and sale of the last parcel of Trust Property and being for the period 1-1-44 to 4-26-44. The return reflected an operating profit of $172.03 and a long term gain of $15,862.80 on the sale of the last parcel of property of which 50% or $7,931.40 is taxable.

Total distribution made available to former Certificate Holders in 1944 from operation and sale of the last parcel of property in the amount of $2.19 per unit is classified as follows:

	Per Unit
(a) Income from operation	$ .0093
(b) Taxable 50% portion of long term capital gain from sale	.4288
(c) Return of capital	1.7519
Total distribution	$2.19

As we understand the attitude of the Treasury Department, the distribution should be treated by former Certificate Holders in their 1944 Income Tax Returns as follows:

Item (a) above should be reported as income from fiduciary.

Item (b) above should be reported (without further reduction) separately as a gain from Sale of a capital asset.

Item (c) above represents a return of capital and is not subject to income tax unless and until the Certificate Holder has recovered the cost basis of his certificate. When the cost basis has been recovered, the excess is subject to income tax.

Harpers Ferry Paper Co., Alexandria, W. Va.

Press report April 27, 1944:

A proposed merger of the Harpers Ferry Paper Co., Alexandria, and the Potomac Light & Power Co., Martinsburg, W. Va., has been approved by the Federal Power Commission.

Under terms of the merger, the FPC said the Potomac Light & Power Co., had agreed to purchase the entire assets of the Harpers Ferry Company for $150,000. The contract is subject to the condition that the FPC has approved an amount not less than $143,888.90 as the net original cost of the property to be sold as of January 1, 1943.

The Harpers Ferry Company consists principally of a hydroelectric generating plant with a capacity of 840 kilowatts. The plant is located on the Potomac River near Harpers Ferry.

"The proposed merger," the FPC said, "will not result in detriment to ratepayers or investors and should result in greater efficiency of operations."

Harrah, Charles W.

First Mortgage 6½% Bonds Dated March 1, 1924 and/or C/D.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on April 6, 1944:

As of January 27, 1937 a five (5%) percent liquidating dividend was made to bondholders. On November 3, 1939 substantially all of the remaining property which had been pledged as security, was lost to the State of Michigan for delinquent taxes. Shortly thereafter, 83 of the lots were purchased from the State on Land Contract under an option agreement, with an interested third party, which would have netted the trust approximately $6,400 had the option been completely exercised.

A few of the lots were subsequently released under the option agreement, but in 1942 the optionee refused to make any further payments on the State Land Contract because of certain adverse developments which had taken place in the vicinity of the subdivision. In March, 1943, the contract was declared forfeited by the State and the lots were finally lost to the State. Charles W. Harrah, the mortgagor, died on April 9, 1941. No recovery was made from his estate.

A final liquidating payment can now be made to holders. Cash on hand amounts to $1,657.45. Of this amount, $1,550 will be used to make a 5% ($50.00 per $1,000 bond) distribution to the holders of $31,000 par value of bonds and/or Certificate of Deposit presently outstanding. The balance of $107.45 will be used to apply on Trustee's fees and expenses.

In order to receive this final liquidating payment, bonds and/or Certificate of Deposit should be forwarded promptly to—

Detroit Trust Company,
Reorganization Department,
201 West Fort Street,
Detroit, 31, Michigan.

Because this is a final liquidating payment and since there is no possibility of further recovery for bondholders, the bonds will have no value after this payment is made. We therefore propose to retain the bonds, after this payment is made and cancel them unless any bondholder instructs us in writing to return same.

Harrah, Charles, W.

First Mortgage 6% Bonds Dated May 1, 1928 and/or C/D.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on May 3, 1944:

As of June 19, 1936, a 9.2% liquidating dividend was paid to bondholders. Under date of June 11, 1941, bondholders were advised by the Bondholders' Protective Committee that the property securing this issue was lost to the State for taxes on November 3, 1939; that holders of Certificates of Deposit should forward the same to the Trustee to be exchanged for the actual bonds; that the duties of the committee had been completed and it would accordingly immediately ask for discharge of its license.

No final distribution could heretofore be made until the final interest distribution on impounded funds in Class A. Trust No. 1 of Union Guardian Trust Company had been paid. This final interest distribution has now been paid so that the Trustee can now make final distribution. Cash on hand amounts to $876.06. Of this amount $662.00 will be used to make a distribution of $4.00 per $1,000 bond to holders and the balance of $214.06 will be used to apply on Trustee's and Depositary's fees and expenses.

In order to receive this final liquidating payment, bonds and/or Certificates of Deposit should be forwarded promptly to—Detroit Trust Company, Reorganization Department, 201 West Fort Street, Detroit 31, Michigan.

Because this is a final liquidating payment and since there is no possibility of further recovery for bondholders (the mortgagor having died April 9, 1941) the bonds will be of no value whatsoever after this payment is made. We therefore propose to retain the bonds, after this payment is made, and cancel them unless any bondholder instructs us in writing to return same.

Harrah, Charles, W. No. 3.

6½% First Mortgage Bonds Dated December 15, 1925, and/or C/D.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on May 22, 1944:

As of January 27, 1937, a 22% liquidating dividend was made to bondholders. In November 1940, the few remaining lots were lost to the State of Michigan for delinquent taxes. Through an arrangement with an interested third party, 24 of the lots were repurchased from the State on Land Contract, under an option agreement whereby either cash or its equivalent in bonds of this issue could be used to make payment for releases of lots. By this method $5,600 bonds were retired and a small amount of cash realized. The option has been completed.

A final liquidating payment can now be made to holders. Cash on hand amounts to $647.30. Of this amount $498.00 will be used to make a 6% ($60.00 per $1,000 bond) distribution to the holders of $8,300 par value of bonds and/or Certificates of Deposit presently outstanding. The balance of $149.30 will be used to apply on Trustee's fees and expenses.

In order to receive this final liquidating payment, bonds and/or Certificates of Deposit should be forwarded promptly to—Detroit Trust Company, Reorganization Department, First Floor, 201 West Fort Street, Detroit 31, Michigan.

As this is a final liquidating payment and since there is no possibility of recovery for bondholders (the mortgagor having gone through bankruptcy in 1936), the bonds will have no further value after this payment. We therefore propose to retain the bonds and cancel them unless any bondholder instructs us in writing to return same.

Haytian American Corp.

The Haytian Corporation of America, located at 140 Nassau Street., New York, N. Y., informed us as follows on October 21, 1943:

In reply to your letter of October 18, concerning the old 7% notes of the Haytian American Corporation that one of your clients is holding, we wish to advise you as follows:

The assets of the Haytian American Corporation were sold at a Receiver's Sale, and in 1923 a new Corporation was formed. No claims were filed for some of these notes, and under the sale agreement the new Corporation offered and put aside for these notes, debentures and stock on the same basis as given to depositing noteholders, this reserved amount to be issued and delivered to holders of such unfiled notes who appeared and claimed same within six months period. This period expired in August of 1923, therefore the notes that he holds are not exchangeable and have no further value.

Highland Aurora Mining Co. Press report:

Wallace, Idaho.—The board of directors of the Highland Aurora Mining Co. has authorized a deal with the American Smelting & Refining Co. for the big smelting company to take over the development and operation of the Aurora mining property in the Beaver district north of Wallace. The deal was completed when official papers were received at the Federal Co. office here from the Highland Aurora Mining Co.

Terms of the contract provide that the AS&R is to sink the present mine development shaft to a depth of 1000 feet, starting on the 370 foot level where the Highland Aurora left off. The smelting company is to be reimbursed the cost of development work with 90% of the proceeds from production after which the division of profits is to be 60% to the AS&R and 40% to the Highland Aurora.

Horn & Hardardt Automat Co. of Illinois. Incorporated in Delaware on October 10, 1916, and lost its charter on April 1, 1933. The Horn & Hardart

Co., located at 600 West 50th Street, New York City informed us that the above company ceased to exist in 1926. All assets of the corporation were distributed to the creditors. The preferred and common stock therefore has no value.

Horn Silver Mines Co. Incorporated in Utah on October 18, 1916, and filed a Decree of Dissolution on May 18, 1932. The company paid a liquidating dividend of 5c per share on August 5, 1930, and 4½c per share in July, 1932. Mr. M. S. Hirschberg, formerly secretary of the company, made these payments, and is now deceased. The President of this company was Jacob Neadle, and he is deceased. However, his company, Jacob Neadle, Inc., located at 475 Fifth Avenue, New York, N. Y., informed us that it is their recollection that all the funds have been paid out. However, if you will inform this company the name of the stockholder, number of certificate and shares, they will be glad to check on whether the liquidating dividends have been paid on your particular stock.

Houghton & Dutton Co. Incorporated in Mass. and was dissolved in 1933. The Better Business Bureau of Boston, Mass., informed us on July 30, 1942, that the Suffolk Superior Court, Boston, Mass., authorized a payment of 20% to creditors. Claims of the creditors allowed totalled $1,001,975. In 1932 the receivers had on hand $425,625. The dividend absorbed $200,300. Mr. Erving P. Morse, formerly President of the company, located at 134 Mass. Ave., Cambridge, Mass., informed us on July 31, 1942, that the assets of the company were sold by order of the State Receiver in 1931 and there was nothing available for stockholders. The shares are therefore, worthless.

Huntsville, New Orleans & Western Texas Railway Co. Incorporated in Texas on Aug. 2, 1881, in Texas. Two annual reports were filed by the company for the years 1881 and 1882. These showed no physical development. Cullen & Dykman, attorneys, located in Brooklyn, N. Y., reported in 1919 that the First Mortgage Bonds of the company were worthless. The Tradesmens National Bank & Trust Co., Philadelphia, Pa., successors to the Guaranty Trust & Safe Deposit Co., formerly trustees, informed us that this company was marked off the old Guaranty Trust & Safe Deposit Co. records prior to 1907. We do not believe this road was ever constructed, and the bonds were sold on the strength of the franchise. The bonds are absolutely worthless.

Icor Holding Corp. Incorporated in New York on Jan. 24, 1925, and was located in New York County. Boudin and Wittenberg, attorneys, located at 110 West 40th St., New York City, acted for the company. The corporation was dissolved by proclamation of the Secretary of State on Dec. 15, 1930, for failure to file reports for five years. Due to the fact that five years later the company lost its charter it is our opinion that the company, apparently, never functioned. We were unable to locate any of the officers or directors, nor the law firm that acted for the company. We found no value to the stock and therefore believe the shares are without value.

Idaho Consolidated Mining Co. Incorporated in West Virginia on June 30, 1899, and has failed to file reports since its inception. The company has no standing in the state of West Virginia. They could not tell us when the company became defunct because their records are destroyed after a number of years. Under the circumstances we believe the shares are worthless.

Idaho Copper Co. The following was reported to us by one of our clients: Although property of Idaho Copper Co. was sold under mortgage foreclosure in 1932, the stock did not become worthless until 1937, when, after litigation as to the validity of the foreclosure proceednigs, the court issued its final decree and the company quitclaimed away all its interest in certain mining properties. Idaho Oregon Light & Power Co. The Bankers Trust Company, New York City, informed us as follows on February 7, 1944: " . . . We were not trustee for the issue of 6% First and Refunding Mortgage Bonds of this company but we did act as successor trustee under Consolidated First & Refunding Mortgage and Deed of Trust dated Nov. 1, 1910, securing Consolidated First & Refunding Mortgage 6% Bonds due Nov. 1, 1940. According to our records, a Decree of Foreclosure was filed on Aug. 20, 1913, in the District Court of the United States for the District of Idaho, Southern Division, and the proceeds derived in the sale of the property was not sufficient to fully satisfy the prior mortgage and subsequently there was no distribution on the Consolidated First & Refunding Mortgage Bonds." Our records indicate that the First Mortgage Bonds, or the prior issue referred to above, received $619.45 per $1,000 bond. Holders of unstamped bonds of the prior issue are referred to the above court.

Idaho Packing Corp. Del. 1941.

Idamont Lead-Zinc Mines Co. Incorporated under the laws of the state of Idaho on Sept. 10, 1928, with principal place of business at Leonia, Idaho. Capital Stock: $1,000,000.

Following letter received from M. E. Carson, Secretary-Treasurer, Leonia, Idaho:

"In reply to your inquiry regarding the value of Idamont Lead-Zinc Mines Co. stock, wish to say that Idamont Mine was just in the development stage when the company was compelled to stop work on account of lack of money to carry on development work. The mine has never been in production and no work has been done for the past three years. The stock has no market value. It has never been listed on any exchange, and none bought or sold to my knowledge."

(Signed) M. E. Carson, Secy.

Indiana Hydro-Electric Co. Press report May 8, 1944:

PHILADELPHIA, May 7 (AP)—The merger of the Indiana Hydro-Electric Company into the Northern Indiana Public Service Company, lessee of its properties, was approved today by the Securities and Exchange Commission.

Two hydro-electric generating stations on the Tippecanoe River near Monticello, Ind., and eighty-four miles of transmission lines compose the properties. The company's only income is the $380,000 yearly rental received from Northern Indiana.

Dissenting stockholders may apply to the Public Service Commission of Indiana within sixty days after the SEC's approval of the plan to have the value of their stock assessed and determined. Northern may then pay the assessed value to the dissenting stockholders or abandon the merger.

Insulation Engineers, Inc., Providence, R. I.

The following was reported in Providence on Jan. 22, 1944:

Insulation Engineers, Inc., of this city was petitioned into receivership today by majority stockholders, who charged in their petition that the business had been seriously hampered and depreciated by "negligence and misconduct" of officers.

Norton V. Linnell of East Providence, one of the petitioning group, was appointed temporary receiver under $5000 bond by Judge Alexander L. Churchill in Superior Court. The subpoena was ordered returnable Jan. 31. Creditors were enjoined from bringing suit.

The petition said the corporation was indebted to numerous creditors totaling large sums of money and was without sufficient funds presently to pay bills. Officers had refused to give an accounting or pay obligations due employes, suits were threatened, and a receivership would be to the best interest of the business, the petition said.

Besides Linnell, the petitioning stockholders are: L. Chandler Brightman, William R. Crook and Ralph Orcutt, all of Warwick; Gilbreth Brown and John R. West, both of this city; Conrad S. Armstrong of Cranston; William S. MacPhail of Hartford, Conn., and Arthur Gonyea of Swansea, Mass. Ernst T. Voigt, of Voigt, Wright & Clason, is their counsel.

International Code Machine Co. Incorporated in Nevada on Sept. 15, 1926. The president of the company was Mr. Edward H. Hebern, 485 40th St., Oakland, Calif. The Better Business Bureau of San Francisco, Ltd., San

Francisco, Calif., informed us on Feb. 12, 1943, that the Hebern International Code Machine Co., by which it was known, is no longer in existence. Hebern was convicted quite a number of years ago for a charge resulting from the sale of stock in this company and spent some time in San Quentin. The same applies to the Hebern Electric Code Company.

International Consolidated Oil Co. of Wyoming. Incorporated in Maine and lost its charter in 1927. The company's property, we have been informed, consisted of oil lands located near Spring Valley, Wyo. Spring Valley is in Uinta County, Wyoming. The Tax Assessor of Uinta County at Evanston, Wyo., informed us in June, 1943, that the above company has no land assessed to them in Uinta County. The International Trust Company of Boston, now the First National Bank of Boston, former trustee for the bonds, informed us that the company has been in default for many years on payments of interest on its bonds which matured in 1916. The holders of the outstanding bonds have never requested the trustee to take any action to enforce the lein on the security pledged under the mortgage, and have been unable to obtain any definite information as to the value of said security, although they have been advised indirectly that most of the property has been lost, destroyed or worn out and that the remaining security was of very doubtful value. Mr. Arthur P. French of 68 Devonshire St., Boston, Mass., was treasurer of the company. The Better Business Bureau of Boston informed us that Mr. French was a lawyer and died in 1937. In view of the report from the First National Bank of Boston and the Tax Assessor of Uinta County, it is our opinion that the company lost its remaining assets and is out of existence and its bonds worthless.

International Corp. Incorporated under the laws of the state of Nevada, April 4, 1931. This concern forfeited its right to do business legally under its charter on the first Monday of March, 1933, because of failure to file lists of officers and pay fees and penalties amounting to $67.50. Said amount covers the period of years from 1932 to date. (2-10-41.)

International Life Insurance Co. of London, England. Higginson & Co., London, England, informed us on Jan. 21, 1944, that this company was formed in 1837 and was amalgamated with the Hercules Life & Fire Insurance Company in 1865. They were unable to inform us on what basis the amalgamation took place. The Hercules Life & Fire Insurance Company was wound up in 1869. Higginson & Co. assume that the stock of the first company is worthless.

If your borrower holds stock he should write to the Companies Department, Board of Trade, London, England, requesting if any unclaimed funds are deposited there in his name as the result of the liquidation of any of the above companies. International Radio Corp. Incorporated in Delaware on March 25, 1922, and never filed a report with the Secretary of State. Therefore, there is no record of the names and addresses of the officers. The company became inoperative and void on March 18, 1925, and was proclaimed by the Governor in January, 1926. From the above it would appear that the company never did progress beyond the development stage. We found no value to the stock and, therefore, believe the shares are without value.

J. M. Holding Co.

The Detroit Trust Co., Detroit, Mich., reported the following to us on Aug. 29, 1944:

To the holders of J. M. Holding Co. First Mortgage 6% Bonds dated Sept. 1, 1928, or certificates of deposit therefor:

The purpose of this letter is to advise holders of the progress made in the liquidation of the real estate in the Trust consisting of vacant lots in

Brookline Subdivision No. 4, Detroit. There are presently outstanding $121,900 par value of these bonds on which a 10% liquidating dividend was paid as of Nov. 10, 1936.

In Nov., 1939, substantially all of the then remaining lots were lost to the State of Michigan for delinquent taxes. Option agreements were then made with interested third parties whereby they advanced the funds necessary to repurchase certain lots from the State at the Scavanger Sale through the preferential buying rights of the Trustee. The optionees obtained releases of a few of the lots and then defaulted on the option payments. The option agreements were finally cancelled by the Trustee. Continued efforts were made to dispose of the lots but because of restrictions on building, no reasonable offers were received until recently. Finally in June, 1944, 82 lots were sold on a one-year contract to a builder having priorities for that number of defense homes. Construction of the houses on these lots is progressing rapidly and it is expected that his contract will be completed and fully paid up before the end of November.

An agreement has just been reached for the sale of all of the remaining lots, 140 in number, to another builder for part cash, plus the surrender for cancellation, without sharing in the cash available in the trust, of $43,700 par value of the outstanding bonds. It is expected that this sale will be completed within the next 30 days.

With the two above mentioned transactions completed in their present form, it appears that it will then be possible to make a final liquidating payment of approximately 28%, to the holders of $78,200 par value of bonds that would then be outstanding.

Holders will then be advised to forward their bonds or Certificates of Deposit. Please do not send them in until so advised.

Any inquiries should be addressed to the attention of the undersigned.

Very truly yours,
DETROIT TRUST CO.,
Successor Trustee.

Jetter Brewing Co., Inc. Filed its Articles of Incorporation in Nevada on June 3, 1932, but its charter was revoked on the first Monday of March, 1936, because of its failure to file, on or before said date, a list of its officers and directors, and designation of resident agent, and his acceptance of such designation for the year July 1, 1935, to July 1, 1936; also to pay the statutory filing fee and penalty then due, viz.: $7.50.

However, the corporation may be reinstated to its former status and rights as such, upon filing in this office an affidavit stating the reason for the revocation of its charter, together with a list of officers, etc. for the current year, July 1, 1941, to July 1, 1942, accompanied by remittance to cover the fees and penalties from 1935 to date in the amount of $52.50. The last list filed here on July 2, 1934, named the resident agent as Nevada Agency and Trust Company of Cheney Building, Reno, Nevada. The president then was Chas. B. Morearty of 37th and Jones Sts., Omaha, Nebraska; the vice president was Fred W. Swanson of 537 Park Ave., Omaha, Nebraska; the secty.-treasurer was E. E. Carl of 1110 S. 30th Ave., Apt. 3, Omaha, Nebraska.

Jo Daviess County Distillery, Inc., Galena, Illinois.

Mr. R. S. Milner, located at 643 Higley Bldg., Cedar Rapids, Iowa, reported the following on October 25, 1943:

In reply to your letter of the 14th inst. in re Jo Daviess County Distillery, Inc., (Galena, Ill.), the stock of this corporation is utterly without value. The assets have all been liquidated, except as to one small item. The real and personal property at Galena were encumbered with taxes running into many thousands of dollars.

There will not only be nothing left for the stockholders, but the creditors themselves will glean only a trifling percentage. When this process is complete the corporation will be dissolved. I should imagine for tax accounting purposes that your stock should be charged off as of 1944, rather than as of 1943, as I do not believe the dissolution will take place until during the year 1944. I myself am a considerable stockholder, and I plan to take such deductions as I am entitled to as of the year 1944.

I can, of course, give you more specific information if you desire it, but probably this letter will answer your purpose. I can also advise you later when the dissolution becomes complete, if that will help you any.

Kalamazoo Land Company. Press report: Prison sentences of five and two years respectively, were imposed yesterday on a man and a woman, who had cheated investors in the belief that they were buying shares in a safe and lucrative Florida fruit project. The penalties were fixed by Federal Judge Henry W. Goddard on Frank H. Hibberd Jr. and Mrs. Louise H. C. von Lenz Nields, both of Mount Rainer, Md. On the recommendation of Peter J. Donoghue, assistant United States attorney, Judge Goddard also levied fines of $5,000 against the Kalamazoo Land Company and the Independent Growing and Marketing Corporation which were convicted with the individual defendants. The group was found guilty last week of mail fraud, violation of the Securities Act and conspiracy.

Kanata Realty Co. Press report:

Philadelphia, June 29 (AP).—An application by Kanata Realty Co., Inc., Utica, N. Y., for dissolution through sale of its properties was approved today by the Securities and Exchange Commission.

Kanata will sell 1,938 acres of undeveloped water, dam and power sites to Northern Development Corp., Syracuse, for $7,754, and all other property other than current assets to Central New York Power Corp., Syracuse, for $688,831.

Proceeds plus current assets will be used to settle an indenture with Citizens Trust Co., Utica, by redeeming on Aug. 1 its outstanding $502,000 principal amount Utica Gas & Electric Building first mortgage 5 per cent sinking fund bonds.

With the remainder Kanata will pay $880,107 owing to Central New York and $317,277 owing to Niagara Hudson Power Corp., parent of the system.

Kansas City Terminal Trust Company, Kansas City, Mo. This bank was closed November 13, 1926, and the Court Order of Final Discharge of Liquidation effective April 5, 1939, was filed with the Department of Finance, Jefferson City, Mo., on April 25, 1939. Dividends paid on common claims amounted to 80%. The stock was wiped out and has no value.

Kansas & Gulf Company. Incorporated in Delaware in 1919. The Peer Oil Corporation was incorporated in Delaware to acquire the assets of this company. One share of Peer Oil was given for each 4.9 shares of Kansas & Gulf stock. The Peer Oil Corporation (Delaware) became a holding company for companies of the same name incorporated in Arkansas, Texas and Oklahoma. Receivers were appointed for these companies, and their entire assets were turned over to satisfy creditors. The remaining assets consisted of non-producing leases that have since expired. The shares of the Kansas & Gulf Company are therefore, worthless.

Press report, August, 1944:
Pleading guilty to a charge of issuing securities without approval of the Interstate Commerce Commission, the Keeshin Motor Express Co. was fined $1,000 and costs here yesterday by Federal Judge William J. Campbell. On motion of the government, Judge Campbell dismissed identical charges against John L. Keeshin, president of the company, and Joseph E. Donovan, vice president and treasurer. The defendants were charged in an indictment with having issued securities without commission approval, which when added to outstanding securities exceeded $500,000 for long term certificates, and $100,000 in short term issues under two years, in violation of the commerce act.

Kentucky Securities Co., Inc., 902 Market Street, Wilmington, Delaware. Informed us as follows on April 22, 1943:

Replying to your letter dated April 20, be advised that Kentucky Securities Company has distributed a liquidating dividend of five shares of Southeastern Greyhound Lines Common stock, and has authorized the payment of a final liquidating dividend of $12.67 per share which cannot be paid before March 15, 1945 except to stockholders who furnish an indemnity bond as provided in a resolution adopted by the Board of Directors on December 31, 1940. We are enclosing copy of a notice dated January 29, 1941, and copy of the said resolution, with respect to the final dividend.

If your client does not desire to draw out the final dividend at this time against an indemnity bond, the stock certificate should be held until notice is issued about March 15, 1945 that we are in position to distribute the dividend without that requirement.'

Kentucky Securities Co., Inc., 902 Market Street, Wilmington, Delaware. Mr. A. A. Tuttle, President.

Resolution

Dated December 31, 1940

Whereas, Kentucky Securities Company desires to make payment of a final liquidating dividend to its stockholders in the amount of $12.67 per share; and

Whereas, all Federal income taxes have been assessed and paid by the Company for all periods during which the Company has received income; but in view of the assertion by the revenue agent of substantially greater income tax liability than was finally assessed and paid and of the fact that the time within which additional assessments can be made does not expire until March 15, 1945, the Board of Directors deem it inadvisable to make final distribution of all the assets of the Company unless the recipients adequately indemnify the Company against the payment of any additional tax assessments that might be made against the Company;

Now, therefore, be it resolved by the Board of Directors of Kentucky Securities Company as follows:

1. A final liquidating dividend of $12.67 per share is hereby declared upon each share of the capital stock of Kentucky Securities Company.

2. Before the liquidating dividend provided for in Section 1 of this resolution is paid to the owner of the capital stock of this corporation, such owner shall deliver to the Company certificates representing the capital stock held by him, properly endorsed, and when so delivered such certificates of capital stock shall be cancelled.

3. As a prerequisite to the payment of said dividend, each stockholder shall be required to execute a bond with a Surety Company authorized to do business in the State of Delaware, as surety in a principal amount equal to $12.67 per share for each share held by such stockholder, which bond shall provide that such stockholder will pay to the company his proportionate part of any additional taxes that may be assessed against Kentucky Securities Company, together with any reasonable expenses incurred by it not in excess of the principal amount of such bond.

4. In the event any stockholder does not desire to furnish a surety bond as hereinabove in Section 3 of this resolution set out, he may deposit with Kentucky Securities Company the amount of his liquidating dividend which shall be held by Kentucky Securities Company as a bond in lieu of the bond referred to in Section 3 hereof; and in the event any such additional taxes are asserted by the Bureau of Internal Revenue, Kentucky Securities Company shall have the right out of such moneys so deposited to pay in full or to compromise such stockholder's proportionate part of such additional taxes and to retain such stockholder's proportionate part of any reasonable expenses incurred by Kentucky Securities Company in connection therewith.

5. By proportionate part of any additional taxes or expenses is meant that for each one share of stock held by any shareholder he shall pay 1/21,005 part of such additional income taxes or expenses, if any.

6. Any stockholder who deposits money with Kentucky Securities Company as a bond, as provided in Section 4 hereof, may substitute for such money so deposited as bond, a bond as provided for in Section 3 hereof, and upon the deposit of such bond the money so deposited as a bond under Section 4 hereof will be refunded to such stockholder by Kentucky Securities Company.

Kimberly Iron Co. Thomas H. Hartman, Secretary of the company, located at New Castle, Pa., reported the following on January 5, 1944:

There were no sales of land during the year.

The only receipts were from payments on old contracts for sales of surface land.

For the year 1940 we deducted $400.00 for depletion on the Income Tax Return. This was not approved and therefore there is additional tax to be paid for 1940 of $123.47.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on May 5, 1944:

Under date of May 18, 1939, the Union Guardian Trust Company, former Trustee in connection with the above bonds, sent you a letter setting forth pertinent facts relative to default concerning the above issue, and requesting the bondholders to advise the Trustee as to what action should be taken. On August 24, 1939, you were informed that the majority of the bondholders requested that no action be taken.

We have been requested by a holder of a substantial block of bonds to proceed with foreclosure, and we have accordingly instructed counsel to take such action. Any bondholder desiring further information at any time concerning the proceedings will be advised upon request.

Lackawanna & Western Railroad of New Jersey. Press report September 17, 1944:

Washington, Sept. 17 (AP).–Merger of the Lackawanna & Western Railroad of New Jersey into the Delaware, Lackawanna & Western, and issuance by the D. L. & W. of $10,580,000 of first mortgage bonds to effect the merger, have been authorized by the Interstate Commerce Commission.

In a letter to stockholders recently it was stated that 74,000 shares, or over 75 per cent, of the leased line's stock had agreed to assent to the merger, while assents of 66,544 shares, or 67.6 per cent, have been deposited. It was pointed out that no rentals have been paid to leased line stockholders since July 1, 1942. The merger plan provides for an amount equal to approximately 60 per cent of the unpaid rentals to be paid in cash when the plan is placed in operation. It was emphasized the plan must be made effective to receive the cash and that there is no certainty this will occur unless 90 per cent of the stock is deposited.

Laclede Gas Light Co. Press report June **1, 1944:**

Philadelphia, June 1 (UP).–The Securities and Exchange Commission announced today that it had filed an application in the United States district court at St. Louis, for the enforcement of the reorganization plan of Laclede Gas Light Co., and Laclede Power & Light Co.

The application was filed by the commission at the request of the companies and their parent, Ogden Corporation.

Hearing on the application will be held before Federal Judge Hulen who has yet to set the hearing date.

The reorganization plan provides for the sale of the electric properties operated by Laclede Power to Union Electric Co., of Missouri for a base price of $8,600,000; transfer to Laclede Gas by Laclede Power of substantially all of its assets and the subsequent dissolutoin of Laclede Power; payment of Laclede Gas' outstanding 5 per cent and 5½ per cent refunding bonds in the aggregate principal amount of $31,961,105, and the issuance by Laclede Gas of new $4 par value common stock and the extinguishment of its present preferred and common.

Land Development Corp. First Mortgage 6% Bonds dated March 1, 1928.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on June 30, 1944:

Subsequent to the distribution of a 5% liquidating dividend on July 15, 1943, sufficient funds have accumulated with the Trustee for the benefit of all Bondholders to warrant the immediate distribution of a 4% principal liquidating dividend on the $849,000.00 face amount of bonds outstanding.

Therefore, if you are still the owner of a Bond or Certificate of Deposit you may secure your distribution by presenting your Bond or Certificate of Deposit to the Detroit Trust Company, Detroit, Michigan, 201 West Fort Street, to the attention of the Reorganization Division on the first floor for endorsement whereupon your Bond or Certificate of Deposit will be returned to you with a check in the amount of $40.00 for each $1,000.00 Bond.

After payment of the aforementioned 4% principal liquidating dividend, there will have been paid $340.00 on the principal of each bond of an original par value of $1,000.00, leaving 66% or $660.00 principal, still owing thereon in addition to the accrued interest.

Laucks, I. E., Inc., Seattle, Washington. Press report, March 22, 1944: Announcement has been made that Monsanto Chemical Co. has acquired I. E. Laucks, Inc., Seattle, manufacturing chemists and producers of plywood glues. The acquisition includes the Canadian plants of Laucks at Vancouver and Stanbridge, Que., and the Lauck connections in Australia and Sweden.

The merger of the two companies was effected through an exchange of stocks. No change is contemplated in the Laucks operating personnel. Monsanto plans to operate the company as a unit.

Monsanto owns or operates 19 plants in the United States, England, Canada, Australia and Brazil. The company manufacturers commodities in the pharmaceutical plastics and heavy chemical fields.

Leeds Furs, Inc. 84 East Main Street, Waterbury, Conn. In the recently noted report of involuntary bankruptcy proceedings filed against Leeds Furs, Inc., it was inadvertently stated that the amount of the claim of Rosen & Nierel, Inc., of New York, one of the petitioning creditors, was $2,866, whereas the amount now due the New York firm is $1,400. It was pointed out by Charles Goldberg, of Associated Fur Coat & Trimming Mfgs., Inc., New York, who represents creditors, that the original amount of the claim of Rosen & Nierel was $2,866, but the amount now due is $1,400.

Level Club, Inc. Value of C/D. No. 169 for First Mortgage Bonds Issued by the Fidelity Trust Company of New York.

These certificates were for a time exchangeable for Debenture Bonds and Voting Trust Certificates of Chalis Realty Corporation, at their office, 253 West 73rd Street, New York City. Foreclosure proceedings were instituted against Chalis Realty Corporation and that title to the above mentioned premises was taken under foreclosure by the trustees of New York Title and Mortgage Company in April, 1936. There was no provision made for the Debenture Bonds and Stock of the Chalis Realty Corporation. It would, therefore, appear that the Certificate of Deposit of Level Club, Inc., is now without value.

Liberty Building Corp.

Incorporated in Connecticut. Mr. William A. Strong, Vice President of Marine Trust Company of Buffalo, 120 Broadway, New York City, informed us as follows on April 7, 1943: "In reply to your letter of April 5th relative to the Voting Trust Certificates for the capital stock of the Liberty Building Corporation, I regret that I am unable to furnish you with any market valuation, nor would I care to state a probable value for the certificates. The property is entirely rented at the present time, and the income is sufficient to cover all current expenses. However, due to the age of the building, repairs that have to be made take a great deal of money, and too we are amortizing a mortgage of $80,000 which was placed on the property in the Fall of 1938, at the rate of $1,000 a month. This mortgage at the present time has been reduced to approximately $29,500. It is also possible that we may have to increase this mortgage in order to build some kind of a disposal plant for the waste that is now being spilled into Long Island Sound."

Mitchell & Co., brokers, located at 120 Broadway, New York City, informed us on April 8, 1943, that the stock is quoted at about 50c to 75c per share.

Value of C/D for 5½% First Leasehold Bonds Due August 1, 1952, Stamped as Having Received Payment of $744.96 per $1,000. Bond.

Depositors were permitted to surrender their Certificates of Deposit and obtain the underlying bonds at any time prior to October 15, 1939, but shortly after that date, pursuant to the instructions of the Bondholders Committee, bonds which were not claimed by holders of Certificates of Deposit were cremated. The Bondholders Protective Committee, in a notice dated July 5, 1939, furnished to us by the Chase National Bank, New York, N. Y., reported that there will be no further distributions on the Bonds of Liggett Building, Inc., and that they have become worthless.

M. U. Securities Corp. Press report September 29, 1944:

Philadelphia, Sept. 29 (UP)—The plan of M. U. Securities Corp. to liquidate through intra-systems transactions was permitted today to become effective by the Securities and Exchange Commission.

The transaction will allow M. U. to transfer to Hugh Morris, trustee of the Midland United Company estate, 1,859 shares of 7 per cent prior lien, 778 shares of 6 per cent cumulative lien, 1,337 shares of 7 per cent cumulative Class A preferred, and 2111 shares of 6 per cent cumulative Class A preferred of Midland Utilities Company.

Credit of $38,480 upon its net indebtedness will be given the M. U. in consideration of the transfer.

M. U. also will surrender to Midland Utilities for cancellation 64,009 shares of Midland Utilities no par value common stock. Then, M. U. will apply its cash on hand amounting to $1,235 to pay expenses of liquidation, accrued taxes and indebtedness of Midland United.

Macdonald Manufacturing Co., Limited, Toronto, Ontario. The following was reported on March 23, 1944:

It was reported in the financial district here yesterday that an important United States company had made an offer to purchase the Macdonald Manufacturing Company, Limited, Toronto, wholly-owned subsidiary of General Steel Wares Limited. President John C. Newman declined to make any comment on the reported offer which Street gossip puts at several million dollars. Should this deal materialize, the assumption is that funds derived therefrom would be used to retire the first mortgage bonds of General Steel Wares Limited, which as of the end of 1943 were outstanding in the amount of $4,626,500.

Malcomson, Alex Y., Company Foreclosure Trust. Certificates of Beneficial Interest involving mortgage dated November 1, 1925:

The Detroit Trust Co., Detroit, Mich., informed us as follows on May 3, 1944:

The sale of another parcel of trust property, commonly described as "Mack Avenue Coal Yard Property," referred to in the Trustee's letter to Certificate Holders dated March 28, 1944, has been consummated.

The following statement shows the receipts and disbursements of the Trustee in the administration of the trust from December 31, 1943 (the date ending the last accounting to Certificate Holders) to date, including the proceeds of the current sale.

Receipts:		
Cash on hand as of 12-31-43...$	489.86	
Rentals collected Jan. through April, 1944..................	4,900.00	
Sale price of Mack Avenue coal yard property................	35,000.00	
Additional payment made by purchaser of coal yard property in the adjustment of prepaid taxes and rent..........	294.75	
Total		$40,684.61
Disbursements:		
Insurance premiums............$	175.79	
Abstract extension.............	70.00	
Survey of property.............	150.00	
Revenue stamps and printing and postage.................	49.60	
Trustee fee for services in sale of Mack Avenue coal yard property	1,750.00	
Total		2,195.39
Cash balance on hand with Trustee		$38,489.22

Out of the cash on hand the Trustee is reserving the sum of $2,954.22 for taxes and contingencies and making available for distribution to Certificate Holders the balance of $35,535.00 which is at the rate of $1.15 per unit on the 30,900 units of interest participating in the trust. Accompanying this letter is a check for your pro rata share of this distribution computed on the basis of units represented by Certificate(s) of Beneficial Interest registered in your name on the books of the Trustee as of the close of business May 1, 1944.

For current Income Tax purposes Certificate Holders may consider one-seventh (1/7th) of this remittance as the approximate taxable income from operation of the trust properties so far this year, and the remainder thereof as return of capital not subject to Income Tax unless and until the Certificate Holder has recovered the cost basis of his Certificate. Recovery in excess of the cost basis is subject to Income Tax. In due course, after the end of the year, the Trustee will prepare and file the Fiduciary Income Tax Return for 1944, and at that time notify Certificate Holders of the final tax figures for the year.

The situation with respect to the trust estate is as follows:

Property Unsold:

Land (105′ x 401′) situated on the Northeast corner of Mack and Beaufait Avenues, Detroit. On the land is an old two-story brick factory building (54′ x 401′) and several frame sheds. The property is leased for manufacturing purposes to March 31, 1945, at a rental of $1,000.00 per month or $12,000.00 per year compared with real estate taxes, insurance and other expenses of approximately $3,500.00 per year. The property is assessed for real estate tax purposes in 1944 at $69,350.00.

Property Lost for Unpaid Taxes:

Approximately 4¾ acres of vacant land situated on the South side of Grand River Avenue near the Detroit Terminal Railroad, Detroit. See Trustee's previous reports for details on loss of title to this property and efforts to salvage something for the Certificate Holders.

Property Sold:

Lafayette Boulevard - Tenth Street parcel, sold in 1938.

West Chicago Boulevard parcel, sold in 1938.

Vermont-Porter Streets parcel, sold in 1939.

Mack Avenue Coal Yard parcel, sold in 1944.

Distributions to Certificate Holders to date, out of income and liquidation of the trust estate, total $3.03 per unit, which, in comparison with the former bonds would be equivalent to $303.00 per $1,000.00 bond.

Manhattan Development Co. Incorporated in Arizano, February 24, 1905, and on March 1, 1930, renewed its corporate existence for an additional 25 years. Mr. W. G. Rice of Houghton, Mich., was the President. A letter addressed to Mr. Rice, was answered by Mr. Martin J. Tretheway, Business Manager of the Mining Gazatte Company of Houghton, Michigan, as follows: "We have your letter of Nov. 22nd addressed to Mr. W. G. Rice, Houghton. Mr. Rice was founder of this paper, and he passed away in September, 1941. For a number of years, the late Mr. Rice personally paid the taxes of the Manhattan Development Company, and in 1930 an assessment was called with the purpose of raising funds to get the property in operation. Engineers visited the district at that time but every deal fell through; as far as we know this property was sold for non-payment of taxes."

Marine Elevator Co., Buffalo, N. Y. Press report May 20, 1944:

Solvent, but unable to meet its debts as they mature, the Marine Elevator Co. yesterday received Federal Judge John Knight's approval to reorganize under Chapter 10 of the Bankruptcy Act. James W. Persons, federal referee in bankruptcy, was appointed trustee for the $1,000,000 corporation, situated on the Buffalo River at the foot of Childs St.

Under terms of the court order, which took effect last midnight, a mortgage foreclosure proceeding instituted by the Martine Trust Co. on August 13, 1940, and still pending, is stayed, as are all other proceedings to enforce a lien against the property.

Other firms are restrained from prosecuting any suit against the grain elevating and storage company, unless otherwise ordered by the court.

The reorganization petition, submitted by the company, and Max Becker, Reginald B. Taylor, and Edwin J. Schwanhausser, representing the bondholders protective committee, points out the mortgage now secures bonds in the aggregate principal amount of $550,000, of which $9,000 is held by the company.

Of the total, "upwards" of $225,000 is held by Becker, Taylor, and Schwanhausser; $65,000 by the Niagara Power Land Co., and $87,000 by other bondholders.

The company's plan stipulates the payment to each bondholder of $70 in cash for each $100 in bonds, and the delivery to each bondholder of a promissory note, payable without interest in a sum equal to $15 for each $100 in bonds, 12 years after consummation of the plan, or before, if and when the elevator is sold.

The plan states specifically, however, that "no such payments shall be made with respect to $25,000 in bonds held by stockholders of the company who waive such payment to effectuate the plan."

Pointing out that the plan "can be effected only by securing additional cash in a large amount," the company has arranged for a loan of $350,000, repayable in ten years, to be secured by a first mortgage on property and equipment.

The Liberty Bank of Buffalo will finance the loan, with the Reconstruction Finance Co. and the Niagara Power Land Co., as participants.

Stockholders holding $25,000 in bonds and who waived participation in the cash distribution, will receive instead, the new secured obligation of the debtor in the sum of $17,500, or the equivalent of 70 per cent of the $25,000.

As trustee with power to hire and fire employees and fix compensation, Persons was authorized to employ Harold L. Abell, president of the company, at an annual salary of $7,150, and Edward J. Nolan, secretary and treasurer, at $3,900.

Judge Knight set July 10th for a hearing at which objections to the retention of Persons as trustee and other matters will be heard.

Market Street Ry., San Francisco, Calif.

Press report March 16, 1944:

San Francisco, March 15.—A revised plan for the acquisition by the city of the Market Street Railway, eliminating a "lease purchase" factor of Mayor Roger D. Lapham's original proposal of several weeks ago, was under consideration today.

Mayor Lapham refused to disclose the details, but the plan was understood to call for a down payment of $2,000,000 instead of $1,500,000 first suggested, and the payment of $5,500,000 to the Market Street Railway by private bankers, who would be repaid by the city out of earnings of this company alone and not out of joint earnings of the Market Street and Municipal Railways. The plan also is said to involve immediate operating control of the Market Street company by the city.

Market Street Railway (Transit System).

Press report September 26, 1944:

San Francisco, Sept. 26.—The California railroad commission today removed the last legal obstacle to joint operation of the municipal railway and the Market Street Railway Transit System by approving sale of the privately owned firm to the city for $7,500,000. Actual possession of the entire merger properties will be taken by the city at 5 a. m., Friday. Under the consolidation, citywide fares will be raised from 5 to 7 cents, the rate under which the Market Street lines operated. Voters approved the sale at an election on May 16.

Martin, Joseph A., John T. Murphy and M. James Murphy First Mortgage 6% Bonds Dated June 1, 1926 and/or C/D. The Detroit Trust Company, Detroit, Mich., informed us as follows on June 29, 1944:

The Bondholders' Protective Committee and the Trustee have decided that a liquidating dividend should now be paid. Accordingly, there has been set aside $6,930.00 with which to pay Liquidating Dividend No. 1 at the rate of 9% ($90 per $1,000 bond) to the holders of $77,000 par value of bonds presently outstanding.

In order to receive this payment, bonds and/or Certificates of Deposit should be forwarded promptly to—Detroit Trust Company, Reorganization Department, First Floor, 201 West Fort Street, Detroit 31, Michigan. The bonds and the certificates will be endorsed to show this payment and returned with the dividend check.

After payment of this liquidating dividend, attorneys and committee fees, the assets of the trust will be—

Cash	$945.00
General Certificate of Indebtedness 60% liquidated with unpaid balance of $7,239.50 having a present market value of	3,150.00
Seven land contracts, balance	800.00
Sixty-three lots, equity	9,900.00
Total	$14,795.00

It is expected that when building can be resumed in the subdivision, the remaining lots can be disposed of and a final liquidating dividend made.

Mason Tire & Rubber Corp., Lewis Bldg., Philadelphia, Pa. Informed us as follows on June 8, 1943:

For your information, liquidating dividends to the extent of $11.75 have been paid on each share of the Preferred Stock and $3.085 per share on each share of the Common Stock. We have considerable amount of liquidating dividends which have been returned to us for want of a correct address, either due to people changing their address and not notifying the Corporation, or who have, perhaps, since died and the Executors not giving us the necessary information.

We would therefore suggest that you send to us the name of your client in order that we might check our list and forward any dividends which we might be holding.

For your further information, we would state that the Corporation is in the process of liquidation and within the next few days letters of consent to the dissolution of the Corporation will be forwarded to all known stockholders.

Any information which you could pass along in your manual "Valuable and Worthless Securities" would be appreciated.

Mason Valley Mines Co. (Maine). Stock has a liquidating value of $2.20 per share. Funds were paid by the Bankers Trust Company, New York City. H. E. Dodge, 14 Wall St., New York City, was Treasurer.

Masonic Sanitarium & Training School Co. Incorporated in Missouri on May 11, 1906, and lost its charter on January 1, 1921. The last known address was St. Louis, Mo. The Statutes of Missouri require the destruction of annual reports every three years. Therefore, we were unable to get a list of the last known officers and directors of the company. In view of the fact that this is a $10. par stock, and a liquidating dividend of $16. a share was paid, as evidenced by a stamp on the certificate, it would appear that the shares have no further value.

Masonic Temple Ass'n. of Detroit. The Detroit Trust Company, Detroit Michigan, reported the following on May 1, 1944:

Trust No. 5013 May 1, 1944

Report on Bond Issue
prepared by
Detroit Trust Company, Trustee

Name of Issue:

Masonic Temple Association of Detroit
Bonds dated April 1, 1937,
Due April 1, 1967.

Amount of Issues:

	1st Mortgage Class "A"	2nd Mortgage Class "B"
*Authorized:	$1,404,500.00	$1,404,500.00
Exchanged:	1,401,750.00	1,401,750.00
**Unexchanged:	2,750.00	2,750.00
***Retired to Date:	235,250.00	230,250.00
Now Outstanding:	1,166,500.00	1,171,500.00

Notes:

*These bonds were issued in exchange for the Association's First Mortgage 5's dated April 1, 1928, pursuant to

Plan of Reorganization under Section 77B of the Bankruptcy Act. The original issue was in the principal amount of $3,250,000 reduced, before reorganization, to $2,809,000.

**The Final Decree, entered on or about March 31, 1939, in the reorganization proceedings, provides among other things the following:

(a) The First Mortgage 5's dated April 1, 1928, have no value except for the purpose of exchange for the new bonds; and

(b) That the right of exchange ceased on June 1, 1943.

***The Class "A" Bonds were purchased by the Trustee, from time to time, in the open market, with Principal Sinking Fund money deposited by the Association. The Class "B" Bonds were delivered to the Trustee, without cost, for cancellation.

Interest Status:

Deferred Interest. Originally amounted to $27.50 per $100.00 face principal amount each of Class "A" and Class "B" Bonds. Under the terms of the Supplemental and Amendatory Trust Mortgage 70% thereof has been cancelled through April 1, 1944, and the balance may be subsequently cancelled at the rate of 10% annually on April 1 if no default occurs.

Current Interest Class "A" Bonds. Fully paid to April 1, 1944. Bonds bear interest at 4% per annum to April 1, 1952 and 5% per annum thereafter.

Current Interest Class "B" Bonds. To the extent funds are available out of earnings as provided in the Supplemental and Amendatory Trust Mortgage, interest is payable to the registered holders annually commencing April 1, 1943. No interest was paid as at April 1, 1943, because the Association's earnings for 1942 were not sufficient to make funds available therefor. Earnings of the Association for 1943 were sufficient to allocate $8,616.67 to the payment of interest as of April 1, 1944. Distribution thereof to the registered holders of Class "B" Bonds of record as of April 1, 1944, at the rate of $1.83 per $250.00 face principal amount of the bonds is made herewith.

Property:

(a) Masonic Temple Building located on the N. E. corner Temple and Second Avenues, Detroit, together with all furniture, furnishings and equipment therein, except such as are used in connection with the ritualistic portions of the Temple and such as are owned by member or tenant bodies.

(b) Vacant parcel of land located on S. E. corner Lafayette and First Avenues, Detroit.

Tax Status:

Fully paid on both parcels through the year 1943.

Maurier, George, Inc., 525 7th Ave., New York, N. Y.

Press report March 21, 1944:

New York. – George Maurier, Inc., manufacturers of dresses, 525 Seventh Avenue. – Judge Leibell, in U. S. District Court, handed down a decision dismissing an action instituted by New York Credit Men's Assn. as trustee of the bankrupt estate of George Maurier, Inc., against National Safety Bank & Trust Co., seeking $5,000 on the ground that the bank had received a preference.

Judge Leibell ruled that the Maurier concern was insolvent as of Jan. 12, 1942, but that testimony failed to establish that officials of the bank had knowledge of the insolvent condition at the time that it discounted notes in payment of then existing obligations. The trustee was awarded judgment for $128 against Henry Mayersohn, attorney for debtor concern, and judgment for $1,000 against Rubin Mayersohn, father of the attorney, who had made loans to debtor concern and had been repaid shortly before the failure. The trustee had sought $278 against the attorney and $4,000 against his father.

Mausoleum Building Corp. Del. 1944.
Mavis Bag Shops, Inc. (N. Y.). Dissolved June 16, 1944.
Mavis Bottling Company of America. Value of Class "A" Common Stock. The Trustee reported that on October 23, 1936, an order was entered by the United States District Court at Wilmington, Del., to liquidate the assets of the company. There were no assets available for holders of the capital stock. Therefore, I submit the Class "A" Common shares as worthless as of June 18, 1942, the date of the decedent's death.

Mayfair Co.

Incorporated in Delaware on July 2, 1926, and lost its charter on April 1, 1938. The last known address of the company was 200 East Walton Place, Chicago, Ill., in 1935. A letter addressed to Mr. Benj. H. Marshall, former president of the company, now located at 919 N. Michigan Avenue, Chicago, Ill.,

has not been answered nor returned. We found no record of the company's operations nor any value to the stock.

Mayfair Co.
Mr. Benjamin H. Marshall, formerly president of the company, now located at 919 N. Michigan, Chicago, Ill., informed us that this company was declared bankrupt and its property was lost through foreclosure sale a number of years ago. The stock is worthless.

McClintockville Petroleum Company. Incorporated in Pennsylvania and was located in Verrango County, Pa. The Department of Revenue of Pennsylvania informed us that this is one of the old Petroleum companies incorporated in 1860 and which probably never functioned. The Prothonotary of Verrango County, Franklin, Pa., informed us on July 30th, 1943, that there are no funds of this company in his hands. When a company is liquidated, unclaimed funds are held by the Prothonotary in which county the company was located. After a certain time the funds are turned over to the Escheat Bureau of the State of Pennsylvania. If the funds are not claimed within three years the claimants are forever barred from making claim. We therefore, believe the shares are worthless.

Merricker Realty Corp. Incorporated in New York on March 29, 1922, and is located at Lynbrook, N. Y. The Tax Assessor at Lynbrook, N. Y., informed us that tax bills are sent to the company care of Frank Fowler, Kathryn Street, Lynbrook, N. Y. Mr. William F. Fowler, Lynbrook, N. Y., informed us as follows on May 24, 1943: "The

Merricker Realty Corp. was organized in 1922 for the purpose of building a theatre and the stock was given as a bonus with subscriptions to bonds. The set-up was a $200,000 bond issue; $50,000 Second Mortgage and a $50,000 Third Mortgage and common stock of about 7,000 issued shares. After a long history of difficulties, at present the corporation appears to be in reasonably sound condition subject to the ever present speculative nature of the enterprise. The value of the stock is a matter of speculative opinion. What few shares have been sold were at a price of $3 up to $10 per share. There is practically no public interest in the stock as it is a small corporation held by the original owners who either invested in the bonds or were indirectly interested in the construction as contractors, etc. At the present time there is a possibility that we will lose a couple of tenants and in any event, reduction of rent is necessary. The bond issue was due August, 1942, and the unpaid bonds amount to about $70,000 of which I have $22,500 in the Guaranty Fund. The Third Mortgage is paid off, Second Mortgage of $50,000 remains unchanged. There is no other indebtedness except taxes and current expenses. If the present income is maintained and nothing happens to change the conditions the net earnings should continue at about $1.00 a share available for dividends. We have about $20,000 of cash and U. S. Bonds available in the treasury account for a reserve, etc."

Metropolitan Land Co. First Mortgage 6% Bonds dated June 1, 1929, and/or C/D Therefor.

The Detroit Trust Co., Detroit, Mich., reported the following to us on April 13, 1944:

Sufficient funds have been accumulated by the Trustee, through liquidation, to pay dividend No. 2 equal to 15% of $64,000.00 the face amount of the outstanding bonds. Liquidating dividend No. 1 of 5% was paid in December 1940.

If you are the holder of a registered bond, pursuant to the provisions of the Supplemental Indenture, you will find enclosed a check representing $150.00 per $1,000.00 par value of bonds. Similar checks will be mailed to holders whose bonds have not been registered pursuant to the plan, also to holders of Certificates of Deposit, if they will forward their bonds or Certificates of Deposit to:

Detroit Trust Company
Reorganization Department
201 West Fort Street
Detroit 31, Michigan

with instructions to conform the bonds to the plan. The bonds sent in, also the bonds represented by Certificates of Deposit, will be returned with the check.

Although this distribution leaves some cash on hand, it is not advisable to distribute more right at this time. Sufficient cash is held in reserve to protect the contract with the State Land Office Board and for payment of taxes if that should become necessary. The assets remaining after this distribution are:

Cash	$ 7,500.00
Certificate of Indebtedness having an unpaid balance of $6,868.53 which should liquidate at (approx.)	2,800.00
Option agreements which if exercised in full will produce	17,000.00
Total	$27,300.00

If the option agreements are not exercised in full, the Trustee might be required to use cash in the trust to pay the State the balance of about $5,800.00 on the Land Contracts and also taxes on the lots.

An additional dividend will be paid when further funds are accumulated.

Meyering Land Co. (Hampton-Roslyn Roads Subdivision). Detroit Trust Co., Detroit, Mich., informed us as follows on Dec. 11, 1940: Bondholders' Protective Committee for Meyering Land Co. First Mortgage 6% Bonds, dated Nov. 1, 1927. (Hampton-Roslyn Roads Subdivision). Committee: C. S. Vaughn, Harry Menard, C. Hoogesteger. Depositary: Detroit Trust Co.

Dec. 11, 1940.

To The Owners of Bonds and/or Certificates of Deposit of the Above Described Bond Issue:

The principal of your bonds of this issue has been paid in full, the last principal liquidating dividend having been paid in September 1939. Subsequently the few remaining lots under the mortgage were sold and there are now no lots remaining under the mortgage. There is, however, sufficient cash on deposit with the Trustee to permit a distribution to Bondholders of 8.1%, after paying accrued fees and expenses amounting to approximately $1,250.00.

This distribution of 8.1% or $81.00 on each original $1,000.00 bond, will be the final liquidation made on this bond issue and will apply on the accrued interest as a whole rather than upon any particular coupons.

Therefore, if you are still the owner of a bond or Certificate of Deposit you may secure aforementioned 8.1% distribution by submitting your bond, with the Nov. 1, 1932 and subsequent coupons attached, or Certificate of Deposit to the Detroit Trust Co., 201 West Fort St., Detroit, Mich., in care of the Reorganization Division, Windows Nos. 9 or 10 on the first floor, whereupon your bond or Certificate of Deposit will be retained and canceled inasmuch as this distribution represents the final liquidation on this issue.

Meyering Land Co. (Woodward Hills Subdivision). The Detroit Trust Co., Detroit, Mich., informed us as follows on Dec. 1, 1943:

To the owners of Bonds or Certificates of Deposit of Meyering Land Co., 6% Gold Bonds, dated Nov. 1, 1927, (Woodward Hills Subdivision):

We are now in a position to make the final distribution of $25.00 per $1,000.00 bond of this issue.

In order to collect your share of the distribution and as this is the final distribution, you must forward your Certificate of Deposit, preferably by registered mail, or make delivery thereof in person to: Detroit Trust Co., Reorganization Division, 201 West Fort St., Detroit, Mich., endorsed in the exact manner in which your name appears on the face of the Certificate. Payment will then be made by check to the holder of the Certificate. If payment is to be made to someone other than the registered holder, the certificate must be accompanied by duly executed instruments of assignment and transfer, with signatures of the assignors or transferors guaranteed by a bank or trust company. If, however, you are the holder of a Bond, you may secure this distribution by delivering your Bond personally or by registered mail to the above address.

Michigan & Arizona Development Co. Incorporated in Arizona. The Helvetia Oil Company, located at 89 Broad street, Boston, Mass., informed us on August 11, 1943, that this company holds 38 shares of stock of the Helvetia Copper Company. They also informed us that the address of the company is 907 Metropolitan Life Bldg., Minneapolis, Minn., but believes that the company has no existence at this time. Charter expired December 6, 1927.

Michigan & Arizona Development Co. Incorporated in Arizona on December 6, 1902, and its charter expired by limitation on December 6, 1927. Due to the fact that the only asset this company held was 38 shares of Helvetia Copper Company, and this stock was liquidated at 14c. per share, we would assume that the company did not have sufficient assets to formally dissolve the company. The shares, in our opinion, are without value.

Ref. Mortgage 5% (Income) Bonds Dated 8-1-1931.

The Detroit Trust Company, Detroit, Michigan, informed us as follows on September 22, 1943:

To the Holders of Michigan Terminal Warehouse Company Refunding Mortgage 5% (Income) Bonds dated August 1, 1931:

The plan of reorganization of Michigan Terminal Warehouse Company has now been completed. Under the terms of the plan each bondholder is entitled to receive 5% Collateral Trust Debenture Notes and Common Stock of the newly organized company, Warehouse & Terminal Corporation, at the rate of four hundred dollars par value of Debenture Notes and six hundred dollars par value of common stock in exchange for each one thousand dollars par value of Michigan Terminal Warehouse Company Refunding Mortgage 5% Income Bonds.

The new securities are now available at the Detroit Trust Company. Each bondholder who holds a certificate of deposit for his Michigan Terminal Warehouse Company bonds should mail or deliver such certificate to the Detroit Trust Company, Depositary, 201 West Fort Street, Detroit, Michigan. If you want the new Debentures and stock registered in the name appearing on the Certificate of Deposit, you need not endorse the Certificate, but if the new securities are to be issued in some other name, the Certificate must be endorsed, the signature guaranteed and the Federal tax paid. The new securities will be mailed as soon as they can be issued and registered in the proper name.

Any bondholder who did not deposit his bonds with the Bondholders' Committee can obtain the new securities by delivering such bonds to Detroit Trust Company, Depositary.

Your Bondholders' Committee will be discharged of its duties in the very near future. You may readily obtain any information that is available by addressing a communication to the Secretary of the Committee.

Very truly yours,
Bondholders' Protective Committee

Midland Railroad Co. of N. J. Mr. E. L. Keller, Treasurer of the New York, Susquehanna and Western Railroad Co., located at 160 Market St., Paterson, N. J., informed us as follows on June 18, 1943:

In reply to your inquiry of the 21st ultimo addressed to Mr. E. L. Keller, Secretary and Treasurer for the Trustee of New York, Susquehanna and Western Railroad Company, with reference to the value, if any, of Midland Railroad Company of New Jersey Series B Income 6s of 1950 held by an institutional client of yours, I would advise that Midland Railroad Company of New Jersey Income Bond Classes A and B and Scrip No. 1 and No. 2 were issued under the Plan of Reorganization of the New Jersey Midland Railroad Company (the predecessor company of the Midland Railroad Company of New Jersey), the railroad and property of which company were sold on February 21, 1880 under foreclosure of mortgage dated August 1, 1870 given by the New Jersey Midland Railroad Company to George Opdyke, Abram S. Hewitt and George S. Coe, Trustees, as security for the issue of $3,000,000 of 7% Bonds payable August 1, 1895. The Midland Railroad Company of New Jersey was consolidated with other companies under Articles of Agreement of Consolidation dated May 26, 1881, forming the first The New York, Susquehanna and Western Railroad Company. The consolidation was followed by the consolidations of December 22, 1882, forming the second company of that name, and of April 5, 1893, forming the third and present New York, Susquehanna and Western Railroad Company.

These Income Bonds were not secured by any mortgage or indenture and by the provisions of the reorganization plan under which the Midland Railroad Company of New Jersey was organized and the Income Bonds were issued, they were subordinated to the common capital stock of that company as to participation in earnings; and as to the terms and conditions under which they were issued, as recited on the face thereof: I would advise that it appears that there have been no net earnings of the Railroad formerly of the Midland Railroad Company of New Jersey applicable to the capital stock of that Company or its Income Bonds Classes A and B and Scrip No. 1 and No. 2. The only value which these Income Bond certificates apparently have had was under provisions made by the successor New York, Susquehanna and Western Railroad companies for the conversion thereof into common capital stock of the successor companies, common stock having been set aside in a trust fund for that purpose.

Inasmuch as the pending Plan of Reorganization of the New York, Susquehanna and Western Railroad Company in proceedings in the United States District Court for the District of New Jersey under Section 77 of the Federal Bankruptcy Act makes no provision for participation in the reorganization by the holders of capital stock of the Debtor Company, it may be that the exchange privilege will become valueless. It has not been brought to our attention that any holders of these Income Bonds filed claims in the N.Y.S.&W. reorganization proceedings. As to such action and how they were classed as creditors, if any, the Trustee, Mr. Henry K. Norton, 140 Cedar Street, New York, N. Y. is in a better position to advise you.

Yours very truly,
(s) Geo. A. W. Achenbach
Secretary, N.Y.S.&W. R.R. Co.

Press report Sept. 29, 1944:

Philadelphia, Sept. 29.—The Securities and Exchange Commission has approved in modified form, the reorganization plan of the Midland United Company and the Midland Utilities Company.

One of the changes increases the new stock allocated to prior lien stock of Midland Utilities to one-half share of Midland Realization Company new common instead of three-tenths of a share. Other modifications provide for a more rapid payment of the settlement reached with secured creditors and make possible a prompt merger of Midland United Company, after its name has been changed to Midland Realization Company, into its subsidiary, Midland Utilities Company.

Five Percent. Mortgage Gold Bonds.

The mortgage under which these bonds were issued was foreclosed and in accordance with a court decree made on the Tenth day of January, 1929, a payment of $247.87 was made on each $1,000. bond.

We have no other information regarding the company but it would appear that any of its stock would be valueless, inasmuch as sufficient funds were not realized from the foreclosure sale to pay the mortgage bonds in full.

Mission Playhouse Corp. Inc. California on May 17, 1926, and lost its charter in 1934. Mr. Charles W. Partridge, one of the incorporators of the company, located at 920 Pacific Finance Bldg., Los Angeles, Calif., informed us as follows on April 2, 1943:

It has been many years since I had any connection with the Mission Playhouse Corp. As I recall, the first mortgage on the Playhouse was taken by the Pacific Mutual Life Insurance Co., at 523 West Sixth St., Los Angeles. No doubt a letter directed to their investment department would give you the present condition of the company. Off hand I doubt if there is any value in the stock as the Playhouse was set up more or less as a public undertaking and the payments made were understood to be in the nature of contributions rather than investments.

Missouri Pacific Railroad Co. Press report July 19, 1944:

Washington, July 18 (AP)—The Interstate Commerce Commission issued today a modified reorganization plan for the Missouri Pacific Railroad Co. that substantially follows a compromise plan introduced last October.

Major modifications of the new proposal, compared with a plan originally issued by the Commission in 1940, follow:

1. Distribution among senior classes of creditors of $30,574,095 in cash, the greater part in compromise settlements of parts of their claims for accrued and unpaid interest.
2. Parts of the claims of the Reconstruction Finance Corp., and of J. P. Morgan and affiliated banks, representing interest accrued and unpaid on their claims since the filing of the bankruptcy petition, to be settled in

cash on the basis of a 4 per cent annual interest rate instead of 3½ per cent.

3. Provision is made for distribution of cash among creditors prior to consummation of the plan.

4. Junior creditors, including stockholders of the New Orleans, Texas & Mexico Railway Co., will receive warrants entitling them, for a period of ten years after consummation of the plan, to purchase new class B no-par common stock at $100 a share, in addition to the reorganization securities to which such creditors and stockholders are entitled under the plan. Provisions of the compromise plan of warrants to Missouri Pacific Railroad Co. preferred and common stockholders are not approved.

5. Effective date is changed from Jan. 1, 1940, to Jan. 1, 1943.

Total capitalization is fixed at $560,480,000, compared with $562,298,400 in the former plan. The capitalization would be increased, however, by the amount of common stock that may be issued to satisfy general unsecured claims, and by the issuance of warrants for the purchase of class B common.

Of the total capitalization, $193,507,000 would be fixed interest debt, carrying specific annual charges, compared with $309,480,000 in the earlier plan.

The fixed interest debt includes $15,755,000 of equipment obligations, $591,000 of Plaza-Olive Building first mortgage bonds, $10,352,000 of ten-year collateral 3½ per cent notes, and $166,809,000 of first mortgage bonds. Annual fixed interest would total $7,289,735.

Fixed and contingent charges would total $15,869,836. This, plus $2,885,841 of preferred dividends, makes a total of $18,755,677 in annual charges prior to payment of common dividends.

The original reorganization plan was disapproved by six of the sixteen classes of claimants.

The dissatisfied interests appealed to the United States Circuit Court of Appeals, which never ruled on the plan's merits, but returned it to the United States District Court following Supreme Court decisions in two other reorganization cases. The District Court then returned the plan to the I.C.C. for further action in line with the Supreme Court's decision.

Missouri Pacific R.R. Co. Press report Sept. 7, 1944:

Washington, Sept. 7—The Missouri Pacific Railroad Co. in a petition filed with the Interstate Commerce Commission said today a plan of reorganization approved by the ICC on July 4 was "unlawful" because the plan declared company stock to be without value and not entitled to "share in the distribution of the trust estate." "To the stockholders this plan now issued will seem to be another Missouri compromise," the petition said. The company asked for a modification of the plan "to recognize that the stock has substantial value and equity." It requested oral argument on its proposal.

The petition asserted that under the law "it was the Congressional intent that in such a case as we now have, where their issuance involves no increase in capitalization and no dilution of values, warrants should be issued to the stockholder."

Montana Coal & Coke Company of New Jersey. Incorporated in New Jersey on April 11, 1899, and forfeited its charter on March 10, 1913. The Central Hanover Bank & Trust Company, 70 Broadway, New York City, informed us with respect to the Montana Coal & Coke Company 6% First Mortgage Bonds due June 1, 1920, the property of said company was sold under foreclosure of the First Mortgage about 1913 and the proceeds from such sale were not sufficient to pay Receivers' Certificates and expenses of the fore-

closure proceedings. The bonds are therefore without value.

Montana Coal & Coke Co., The. A West Virginia Corporation, was licensed to transact business in New Jersey October 29, 1897, and said license was revoked August 1, 1904.
The principal office in this State was located at 76 Montgomery St., Jersey City, N. J., and L. Wertheim was the registered agent.

Montana Consolidated Copper Co. Incorporated in Maine on June 13, 1906, as the International Copper Company, and was located at 42 Broadway, New York City. The company changed its name to Montana Consolidated Copper Company in 1907. The company's property was idle since 1908. A voluntary petition in bankruptcy was filed in June, 1922. The venture was classed as a stock jobbing proposition. The company was suspended in 1923. The shares are worthless.

Montana Fruit Ice Co., Inc. N. Y. 1936.

Montana-Hecla Mining Co. In 1939 it was reported that this company held certain claims in Madison County, Montana. However, the tax assessor of Madison County informed us that the company was not on the tax roll in December, 1940. On this information alone we believe the shares are worthless.

Montana National Bank, Helena, Mont. See 1943 Issue.

Montana Tonopah Company Reorganized. Incorporated in Delaware on March 8, 1923. The company held 39 claims in Tonopah District, Nye County, Nevada. In 1924 work began at the mine and by July, 1925, the shaft was 1,800 feet deep, but two months later all work except pumping was suspended. In March, 1930, the company's claims were advertised for sale by the sheriff, according to Mines Handbook. The Trustee for the bondholders found it necessary to foreclose. The sale was June 27, 1930. The company lost its charter in 1933. We found no value to the stock.

Montreal Aircraft Industries, Ltd.

The company reported the following on January 21, 1943.

You will have received a Notice of a Special General Meeting of the Shareholders of the Company called for the 28th of August, 1942, the information that the Company proposed to dispose of all its assets and to distribute the proceeds from the sale among its shareholders and surrender its charter.

Since that time the sale of all the assets of the Company has been consummated, as authorized by the Shareholders on the 28th of August, 1942.

To date the Company has deposited with the Crown Trust Company sufficient of the proceeds of the sale of its assets to permit an interim distribution of Eight Dollars ($8.00) per share.

If and when all outstanding accounts have been collected an additional distribution will be made which should amount approximately to a further twenty cents (20c) per share.

In order to receive the amount of the interim distribution it will be necessary for you to send your stock certificate, or certificates, to the Crown Trust Company, 393 St. James Street West, Montreal, and upon payment to you, an endorsement will be made on your certificate of the amount of the interim distribution.

If, as, and when a further distribution is made, you will be called upon to forward your certificate again to the Crown Trust Company for surrender.

The directors have been advised by the Department of National Revenue that as this distribution does not consist of income in the hands of the Company, the amount distributed will not be taxable in the hands of the Shareholders under the Income War Tax Act.

The Transfer Books of the Company have been closed as of this date.

National Bank of Kansas City, Missouri. This bank was declared insolvent and placed in the hands of a Receiver on March 18, 1895, and a final report was submitted to this office and the receivership was closed on July 1, 1908 after the payment of dividends aggregating 109.30% to all creditors who proved their claims. Two assessments, one of 16% and the other of 7% or a total of 23%, were levied against the stockholders by the Comptroller of the Currency on February 25, 1899. As creditors of the receivership did not receive, in addition to the principal due on their claims, interest in full at the legal rate in the State of Missouri to date of final settlement but only partial interest, and as an assessment was levied against the shareholders, stock in said bank is of no value.

National Bank of the Republic of Philadelphia (Charter No. 1647). The Comptroller of The Currency, Washington, D. C., informed us as follows on April 15, 1942:

Receipt is acknowledged of your letter of April 13, and in reply you are advised that The National Bank of the Republic of Philadelphia (Charter No. 1647), Philadelphia, Pa., was placed in voluntary liquidation by its shareholders on January 11, 1898 in the manner provided by law and at that time William H. Rhawn was President and Joseph P. Mumford was Cashier.

The file in connection with this liquidation contains no reports showing the progress made in the liquidation, however, on March 19, 1915, Mr. Edward W. Mumford, son of Mr. Joseph P. Mumford, deceased, advised that so far as he knew three distributions had been made to the shareholders on their stock amounting to a total of $55.55, on each share.

Mr. Mumford's address at that time was 925-927 Filbert Street, Philadelphia, Pa., and it is possible that information concerning the stock in question can be obtained from him.

National Guarantee and Finance Co. At a meeting of the directors held Aug. 18, 1943, a committee of three of the directors was appointed to secure offers for the purchase of the three classes of stock outstanding. In December the Colonial Finance Co. made an offer which was submitted to the shareholders, and on February 1, 1944 more than two-thirds of each class of shareholders consented to the sale, and up to the last report which was about March 1, 1944, all of the preferred stock had been surrendered except one share which had been lost and that was in process, and eight shares of the No Par Common, five shares of which are held by a gentleman in the Army. Several changes have been made in the capital structure and that the 7% First and Second Preferred Stock of the company was ordered converted into other stock on May 12, 1936. All inquiries should be directed to Mr. J. F. Solomon, Secretary-Treasurer, 212 N. Elizabeth Street, Lima, Ohio.

A Corporation et al, Defendants.
In Equity 1889

Petition of Marvyn Scudder Manual of Extinct and Obsolete Companies, Inc. To participate in dividends to Bondholders of National Motors Corporation (Associated Motor Industries, Inc.)

Respectfully represents Marvyn Scudder Manual of Extinct and Obsolete Companies, Inc., a corporation duly organized by law and having a usual place of business in the City and State of New York, and says that it is the holder of eighteen thousand dollars ($18,000) face value of 7½% bonds of Associated Motor Industries, Inc. (National Motors Corporation) Series A, and that said bonds are numbered M388 to and including M395; M282 to and including M289; M446; M450. That there are no coupons attached to these bonds.

Your petitioner says that it has recently come into possession of said bonds and that it has been informed that a Receiver was appointed to liquidate the assets of said National Motors Corp. within the Districts of Indiana for the reasons set forth in the bill of complaint on file in this case, and further says that it has not owned or controlled the said bonds until the present time and has not therefore been able to present said bonds for the payment of dividends ordered to be paid by the Receiver by orders and decrees of this Honorable Court. And your petitioner further says that it has received no part or the full amount of the dividends declared to be paid upon said bonds by order of the United States District Court for the District of Indiana.

Wherefore your petitioner prays that it may be allowed to become a party to this action and that the Clerk of the United States District Court for the District of Indiana be ordered to pay to it the distributive share of the proceeds from the sale of the assets of said National Motors Corporation now in the hands and possession of this Honorable Court to which the said bonds now held by the petitioner are entitled, namely the sum of two hundred twenty-six dollars and forty-four cents ($226.44) minus the filing fees and commission due the Clerk amount to —— and that the said bonds be cancelled.

National Tunnel & Mines Co. Press Report March 12, 1944:

National Tunnel and Mines and Utah Metal Agree on Terms

The National Tunnel and Mines Company, a subsidiary of the Anaconda Copper Mining Company, and the Utah Metal and Tunnel Company, have agreed upon terms of merger, it was announced here yesterday. Under the plan, National Tunnel would change the par value of its stock from no par to $1 a share and then would exchange one share for every four shares of Utah Metal. The properties of the two companies adjoin each other in the Bingham mining district in Utah. Utah Metal and Tunnel has not operated for many years and it is without funds for development work. National Tunnel and Mines, however, has increased its production of copper, lead, zinc, silver and gold steadily and is reported to be well equipped with shafts and underground workings to develop the properties.

Navassa Phosphate Co. (New York). Mr. V. LeYoung Ardiff, 4037 Roscoe Street, Chicago, Illinois, informed us as follows on July 18, 1939:

On checking the SCUDDER MANUAL, I (1926), p. 838, I was interested to find

"Navassa Phosphate Company. Incorporated New York. Capital $3,000,000; par, $100. Treasurer, W. F. Lawton. Office in New York in 1893. Dispossessed by United States Government. No value found for stock in June, 1915, for inheritance tax."

I have for quite some time been much interested in this island, its diplomatic and commercial, as well as historical aspects–as you no doubt know, the sole use of this barren rock at the present time is as an automatic light house in the entrance to the Windward Passage–and in this connection I have been building a considerable file of documentary material, both from what is readily available on the record as well as through my own initiative and researches. I intend to some day bring out a thorough monograph in the matter, either at my own expense or through the media of one of the university or other institutional presses.

From you remarks above, it would appear that possibly you have something in the way of a file on the aforecited company, and in such connection would appreciate your advising what the extent and scope of said report might be. Although I doubt very much whether it would contain anything new to me, nevertheless, it would be of interest to know whether a transcript of such file, in its entirety, might be forthcoming for addition to my own file, either as a matter of courtesy, in the interests of historical research, as a non-commercial matter, or otherwise, and if so, what, if any, cost would be involved to me.

Do you hold anything in the way of old share or stock certificates of the aforenoted firm, and if so are they available for disposal or sale, and at what price? Or, if you don't have them yourself, can you suggest some one who does, e.g., the estate or heir for whom your report was made in an inheritance tax matter in 1915?

As to myself, if you desire a reference, I can give you the Registrar, CHICAGO-KENT COLLEGE OF LAW, Chicago, Ill., as I have been enrolled here since finishing college courses in Sept., 1936. Have not attended as yet, owing to circumstances intervening, but hope to get back this Fall. Or, if you prefer, Willard O. Wylie, former Massachusetts state legislator and one-time mayor of Beverly, Mass., now editor of the more than 50-year-old MEKEEL'S WKLY Stamp News, published by Severn-Wylie-Jewett Co., Portland, Maine. Mr Wylie can be reached at 31 Pierce Ave., Beverly, Mass. I have contributed bits to his collectors' journal for some years, as I was at one time an enthusiastic stamp collector. Although I no longer collect them, I do write about them occasionally, and I am sure Mr. Wylie will be glad to assure you that my interest in historical researches is serious and sincere in every respect.

In July, 1939, the Salt Lake Stock Exchange at Salt Lake City, Utah, where the shares had been listed, made application to the Securities and Exchange Commission at Washington, D. C., to strike from listing and registration the company's capital stock. The commission ordered a hearing on this application which was held Wednesday, August 16, 1939 at Denver, Colorado, before Howard N. Lary, an officer of the commission. On September 11, 1939 the trial examiner filed with the Securities and Exchange Commission his trial examiner's report (file 1-2634-) and on September 25, 1939 the commission ordered that the application of the Salt Lake Stock Exchange to strike from listing and registration the capital stock of the company be granted, effective that date.

All the property of the company was sold at Sheriff's Sale in Yavapai County, Arizona, in December, 1938 for debt, and period of redemption expired July, 1939. The stock of the company is without value and transfer of shares has been discontinued. Individuals holding orders previously issued by the Wenden Copper Mining Co. for stock in Nellie Meda Gold Mines and individuals holding Wenden Copper Mining Co. certificates for shares, who were entitled to receive Nellie Meda Gold Mines shares under the decree of dissolution of Wenden Copper Mining Co., should charge off as a total loss. Both the Wenden orders and the Wenden certificates for the stock is without value and was without value as of July 30, 1939.

December 10, 1943.

To the Owners of Bonds and/or Certificates of Deposit of the Above Described Issue:

Subsequent to the last distribution to Bondholders of 5% made on Nov. 30, 1942, sufficient funds have accumulated to warrant the immediate distribution of a 5% principal liquidating dividend amounting to $50.00 on a bond with an original par value of $1,000.00. After this distribution, the unpaid principal balance on a $1,000.00 bond will amount to $525.00, there having been four previous principal liquidating dividends totalling 42½%. In order to secure your distribution, please present your Bond(s) or Certificate(s) of Deposit for endorsement to the Detroit Trust Co., Depositary, 201 West Fort St., Detroit, Mich., to the attention of the Reorganization Division on the first floor whereupon your Bond(s) or Certificate(s) of Deposit will be returned to you with a check in the amount of $50.00 for each $1,000.00 Bond or Certificate of Deposit presented. Very truly yours, Bondholders' Protective Committee.

New Jersey Title Guarantee & Trust Co. Vice Chancellor Henry T. Kays has authorized payment of additional dividends on interest and principal, amounting in all to $537,138, to holders of first mortgage participation certificates issued by the now defunct New Jersey Title Guarantee and Trust Co. The bank has been in liquidation since February, 1939.

State Banking Commissioner Eugene Agger, as liquidator of the bank, will distribute a 15 percent dividend, amounting to $514,500, out of cash on hand accredited to principal, and a 3 percent dividend, amounting to $22,638, out of cash on hand allocated to the interest account.

In addition to authorizing the dividends, Vice Chancellor Kays approved the fourth annual report of the liquidation of the certificates as prepared and submitted by the liquidator.

Action on applications for a liquidator's fee and counsel fees was deferred until Monday by the court. Commissioner Agger requested $12,000 for the "reasonable cost of administration."

At the hearing yesterday Counselor Harry Lane, speaking for himself and 10 other lawyers or law firms who represent certificate holders, asked the court to grant his group a fee of $20,000 for their services in connection with the liquidation during the past year.

Former Sen. John Milton, appearing as attorney for Federal Deposit Insurance Corp., the largest single creditor of the defunct bank, announced he had been asked by FDIC officials to request a postponement in action on the fees to permit the federal agency an opportunity to examine the affidavits submitted by attorneys in connection with their request for the fees.

Vice Chancellor Kays acceded to the request and deferred action until Monday.

New Mexico Mines Corp.

The following letter was sent to us by Mr. H. M. Thrall, dated February 13, 1944, on the letterhead of the U. S. Naval Air Station, Alameda, California: "Your inquiry addressed to Thomas F. Ryan, 3rd, dated January 25, 1944, relative to New Mexico Mines Corporation, was forwarded to the undersigned, formerly associated with Thomas F. Ryan who is serving with the Armed Forces in the South Pacific. New Mexico Mines Corporation was dissolved, in accordance with the laws of the State of New Mexico, early in 1935, the company then having no assets and it's only book account being a liability to Thomas F. Ryan, 3rd. Judge Henry B. Shettler of Silver City, New Mexico, handled the necessary legalities, and it was my thought that all stockholders had been advised. The company was almost entirely owned by Ryan and a few close associates.

If you feel free to do so it would be interesting to the undersigned to know in behalf of whom your inquiry was made."

New Way Canning Machinery Co., Hanover, Pa. The following was reported by the Evening News of Buffalo on Feb. 5, 1944:

Niagara Falls, Feb. 5.—The Chisholm-Ryder Co., Inc. has purchased the New Way Canning Machinery Company of Hanover, Pa., William deBack, vice president and general manager of Chisholm-Ryder, announced today. The purchase of the Hanover company will add to the Niagara Falls company's line of food-processing equipment "a completed range of labelers, boxes, casers, can elevators, can-feed tables, inverters and unscramblers used in the canning, paint, oil, drug, chemical and cosmetic industries." Mr. deBack said.

The Hanover plant will be known as the New Way Division. Edward A. Abendschein Jr., former production engineer for Chisholm-Ryder, has been named manager of the Hanover plant.

New York, Lackawanna & Western Railway Co.

Washington, April 6, 1944 (AP)—Interstate Commerce Commission examiners recommended today that the ICC authorize a merger of the properties of the New York, Lackawanna & Western Railway Co. into the Delaware, Lackawanna & Western Railroad Co., with the latter railroad in control.

The examiners' report said the proposed merger would insure continuation of a transportation service which has been in existence many years.

It recommended that the Delaware, Lackawanna & Western be authorized to issue certificates of deposit not exceeding 98,320 shares of the capital stock of the New York, Lackawanna & Western, not exceeding $5,899,200 of first and refunding mortgage 5 per cent bonds, Series C, and $3,932,800 of income-mortgage bonds both of the New York, Lackawanna & Western division, and scrip certificates representing fractional interests in the bonds.

The controlling road also would assume liability for payment of principal and interest of $23,639,000 of bonds of the New York, Lackawanna & Western.

New York, Lackawanna & Western Railroad Co. Press report Sept. 27, 1944: Stockholders of the New York, Lackawanna & Western Railroad, at a special meeting today, ratified the merger agreement made with the Delaware, Lackawanna & Hudson on Nov. 10, 1943. The Interstate Commerce Commission approved the merger on May 15 this year.

Under the agreement, present holders of New York, Lackawanna & Western $100 par stock would receive in exchange $60 of the road's first and refunding Series C 5s and $40 of second mortgage income 5s. The outstanding A and B bonds will be assumed by DL&W. Interest on the new first 5s will be retroactive from July 1, 1942, when stock dividends ceased.

DL&W plans to issue $5,899,200 new C bonds and $3,932,800 additional income bonds to cover the exchange. Bonds of the leased company held by DL&W will not participate in the refunding.

The entire plans also calls for a merger, still to be voted, of the Morris & Essex Railroad, Lackawanna Railroad of New Jersey and the Utica, Chenango & Susquehanna Valley Railway with the Delaware carrier. Absorption of the leased lines is designed to aid in the settlement of pending tax litigation and to reduce the fixed charges of the system.

The ICC approved the Jersey Lackawanna merger on Sept. 16 and authorized issuance of $10,580,000 new first mortgage bonds, subject to stockholders' ratification, to cover the stock exchange. The Utica line joined with DL&W in a merger application to ICC on Aug. 28, on which action still is pending. No application has as yet been made to the ICC on the Morris & Essex merger agreement.

New York, New Haven & Hartford Railroad Co. Press report March 8, 1944: New Haven, March 8.—Calling the terms "fair and equitable," a Federal Court judge today approved the New York, New Haven & Hartford Railroad Co.'s amended reorganization plan which would wipe out present common and preferred stock values and set a new price of $7,111,622 for Old Colony Railroad, now under a 99-year lease to New Haven.

The plan, virtually approved last December, calls for an additional $1,631,327 in first and refunding bonds and $1,422,459 in income bonds to be issued for the purchase of Old Colony. In addition, $857,143 in first and refunding bonds and $642,857 in income bonds will be reserved for Old Colony creditors, contingent on 1943 earnings. The plan also would cut gross debt from $541,000,000 to $376,000,000, and would provide for a decrease in annual interest and lease charges from $16 million in 1935 to about $6 million.

New York State Holding Co., Inc. Incorporated in New York on August 19, 1927, and was dissolved on December 15, 1938 by proclamation. Mr. Walter B. Smith, a former officer of the company, located at 17 East 45th Street, New York City, informed us on November 23, 1942, that the company failed as a result of the market crash in 1929. The company borrowed a lot of money from the banks on the strength of their collateral. When the crash came the market value of the collateral was not sufficient to cover the loans. As a result the banks called in the demand notes and foreclosed on the collateral. The collateral brought less than the amount of the notes. There was no equity for the capital stock, which is without value.

Noble, Chas. F., Oil & Gas Co. Incorporated in Delaware on May 14, 1918, and changed its name to Noble Oil & Gas Co. on June 19, 1924. The latter company lost its charter on April 1, 1932. The last known address of the company was 608 Wright Bldg., Tulsa, Okla., in 1929. A letter addressed to Mr. R. B. Martin, former Assistant Secretary and Treasurer of the company, now located at 1707 W. Easton Place, Tulsa, Okla., has not been answered nor returned. We found no value to the stock. Volume VI of our manual reports that the company was reported out of business in 1929.

Noble Consolidated Silver Mining Co. Incorporated in New York on April 29, 1880 and was dissolved by proclamation of the governor published April 2, 1924. The certificate of stock indicates that the mine was located at Leadville, Colorado. In a survey we made of all mines in 1939, we found no properties in this company's name. It is our opinion that the shares are without value.

North American Gas & Electric Co. Press report January 13, 1944.

The North American Gas and Electric Company's plan of liquidation and dissolution has been approved by Judge Paul Leahy in the United States District Court in Wilmington, Del., the Securities and Exchange Commission announced today.

The plan, which also provides for the liquidation of a wholly owned subsidiary service company, the Globe and Eames Company, Inc., was approved previously by the commission. All assets except the common stock of the Colonial Ice Company, Greensboro, N. C., will be converted into cash and distributed with the Colonial stock among holders of North American Gas debentures.

The court and the SEC held that there is no equity for stockholders of North American Gas and Electric Company.

North Meadows Ass'n of Hartford, Conn. Press report August 1, 1944: A motion for permission to dissolve the North Meadows Association of Hartford, which was organized in 1768, has been filed in the Superior Court by the four members who now comprise the association, Andres Christiansen of Windsor and William Mather, Fannie L. Mather and Sarah L. May, all of Hartford. Judge John A. Cornell is expected to decide the matter in September after the petitioners furnish him with a copy of the original resolution of the association, which provided for establishment of a road through the meadows to be held in perpetuity by the owners of the meadows land. The resolution is believed to be filed in the early records of New Haven where the members met to form the association. The remaining assets of the association consist of cash in banks.

O'Brien, Michael E. 6% Coll. Trust Notes Dated April 1, 1929, Not Deposited Under Protective Agreement Dated May 10, 1933.

The Detroit Trust Co., Detroit, Mich., informed us as follows on May 29, 1944:

Complete liquidation in connection with the above issue has been accomplished through the sale of the only remaining asset consisting of impounded funds having an unpaid balance of $4,281.18. From avails thereof plus a small balance in cash previously held, less expense of distribution, there is now available a final liquidating payment of $6.00 on each $1,000.00 Note.

In order that you receive this payment it will be necessary for you to forward notes to

Detroit Trust Company, Reorganization Dept., 201 West Fort Street, Detroit 31, Mich.

Because this is a final liquidating payment, and since there is no possibility of further recovery for the noteholders, (all assets having been liquidated), the notes will be of no value whatsoever after this payment is made. We, therefore, propose to retain the notes and cancel them, unless any note-holder instructs us in writing to return the same, and provides postage for the return thereof.

Onondaga Hotel Corp., Syracuse, N. Y. Press report Feb. 23, 1944:

As an immediate sequel to the decision of Judge Frederick H. Bryant in United States court yesterday, holding Onondaga Hotel Corp., operators of the Onondaga, insolvent and rejecting two reorganization plans, notices will be forwarded to stockholders today for a meeting March 6 at the hotel.

The purpose is to elect a board of directors which will determine what course stockholders shall pursue in the face of Judge Bryant's insolvency finding.

An election of directors has not been held since Jan. 21, 1939, when the hotel began operating under provisions of the Chandler act providing for corporate reorganization. Judge Bryant's order yesterday authorizes the meeting.

There has been no active board during the period intervening since 1939 and Robert Dey, who was its president, has died.

Majority Stockholder

Robert M. Meyer of Birmingham, Ala., operator of a chain of hotels, and the Mokava Corp., which he controls, comprise the majority stockholders. It was reported some time ago that Meyer has an option on 4,000 shares owned by Chase National Bank of New York City. Outstanding are 9,994 shares of a 10,000 share authorized issue.

The two plans scrapped by Judge Bryant's rejection were offered by Meyer and by T. Frank Dolan, Jr., Syracuse attorney, holder of a $364,000 mortgage purchased from Onondaga County Savings Bank for $291,000. Judge Bryant's decision describes Laurence Sovik, an attorney, as "admittedly a part owner" of it.

The decision, however, allows new plans to be filed by Tuesday, and if none is offered, Judge Bryant has power to either dismiss the reorganization proceedings or declare the operating corporation bankrupt with customary procedure and an eventual sale resulting.

Murray Praised

The decision compliments H. Loomis Murray, trustee, saying the hotel has operated profitably under his supervision, and that in addition to ordinary upkeep and repairs, approximately $260,000 was spent for improvements and rehabilitation of the Onondaga with the costs met from earnings.

Judge Bryant ruled stock of the Onondaga Hotel Corp. is without value.

Onondaga Hotel, Syracuse, New York. The following was reported on March 19, 1944:

A plan of reorganization of the Onondaga Hotel offered by T. Frank Dolan and Laurence Sovik, owners of a first mortgage on the main hotel property, formerly held by the Onondaga County Savings Bank, was approved by Judge Frederick H. Bryant at a hearing of the case in federal court here yesterday.

Judge Bryant chose the Dolan plan in preference to one submitted by Martin and Langan on behalf of Robert M. Meyer of Birmingham, Ala. However, it is reported that an appeal will be made by them when an order is issued. The judge adjourned all matters in the hotel case until April 10.

Judge Bryant referred to Sovik's purchase of half of the Onondaga County Savings Bank's mortgage, for which it had been contended, Sovik, as an attorney appearing in the case, should only receive purchase price, rather than full value as a first mortgage holder.

It cannot be said, Judge Bryant held, that either Mr. Dolan or Mr. Sovik took advantage of any party in the purchase of the mortgage, since the bank was not under any financial stress and from the beginning of the proceeding was represented by able counsel, participating in all conferences and hearings.

Options Offered

Bank representatives were conversant with the property, its condition and prospects and there could not have been any concealment nor deception, the judge ruled.

Under the Dolan plan, two options are offered to holders of participation certificates in the First Trust and Deposit Co. mortgage, one being payment of the principal of the mortgage in full in cash plus 3 per cent interest in cash and 3 per cent interest to be paid in preferred stock, the interest to be computed from May 1, 1937. A new company would be organized.

The other calls for the new company to obtain a new mortgage, pay off the principal of both first mortgages and if funds are insufficient to meet the payment, the remainder to be paid through moneys obtained from a second mortgage.

Holders of the Dolan mortgage would receive common stock in full for all past due interest at 6 per cent a year. In addition all administration expense would be paid in cash.

To Make Provision

Judge Bryant approved the Dolan plan as fair, feasible and workable. If upon presentation a majority of only one class fails to accept the approved plan, he stated he will be inclined to make findings of value and provide protection for the non-acceptors.

Such findings, he concluded, can be readily based upon the evidence taken in the so-called insolvency hearing and the case records.

Under the Dolan plan bondholders would receive 50 cents cash and the right to subscribe for one share of common stock for each bond at $100 a share.

Oom Paul Consolidated Mining Co. Report to shareholders April 16, 1940:

Wallace, Idaho
April 16, 1940

To the Shareholders of
Oom Paul Consolidated Mining Co.

It is with deep regret that you are advised of the death on March 6, 1940, of James F. McCarthy, President, Treasurer, and General Manager of this company.

Mr. McCarthy's death not only leaves a vacancy in the various offices he held in the company, but it also reduces the directorate to two.

The last shareholder's meeting of this company was held May 1, 1916, at which time James F. McCarthy, F. H. Richardson, J. B. Sloan, Walter McKay and Edward Ryan were elected directors. Mr. Sloan and Mr. Ryan are the two surviving members of the board.

The last meeting of the Board of Directors was held June 23, 1917. At that time a large amount of development work had been done without finding commercial ore and the results were so disappointing that it was decided to suspend operations, and the property has been idle since then.

However, the Oom Paul Consolidated Mining Co. has a remote asset in its three thousand foot tunnel that may at some time be of some value to the owners of adjacent mining claims. For this reason it is desirable to keep the company alive and in good standing, and in order to elect a complete board of directors we are enclosing herewith notice of annual meeting of shareholders, together with proxy to be signed and returned in case you do not anticipate attending the meeting. Also enclosed herewith is Balance Sheet as of Dec. 31, 1939.

Yours truly,
L. E. Hanley,
Secretary.

Owen-Oregon Lumber Co. Incorporated in Delaware on Feb. 28, 1924, and qualified in Oregon on May 22, 1924. Mr. E. C. Gaenalen, of the Medford Corp., 208 S. La Salle St., Chicago, Ill., informed us as follows on our request for information: "We wish to inform you that as far as we know, the common stock of Owen-Oregon Lumber Co., has no value. In the reorganization of the company the bondholders received approximately one share of common stock of Medford Corp. for each $100. of bonds. Stockholders of Owen-Oregon Lumber Co. were afforded an option to repurchase the original holdings of Owen-Oregon Lumber Co. at a price represented by par plus accrued interest on the original bonds. This option expired in the latter part of 1934. With the expiration of this option it appears that all interest of the common stockholders of Owen-Oregon Lumber Co. was extinguished."

Palmer, Calvin A., First Mortgage 6% Bonds Dated March 1, 1928:
The Detroit Trust Co., Detroit, Mich., informed us as follows on September 20, 1944:

Liquidating dividends Nos. 1, 2 and 3, totalling 50 per cent, have been made available to bondholders. In our letter of September 28, 1943 when liquidating dividend No. 3 of 9% was made available, bondholders were advised that when the few remaining assets were liquidated, the trustee would be able to pay another small dividend. Liquidation of these assets has been completed.

A final liquidating payment can now be made to holders. Cash on hand amounts to $1,212.24. Of this amount $1,060.00 will be used to make a 4% ($40.00 per $1,000 bond) distribution to the holders of $26,500 par value of bonds, to be known as Final Liquidating Dividend No. 4. The balance of $152.24 will be used to apply on the depositary's and trustee's fees and expenses.

In order to receive this final liquidating dividend No. 4, bonds should be forwarded promptly to—Detroit Trust Company, Reorganization Division, First Floor, 201 West Fort Street, Detroit, 31, Michigan.

If payment is to be made to someone other than the registered holder, the bond must be accompanied by duly executed instruments of assignment and transfer, with signatures of the assignors or transferors guaranteed by a bank or trust company.

As this is a final payment and there is no possibility of further recovery, the mortgagor having been adjudicated a bankrupt in June, 1936, the bonds will have no further value after this payment. We therefore propose to retain the bonds and cancel them unless any bondholder instructs us in writing to return same.

Palmer, H. D., & Co., Chicago, Illinois. Name changed to Palmer Optical Co.

Palmer, Harold & Winifred. Certificates of Beneficial Interest Dated Nov. 15, 1929.
The sale of the trust property, referred to in the Trustee's letter to certificate holders dated February 21, 1944, was consummated on April 6, 1944. Unavoidable delays resulted from property title complications which came about through errors of an adjoining owner of property. However, the additional net rental income to the trust, resulting from pro rating of rents, taxes and insurance to the date of closing the transaction, was greatly in excess of the added expense incurred in clearing up title matters. The following statement shows the receipts and disbursements of the Trustee in the administration of the trust from December 31, 1943 (the date ending the last accounting to certificate holders) to date, including the proceeds of the sale of the property:

Receipts:		
Cash balance on hand as of 12/31/43	$ 352.39	
Minimum rentals collected for period 1/1/44 to 4/6/44......	9,717.21	
Additional rentals collected for 1943 and Jan. and Feb. 1944.	29,890.40	
Miscellaneous	7.47	
Sale price of property........	426,000.00	
Additional payment made by purchaser of property in the adjustment of prepaid taxes, insurance premiums and miscellaneous items	3,928.39	
Total receipts		$469,895.86
Disbursements:		
Repairs to property ....$	97.00	
Management fees	1,188.23	
Broker's commission paid to Continental Realty Company, Detroit, in the sale of property -....................	13,280.00	
Abstract extension, revenue stamps on deed and printing and postage expenses	505.07	
Attorney fees for services rendered the Trustee in 1943 in revision and extension of leases and general matters arising in administration of trust; for services during past several years on 1939 Federal Income Tax Return and for services in connection with the sale of the property	2,355.00	
Trustee fee for services under the Declaration of Trust since Dec. 1, 1942, including by way of explanation, but not limitation, ordinary administration of the Declara-		

tion of Trust for approximately sixteen (16) months; extraordinary services in 1943 in obtaining a reduction in assessed valuation of property for tax purposes and negotiating renewal of book store lease; the extraordinary services over the past few years in all negotiations for the sale of property; the consummation of the sale referred to in letter dated Feb. 21, 1944 to certificate holders; the distribution of the proceeds of sale and termination of the trust	14,558.20	
Total Disbursements		$ 31,983.50
Balance		$437,912.36
Distribution now available to certificate holders at the rate of $112.00 per unit on the 3,850 Units of Beneficial Interest in the trust		431,200.00
Cash Balance (to which will be added certain rents receivable referred to below) reserved by Trustee for contingent and undetermined liabilities of the trust including Federal Income Tax questions		$ 6,712.36

Up to this time certain of the tenants who are obligated by their leases to pay additional rentals based on a percentage of their sales have not made an accounting to the Trustee for the period from March 1, 1944 to April 6, 1944. On the basis of a reasonable estimate the Trustee expects to collect additional rent of approximately $3,300.00 from these tenants for the period mentioned. Adding that sum to the cash balance of $6,712.36 now on hand will provide approximately $10,000.00 which the Trustee indicated in its letter dated February 21, 1944 to certificate holders would be reserved for contingent and undetermined liabilities of the trust–principally in respect to Federal Income Tax questions.

For Income Tax purposes a preliminary calculation made by the Trustee indicates that of the $112.00 per unit now distributable to certificate holders approximately $102.00 is from the proceeds of the sale and $10.00 is from income from the property since January 1, 1944.

As soon as possible the Trustee will prepare a final "Fiduciary Income Tax Return" for the trust in connection with the sale and the income from the property for the current year to date of sale and file such return with the Collector of Internal Revenue at Detroit. A report on the matter will be made to certificate holders at that time.

It is improbable that Income Tax questions of the trust will be wholly determined until at least three (3) years after the filing of the Trustee's Final Fiduciary Income Tax Return. Then, when all liabilities of the trust, if any, have been determined and satisfied, such funds as remain out of the reserve held by the Trustee will be distributed pro rata to the registered certificate holders who receive the present distribution.

Your Certificate(s) of Beneficial Interest should now be forwarded by registered mail or delivered in person, endorsed exactly as issued, to:

Detroit Trust Company
Stock Transfer Department
201 West Fort Street
Detroit, 31, Michigan.

Upon receipt thereof, payment of your pro rata share of the distribution at the rate of $112.00 per unit will be made to you.

Yours very truly
C. J. Winkler
Trust Mortgage Division.

Palmer Paine Mines Limited. Lash & Lash, Barristers, located at Canadian Bank of Commerce Bldg., Toronto, Ontario, informed us as follows on May 2, 1944: ". . . . The deceased (Miller Lash), had a claim for $13,644.80 for monies expended by him over a course of years in connection with the property held under the lease from the Ontario Department of Mines, which expired on March 31, 1942. Before the expiry of the lease the administrator informed the President of the company that the lease would expire on the date mentioned, but that it was renewable and might be renewed by communicating with the Department of Mines referred to, and he also advised the president that he had no authority to make any expenditure in connection with the mining company or its property and that he was satisfied that the court would not permit him to make any such expenditure. We believe that the lease expired accordingly, and perhaps this sufficiently indicates the value of the shares of the company. The president of the company referred to was Mr. Richard Palmer, whose address at the time referred to was 152 West 65th Street, New York."

Palo Verde Mutual Water Company. Press report March 2, 1944.

The Palo Verde Mutual Water Company, one of the valley's top ranking organizations since 1908, exists no more.

By order of Superior Judge George R. Freeman, at Riverside, Monday, petition of the water company to dissolve its non-profit corporation was granted. Present for the hearing were Arvin B. Shaw, Jr., attorney for the water company; Peter Geisel, assistant secretary, and H. A. Walsh, secretary. S. D. Kamrar, president of the now defunct water company, was not able to attend.

The water company's active functions ceased in 1925, when by agreement with its stockholders, the entire water system, the assets, equipment, bonded indebtedness, etc., were taken over by the newly organized Palo Verde Irrigation District, a political subdivision. At the time the Mutual Water Company was absorbed by the irrigation district its bonded debt amounted to $398,000.

All these outstanding bonds since have been retired. The Mutual Water Company was never delinquent with any of its bond or interest obligations.

Since 1925, the water company has been a static organization, awaiting liquidation of its bonded debt before filing a petition for dissolution. This has been made possible by the RFC million dollar loan to the irrigation district, and the subsequent retirement of the water company's part of this obligation.

The Palo Verde Mutual Water Company took over the work of the old Palo Verde Land & Mutual Water Company in 1908, in the construction of canals and irrigation works to serve holders of water stock.

Until the irrigation district entered the picture the Mutual Water Company was a most active organization. Its capital stock in 1916 was fixed at $500,000, and it often had 100 men or more employed.

The functions of the Palo Verde Mutual Water Company, the Palo Verde Joint Levee District and the Palo Verde Drainage District are handled by the Palo Verde Irrigation district.

Pan American Western Petroleum Company. The Richfield Oil Corporation, Richfield Bldg., Los Angeles, Calif., informed us as follows on June 2, 1944: "This is in reply to your letter of May 20, 1944, with regard to a certain Common Stock Scrip Certificate of Richfield Oil Company of California. During 1928 and 1929 when Richfield Oil Company of California was exchanging one share of its common stock for each three shares of Pan American Western Petroleum Company Class 'B' common stock, it also gave, in the exchange, scrip calling for such additional shares of Richfield Oil Company of California common stock as would make the ratio of exchange one share of Richfield Oil Company of California for each two shares of Pan American Western Petroleum Company. The scrip was to become valid only in the event that the lawsuit by the United States Government against Pan American Petroleum Company of the United States Government, in the matter of Elk Hill Leases, should be successfully defended. The United States Government was ultimately successful in such lawsuit and the scrip accordingly became invalidated. We are informed that the amount eventually paid the United States Government in the settlement of its judgment against Pan American Petroleum Company exceeded the $5,000,000 reserve that Pan American Petroleum Company had placed upon its books."

Pennsylvania Burial Co., Inc. N. J. 1943.

Pennsylvania Canal Co. The United States District Court at Philadelphia, Pa., informed us that this case is Brown, et al v. Pennsylvania Railroad Company. The balance of the monies held by this court were turned over to the U. S. Treasury on June 21, 1926, and subsequently thereto these monies were escheated to the State of Pennsylvania. Bonds on which payment was made are stamped as having been paid $974.45 per $1,000. bond. The Decree in Escheat of the Pennsylvania Canal Company's money was entered on Oct. 1, 1936, and now that more than three years have expired since the entry of the Decree bondholders who have not received the payment are forever barred from claiming these funds. The Act of Assembly provides that any person who had no notice of the proceedings in which the Decree of Escheat was entered had a period of three years in which to appear and traverse the petition for escheat and to pray for a modification of the Decree in Escheat. This provision of the statute is mandatory and no exceptions can be made. The bonds, therefore, are without value.

Pennsylvania Title Insurance Co. Philadelphia, April 11, 1944—The Central-Penn National Bank, Phila., Pa., announced today that the Pennsylvania Title Insurance Co., which it acquired in 1938 in connection with the liquidation of the Central National Securities Co., has been merged with the Commonwealth Title Co. of Philadelphia, under the name of the latter. The bank has disposed of its investment in Pennsylvania Title for a consideration of $1,150,000 net, after taxes and expenses in connection with the merger.

The bank revealed that it will use $650,000 to reduce the book value of its bank premises, and will add $500,000 to surplus, making the latter account $6,500,000. An additional $35,000 may be received subsequently, as a result of the merger, which will be added to the bank's undivided profits. A. D. Swift, president of the bank, and John A. Diemand, president of the Insurance Co. of North America, who is a director of the bank, will continue as directors of the new title company.

Pepsodent Co.

Press Report:

Lever Bros. Co., manufacturers of some of the nation's leading brands of soaps, has purchased the Pepsodent Co., makers of dentifrices, it was announced today by the management of both concerns. The price paid is reported to be about $10,000,000 in cash. Pepsodent will operate as a separate division of Lever Bros., with Charles Luckman continuing as president. No changes in the personnel of either company is contemplated. At the end of the year, however, it is planned to merge the entire drug sales department of Lever Bros. with the Pepsodent sales organization.

The acquisition of Pepsodent marks the first entry by Lever Bros. into the oral hygiene field since its formation in 1899. With the exception of Spry, a vegetable shortening, and Vimms, a vitamin product, the company has confined its activities to the manufacture of Lux products, Lifebuoy, Rinso and Swan soap.

Petition filed in the Superior Court at Barnstable, Mass.

Personal Credit Plan, 26 Journal Square, Jersey City N. J. Press report March 11, 1944:

Joseph C. Glavin, judge of the First District Court, Jersey City, was appointed receiver of the Personal Credit Plan, 26 Journal Square, Jersey City, by Vice Chancellor Charles M. Egan yesterday after 40 stockholders of the company filed a complaint in Chancery Court alleging the firm is insolvent and that their interests are gradually being wiped out.

Vice Chancellor Egan ordered the firm to show cause March 20 why the receiver should not be continued in charge. The complaint sets forth that the company was originally organized to make small loans but has not been doing any loan business recently and has been operating at a loss for years. Kaplon, Alenick & Kaplon are attorneys for the 40 stockholders.

Petaluma Box Corp., Petaluma Calif. Press report Feb. 10, 1944: Although efforts are still being made to interest certain parties in taking over the plant and reopening it later this year, the factory of the Petaluma Box Corp., Ltd., at Second and H streets, will shut down next week after 38 years of continuous wooden box and shook production. The stockholders several months ago decided to liquidate, and as a last resort an Oregon machinery company is prepared to remove all the equipment to that state for installation in a special ammunition box factory.

George W. Moore, Jr., who, while not a stockholder, has been in full charge of the operation here since Feb. 1, 1930, told an Argus-Courier reporter that in these past fourteen years the factory has converted over eighty-five million feet of rough lumber into box shook, and has paid out nearly one million dollars in wages and salaries locally. Unfortunately, however, for most of those years the business ran at a loss. Now when the outlook should be bright, the effect of some governmental edicts interfered with the supply of spruce lumber needed at this time of the year; also the O.P.A. refused to grant adequate price relief to meet higher operating costs even if the lumber were available, said Moore.

Mr. and Mrs. Moore wish to assure Petaluma that 4 Coady Court will continue to be their home address, at least for the war's duration. Moore will resume his position as an executive of the Moore Mill & Lumber Co. of Bandon, Oregon, and its affiliates, the Cape Arago Lumber Co. on Coos Bay, the McKinley Lumber Co. and the Moore Steamship Co. The Moore sawmill group, cutting over half a million feet per day, is now the largest lumber producer on the southern Oregon coast. A sales office is maintained in San Francisco and part of Moore's job in the near future will be to set up a new sales office in Los Angeles. Also he will be busy launching another major sawmill venture southeast of Eureka, where he and his brother, John S. Moore, have purchased a 13,000-acre tract of Douglas fir and sugar pine.

Peterson Lake Silver Cobalt Mining Co., Ltd. Incorporated in Ontario in 1906. In 1926, according to our records, the company was succeeded by Peterson Cobalt Mines, Limited. The preferred stock was exchanged on the basis of one new for each 1¼ shares of old. The common received one new for three old. The Trusts & Guarantee Company, Limited, Transfer Agents, located at 302 Bay Street, Toronto, Ontario, suggested that we communicate with the offices of Peterson Cobalt Mines Limited, c/o Lamport, Ferguson & Company, 12 Queen Street East, Toronto, 1, Ontario. Our letter was not answered nor returned.

Peterson Lake Silver Cobalt Mining Co., Ltd. Supplementing our previous report the Peterson Cobalt Mines, Limited, located at 301 Royal Bank Bldg., Toronto, Ontario, informed us as follows on September 28, 1943: "Replying to your favor of August 6, would say as follows: On a number of occasions, we have been asked the value of these shares, and have advised that we did not think any value could or should be placed on same, for Probate or Administration purposes. We see no reason to change our opinion. The property is shut down; the shares are not quoted on any exchange; and we know of no recent sales having been made, nor any inquiry for same."

Philadelphia & Reading Coal & Iron Co. Press report:

Philadelphia, July 10 (AP)–A final decree confirming a plan, amended five times, for reorganization of Philadelphia & Reading Coal & Iron Co. was signed today by Judge William H. Kirkpatrick of United States District Court.

One of the largest producers of anthracite in the United States, the company expects by the first of next year to be operating with its original capitalization cut from $61,527,700 to $11,346,55, after more than seven years of litigation.

Under the reorganization plan, holders of refunding mortgage bonds will receive $462 for each $1,000 they invested, while debenture owners will get $213.50 for each $1,000.

Outstanding refunding bonds amount to $24,344,700, and debentures, $29,148,000. Capital stock issued for $8,000,000 is wiped out because assets were insufficient to give holders any equity in the company's properties.

Refunding holders will receive $165 in cash, $270 in new 5 per cent twenty-year income bonds, and twenty-seven shares of new $1 par common stock, while debenture holders will get $76 in cash, $125 in new income bonds and twelve and one-half common shares.

Archibald Palmer, New York attorney, sought further distribution of cash to refunding and debenture holders from the $13,868,543 which the company has in its working capital fund as of May 31.

Ralph E. Taggart, president of the company, told Judge Kirkpatrick the company intends to make another cash payment to the security holders some time after the plan is consummated. Mr. Taggart said the company requires working capital of at least $9,000,000 while its business is as extensive as it has been for the last three years.

Judge Kirkpatrick did not feel he could determine at this time how much working capital the company needed or that such a finding would be a part of a plan for its reorganization.

On October 21, 1943, it was reported that all assets of these companies, in accordance with the Order of the United States District Court for the Eastern District of Pennsylvania, have been turned over to Brown Brothers Harriman & Co., 1531 Walnut Street, Philadelphia, Pa. The Court directed Brown Brothers Harriman & Co., to pay to First Mortgage bondholders \$24. per \$100. bond, and to pay to Second Mortgage bondholders \$5. per \$100. bond. After the bonds have been presented, Brown Brothers Harriman & Co., will issue a non-negotiable receipt for the bonds. At the end of five years, any balance of the fund turned over to Brown Brothers Harriman & Co., which has not been distributed in accordance with the Order of Court, or has not been applied to pay fees and expenses of Brown Brothers Harriman & Co., will be distributed by check proportionately to those to whom receipts have been given. After five years, the bonds will be without value.

Pittsburgh, Lisbon & Western Railroad Co. Press report August 2, 1944: Washington, Aug. 2 — Pittsburgh, Lisbon & Western Railroad Co. and Youngstown & Southern Railway Co. filed application today with the Interstate Commerce Commission to merge their properties.

The petition stated that the merged company, to be known as Youngstown & Southern Railway Co., proposes to issue the following securities:

A total of 9,000 shares of common stock at par of $100; one unsecured note of $500,000, payable in ten equal annual installments of $50,000 and bearing interest of 3½ per cent, and one $1,000,000 note, maturing in twenty years and bearing interest of 4 per cent and secured by a first mortgage on all the properties of the merged company.

These securities, the petition said, would be exchanged for the present outstanding stock, bonds and other obligations of the two companies. The capital stock of both companies is owned by the Pittsburgh Coal Co.

A stockholders' meeting to pass upon the proposal was scheduled for Youngstown, Ohio, today, the petition said.

Pittsburgh Railway Co. Press report January 27, 1944:

Creditors Ask End of Trolley Bankruptcy. Banks Enter Petition for Negotiations With Philadelphia Company.

Termination of the bankruptcy proceedings of the Pittsburgh Railway Co. and the Pittsburgh Motor Coach Co., was asked yesterday by creditors, including leading Pittsburgh and Philadelphia banks, holding $12,300,000 worth of securities.

The creditors petitioned that the Philadelphia Company, parent company of the carriers, purchase the securities they hold. They requested that the Philadelphia Company enter discussions on the bankruptcy because reorganization of the carriers "is not practicable or feasible."

25 Creditors Represented

The petition represents 25 creditors, and asserts that the carrier system has accumulated more than $13,300,000 in cash but has made no distribution to creditors. Representatives of creditors asked that the Philadelphia Company enter negotiations looking towards the distribution to them of funds of both Pittsburgh Railways and the Pittsburgh Motor Coach Co.

As creditors filed their request, United States District Judge Nelson McVicar authorized trustees of the two companies to apply to the War Labor Board for approval of a uniform five per cent wage increase to salaried nonoperative workers and payment of time and a half for work over 44 hours per week.

The proposed raise will be retroactive to May 1, 1943 if the WLB approves the proposal. It will apply to salaried workers, including executives, whose earnings, after the adjustment, total more than $400 per month.

Trustees Named in 1938

Bankruptcy proceedings were started in May, 1938, with trustees being appointed to manage the properties. Several re-organization plans have been filed with the court but settlement has been held up pending the outcome of efforts to bring into the proceedings a number of underlying companies whose properties are leased by the Pittsburgh Railway.

Creditors seeking termination of the bankruptcy proceedings and their holdings, include:

The Colonial Trust Co., bonds, $108,000, stocks, $49,900; Fidelity Trust Co., bonds, $428,000, stocks, $667,575; Peoples-Pittsburgh Trust Co., $149,000, $67,475; Union Trust Co. of Pittsburgh, $386,500, $2,429,150; Fidelity-Philadelphia Trust Co., $669.000, $56,700; Girard Trust Co., $164.000 $211,550; Northern Trust Co., $38,000; Pennsylvania Co. for Insurance on Lives and Granting Annuities, $136,000, $66,725; Tradesmen's National Bank & Trust Co., $97,000, $19,400; Land Title Bank & Trust Co., $24,000, $115,600; Liberty Title & Trust Co., trustee, $7,000; William L. Pittsburgh Terminal Coal Co.
Press report May 10, 1944:
Pittsburgh, May 10 (AP)—An agreement to settle claims of William G. Heiner, trustee for the Pittsburgh Terminal Coal Company, against several other companies for $1,803,319 in cash and $400,000 in property was reached today at a meeting of representatives of the defendants, Samuel Kaufman, attorney for the trustee, said.
Mr. Heiner's claims, a part of proceedings in reorganization of the Pittsburgh Terminal Coal Company under the Bankruptcy Act, are against the Pittsburgh & West Virginia Railroad, Pennroad Corporation, North American Coal Corporation, Pittsburgh Terminal Land Company and Mutual Supply Company.
Under today's agreement the cash and property to be transferred to Pittsburgh Terminal Coal will be used for payment of administration expenses, creditors' claims of about $615,000 and for distribution to holders of 16,378 shares of preferred stock, Mr. Kaufman said.
A clause in the agreement transfers from Mr. Heiner to the Pennroad Corporation or the Pittsburgh & West Virginia Railway all of the interest of Pittsburgh Terminal Coal in the Castle Shannon Coal Corporation and Pittsburgh Terminal Land, as well as 12,600 acres of coal land in Washington County, Pa., in addition to 2,649 shares of stock and $10,000 of bonds in the Pittsburgh & West Virginia Railway held by the coal firm.
The agreement is subject to approval by the Reconstruction Finance Corporation before it can become legal, Mr. Kaufman said.

Planters Stemming Co. Incorporated in Delaware on November 21, 1914, and filed Consent to Dissolution on May 20, 1925. The Certificate of Consent to Dissolution was signed by Mr. A. W. Kelley. Mr. Kelley, who was former Treasurer of the company, located at 17 Battery Place, New York City, informed us on May 20, 1943, that the assets of the company were sold to Mr. Carl Tucker of 420 Lexington Avenue, New York City, and the amount realized was only sufficient to pay the Noteholders five cents on the dollar, leaving no equity for the capital stock, which is without value.

Plaquemines Land Co. Press report March 8, 1944:

The records of the Plaquemines Land Company were offered in evidence Tuesday in Judge Adrian J. Caillouet's section of the federal district court where nine men are on trial for mail fraud and securities and exchange act violations in connection with the sale of land in Plaquemines and St. Bernard parish.

S. P. Coleman, 79 years old, 706 Lowerline Street, identified four of the defendants with whom he had dealings in the course of six purchases. He pointed out Millard C. Baker, president of the Plaquemines Land Company, Gabriel Diaz, William B. Bird and Nathan Silverman. He also told of dealings with Frank I. Keifer, Jr., who was named in the indictment with the others but who is not facing trial.

Tells of Purchases

Remaining on the stand for the greater part of the forenoon session, the witness told of purchases ranging from $250 to $1,000 which he made on the promise of quick profits when the lands were sold to major oil companies.

In addition to the defendants named by Coleman, Abe Sarfir, Rubein V. Johnson, Benjamin L. Levy, I. Walter Kahn and Emanuel M. Bergin, are also facing trial.

Records Introduced

The records of the land company were introduced into the evidence by United States Attorney Herbert W. Christenberry after they were identified by Lieutenant Commander J. M. Baker, former investigator for the Securities and Exchange Commission, who supervised the original investigation into the firm's records. Judge Caillouet overruled an objection to the introduction of the records which was raised by defense counsel.

Pokorny, Emil C., and Ida Pokorny Foreclosure Trust.

The Detroit Trust Co., Detroit, Michigan, informed us as follows on August 19, 1944:

Holders of Certificates of Beneficial
Interest in Emil C. Pokorny and
Ida Pokorny Foreclosure Trust involving mortgage dated September 1, 1926.

The purpose of this letter is to advise you that we have received an offer of One Hundred Thousand Dollars, ($100,000.00) cash for the Berkshire Hotel. The buyer also agrees to assume the balance owing on the boiler installed in the amount of $2,259.54. This amount plus income on hand would net approximately $6.25 per unit or $625.00 for a former $1,000.00 bond. This amount plus payments made in the past would amount to an approximate recovery of $970.00 per each $1,000.00 bond.

The Trustee has had an appraisal made of the property by a member of the Detroit Real Estate Board, and it was appraised at $100,000.00. We quote from the appraisal: "Values in this area have been declining for about twenty years, and there is nothing in evidence at this time which forecasts any recovery of values. I have also taken into consideration that at least $30,000.00 would be necessary to restore the building to fair condition."

As the property has been extensively advertised for sale, and listed with real estate brokers, with no offers comparable, the Trustee feels that the above offer should be accepted.

It is our intention to recommend the acceptance of the offer to the Michigan Corporation and Securities Commission, Public Trust Division, and they have set Wednesday, August 30, 1944, at 10:00 A. M. as the date for hearing any objections to their approval thereof.

If you have any objections to this sale, please so advise either the Michigan Corporation and Securities Commission. Public Trust Division, 1610 David Stott Building, Detroit, Michigan, or the Trustee, or appear at the hearing on the date above mentioned.

Pokorny, Emil C., and Ida Pokorny Foreclosure Trust Certificates of Beneficial Interest Involving Mortgage Dated September 1, 1926.

The Detroit Trust Co., Detroit, Mich., informed us as follows on September 30, 1944:

On August 30, 1944, the Michigan Corporation and Securities Commission, Public Trust Division, issued its order for the sale of the Berkshire Hotel for $100,000.00 cash, as outlined in our letter to you dated August 19, 1944.

The sale has now been completed and the above amount plus the balance held in the trust enables the Trustee to make a final payment to holders of Certificates of Beneficial Interest, in the amount of $6.50168 on each unit held by you, or at the rate of $650.16 on a former $1,000.00 bond. This amount plus the $365.00 previously paid on each $1,000.00 bond makes a total of $1,015.16 paid.

If you surrender your Certificate, properly endorsed, to Detroit Trust Company, Stock Transfer Division, 201 West Fort Street, Detroit 31, Michigan, either in person or by mail, a check will be given you for $6.5016 for each unit held by you.

Pomeroy-Day Land Co. Incorporated in Michigan on Oct. 19, 1922, and lost its charter on Aug. 31, 1941. Mr. William C. Durant, formerly president of the company, now located at 45 Gramercy Park, New York, N. Y., informed us as follows on Sept. 12, 1944: "When we took charge of the property the company had no funds whatsover, was deeply in debt and heavily mortgaged. The properties, mostly one and some two family houses, were in a precarious condition and in need of extensive repairs. The frontage property (vacant lots) was taken over by the City for non-payment of taxes and later was repurchased at the State scavenger sale with borrowed money. The situation became extremely difficult as accumulated interest and taxes could be met. In 1942 the State of Michigan cancelled the company's charter for non payment of the Franchise tax. In February 1944 the company liquidated and went out of existence in accord with a resolution at the last meeting of the Board of Directors after an agreement was reached with the creditors. A copy of the resolution was sent to all stockholders. The stock has no value."

First Mortgage 6% Bonds Dated August 15, 1928:

The Detroit Trust Co., Detroit, Mich., informed us as follows on July 21, 1944:

By letter dated June 17, 1940 from the Michigan Bondholders' Committee you were advised of the payment of a 4% liquidating dividend to the holders of registered bonds. In 1933 a 1% liquidating dividend was paid with the approval of the Public Trust Commission to finance the activities of the Committee, which collected that dividend on the deposited bonds.

Since the trust now has no remaining assets except cash, all lots having been lost to the State, and since the mortgagor corporation is out of existence, a final liquidating payment to bondholders is now in order. Cash on hand amounts to $1,474.48. Of this amount $1,100 will be used to make final liquidating dividend No. 3 to the holders of $40,000 par value of bonds presently outstanding at the rate of 2¾% ($27.50 per $1,000). The balance of $374.48 will be applied against unpaid trustee's fees and expenses.

In order to receive this payment, bond(s) should be forwarded promptly to Detroit Trust Company, Stock Transfer Department, Attention: Mr. McTavish, 201 West Fort Street, Detroit 31, Michigan. Because this is a final liquidating payment, and since there is no possibility of further recovery for bondholders, the bonds will have no value after this payment is made. We therefore propose to retain the bond(s) and cancel them unless any bondholder instructs us in writing to return same.

Portsmouth, Kittery & York Street Ry. The Public Utilities Commission, Augusta, Me., informed us as follows on August 21, 1942:

The Public Utilities Commission has your communication of the 18th instant asking for information concerning the status of the Portsmouth, Kittery & York Street Railway. I have examined the annual financial statements of the Portsmouth, Dover & York Street Railway and allied companies, and beg leave to submit the following data:

The annual report of the Portsmouth, Dover & York Street Railway Company for the year ended June 30, 1904, states that a consolidation July 1, 1903, of the Portsmouth, Dover & York Street Railway (formerly the Portsmouth & Eliot Street Railway) and the Eliot Street Railway was made. On November 1, 1903, the Portsmouth, Kittery & York Street Railway was merged into the combined company, and further, according to the report, the new company assumed the 20-year gold bonds of the Portsmouth, Kittery & York Street Railway amounting to $200,000. The consolidation was authorized by Chapter 12 of the Private & Special Laws of 1903 of the State of Maine.

The annual report of the Atlantic Shore Railway for the period ending June 30, 1911, has the following statement:

"The Atlantic Shore Line Railway commenced operation on July 4, 1900. On December 1, 1940, the Mousam River Railroad, the Sanford and Cape Porpoise Railway and Sanford Power Company were consolidated with this company. On February 1, 1906, the property, rights and franchises of the Portsmouth, Dover Street Railway (above) were purchased and merged. On December 1, 1910, the property was sold at a foreclosure sale and reorganized under date of December 31st under the name of Atlantic Shore Railway."

The Portsmouth, Kittery & York Street Railway first mortgage of $200,000, bearing interest at the rate of 6%, is included in the funded debt of Atlantic Shore Railway as of June 30, 1911.

The annual report of the Atlantic Shore Railway for 1916 shows that on November 1, 1915, Frederick G. Conant and Constant Southworth of Portland were appointed receivers of that railway. The report of the Portsmouth, Dover & York Street Railway for the three months ended March 30, 1923, contains the following:

"On May 1, 1917, W. G. Maloon of Portsmouth, New Hampshire, was appointed Receiver of that portion of the Atlantic Shore Railway west of York Beach, Maine, formerly the property of the Portsmouth, Dover & York Street Railway." The same report states that this road was closed by order of the United States District Court for the District of Maine on March 17, 1923. We understand the name of that railway was revived.

The report of the York Utilities for the year ended December 31, 1923, states that the York Utilities is a successor company to Atlantic Shore Railway, and the beginning of its possession was February 1, 1923.

The railway lines of the York Utilities have been abandoned, except those between Sanford and Springvale.

The above is all the information we have concerning the matter of bonds of the Portsmouth, Kittery & York Street Railway, and we trust it is in the form you desire.

Press report:

Potrero Directors Call Meeting to Distribute All Assets

Directors of the Potrero Sugar Company, Inc., have called a special meeting of stockholders for December 9, 1943, to vote on a proposal to dissolve the company and to distribute all its assets.

The management intends to distribute as a liquidating dividend all of the capital stock of Compania Manufacturera del Potrero S. A., Mexican operating subsidiary, on a share for share basis, to Potrero Sugar stockholders.

A Mexican group known as Sociedad Financiera de Industria y Descuento S. A. has indicated its intention to offer to purchase the Manufacturera stock at a price which will net $8.85 a share in United States currency if the offer is accepted by stockholders owning at least 75 per cent of the shares. In addition to receiving $8.85 a share for their Manufacturera stock, Potrero Sugar stockholders should receive an additional $3 a share from profits on last year's operations and recovery on the Conception expropriation claim.

Potrero Sugar Co. 15 Exchange Place, Jersey City, N. J.
Stockholders of the Potrero Sugar Company, at a special adjourned meeting held here yesterday, approved by a 78 per cent vote of the outstanding stock the proposal to dissolve the company. The next step will be the sale of its subsidiary operating in Mexico to a Mexican group.

Price-Campbell Cotton Picker Corp. International Harvester Company, Chicago, Ill., informed us as follows on March 7, 1944: Your letter of Feb. 11th, respecting the Price-Campbell Cotton Picker Corporation stock, has been referred to me for attention. The contract which our company had with the Price-Campbell Cotton Picker Corporation for the development of a cotton picker expired in 1938. The latest patent which our company took over under this agreement from Price-Campbell expired in 1936. From this you will understand there is nothing in the agreement with our company, or in the patent situation, that in any way could affect the value of the stock to which you refer.

Price Cereal Products Co. Incorporated in Delaware on July 26, 1912. In August, 1912, the name was changed to Cereal Products Company. The company became inoperative and void on March 22, 1922 and lost its charter in 1923. Last report filed in 1919 showed Harrison Thomson, President and O. N. Davies, Secretary and Treasurer, both of Minneapolis, Minn. We found no record of the company's operations nor any trace of the former office. It is our opinion that the shares are without value.

Pryor Coal Mining Co. Press report, Walsenburg, Colorado, **July 5, 1944.**

A total of $10,621.19 was awarded to the Pryor Coal Mining Company, bankrupt, through its trustee, John Kirkpatrick, from the Colorado Fuela and Iron Corporaiton, in a decision handed down in Denver district court late last week, according to unofficial word received here Monday. The amount was awarded in a decision by Judge George A. Luxford following a civil suit hearing lasting three weeks. It represents payments which should have been made to the bankrupt firm by the CF&I for coal it had sold as agent of the mining company, the information states. Kirkpatrick, in a statement today, said he had not received official notification of the award, and that he was not prepared to make any statement at the present time. The trustee had sought the sum of $83,000, alleged to have been owed by the CF&I to the firm.

Quebec Railway, Light, Heat & Power, Ltd. 1943 issue.

Quebec, Saguenay & Chibouganau Railway Co. This company, not having complied with the requirements of its charter, the Minister of Public Works of Quebec ordered the sequestration of the property held by the company. The Sun Trust Company, Ltd., Montreal, Quebec, was then appointed sequestrator, and took possession of the Railway and all the rolling stock of the company. Some of the assets were sold, the proceeds of which barely covered the expenses incurred. On October 23, 1942, the Superior Court ordered the sheriff of the district of Roberval to seize and sell the railway, whose principal assets consisted of the bridge crossing the Saguenay River and the lands along the railway line. The Sun Trust Company, Ltd., in the capacity of trustee for the bondholders interceded without success in order that a bid be set. Consequently, on December 5 and 26, 1942, notices were given that the said property would be sold on Tuesday, January 12, 1943. The only bids made were $3,100 for the bridge and $1,200 for the lands. The proceeds of the sale were insufficient to cover the expenses incurred, which amounted to more than $5,000. The bridge was bought by a scrap metal dealer, and most of the lands by a local real estate agent and some by former owners.

Rand Stores, Inc. Press report Feb. 22, 1944 at Richmond, Va.:

An order entered in Law and Equity Court yesterday named Louis S. Herrink receiver for the Rand Stores, Inc., and ordered him to take charge of the assets of the stores and continue their operation.

The corporation is engaged in the cleaning and dyeing business and working largely under United States Army contract.

The receivership was declared on the complaint of Leroy B. Edwards, acting personally and as president, a director and a stockholder in the Rand Stores. He declares that he owns 250 shares, or one-half of the outstanding capital stock of the Rand Stores. His complaint states that he also loaned the company $12,000 and that his salary as president is in arrears.

Complaint Outlined

The complaint states that the books are incomplete and misleading, and that he has been refused access to the premises of the Rand Stores by Phil Abrams, vice-president, director and holder of the other half of the capital stock.

He further states that there are certain liens on record against the company's machinery under conditional sales contracts, and these liens are delinquent and the holders threaten to seize and sell the machinery.

Judge Miller, of the court, granted also an injunction restraining the defendants, the Rand Stores, Inc., Phil Abrams, Virgie Gullatt Abrams, the United States Hoffman Machinery Corp., and the Prosperity Co., from interfering with the receiver in any way. The injunction terminates on June 1, unless further extended.

The court also ordered the complainant to deposit to the credit of the court the sum of $12,000 paid the complainant by the company, the money to be held by the court without prejudice to the rights of the complainant.

Ransome-ver Mehr Machinery Co., Ltd. The London Office (Stamps and Companies), Inland Revenue, Bush House, London, W. C. 2, England, informed us as follows on March 23, 1944:

121389—Ransome Filter Co., Ltd. Formerly called Ransome-ver Mehr Machinery Co., Ltd.

With reference to your letter of the 23rd February last, according to the file of the above-named company, Special Resolutions in the following terms were passed on 28th May 1920 and confirmed on 14th June 1920, viz.:

"1. That the Provisional Agreement dated the 20th day of May, 1920, and made between the Company of the one part and John ver Mehr of the other part (being an Agreement for the sale with a view to a re-sale to a new Company of all the Undertaking and Assets of the Company except the Filtration Licences belonging to the Company but including work in hand in connection with the Company's Filtration business) be and the same is hereby confirmed and that the Directors be and they are hereby authorized to carry the same into effect."

"2. That the name of the Company be changed to "Ransome Filter Co., Ltd."

There is, however, no trace of a new Company having been registered under the Companies Acts with the same or nearly similar name. Information was received by the Registrar of Companies in 1923 to the effect that the Company was dormant and not carrying on active operations, and in pursuance of the powers contained in Section 242 of the Companies (Consolidation) Act 1908, the Registrar struck the Company off the register on 18th January 1927.

No information regarding the disposal of the Company's assets is available.

Red Cloud Steamship Co., Inc. Incorporated in Delaware. The New York Trust Company, 100 Broadway, New York City, informed us as follows on May 22, 1944: "In reply to your letter of May 13, inquiring about a $1,000 principal amount First Mortgage 7% Bond of the Red Cloud Steamship Company, Inc., we wish to advise you that on October 14, 1920, Frank S. Martin was appointed receiver of the French-American Line, Inc. and the affiliated and subsidiary companies by the United States District Court for the Southern District of New York. The S.S. Red Cloud was held in port at Leghorn, Italy, and was subject to repair claims aggregating the sum of £9,000. and on May 30, 1921, pursuant to a decree of the Tribunal at Leghorn, Italy, the said steamship was sold at public auction for the sum of Lire 51,000 which was insufficient to meet the claims of the said vessel at the port at which she was sold. Under date of November 29, 1921, we filed proofs of claim with the United States District Court for the Southern District of New York against French-American Line, Inc., Kanabec Steamship Company, Inc., and Red Cloud Steamship Company, Inc. However, it appears that all of these companies were hopelessly insolvent and nothing was recovered in respect of the Proofs of Claim."

Reliance Steel Corp.

A plan for consolidation of the Detroit Steel Corp. and the Reliance Steel Corp., whose assets are $5,365,000 and $4,000,000, respectively, has been approved by the directors of both companies and will be submitted to the stockholders at special meetings soon, it was announced yesterday. The Detroit Steel Corp. would be the name of the combined properties.

The merger plan involves issuance of debentures and new $2 par common stock in exchange for outstanding shares of both companies. Stockholders of Detroit Steel would receive $10 principal amount of 6 per cent twenty-year sinking fund debentures and one share of new $2 par common stock for each share of $5 par stock.

Stockholders of Reliance Steel would get $3.33⅓ principal amount of debentures and 85/100 share of new $2 par common stock for each share of $2 par common stock held.

The new company would have outstanding 411,991 shares of $2 par common stock and about $806,030 of debentures.

Detroit Steel, with mill, properties and offices in Detroit, is the country's largest independent producer of cold-rolled strip steel. A wholly owner subsidiary, the Craine-Schrage Steel Co., is sales agent for the parent concern and certain other steel producers and also sells steel products from its warehouse in Detroit.

Reliance Steel has its principal offices in Cleveland. It is one of the largest processors and warehouse distributors of flat-rolled steel products in the country. Warehouses are in Cleveland, Detroit, Chicago, Worcester, Mass., and Lyndhurst, N. J.

Rensselaer & Saratoga Railroad. Press report June 1, 1944:

Terms of merger of the $10,000,000 Rensselaer and Saratoga Railroad, one of the oldest in the state, with the Delaware & Hudson Railroad Co., were announced today in a joint statement by both managements.

Chartered in 1832 and opened in 1836, the Rensselaer & Saratoga has been operated by the D. & H. under lease since 1871. The line extends from Troy to Whitehall, with branches to Rutland and Lake George, and measures 150 miles. Most of it is used on main line trackage for the D. & H.

The merger, designed to give the

D. & H. ownership of the road, eliminating lease payments, is the first large amalgamation in the 848-mile D. & H. system.

The merger plan provides for exchange of R. & S. capital stock for general mortgage R. & S. bonds to be issued by the D. & H., par for par. Compared with the 1943 dividend rate of $4.64 received by R. & S. stockholders after payment of federal income taxes, the plan provides for annual interest rate on the general mortgage bonds of 4.7 per cent for two years, increasing thereafter to 5.5 per cent. The plan calls for an annual sinking fund of $150,000 for retirement of R. & S. first mortgage bonds due in 1961, of which $1,874,000 are outstanding. A $100,000 yearly sinking fund is provided for retirement of the general mortgage bonds which are to be redeemable at par for sinking fund, and at 107½ plus interest if redeemed in whole. The D. & H. owns 12,708 shares of R. & S. capital stock which will be cancelled, leaving $8,729,200 of general mortgage bonds to be issued and assumed as purchase price by the D. & H.

Albert E. Cluett, Troy, is president of the R. & S. and W. F. Leversee is secretary-treasurer. W. L. L. Peltz, Albany, is a director. The road originally was built by Troy stagecoach operators. The annual meeting of stockholders is scheduled for Monday in Waterford.

Richmond County Land Co., Ltd. Incorporated in New York about 1879 and was dissolved by Proclamation of the Governor on April 2, 1924. Our records indicate that the company dissolved in 1883. The Trustee, Charles C. Deming, was president of the Jacksonville, Tampa & Key West Railway, and had an office at 120 Broadway, New York City, in 1898. In 1899 we found no further trace of him. The Clerk of Richmond County at St. George, N. Y., has no record of this company. The Department of Finance, Bureau of Receipts and Disbursements, informed us that inasmuch as all accounts are indexed under title of action, we would have to have more details before a search could be made of their records for unclaimed money. However, our record of 1911 mentioned that the company was dissolved in 1883, and assume that the bonds and stock of the company are worthless.

Rincon Mines Co. Incorporated in Arizona, and owned about 34 acres of mineral lands near Congress Junction, Yavapai County, Arizona. Our records indicate that this company was acquired by the Weaver Mountain Mining Company in July, 1908. The latter company was incorporated in Arizona on July 20, 1908, and its charter expired by limitation on July 20, 1933. The last report was filed in 1912. We found no further record of this company's operations and, therefore, believe both companies are extinct and their securities worthless. Rincon Mines Company never filed a report, and its charter expired by limitation on January 30, 1929.

Rivard Building First Mortgage Bonds Dated Dec. 1, 1924.

Report on Bond Issue
Prepared by
Detroit Trust Co., Trustee
Trust S-2621
April 10, 1944

Name of Issue: Rivard Building First Mortgage Bonds of Henry J. Lacroix, Ernestine Hope, Ann M. Hambright and Louise A. J. Rivard, dated Dec. 1, 1924.

Amount of Issue: Original—$175,000.00
Balance—102,350.00*

Maturity Date of Bonds: The principal of the bonds deposited under the 1937 Plan of Reorganization became due on Dec. 1, 1940.

Interest on Bonds: Under the 1937 Plan of Reorganization, interest on the bonds from Dec. 1, 1931 to Dec. 1, 1940, was waived and cancelled by depositing bondholders. The interest which has accrued since Dec. 1, 1940, is unpaid.

Security: First mortgage on property located at 2270 Jefferson Ave., East, in the vicinity of Chene St., Detroit, Mich., being a parcel with a frontage of 100 feet on Jefferson Ave. and a depth of 452 feet running through to Franklin St., and a parcel having a frontage of approximately 180 feet on Chene St. by a depth of approximately 62 feet. The improvements, which were formerly used by an automobile dealer, consist of a two-story show-room and office fronting on Jefferson Ave. to a short depth and the balance a one-story garage.

Assessed valuation of Real Estate:

Year 1944	Land	$ 30,680.00
	Buildings	108,500.00
	Total	$139,180.00

Tax Status: All real estate taxes paid through the year 1943.

Property Tenant and Rental Income: On Aug. 28, 1942, the United States Government by proceedings in the District Court of the United States for the Eastern District of Michigan, Southern Division, condemned the property for war purposes on a rental basis and an order was entered giving the Government immediate possession. After extensive negotiations between the Mortgagors, the Trustee and the Government, a rental of $1,300.00 per month was determined to be fair, considering that the Government assumed the expense of making all necessary repairs to the premises and such alterations and improvements as were necessary to its use of the property. The Government did make needed repairs, alterations and improvements at a cost reported to exceed $20,000.00. The Government has taken the property for a period commencing Sept. 1, 1942, and ending June 30, 1945, retaining the right, however, to terminate its use and occupancy at any time upon thirty days' notice.

Mortgage Foreclosure Proceedings: The Trustee filed proceedings in the Wayne Circuit Court in February, 1942, to foreclose the mortgage securing the bonds. By an order dated Feb. 17, 1943, the court adjourned the foreclosure proceedings during the use and occupancy of the mortgaged property by the U. S. Government and for six months thereafter and until the further order of the court upon the condition, however, that all of the rental to be received from the Government for the property shall be used for mortgage purposes.

Statement of Trust Bank Account:

Receipts	
Balance in Trust Bank Account as shown in report to bondholders dated Nov. 19, 1941	$ 8,149.18

*The principal amount of the $115,000.00 par value bonds outstanding has been reduced to $102,350.00 by the application of the following payments: March 25, 1938—6% of the par value of the bonds, $6,900.00; April 10, 1944—5% of the par value of the bonds, $5,750.00.

Fees incurred in the administration of the mortgage from Dec. 1, 1931, to Dec. 1, 1937, as allowed in Public Trust Commission order dated Dec. 20, 1937:	
Attorney for Trustee	1,500.00
Trustee and Depositary	2,019.70
Trustee fee for services for the three (3) years ended Dec. 1, 1940	525.00
Fees allowed attorneys for the mortgagors in Wayne Circuit Court order dated 2-11-43	1,100.00
Distribution to bondholders as of April 10, 1944 of 5% on the face principal amount of $115,000.00 bonds outstanding	5,750.00
Total Disbursements	$24,467.46
Balance in Trust Bank Account reserved for mortgage purposes	$ 7,081.72

Bondholders' Protective Committee and Depositary: Messrs. I. J. Isgrigg, Thomas E. Griffin and Ernest Matlock continue to act as the committee for this bond issue under License No. 93 issued by the Michigan Corporation and Securities Commission, Public Trust Division.

The Detroit Trust Co. continues to act as depositary for this bond issue under License No. 99 issued by the Michigan Corporation and Securities Commission, Public Trust Division.

$102,000.00 par value of the outstanding bonds are on deposit with the Detroit Trust Co., Trustee and Depositary.

Distribution: Holders of Trust Receipts representing bonds of this issue deposited with the Detroit Trust Co., depositary, are receiving a check herewith from Detroit Trust Co. for the current liquidating dividend on principal at the rate of 5% of the face principal amount of the bonds.

Holders of non-deposited bonds will receive their dividend upon presenting their bonds to Detroit Trust Co., Trustee, attention C. J. Winkler, for endorsement of the payment to be made.

Rivard Building. First Mortgage Bonds dated Dec. 1, 1924:

The Detroit Trust Co., Detroit, Mich., informed us as follows on Sept. 25, 1944:

The U. S. Government has paid rent in the amount of $5,200.00 for use of the mortgaged property for the months of March through June 1944. No other material change has occurred in the status of the trust since our report to bondholders dated April 10, 1944.

Out of the cash on hand there has been made available for distribution to bondholders the sum of $4,600.00. This is a payment of 4% on the principal of the $115,000.00 par value of outstanding bonds.

The payments made on the principal of the bonds now total 15% of the par value thereof reducing each $1,000.00 bond to $850.00 and reducing the principal of the $115,000.00 par value bonds to $97,750.00.

Holders of Trust Receipts representing bonds deposited with the Detroit Trust Co., Depositary, are receiving a check herewith from Detroit Trust Co. for the current payment on principal of their bonds.

Holders of non-deposited bonds will receive their payment upon presenting their bonds to Detroit Trust Co., Trustee, attention C. J. Winkler, for endorsement.

Ross, John C. & Margaret K. First Mortgage Bonds Dated 3/15/1928.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Sept. 13, 1944:

This is to inform you that the principal of your bond(s) and the deferred and current interest thereon will be due Friday, Sept. 15, 1944.

Recently the mortgaged property was sold and transferred to new owners, who have informed us that strenuous efforts have been made to obtain financing to retire the indebtedness, but that a mortgage commitment has not yet been secured. They have asked that bondholders be advised that such efforts are being continued and that it is hoped the necessary financing may be secured within the next thirty to sixty days. Consequently, funds are not now available for the payment of the principal and deferred interest.

However, the current interest due Sept. 15th will be paid and bondholders may present their interest coupons as usual, but under the circumstances we suggest that you do not send in your bonds until we notify you that the money for the principal and deferred interest is available. The total principal amount of bonds due on Sept. 15th is $71,500.00, and the deferred interest due at the same time amounts to $7,507.50.

While the mortgage and supplemental indenture provide remedies if the principal and interest are not paid on the date mentioned, we feel that steps to exercise these remedies should not be taken until it appears necessary and the efforts of the owners to raise the money within the short time mentioned have been exhausted. Unless it appears advisable to do otherwise immediately, the Trustee will probably wait for at least another thirty days before exercising its remedies. In the meantime we expect that the net income from the property will be paid to the Trustee as usual.

We will keep you advised of the situation from time to time.

Royal Tiger Mines Co., Tiger, Colo. Incorporated in Colorado. The Tax Assessor of Summit County Breckenridge, Colo., informed us on November 30th that the company has not been operating for the past two years, and is in the hands of the Bankruptcy Court. The property is being sold by the Court to pay off taxes and the creditors. Mr. John Shireman, Attorney for the Trustee—Jack East, located at Midland Savings Bldg., Denver, Colo., informed us as follows on December 6th, 1943: "The Royal Tiger Mines Company was adjudicated a bankrupt on March 2, 1938. This was followed by extensive litigation and the estate is still in process of administration. The stock is probably worthless but until the administration is completed, it is impossible to say whether there will be a distribution to stockholders."

St. Clair Heights Syndicate, Ltd. Foreclosure Trust Certificates of Beneficial Interest:

The Detroit Trust Co., Detroit, Mich., informed us as follows on April 29, 1944:

In our letter of Jan. 12, 1944 you were advised it had been decided that the offer of $90,000, as set forth in our letter of Dec. 15, 1943, should not be accepted, that the Offeror was so notified but it did not care to increase the amount, so the deposit had been returned.

A few weeks later a new offer of $110,000 cash was received from the same Offeror. After careful consideration it was decided the property should be sold for this price. Due to the death of one of the principals of the Offeror company, the closing of the sale was delayed for some time, but was consummated April 25th.

The price of $110,000 plus income on hand of $5,286.60 plus insurance premium refunds of $248.85, plus tax refunds of $794.35, plus adjusted overage in rent of $256.55, less Trustee's and Attorney's fees of $3,800, less miscellaneous sales expense of $200, leaves $112,380.84 available for holders of Certificates of Beneficial Interest. The distribution amounts to $2.34 per unit on 48,026 units participating in the trust or at a rate of $234.00 per 100 units, which represent an original $1,000 bond.

In order to collect your share of the distribution and, as this is the final distribution, you must forward your Certificate of Beneficial Interest, preferably by registered mail, or make delivery thereof in person to: Detroit Trust Co., Stock Transfer Dep't., 201 West Fort St., Detroit, 31, Mich.

Payment will then be made by check to the registered holder of the Certificate. If payment is to be made to someone other than the registered holder, the certificate must be accompanied by duly executed instruments of assignment and transfer, with signatures of the assignors or transferors guaranteed by a bank or trust company.

A Fiduciary Income Tax Return Report will be filed with the Collector of Internal Revenue in due course. When the Return has been filed, Certificate Holders will be advised of the contents thereof.

St. Louis Gas & Coke Corp. First Mortgage 6% Bonds Due 1947.

The American National Bank & Trust Co., Chicago, Ill., reported the following on Jan. 14, 1944:

Answering your recent inquiry addressed to attorney Clement F. Springer, beg to advise that in our opinion the above bonds have ceased to have any value whatsoever. The assets of the company were transferred to the corporations mentioned in your letter under a plan of reorganization adopted in 1935 in certain bankruptcy proceedings which closed out the affairs of the mortgagor. Under the final decree in the bankruptcy proceedings, the holders of the gas company bonds were entitled to exchange same for the securities of the new corporations. The court set a period of 5 years during which the bondholders might make the exchange, after which time they became forever barred from so doing. This time limit expired April 30, 1943.

We are not aware of any relief or rights which the holders of the unexchanged bonds now possess. There was no foreclosure; consequently no foreclosure proceeds. In other words, nothing is available or collectible so far as we know, by the holders of unexchanged bonds.

This letter is written in our capacity as the exchange agent appointed under the final decree.

We would be interested in knowing of any bonds outstanding.

St. Louis-San Francisco Railroad Co. Press report:

Washington, July 12.—The Interstate Commerce Commission today approved the compromise plan submitted last February for the reorganization of the St. Louis-San Francisco Railroad. The compromise involved claims of the Reconstruction Finance Corp. and the Railroad Credit Corp., which have been settled and discharged. The plan now will be submitted to the creditor groups for approval.

The claims of the federal agencies, settlement of which was approved by the court, provided for the purchase by Frisco trustees of RFC claims for $4,504,575 and RCC claims for $1,300,000.

The revised plan is identical to the original proposal for settling claims of security holders and reaffirms previous findings that the common and preferred stocks were without value.

The plan calls for a total capitalization of $247,838,808 and yearly fixed interest charges of $3,001,773. Holders of outstanding bonds will receive for each $1,000 principal amount cash and new securities as follows:

Fort Scott bonds—$61.34 cash; $733 new first mortgage 4s and $267 income 4½s.

Prior lien series A—$15.36 cash; $219 first mortgage 4s; $171 income 4½s; $332 preferred stock, and $333.50 common stock.

Prior lien series B—$25.39 cash; $233 first mortgage 4s; $182 income 4½s; $353 preferred stock, and $355 common stock.

Consolidated series A—$21.05 cash; $221 first mortgage 4s; $158 income 4½s; $174 preferred stock, and $174 common stock.

Consolidated series B—$36.22 cash; $243 first mortgage 4s; $174 income 4½s; $191 preferred stock, and $191.50 common stock.

Bank creditors will receive cash and new securities allocable to the collateral held by them. The plan specifies that none of its provisions shall restrict the right of the court order distributions of cash from time to time before completion of the plan.

San Marcos Oil Corp. Incorporated in New York, and was located at 125 Broadway, New York City, in 1923. In 1926 no further trace of the company could be found. The corporation was dissolved by proclamation of the Secertary of State on December 15, 1930. The company apparently went out of business in 1924 or 1925, because New York corporations at that time lost their charter for failure to file reports for the five previous years. We found no value to the stock.

San Miguel Plantation Co. Incorporated in Illinois, and alleged to have owned 200,000 rubber plants on a plantation in the state of Vera Cruz, Mexico. It is alleged that little attention was given to the property after tne initial development work was done, and that dividends were paid from the sale of the companys' bonds. Two of the promoters were subsequently indicted by the Federal Grand Jury in Chicago. The Equitable Trust Company of Chicago, which was Trustee for the bondholders, failed at the time of the collapse of this company. It is understood that the two institutions were closely related. This company began business in 1901 when the bonds were issued and sold. The State of Illinois has no record of this bank, and no securities were on deposit with the State Banking Department. The securities are absolutely worthless.

Scanlan-Morris Co. Press report May, 1944:

The Air Reduction Co. announced yesterday that it had completed negotiations for acquisition of the Scanlan-Morris Co. and Scanlan Laboratories, Inc., of Madison, Wis., makers of sterilizing equipment and other operating room supplies.

C. E. Adams, chairman of Air Reduction, said S. G. Scanlan, president of the Scanlan companies, would propose the consolidation to his stockholders. If they approved it, Air Reduction will acquire all assets of the two companies in exchange for 23,915 AIRCO shares of treasury stock previously purchased in the open market. No new financing would be involved in the merger.

AIRCO, through its subsidiary, the Ohio Chemical and Mfg. Co., has long served the medical and dental professions and the hospital field, particularly in producing anesthetic gases and equipment for their administration.

Schulte, Walter H., Louis J. Hoffman. First Mortgage 6% Bonds Dated April 1, 1926:

The Detroit Trust Co., Detroit, Mich., informed us as follows on Aug. 7, 1944: Practically all of the lots were lost to the State of Michigan for taxes in Nov. 1939. A few of the lots were placed on the State and County Ten-Year Tax Payment Plan but the plan was later abandoned when it was decided that these losts could not be salvaged. All except three of the land contracts proved valueless. Collections have just been completed on the last of these three land contracts. A first and final liquidating dividend can now be made to bondholders. Cash on hand amounts to $1,718.92. Of this amount $1,440.00 will be used to make a 12% ($120 per $1,000 bond) liquidating dividend to the holders of $12,000 par value of bonds presently outstanding. The balance of $278.92 will be used to apply on trustee's fees and expenses.

In order to receive this first and final liquidating dividend, bonds should be forwarded promptly, or presented to: Detroit Trust Co., Reorganization Division, First Floor, 201 West Fort St., Detroit, 31, Mich.

As this is a final payment and there is no possibility of further recovery for bondholders (there having been no foreclosure and therefore no deficiency judgment), the bonds will have no further value after this payment. The Trustee therefore proposes to retain the bonds and cancel them unless any bondholder instructs the Trustee in writing to return same.

Schuylkill Bank, Philadelphia, Pa.

This was one of three banks designated by the Act of 1814 for Philadelphia County. It continued in business until December 18, 1938 when it closed its doors. This was in consequence of legal proceedings commenced by a banking institution of another state. It appears that the president, who was later charged with perjury, forgery and conspiracy to defraud, appropriated certain monies for his own use. After the claims in connection with the legal action aforementioned were paid, nothing was left for the stockholders.

Seaboard Air Line Ry. Co.

Reported in Richmond, Va., on Jan. 27, 1944.

The three-man committee appointed recently by Judge Calvin W. Chestnut to handle final reorganization of the Seaboard Air Line Railway Company has chartered a new railway corporation for the purpose of taking over the SAL records in the State Corporation Commission revealed today.

A charter was granted the company yesterday. It will be known as "Seaboard Railway Company," with home offices in Norfolk.

Only nominal capitalization was listed for the new corporation—a maximum of 50 shares of common stock, and a minimum of three shares. The most recent plan for recapitalization called for a scaling down of present obligations of $330,000,000 to a capitalization of $196,870,000, of which $44,370,000 would be fixed interest debt having total annual fixed charges of $1,746,000. The charter of the new company authorizes the "purchasing, leasing, maintaining and operating all or any part of the system of lines of railroad owned, operated, leased or otherwise held by Seaboard Air Line Railway Company." The system includes 4,178 miles of track, of which 178 are in Virginia.

Only "Formal Step"

Counsel for the new company described its incorporation as only a "formal step in the ultimate reorganization of Seaboard Air Lines." Holders of some 30 mortgages, bondholders' committees and other interests must consent to assumption of the old railway by the new company, and the transaction must be approved by United States district courts.

The SAL has been in receivership since December 23, 1930, when it reported a debt of $215,700,000. L. R. Powell, Jr., and Henry W. Anderson have served as receivers, with Tazewell Taylor acting as special master. Some 35 types of securities, representing $227,000,000 in liabilities, were at one time involved in the capital structure, and a recent plan for refinancing calls for distribution of $5,500,000 in cash and issuance of $185,000,000 in new securities in settlement of $305,000,000 in principal and interest claims submitted by bondholders.

Officer Named

Otis A. Glazebrook, Jr., New York banker, who represents the general mortgage holders on the reorganization committee, was named as president of the new corporation. Joseph France, Baltimore attorney, who represents underlying bondholders, was listed as vice-president, as was Charles Markell, of Baltimore, former law partner of Judge Chestnut, who was named to the committee by Judge Chestnut following the death of Judge Luther Way. Reorganization of the railroad was transferred from Judge

Way's court in Norfolk to Judge Chestnut's court in Baltimore.

Other officers named for purposes of incorporation are Tristan Antell, Brooklyn, secretary and treasurer; Charles H. Jagow, New York, assistant secretary, and Herman J. Schmidt, Scarsdale, N. Y., assistant treasurer. These officers, plus Leonard D. Atkins, counsel for the reorganization committee, were listed as directors.

Judge Chestnut has urged that reorganization be expedited, since the railway's affairs have been in receivership for more than 13 years. Counsel for the new company said it might be "six months or a year" before the firm is organized under Virginia law and the transfer completed.

Seaboard Air Line Railway Co. Press report Aug. 2, 1944:

Richmond, Va., Aug. 2—A lower court's approval of a plan for the reorganization of Seaboard Air Line Railway Co., prepared by a Special Master for the Federal District Court at Norfolk, was upheld today by the Fourth Circuit Court of Appeals.

Seaboard Fisheries Co., Inc. Sullivan & Cromwell, attorneys, located at 48 Wall St., New York City, informed us as follows: "Referring to your letter of Oct. 18th requesting information as to the payments made on account of the Certificates of Deposit for Repayment Bonds and Stock of Seaboard Fisheries Co., Inc., I beg to advise that according to our records the final payment on account, amounting to 2½% of the face value of the Repayment Bonds, was authorized by the Protective Committee on Jan. 24, 1923. Presumably your client's last payment of $75. on March 1, 1923, was the final payment, but you can readily check this by comparing the payment with the face amount of the Repayment Bonds covered by the certificate."

Seaboard Oil & Gas Co. Incorporated in Delaware on March 5, 1918, and lost its charter in 1931. The company surrendered its Texas permit on June 7, 1924. The officers were: George W. Sterling, president; with F. H. Corbin and H. L. Corbin, directors. The tax collector of Young County, Graham, Tex., informed us on June 13, 1944, that the Seaboard Oil & Gas Co. renders the leasehold interest in the 40 acres of the S. Tankersley Survey, Abstract No. 278. The records show their first rendition was for the year 1922 and was valued at $154,000 for tax purposes. The rendition for 1943 taxes valued it at $8,980. The property could not have been originally owned by the Seaboard Oil & Gas Co., a Texas corporation, because that company was not incorporated until March 8, 1924. Mr. F. H. Corbin received 99,600 shares of stock of the Texas company (Seaboard Oil & Gas Co.), for transferring the leasehold interest in the 40 acres mentioned above to the Seaboard Oil & Gas Co., a Texas corporation. We wrote to the company at Radio Bldg., Wichita Falls, Tex., and they apparently refuse to answer our letters.

Seaboard Utilities Shares Corp.

Notice
To the Shareholders of
Seaboard Utilities Shares Corp.,
Railroad Shares Corp.
and
Utilities Hydro & Rails Shares Corp.

Arthur F. Bickford, receiver of the above-named corporations, has been authorized by the court which appointed him, to pay a first and final liquidating dividend to the shareholders of each corporation at the following rates:

9 cents a share for shares of Seaboard Utilities Shares Corp.;

9½ cents a share for shares of Railroad Shares Corp.;

17 cents a share for shares of Utilities Hydro & Rails Shares Corp.

These respective dividends will be paid upon the surrender by the shareholders of their certificates to the receiver, Arthur F. Bickford, Room 530, 53 State St., Boston, Mass.

If a shareholder has lost his certificate, then, in such case, if he will communicate with the receiver, he will be furnished with such documents as are required in order to entitle him to the dividend.

We found no record of this company's operations in our mining records. The company never filed a list of its officers, and therefore believe that it did not progress beyond the development stage. The shares in our opinion are without value.

Seville Court Apartments (Esther Pelavin). The Detroit Trust Company, Detroit, Michigan, informed us as follows on June 16, 1944:

Holders of Esther Pelavin (Seville Court Apartments) 7% Junior Mortgage Bonds and Scrip Certificates, and/or Certificate of Deposit issued therefor:

Pursuant to notice sent you on February 10, 1944 concerning hearing to be held February 25, 1944 on petition filed by Detroit Trust Company, Trustee, asking instructions relative to offer referred to, you are informed that an Order was entered by the Wayne Circuit Court as of that date directing Trustee to accept the offer made.

Consummation of the sale was delayed because of certain income tax questions. However, the sale has now been completed, although the questions with respect to income taxes have not been determined. After setting up a reserve of $2,500.00 with regard to income taxes, and meeting all other expenses, there is available for distribution the sum of $26,950.00, equivalent to .1296 per $1.00, or $129.60 on each $1,000.00 bond; $64.80 on each $500.00 bond, and $12.96 on each $100.00 bond. Statement of the Trustee's receipts and disbursements is attached for your information.

In order for you to receive said payment, it is necessary that you surrender your bonds with September 1, 1928 and subsequent coupons attached, scrip or Certificates of Deposit issued therefor for cancellation to:

Detroit Trust Company
Reorganization Department
201 West Fort Street
Detroit, 31, Michigan.

Payment will be made to holders of registered bonds, scrip and Certificates of Deposit exactly as registered. In the event that payment is to be made to any other than the registered holder, proper assignment must accompany the securities, and signature must be guaranteed by a bank or trust company, or a member of a recognized stock exchange.

It is improbable that the income tax questions of the trust will be wholly determined until approximately three (3) years from the date hereof. When the matter has finally been determined, and if funds remain, a further pro rata distribution thereof will be made to the holders receiving the above payment. For this reason it is very important that at the time you present your securities for payment and cancellation, you give us your most recent address.

The United States National Bank of Portland, Ore., reported the following on Jan. 11, 1944: ". . . regarding Shaw Surgical Co. preferred stock, we have again contacted Mr. John Galbraith, who, so far as we know, is the only local security dealer familiar with the market value of these shares. Mr. Galbraith informs us that the only transaction coming to his attention occurred in September, 1942, at around $50 per share. . . . At our request today he again contacted officials of the company who stated that they were prepared to buy in the neighborhood of $60 at the present time for a limited number of shares . . .".

Shepard & Mann, Inc. Incorporated in Delaware on Dec. 16, 1909, and was located at 224 Rue de Rivoli, Paris, France. The company lost its charter on March 18, 1914. The officers were: E. F. Shepard, president; W. G. Lidbetter, vice president; and S. R. Hodges, secretary and treasurer. We also investigated E. F. Shepard & Co., of Paris, France, having the same officers, and found no value to the stock. The Alien Property Custodian, although they are familiar with the names of the officers of both companies, informed us that they know nothing about these companies. We believe the shares are without value.

Sheriff Coal Co., Oskaloosa, Iowa.

Notice is hereby given that at a meeting of the stockholders of the Sheriff Coal Company, a corporation, held at the place of business of the president of the corporation in Oskaloosa, Iowa, on the 28th day of February, 1944, pursuant to notice given to the stockholders of said corporation that said meeting was called for the purpose of winding up the business of the corporation and dissolving the same as provided by the Articles of Incorporation and the laws of the State of Iowa, at which meeting all of the stock of the corporation consisting of 1000 shares, was represented by the stockholders in person or by proxy, it was duly resolved by said stockholders by unanimous vote of all shares outstanding that the corporation be dissolved as of the 21st day of March, 1944, and that prior thereto the president and secretary pay all the debts of the corporation and distribute all the assets of the corporation to the stockholders.

All of the capital stock of the corporation having voted in favor of said resolution, the president thereupon declared that said Resolution of Dissolution had been duly adopted.

That, pursuant to the authority conferred upon us by the stockholders of the Sheriff Coal Co., we, as president and secretary of the Sheriff Coal Co., a corporation, having fully performed our duties as officers of said corporation, hereby give notice that the Sheriff Coal Co., a corporation organized under the laws of the State of Iowa, is dissolved this 21st day of March, 1944.

Signed at Oskaloosa, Iowa, this 21st day of March, 1944.

E. L. Butler,
President.

Silica Gel Products Corp. Incorporated in Maryland. The Davidson Chemical Corp., located at Baltimore, Md., informed us as follows on Jan. 7, 1939: "In reply to your letter of Jan. 6, 1939, you are advised that the Silica Gel Products Corp. was placed in receivership in 1936, and its assets were sold for $1,000. in October, 1936, to the Davidson Chemical Corp. The liabilities amounted to $67,156.74. The entire amount received from the sale of the assets was used to defray the expenses of the receivership, and what little balance was left was paid to the State of Maryland on account of taxes. The preferred and common shares are valueless."

Somerset Hall, Englewood, N. J. It was reported on Sept. 13, 1943 as follows: Englewood, N. J., Sept. 13—Approval by Vice Chancellor Bigelow of the sale of Somerset Hall, five-story apartment house at 109-11 Grand Ave., this city, for $191,500 to the Slaterhall Co. assures certificate holders of a

100 per cent return on their investment. The sale was made by the Fidelity Union Trust Co., of Newark, N. J., as trustees for the certificate holders. The building has 156 rooms divided into seventy-two apartments. Two weeks ago the Slaterhall Co. bid $180,000 for the property. This figure was raised by the Englewood Auto Finance Co. of Englewood to $185,000 and last week the Slaterhall Co. increased its original bid. Charles M. Danzig had suggested to the court that competitive bidding be held and the Vice Chancellor authorized it.

South Penn Collieries Co. The Penn Anthracite Collieries Co., located at Bowman Bldg., Scranton, Pa., informed us as follows on July 23, 1943:

Replying to your letter of July 29th, regarding the status of South Penn Collieries Co. Capital Stock.

As you probably know, the assets of the South Penn Collieries Co. were sold by order of the Court in January 1931, and were bought in by a committee representing first mortgage bondholders of South Penn Collieries Co. This resulted in the bondholders, who had deposited their bonds with the committee, becoming, in effect, owner of the South Penn assets and claims of the second mortgage bondholders and general creditors were left unsatisfied. Under the circumstances, the stock of South Penn Collieries Co. is now worthless.

There were a number of the South Penn bondholders who failed to deposit their bonds with the Bondholders' Committee. Some of these bonds are still outstanding and may be redeemed on the basis of $131.57 for each $1,000. bond through the Pennsylvania Co. for Insurance on Lives and Granting Annuities, Philadelphia, Pennsylvania

Southmont Investment Co. Press report at Montreal, Quebec, on June 5, 1944: Montreal, June 5.—Liquidation of the Southmont Investment Co. as soon as it no longer can serve to protect shareholders of Montreal, Light, Heat & Power Consolidated, was proposed by John S. Norris, president, in a letter to stockholders.

He said directors of Montreal Power are aware of many advantages to stockholders of direct purchase of their shares rather than expropriation of the physical assets of the company by the Quebec Hydro Electric Commission. No policy respecting dividends can be formulated, since there is a continuing uncertainty as to the amount that will be ultimately secured for the expropriated assets, he said.

Standard Fire Insurance Co., Kansas City, Missouri. Incorporated in Missouri on Jan. 2, 1889. This company was reinsured by the Phenix Insurance Co. of Brooklyn, New York, on Aug. 12, 1891, and the latter became the Fidelity-Phenix Fire Insurance Co., 80 Maiden Lane, New York City on March 1, 1910.

Standard Fire Insurance Co. Supplementing our previous report the Fidelity-Phenix Fire Insurance Co., 80 Maiden Lane, New York City, informed us that the outstanding policy liability of the Standard Fire Insurance Co. was reinsured by the Phenix Insurance Co. of Brooklyn in 1891. The transaction involved no corporate relationship. In view of the fact that the State Insurance Dept. at Jefferson City, Mo., holds no unclaimed funds for outstanding stock of this company, it would appear that when the company reinsured its policies in another company, it went out of existence and its shares are worthless.

Standard Gas & Electric Co. Press report June 1, 1944:

Because the Securities and Exchange Commission has found that the common stock of the Standard Gas and Electric Co. cannot possibly be entitled to an interest in the reorganized company, the New York Stock Exchange has suspended the stock from dealings. "A meeting of the board was held yesterday morning to take the action. The preferred stock will continue on the list.

"The SEC had announced earlier,"

said a statement by the Exchange, "that, while it could not approve the reorganization plan filed by Standard Gas and Electric Co., it would not issue a formal order of disapproval for ninety days, in order to allow the company time to file an amended plan in line with suggestions made by the commission in its findings and opinion. This latter document stated that the commission was clear that there is no possibility that Standard's common stock has any interest in the company, either on a comparison of the liquidation preferences of the Securities senior to it with the value of the enterprise, or on an analysis of the foreseeable income to be available to the different classes of securities in the enterprise, and that the plan should, therefore, exclude Standard's common stock from participation. It appeared to the board of governors, in the light of this latter announcement, that, while the Securities and Exchange Commission did not approve the plan, the findings and opinion of the commission that there is no possibility that the common stock has any interest in the company made it advisable to suspend dealings in this security."

Standart Brothers Hardware Corp. Certificates of Beneficial Interest in Foreclosure Trust Dated December 9, 1942: The Detroit Trust Co., Detroit, Mich., informed us as follows on Oct. 6, 1944: Under date of July 28, 1944 we addressed a letter to you, advising that we had received an offer of $145,000 for the trust property, located at 501-535 West Jefferson Avenue, Detroit. The hearing before the Michigan Corporation & Securities Commission, set for August 9, 1944 was duly held and no objection to the sale was received by the Commission. At the hearing, the Trustee received another offer to purchase for $150,000, whereupon the Commission authorized the Trustee to accept an offer of $150,000 or better. After further negotiations between the Trustee and the two interested purchasers, a final offer of $163,000 was received and accepted on August 23, 1944.

The proceeds of the sale distributable to certificate holders, after deductions is $156,170.00 or $9.70 per unit on the 16,100 units outstanding. The reserve set aside for Federal Income Tax and for contingent and undetermined liabilities amounts to approximately 30c per unit. It may be that the Income Tax liability, if any, of the trust will not be wholly determined until at least three years after the filing of the Trustee's Final Fiduciary Income Tax Return. When all liabilities of the trust have been determined and satisfied, such funds as remain will be distributable pro rata to the present registered certificate holders who receive this distribution.

Your attention is called to the fact that the payment now being made is a final liquidating distribution on your investment, subject only to such small additional payment as may possibly be made if the funds reserved for contingent liabilities are not used in full. As soon as possible the Trustee will prepare a final "Fiduciary Income Tax Return" for the trust in connection with the sale and the income from the property for the current year to date of sale and file such return with the

Collector of Internal Revenue at Detroit. A report on the matter will be made to certificate holders at that time.

Your Certificate(s) of Beneficial Interest should now be forwarded by registered mail or delivered in person, endorsed exactly as issued, to: Detroit Trust Co., Stock Transfer Division, 201 West Fort St., Detroit 31, Mich. Upon receipt thereof, payment of your pro rata share of the distribution at the rate of $9.70 per unit will be made to you.

State Theater Corp. Press report March 6, 1944:

Union City, N. J.—By a unanimous vote of its stockholders Friday afternoon in a special meeting in Odd Fellows Hall, Bergen Sq., Jersey City, State Theater Corp., was dissolved.

It was announced that in about 10 days or when the certificate of dissolution is filed with the secretary of state, the first cash dividend of $48 will be paid.

Organized in 1921 by Frank G. Hall, the public was invited to buy stock at $100 a share. In 1923 the corporation went into bankruptcy and Thomas J. Brogan, now chief justice, was appointed receiver. There was a debt then of $800,000.

Contributing an amount of $120,000, a group headed by Joseph E. Bernstein saved the corporation at that time. Guaranteeing the debts of the corporation, it was taken out of the receiver's hands. Hall disappeared and Bernstein was elected president. The debt was then reduced to a $114,000 RFC loan.

The liquidating trustees are Emil Herz, George V. Payton and Leo Herz.

State Theaters, Inc. Press report, Feb. 18, 1944:

A hearing on plans for reorganization under the National Bankruptcy Act of State Theaters, Inc., was continued to March 10 on motion of Harry L. Taylor, attorney for the Internal Revenue Dept., by J. W. B. Shaw, master in the case, today.

Mr. Taylor requested the extension to work out an income tax problem. The income tax claim is listed as the only remaining adjustment to be made.

Press report Jan. 14, 1944:

J. A. Stein Dissolves
Lumber Partnership

With 25 years of business experience behind him, J. Arthur Stein is today sole owner of the Steinbrook Lumber Corp., having dissolved his partnership with his brother, Herman Stein, on January 1. Together they had conducted two lumber yards, in Lynbrook and Springfield, under the firm name of Steinboro Lumber Co. In the separation, each took over an individual yard.

Mr. Stein is now conducting the lumber yard at 400 Sunrise Highway, near Forest Avenue, Lynbrook. He has been in charge of this location since 1936 when it was purchased from Hugo W. Fieseler who had conducted it for nearly 40 years.

Sterling Gum Co., Inc.

Notice to stockholders dated February 10, 1917:

The Sterling Gum Co., Inc., has been dissolved in accordance with the statutes of New York, the State of its incorporation. In accordance with the consent of two-thirds of its stock given at a meeting on November 9, 1916, it sold and conveyed most of its property to a domestic corporation engaged in a like business, receiving in consideration all as set out at said meeting of November 9, 1916, part of the consideration being in cash, and part in the notes of the vendee. It has substantially completed the collection of its bills and accounts receivable. By arrangement with the holders of its deferred obligations, as set out at said meeting, its directors, trustees in liquidation under the statute, are now able to announce that its stockholders will be paid forty cents a share on their stock, upon the presentation thereof at the Guaranty Trust Company of New York on or after February 15, 1917, so that the certificate may either be surrendered for cancellation, or words put upon the certificate by stamp or otherwise has received the said forty cents a share, and has no further value.

Certificates may be presented either by the registered holder or by the identified transferee after duly authenticated transfer.

If certificates are mailed to Guaranty Trust Company, please enclose stamps for return of check and securities by registered mail.

Stratton Engineering Corp. Incorporated in New Jersey on Dec. 6, 1928, and lost its charter on Jan. 19, 1933. The President, Gerald B. Gould, and Treasurer, Douglas Henderson, are now located at 215 4th Avenue, New York City, in care of Gould, Henderson & Brunjes. Mr. Henderson informed us that both he and Mr. Gould severed all connections with this company many years ago, and have heard nothing of it since. The company existed iin 1929 and 1930. Apparently the crash had a lot to do with it. We believe the shares are worthless.

Syndicate Petroleum Company. Incorporated in Delaware on March 10, 1922, and filed its last report in 1923. The company lost its charter on March 18, 1926. We found no record of the company's operations nor any value to the stock. The shares in our opinion have no value.

Syndicate Properties, Inc. First Mortgage 6% Bonds Dated Oct. 1, 1929: The Detroit Trust Co., Detroit, Michigan, informed us as follows on August 17, 1944:

Prior to November, 1939, when substantially all of the remaining lots securing the issue were lost to the State of Michigan for delinquent taxes, approximately $100,000 in bonds had been retired by the Trustee through exchanges for lots under a plan worked out by the Public Trust Commission and the Bondholders' Protective Committee. Through arrangements with interested third parties, some of the lots were subsequently repurchased from the State on Land Contracts at the Scavanger Sale, under option agreements whereby the Trustee would receive certain agreed release prices when any of the lots were deeded to the optionees.

Practically all real estate has now been disposed of and liquidating dividend No. 1 of 25% ($250 per $1,000 bond) can now be made to the holders of $53,300 par value of bonds presently outstanding. In order to receive this liquidating dividend No. 1, bond(s) should be forwarded promptly to Detroit Trust Company, Reorganization Division, First Floor, 201 West Fort Street, Detroit, 31, Michigan. The bond(s) will be endorsed to show this payment and returned to the bondholder(s) with the dividend check.

After payment of this dividend the assets of the trust will consist of:

Cash $1,632.60

Certificate of Indebtedness of H. C. Emery, 60% liquidat-

ed, unpaid balance of $9,661.60 having present cash value of	4,202.80
Land Contract, balance	700.00
Uncompleted option, release price	325.00
Total	$6,860.40

The mortgagor corporation is no longer in existence, having lost its charter in 1939, so no recovery can be expected from that source. It would appear that when liquidation is completed, a final dividend in excess of 10% can be paid to holders.

Taylor & Williams Distilleries, Louisville, Ky.
Louisville, Ky., April 14. — Taylor & Williams Distilleries here and other assets of the Taylor & Williams interests have been sold to the Glenmore Distilleries Company for a price estimated between $5,000,000 and $6,000,000 by Menefee Wirgman, president of the Fidelity and Columbia Trust Company, which represents the J. B. Dant Estate, owner of Taylor & Williams, a holding concern having 51 per cent of the stock of Taylor & Williams Distilleries.

The purchase, announced following approval by the Office of Price Administration, includes the holding company and the remaining 49 per cent of the distilleries' stock. The distilleries have some 40,000 barrels of aging whisky and a capacity of sixty barrels daily.

Tom Moore Distillery Co. Press report: Baltimore, Aug. 23 — Tom Moore Distillery Co. stock will be removed from the Baltimore Stock Exchange at the opening of business next Tuesday, the exchange announced today, following the announcement that the sale of the distillery and other assets had been approved by Tom Moore stockholders. The company, which came into the limelight last December when it was the first of the listed liquor companies to declare a whisky dividend, will be consolidated with the Churchill Distilling Company under the name of the Churchill firm. Holders of Tom Moore stock were requested to surrender their certificates to the Churchill Distilling Company at its Baltimore office, receiving in exchange new preferred stock of the Churchill company.

Tom Moore Distillery Co. Press report Dec. 21, 1943:

Louisville, Dec. 21. — Federal Judge Shackelford Miller Jr., held today that holders of old stock in Tom Moore Distillery Co. cannot now exchange the old certificates for new ones in order to participate in the liquid dividend being distributed by the firm.

The company, which is incorporated in Michigan but has its headquarters at Baltimore and its distillery at Bardstown, Ky., was reorganized in recent years and Judge Miiller ruled that the deadline for exchanging old stock for new passed on June 9, 1942.

He dismissed a petition filed by Bernard J. Radigan, of Detroit, who sought to have the distillery estate reopened so stockholders who failed to exchange certificates could do so now.

Judge Miller said many holders of old stock did not make the exchange, "apparently thinking it was not worth the trouble."

The dividend of twenty-seven gallons of bourbon whisky is payable on each share of stock but it must be evidenced by the new certificates issued at the time of the reorganization. The company had to win two court actions before it could begin distribution of the liquid dividend today.

Tax laws and regulations governing the withdrawal of bulk whisky and its bottling are expected to discourage many stockholders from any attempt to claim their dividends.

Trowbridge, Luther S. First Mortgage 6% Serial Gold Bonds Dated December 1, 1924:

The Detroit Trust Co., Detroit, Mich., informed us as follows on October 12, 1944:

Subsequent to the Committee's letter dated January 25, 1944, sufficient funds have accumulated from collections on Land Contracts remaining under Mortgage to warrant a further liquidating dividend of 2½% or $25.00 on each $1,000.00 bond.

To secure your dividend, present your bond personally or by registered mail for endorsement to the Detroit Trust Co., 201 W. Fort St., Detroit 31, Mich., attention of the Reorganization Division on the first floor, Windows 9 or 10.

The present balance of Land Contracts Receivable is $6,915.28.

Efforts will be continued to liquidate the contracts remaining under the Mortgage and the proceeds will be distributed to Bondholders after payment of the necessary expenses of administration.

Troyoak Land Co. First Mortgage 6% and 6½% Bonds due July 1, 1934:

Mr. Merrill C. Adams, Secretary of the Michigan Bondholders' Committee, Detroit, Mich., reported the following on May 5, 1944:

Under date of Feb. 25, 1944, this committee notified bondholders that the Public Trust Division of the Michigan Corporation and Securities Commission had approved a Plan of Liquidation for this issue and requested bondholders to forward their bonds to the Detroit Trust Co. for the purpose of carrying the Plan into effect.

A substantial amount of bonds have been deposited and no objection to the Plan has been received by the Committee or by the Trustee or by the Public Trust Division of the Michigan Corporation and Securities Commission.

Accordingly, the Committee requested the Commission to authorize it to declare the Plan operative and by order dated April 10, 1944, the Commission did so. The Committee has now declared the Plan operative and in accordance with the request of the Committee the Trustee is making payment to those bondholders who have sent in their bonds or certificates of deposit, of the final liquidating dividend of 10½% and will make payment of the dividend to the remaining bondholders from time to time as their bonds or certificates of deposit are surrendered to the Trustee for that purpose.

If you have not already done so, you are urged to forward your bonds to: Detroit Trust Co., Att.: Reorganization Dept., Detroit 31, Mich., promptly, accompanied by the "letter of transmittal," an extra copy of which is enclosed herewith.

Twin Vein Mining Co., Inc. Incorporated in Virginia and filed its last report in 1928. Mr. Van Tassel Sutphen of Morristown, N. J., was Secretary and Treasurer of the company. The company lost its charter in 1935. According to the "Mines Handbook," this company operated in a small way in 1926. No news since. The company's property was located in Louisa County, near Mineral, Va. Mr. R. E. Trice, Jr., Commissioner of the Revenue, Louisa, Va., informed us on July 3, 1943, that there is no land assessed in Louisa County in the company's name at this time. Therefore, it is our opinion that the venture was unprofitable and was given up as a bad investment. The shares in our opinion have no value.

Twin Vein Mining Co., Inc. Supplementing our previous report, Mr. Van Tassel Sutphen, a former officer, located at 22 Franklin Street, Morristown, N. J., informed us as of July 7th, 1943, that the company is out of existence and the stock has no value. Mr. Charles B. Squier, former President of the company, located at 5 East 51st Street, New York City, informed us on July 5th, 1943, that the mortgage was foreclosed and the stock has no value. This can be confirmed at the Court House, Louisa, Va.

Two Eleven Corp. Incorporated in New York and is located at 11 Park place, New York, N. Y., in care of Mr. P. R. Moses. Proskauer, Rose, Goetz & Mendelsohn, 11 Broadway, New York City, informed us as follows on May 25, 1943: "In response to your letter of May 19th, please be informed that a distribution was made following the sale of the property owned by Two Eleven Corp., of 36.5% of the face of the 1936 Series Notes, this distribution being in direct accordance with the agreement dated Nov. 16, 1936. The corporation has at the present time substantially no funds whatever, and anticipates no payment except a small refund in connection with tax reduction proceediings. It is unlikely that there will be any further distribution on the notes."

Mr. Miller of Mr. Moses' office informed us on May 27, 1943 that the distribution was mailed to holders of record and the certificates were not stamped or endorsed showing evidence of payment. We suggest that you inform Mr. Miller the name of the holder in order that he might ascertain if the holder has received his payment.

Ukrainian Building and Loan Association of Jersey City. Press report, April, 1944:

B. & L. Pays Shareholders in Full, Has Money Left

With shareholders already paid 100 cents on the dollar, trustee in charge of the voluntary dissolution of the Ukrainian Building and Loan Association of Jersey City have filed a final report in Chancery Court showing they now have a surplus out of which a further dividend can be paid to shareholders.

Report was received by Vice Chancellor Henry T. Kays and referred to the State Department of Banking and Insurance for auditing. The trustees, Harry Jewusiak, William F. Wagner and Julian Tesarowsky asked approval of the report and allowance of fees for their services. The vice chancellor directed a return before the court May 1, following the audit.

The report shows the shareholders received their investment back in full during the first year of dissolution and during the second period of liquidation received $4,251, representing profits apportioned to them. The trustees now show they have $1,694 on hand, and of this $280 consists of unclaimed dividends. The balance of the amount on hand is subject to further distribution to shareholders after payment of administration expenses. All assets of the association have been liquidated, according to the report.

United Corp. Press notice Feb. 10, 1944: William M. Hickey, president of the United Corp., a large utility holding company, told stockholders today that the company plans to comply with the Public Utility Holding Company Act by changing itself into an investment company.

Under the plan the corporation, Mr. Hickey said, would make the following changes:

(1) Reduce by one-half its outstanding preferred stock through a proposed exchange offer of certain of its underlying statutory subsidiaries.

(2) Reduce its voting interest in its utilities to a point where it no longer came under the Holding Company Act.

(3) Simplify its capital structure to conform to a Securities and Exchange Commission order under Section XI of the act.

In making the announcement Mr. Hickey also revealed that the company had a net income for 1943 of $3,553,145 and a total income, received in the form of dividends and interest, of $4,101,956. In 1942 the net was $3,948,799 and the total income was $4,518,047.

United Gas Corp. Press report March 6, 1944:

Philadelphia, March 6. — United Gas Corp, filed today with the Securities and Exchange Commission its long-awaited plan of reorganization, thus opening the way for compliance with the public utility holding company act by its immediate parent, Electric Power & Light Corp., and by its ultimate parent, Electric Bond & Share Co.

Under the plan, which was joined in by the two parent companies, Bond & Share will receive $44,000,000 for its present holdings in United Gas consisting of $53,365,000 of debt securities, 17,310 shares of $7 preferred stock, 752,666 shares of common stock and option warrants to purchase 151,005 shares of common stock.

Electric Power & Light will end up owning 94.9 per cent, or 10,108,101 shares, of the 10,653,302 shares of new common stock which will eventually constitute the only equity capital of United Gas. The latter will have outstanding in addition $100,000,000 of new first-mortgage and collateral-trust bonds with annual interest charges of $3,250,000.

The publicly held 432,512 shares of United Gas $7 preferred stock will be redeemed at its redemption price of $11 a share and accrued dividends.

The mechanics of the plan may be summarized as follows:

United will hold a special stockholders' meeting to amend certificate of incorporation increasing the authorized $1 par value common stock from 20,000,000 to 107,000,000 shares, to authorize redemption of the $7 preferred, to authorize the new mortgage and to approve the plan.

Electric Power & Light will acquire from Bond & Share its entire position in United previously described and will surrender to United as a capital contribution for cancellation the 17,310 shares of $7 preferred now held by Bond & Share. United will call for redemption the publicly held shares of $7 preferred.

United will declare and pay a dividend on its 884,680 shares of second preferred, all of which are owned by Electric Power & Light, a dividend consisting of 12,385,520 shares of $1 par common stock. Electric will receive this as payment of the $12,385,520 of accumulated and unpaid dividends on the second preferred stock.

Electric will surrender to United 444,680 shares of United second preferred and receive in exchange 44,468,000 shares of $1 par common stock. Electric will surrender as a capital contribution to United for cancellation the United securities received by it from Electric Bond & Share.

United will purchase from Electric for $44,000,000 in cash, $44,000,000 stated value of second-preferred stock of United, and Electric will also transfer to United the right of Electric to accumulated and unpaid dividends on the stock.

Electric will pay this $44,000,000 in cash to Electric Bond & Share, which will constitute full satisfaction of all claims of Bond & Share for its holding in United. Bond & Share may apply this cash to the retirement of its preferred stock.

The United directors will then pass a resolution entitling holders of United common to receive an additional 2/3 share of common. In this connection $42,613,209 will be transferred from capital surplus to stated capital.

Then will follow a meeting of United stockholders at which a change in the authorized capital will be made providing that it consists of 10,700,000 shares of $10 par common stock. The 106,533,022 shares of $1 stock then outstanding will be reclassified into 10,653,302.2 shares of the new $10 par common stock.

The letter is accompanied by the 1943 report, which shows net income of $5,441,107, against $5,659,041 in 1942. The company failed to earn its preferred dividend by $1,955,000.

United Machine Liquidating Co., Paterson, N. J. Reported on April 4, 1944:

Trustee in Bankruptcy,
Mickel Sports Unusual
Suit In State Court

William O. Mickel, as trustee in bankruptcy of the United Machine Liquidating Company, has entered an unusual law suit, the first of its kind in New Jersey, and one of the few reported in the country, in the First District Court of Paterson.

The suit is based upon a turnover order made in the Bankruptcy Court by Referee John Grimshaw, Jr., on Nov. 25, 1942, in which he directed Hamilton Investment Company to return to the trustees specified funds. This order was appealed by the defendant to the United States District Court and last December Federal Judge Guy L. Fake decided in favor of the trustee.

The customary procedure where an order of the Bankruptcy Court is not obeyed, is to apply for contempt proceedings, whereby the Bankruptcy Court can issue an execution against the property of a debtor to collect a judgment. In those cases where contempt is not ruled, bankrupts have been able to go free.

The present suit is novel, because no suit has ever been started in the courts of New Jersey to enforce an order of a Federal court. If the State court finds in favor of the plaintiff, Mickel, he will be able to issue an execution immediately.

On March 7, last, the trustee applied to the present referee, Alexander T. Schenck, for an order permitting such a suit to be brought, and the order was granted. Attorney J. L. Bernstein of Paterson, represents the plaintiff.

United States Metal Cap & Seal Co. Incorporated in Delaware on October 8, 1913, and changed its name to Upressit Metal Cap Corporation on August 10, 1925. The latter company, located at 420 Lexington Avenue, New York City, informed us on January 11, 1944, that at the time the company changed its name, the par value of the stock was reduced to 10 cents per share. The stock was exchanged on a share for share basis.

The exchange can still be made at the Corporation Trust Company, 120 Broadway, New York City. As long as the exchange is made in the name of the original stockholder, no transfer taxes will be assessed. However, if the exchange should be made to the name of any other than the original stockholder, New York State and Federal Transfer taxes would be assessed, and as these would be based on the original par value of $10 per share these taxes would exceed any value the stock might have. If the exchange is made in the settlement of an estate they do not believe these transfer taxes would be assessed. The company holds $4,656.90 of unclaimed preferred dividends. The Balance Sheet of the company as of Dec. 31, 1942, is as follows:

Assets:	
Cash and marketable securities	$69,647.11
Cash and bonds for unclaimed dividends	4,656.90
Investment in subsidiary	300,000.00
Patents	32,073.06

U. S. Realty & Improvement Co., 111 Broadway, New York City. The following was reported on Feb. 1, 1944:

U. S. Realty Bankrupt
Petition Is Granted

Federal District Court Judge John W. Clancy today granted the petition of the U. S. Realty & Improvement Co., 111 Broadway, to reorganize under the national bankruptcy act, naming Frederick M. Sanders, president, and James J. O'Connell, reorganization trustee.

The petition claims inability to meet debts and lists assets of $13,975,768, including cash and securities valued at $2,020,631, and liabilities of $9,118,386. Imminence of litigation to enforce defaulted debenture payments is alleged to make the move necessary. Among the company's holdings are the Whitehall Building, 17 Battery Place, Trinity Building, 11 Broadway, U. S. Realty Building, 115 Broadway, and the Lawyers Building in Boston, Mass., which are carried on the books at $11,918,466, but which are subject to mortgages totaling $8,288,571.

United Vitamin Co. Press report March 9, 1944, Jersey City, N. J.

Final echoes of the affairs of the United Vitamin Corp., the Union City corporation which, it is alleged, sold $10,000 worth of stock but never went into production or organized or elected officers, reverberated through Federal bankruptcy court here as creditors gathered for a final meeting.

The creditors, chiefly lawyers who participated in the bankruptcy proceedings, appeared before Referee in Bankruptcy Alexander T. Schenck at the main Post Office to present their application for fees yesterday afternoon. Fees and disbursements amounting to $2,656.31 were requested. David Nimmo, attorney for Mark Townsend, trustee in bankruptcy for the company, reported to the referee that there is $2,394.99 on hand to meet all claims.

General creditors of the company have been paid in full by William J. Mullin, New York investment broker, who bought the assets of the company last December. As part of his contract to purchase the assets, Mullin agreed to pay off general creditors.

In a report submitted to the court last year, Townsend said his investigation disclosed that the company was incorporated in March, 1942, and that Andrew O. Wittreich, former Hudson County assistant prosecutor, was the "alleged" president, although there never was an organization meeting held and officers were never elected. Townsend further informed the referee that Wittreich divided the bulk of the company's stock among himself, Dr. James A. Iorio, of Union City, and Peter J. Greene, a stock promoter. Dr. Iorio was to supply the formula for manufacturing vitamins. Miss Alice G. Munson, of New Britain, Conn., bought 3,400 shares of the company's stock for $10,000. The total investment in the company was $10,400, but by July, 1942, this investment had dwindled to $8.47, according to Townsend. Miss Munson, now deceased, bought the stock through Mullin, the investment broker. It was Mullin who finally brought about the bankruptcy proceedings.

Discusing the case with reporters yesterday, Townsend said the state attorney general and the Federal Bureau of Investigation have become interested in the corporation's tangled affairs and will open an investigation after the bankruptcy proceedings are terminated. Townsend said his investigation showed that most of the company's money was disbursed by Wittreich. He produced two cancelled checks, both signed, "Andrew O. Wittreich," and one made out to cash and the other to Wittreich. One check was for $100 and the other for $200. Townsend said these checks are typical of the checks he found in his investigation.

After disallowing a federal tax claim for $102 and an electric light bill of $55 and allowing a rent claim of $55, Referee Schenck took the other requests for disbursements and fees under advisement and promised a prompt decision. The bankruptcy proceedings will be terminated when the fees are paid.

On February 24, 1944, it was reported that the National Tunnel & Mines Company and the Utah Metal & Tunnel Company had transmitted to the Securities & Exchange Commission preliminary data with respect to the proposed merger of the two companies on ratio of four shares of Utah Metal & Tunnel Co. for one share of National Tunnel & Mines Co. stock.

Utah Potash Co. Incorporated in Arizona on July 19, 1915, and has not filed any reports since 1917. The charter was revoked on January 31, 1928. We found no value to the stock, and therefore, believe the shares are without value.

Utah Realty Corp. Delaware charter forfeited 1944.

Utah Southern Gold & Copper Mining Co. Value of Capital Stock Dated 1906. Incorporated April 10, 1903 in Utah. The company held claims in the Beaver Lake district, Beaver County, Utah. The company had an office at 25 Broad Street, New York City. I found no record of this company's operations in 1906 and, therefore, believe that the company was out of existence at that time and its shares worthless. I submit the shares as worthless as of February 19, 1921, the date of the decedent's death.

Utica, Chenango & Susquehanna Valley Railway Co. Press report August 29, 1944:

Washington, Aug. 28.—The Delaware, Lackawanna & Western Railroad Company and the Utica, Chenango & Susquehanna Valley Railway Company made joint application today to the Interstate Commerce Commission for authority to merge the properties of the latter company into that of the Lackawanna.

The Utica, Chenango & Susquehanna Valley extends from Greene to Utica, N. Y., 75.64 miles, and from Richfield Junction to Richfield Springs, N. Y., 21.75 miles. The total line is 97.39 miles, not including 34.59 miles of yard track and sidings, and is leased to the Lackawanna from April 9, 1870, in perpetuity, at a rental of 6 per cent on its capital stock.

In connection with the merger of the leased line the Lackawanna has filed a companion application with the ICC for authority to issue certificates of deposit for not more than 37,039 shares of the capital stock of the Utica line and not to exceed $3,703,900 of Utica, Chenango & Susquehanna Valley Railway division mortgage bonds. The bonds would be exchanged for capital stock in the hands of the public. There are 40,000 shares of capital stock of the Utica line outstanding, of which the Lackawanna owns 2,961 shares.

Van Camp Milk Co., Fort Wayne, Ind. Press report May 6, 1944:

A merger of the Van Camp Milk Company of Fort Wayne, Ind., into the Pet Milk Company of St. Louis, Mo., will be acted upon at a special meeting of stockholders of Pet Milk in St. Louis on May 24, that company announced yesterday.

The plan of merger will involve the authorization by Pet Milk's stockholders of a new issue of $3,000,000 of 4¼% cumulative second preferred stock, of which $2,900,000 is to be issued to acquire outstanding capital stock of the Van Camp company.

A total of 27,500 new Pet Milk shares is to be distributed immediately on the basis of one share for each share of Van Camp $4 dividend preferred stock, of which 11,510 shares of no par value are outstanding, and one share for each 4 and 6,904/10,000ths shares of Van Camp common stock, plus scrip for fractional shares. There are 75,000 Van Camp common shares outstanding.

The remaining 1,500 shares of Pet Milk second preferred stock will be retained by that company until Dec. 31, 1944, as protection against unknown liabilities and contingencies incident to the merger, and, subject to these conditions, to be distributed eventually on a pro rata basis among Van Camp common stockholders.

If approved, the merger will be declared effective as of April 1, 1944.

Pet Milk had a net sales of $76,346,507 in 1943, comparing with $66,737,083 in 1942, with net profit $1,246,159 after $250,000 post-war reserve, against $1,451,412 in 1942. It had $2,820,000 of 4¼% $100 par preferred stock and 441,353 no par common shares outstanding on Dec. 31.

Van Camp Milk's latest report, for six months ended Sept. 30, 1943, showed a net profit of $100,050, against $90,734 in the previous like period, and for the fiscal year ended March 31 last it earned $143,627, against $227,269 in the previous year.

In pre-war years sales ran from $4,000,000 to $4,500,000. Sales were not reported. Its shares are owned by fewer than 700 persons.

Vardaman Shoe Company, 1637 Washington Avenue, St. Louis, Mo. Press Report March 22, 1944:

St. Louis, Mo.—Vardaman Shoe Co., manufacturer of shoes for infants, children and growing girls, 1637 Washington Avenue—William R. Gentry, as trustee for Vardaman Shoe Co., in Chapter X reorganization proceedings, filed a proposed plan of reorganization, which U. S. District Judge Moore set for hearing on March 24, as follows:

Corporate existence of debtor be continued, but name changed to Ermtry Shoe Co.: preferred and common stock to be surrendered and Ermtry authorized to issue 6,000 shares of 5 per cent $25 par cumulative preferred stock, with dividends payable quarterly, commencing October 1, 1944, and to retire same a sinking fund shall be set up March 1, 1947: Ermtry shall be authorized to issue 200 shares of common stock, $1 par value.

A new corporation shall be organized under name of Foot-Kind Shoe Co., to buy, sell and job shoes and kindred lines; Foot-Kind Shoe shall be authorized to issue 200,000 shares of $1 par value common stock; all of shares of capital stock of the two firms shall be deposited under a voting trust agreement, and shall be represented by voting trust certificates, to continue for 10 years.

Provision for Trade Creditors

For indebtedness claimed by National Stock Yards, National Bank, Ermtry shall make a note of $34,348 in instalments of $500 a month for 60 months, the balance on 61st month, secured by first lien mortgage.

Ermtry shall be authorized to issue $47,000 in notes, maturing in five years to holders of 4 per cent preference notes of debtor, secured by a second deed of trust and chattel mortgage on the company's property.

Trade creditors and other claims shall receive (1) 50 shares of common stock of Ermtry and (2) 50 shares of common stock of Foot-Kind for each $100 of claims allowed by the court.

Each holder of preferred stock of debtor shall receive 1¼ shares of common stock of Ermtry and 2¼ shares of common stock of Foot-Kind for each share of preferred of debtor; (b) each holder of shares of debtor's common stock shall have right to (a) purchase for $1 one share of Ermtry common for each 20 shares of common of debtor, and (b) purchase for $1 one share of Foot-Kind common for each 20 shares of debtor's common.

Vardaman Shoe Co., St. Louis, Mo. Manufacturers of shoes for infants, children and growing girls, 1637 Washington Avenue.—U. S. District Judge George H. Moore has confirmed the plan of reorganization of Vardaman Shoe Co. Under Chapter X of the Bankruptcy Act.

Vehicle Equipment Co. Value of Capital Stock dated 1904. Incorporated in New York State on May 1, 1903 and was located at Waverly, N. Y. The corporation was dissolved by Proclamation of the Governor, published March 9, 1926. I found no record of this company after 1903, and believe it went out of business shortly thereafter. The charter of the company was forfeited in 1926. That does not mean that the company existed to within a few years of that date. A company can lose its charter in 1926 and have gone out of business in 1880. It is when the company's term of existence is up that it is dissolved by Proclamation. I submit the shares as worthless as of February 19, 1921, the date of the decedent's death.

Virginia Electric & Power Co. Press notice 4/18/44.

An amended plan for the merger of the Virginia Electric & Power Co. and the Virginia Public Service Co. was filed with the Securities and Exchange Commission at Philadelphia yesterday, it was announced by J. G. Holtzclaw, VEPCO president, and William E. Wood of Belle Haven, president of the VPS, which has its main office in Alexandria.

The two company heads said that the modifications have been discussed with representatives of various commissions, and it was hoped that favorable action can be taken by all of the regulatory authorities in time to submit the plan to the stockholders of the two companies by the end of this month.

The amended plan provides for the following changes from the original plan, it was announced:

1. The sale of 23 million dollars of 3 per cent bonds of VEPCO instead of $24,500,000 of 3½ per cent bonds.
2. The issue of nine million dollars of 2¼ per cent and 2⅝ per cent 10-year serial notes instead of five million dollars of 2¼ per cent five-year serial notes.
3. Each share of VPS preferred will

receive one share of new VEPCO $5 dividend preferred stock plus, for the 7 per cent VPS preferred, $24.50 in cash, and for the 6 per cent VPS preferred $19 in cash. In addition, both series of preferred will receive accrued dividends from March 31, 1944, to the date of the merger. Since the VEPCO $5 dividend preferred is expected to sell at 114 or better per share, the revised offer is the equivalent in market value of securities and cash, to the original proposal of 1 1/16 shares of VEPCO $5 dividend preferred for each VPS preferred share plus $5.50 per share in cash for the 7 per cent VPS preferred.

4. VEPCO will restrict dividend payments on its common stock to an extent which will leave in surplus $11,020,000 over a period of 10 years, as compared with the original proposal of six million over a period of five years.

5. Accounting adjustment will be made to write off, at the time of the merger, the excess cost to VEPCO of the assets acquired over their cost to VPS and the gas plant adjustments now included in VEPCO plant account. In addition, a reserve will be provided for electric and common utility plant adjustments of VEPCO in order to permit their elimination when the amounts have been finally determined. The present acquisition adjustment costs of the two companies will be amortized over a period of not exceeding 15 years to charges to gross income.

6. As a result of negotiations with the State Corporation Commission of Virginia, VEPCO has agreed to a reduction in rates of some $300,000 annually, based on present level of use, principally to residential and municipal customers in that part of the area served by WPS where such rates are higher than those now charged by VEPCO.

Virginia Joint Stock Land Bank, Charleston, W. Va. Stock should be presented to the Kanawha Banking & Trust Company, Charleston, W. Va., in order to receive liquidating dividends that are unpaid.

Virginia Lead Co. This company is located at 600 Drexel Bldg., Philadelphia, Pa., in care of Harry M. Kurtz, president. Mr. Kurtz informed us that it is hoped that there will be a liquidating value to the preferred share some time when the company disposes of its remaining assets. When the final payment will be made and how much it is impossible to say. At the present time the shares would have a value of 25c each.

Virginia Public Service Co. Press report May 1, 1944:

Philadelphia, April 30—(AP)—The Securities and Exchange Commission approved conditionally today transaction leading to the merger of Virginia Public Service Company, a subsidiary of General Gas and Electric Corporation, into Virginia Electric and Power Company, a subsidiary of Engineers Public Service Company.

General Gas and Electric will sell to Engineers all of Virginia Public Service's outstanding common stock, amounting to 782,000 shares, and its claim to $1,165,166.67 in escrowed funds.

The total consideration for both transactions is not to exceed $2,500,000, of which $1,000,000 is immediately payable in cash and the balance payable in the event that the earnings of Virginia Electric and Power Company exceed specified amounts.

Engineers will surrender the claim to escrowed funds to Virginia Public Service as a contribution to its capital The merger will take effect subject to the following terms:

1—Each share of $6 dividend preferred stock of Electric and Power Company will be converted into one share of $5 dividend preferred stock of Electric and Power and will receive cash for accrued and unpaid dividends on such stock to the date the merger takes effect.

2—Each share of 7 per cent preferred stock of Public Service will be converted into one share of $5 dividend preferred stock of Electric and Power and will receive $24.50 in cash, plus additional cash equal to accrued dividends on such 7 per cent preferred stock from March 31, 1944, to the effective date of the merger.

3—Each share of 6 per cent preferred stock of Public Service Company will be converted into one share of $5 dividend preferred stock of Electric and Power, and will receive $19 in cash plus additional cash for dividends.

4—The $782,000 common stock shares of Public Service will be converted into 150,000 electric and power stock shares.

Holders of Electric and Power Company's or Public Service's preferred stock will approve the merger but do not wish to retain the new $5 dividend preferred stock will be given an opportunity to sell the new stock through underwriting arranged by Virginia Electric and Power Company. Stockholders who do not agree to the merger will be entitled to receive cash under Virginia law appraisal rights.

Viskolein Co., The. Incorporated in New York on October 10, 1896, and was located at Buffalo, N. Y. The corporation was dissolved by proclamation on March 11, 1926. Mr. Bert L. Maltbie, an officer and director of this company, was also president of the Maltbie Chemical Company. The Maltbie Chemical Company was incorporated in New York in 1888 and at that time was located at Buffalo, N. Y. The Viskolein Company was formed by the stockholders of this company to promote a remedy which at that time they thought had excellent prospects of a successful career. Practically all of the money paid into the treasury of the Viskolein Company was expended in promotional work, but brought no results. The company struggled along for four or five years and became defunct for lack of funds or assets. The plant of the Maltbie Chemical Company was moved to Newark, N. J., and the company was reincorporated under the laws of the State of New Jersey. Mr. J. H. Foy, chairman of the present Maltbie Company, located at 240 High Street, Newark, N. J., informed us that the shares of the Viskolein Company have no value.

Walker, Hiram H., Foreclosure Trust. The Detroit Trust Company, Detroit, Michigan, informed us as follows on May 12, 1944:

To Holders of Certificates of Beneficial Interest in Hiram H. Walker Foreclosure Trust with Respect to Property at 290 Provencal Road, Grosse Pointe Farms, Michigan:

As you were advised, title to the above property passed to the State of Michigan on May 3, 1943. No funds were advanced to the Trustee by certificate holders to permit it to become a bidder at the February, 1944 State Land Office Board auction sale.

Shortly before the commencement of the State sale the Trustee received an offer of $21,000 cash for the property free and clear of all taxes and other liens, subject to broker's commission and predicated on ability of the Trustee to convey title and the purchaser to obtain title insurance. This price was considered acceptable by the Trustee under all circumstances, and was submitted to and approved by the Public Trust Commission.

Under the State Tax Laws any municipality is vested with the optional right to have property within its boundaries withheld from the State Land Office Board auction sale for a period of one year only, and any lands so withheld may be redeemed by said municipality for the benefit of the former owner by payment of all delinquent taxes and special assessments.

With the use of the purchase money under the offer, and through the operation of the State Tax Laws as aforesaid, payment of the delinquent taxes and assessments was tendered to and accepted by the taxing authorities, and title to the property conveyed back to the Trustee by the State Land Office Board, thus enabling the Trustee to consummate sale pursuant to the offer.

Accordingly, there is available to certificate holders out of the proceeds of sale a distribution of 30 cents per unit, or a total of $1,950 on 6,500 Units of Beneficial Interest. Taxes and broker's commission required $17,010.01, fees and expenses of the Attorneys, Depositary and Trustee were compromised and settled for $1,984.95, and miscellaneous expenses of sale and other items were $61.56.

Certificate holders should now surrender their certificate(s) to Detroit Trust Company, Stock Transfer Department, whereupon distribution will be made at the aforesaid rate of 30 cents per unit.

From an Income Tax viewpoint we understand that the reacquisition and sale of the property constitutes a short term taxable transaction resulting in net taxable income of $1,950. This represents the distribution to certificate holders and is taxable to beneficiaries of the trust as short term profit income on the basis of 30 cents per unit. A "Fiduciary Income Tax Return," on a cash basis, will be filed with the Collector of Internal Revenue at Detroit, Michigan, covering the transaction. A list of the certificate holders will be filed with said return, and will reflect the profit applicable to each of said holders. This information is furnished for whatever assistance it may be to the beneficiaries of the trust in the preparation of their Federal Income Tax Return for the year 1944.

Walker Mining Co. Press report Feb. 15, 1944:

MINING STOCK SUSPENDED

Curb Exchange Halts Dealings in Walker Company Shares

Following a notice from the company that it contemplated dissolution or reorganization, the New York Curb Exchange suspended yesterday from dealings the capital stock of the Walker Mining Company, whose mining properties have been closed since Oct. 2, 1941. Directors of Walker Mining are scheduled to meet in Salt Lake City, Utah, on March 2 to decide upon a future course of action.

The necessity for definite action now grows out of the demand of the International Smelting and Refining Company for the payment of a debt of $509,765 owed by Walker Mining. International has notified Walker that unless steps are taken before April 1 to satisfy the debt, it will take legal action to collect. J. R. Walker, president of the Walker Company, has reported that at the year-end debts exceeded current assets by $345,577.

Washington National Bank of the City of New York. Went into liquidation April 12, 1891.

Washington National Building & Loan Ass'n of Washington, D. C. Incorporated in Virginia and lost its charter in 1912. According to our records the company had most of its branches in Pennsylvania. The Department of Revenue at Harrisburg, Pa., holds no funds for stockholders. The Banking Department at Richmond has no record of the company. We searched banking journals, building and loan records, our files at Columbia University, and found no record of the company other than the report in the U. S. Investor, Volume I, 1907, in which a balance sheet is given and stating that the company was handled by prominent men. It would appear to us that the shares have no value. We are convinced of this for the reason that if the Pennsylvania stockholders had realized anything, the unclaimed funds would have been escheated to the State of Pennsylvania no matter what Federal or State Department originally obtained same.

Welch Armature Co. (West Virginia). Press report March 9, 1944:

Notice is hereby given that at a meeting of the stockholders of Welch Armature Company, a corporation, held at the office of Strother and Christie, in Welch, McDowell County, West Virginia, on the 28th day of February, 1944, at which meeting more than sixty per cent of all the stockholders of said corporation entitled to vote were present, the following resolution was unanimously adopted:

Resolved, That Welch Armature Company, a West Virginia corporation, does hereby discontinue business and surrender its charter to the State of West Virginia. The Board of Directors, after converting all the assets of said corporation into cash and paying all debts against it, shall divide the remainder among the stockholders pro rata with their ownership of stock.

Resolved, That notice of the adoption of this resolution be published once a week for two successive weeks in the Welch Daily News, a newspaper of general circulation published in the county in which the place of business of said corporation is located, and the President shall certify this resolution to the Secretary of State of the State of West Virginia.

Given under my hand this the 29th day of February, 1944.

D. J. F. Strother,
President of Welch Armature Company.

West Chicago Boulevard Block (Walter Johnson). First Mortgage 6½% Bonds

Dated September 1, 1926:
The Detroit Trust Company, Detroit, Mich., informed us as follows on June 12, 1944:
Foreclosure sale was held on January 21, 1944, at which time the property was sold for the sum of $21,000.00, making available for distribution to bondholders the sum of $497.54 on each $1,000.00 bond.
The receiver continued to operate the property up to March 31, 1944, when the receiver's final accounting was approved, and the Court entered an order discharging said receiver from further duties, and authorizing the payment to the Trustee of the cash on hand with receiver at that time of $3,935.79. Settlement was made with the purchaser for the estimated earnings covering balance of the redemption period March 31, 1944 to July 21, 1944, for the sum of $938.34. With funds on hand with the Trustee, including the payments previously mentioned, there is available for distribution to bondholders the sum of $5,073.27, making a further payment of $120.70 on each $1,000.00 bond.
In order to receive such payment it is necessary that you present your bond to the Circuit Court Commissioner, Wayne County, for payment of the pro rata share of the avails of foreclosure sale, and to the Detroit Trust Company, Trust Mortgage Division, (Third Floor), 201 West Fort Street, Detroit 31, Michigan, for payment of your pro rata share of cash on hand with receiver, and earnings during the period of redemption. If you are the holder of bonds of this issue at this time, we shall appreciate you giving the matter your immediate attention so that we may close the trust as soon as possible.

West End Chemical Co. Incorporated in California and is located at 608 Latham Square Building, Oakland, Calif. The common stock of the company was quoted about the date of death at 8c per share, bid. Therefore, I submit 8c per share as a fair value for the common stock as of November 21, 1941, the date of the decedent's death. Hanson & Hanson, brokers, located at 40 Exchange Place, New York City, are quoting the stock at this time at 8c per share bid, 10c asked.

West Gold Mining Co. Mr. Harry W. Robinson, an attorney, located at the Equitable Bldg., Denver, Colo., informed us as follows on Sept. 8, 1944: "Your letter of the 6th instant, regarding present status of the West Gold Mining Co. and the value of its stock was received. A number of years ago this company became badly involved, and in an effort by the stockholders to refund its indebtedness and to prevent the inevitable, its properties were conveyed to the West Gold Company, but before much could be accomplished local creditors brought suit and the whole thing went into the hands of a receiver, and under order of court the mill was dismantled and all machinery and personal property was sold to satisfy tax bills. The four mining claims are still in court with approved claims of local creditors amounting to about $20,000. and Receivership and attorneys fees of perhaps $5,000. remaining unpaid. There have been several efforts made to get the property operating through lessees, but finally the gold closing order L-208 put a definite end on anything of this kind, and what will be the outcome I cannot predict. In any event, I cannot figure however how the stock has any value. Some people say the property has great possibilities but lying idle as it does right now it is not worth much, and will not materially increase in value until order L-208 shall have been rescinded."

West Gold Mining Co. Incorporated in Delaware on Sept. 23, 1926, and had an office in the Denham Bldg., Denver, Colo. In 1937 our mining records report the company owned free and clear 4 claims in Clear Creek County, Colorado. The address of that time was c/o Frank Jones, Idaho Springs, Colo. As far as our records are concerned the company still holds its charter.

San Francisco, Sept. 26. — Federal Judge A. F. St. Sure has approved a petition of the reorganization managers for cash payments of interest and dividends on securitiies of the reorganized Western Pacific Railroad, it was learned here today.

The court order authorizes payment of 22½ per cent on the Western Pacific 5 per cent general mortgage income bonds, and dividends of $15.81 a share on the preferred stock and of $9 a share on the common stock.

The payments authorized by the court would cover interest and dividends earned from Jan. 1, 1939, the effective date of the plan, to the end of 1943. Total distributions will be about $12,681,000. The court also approved of scrip certificates for fractions to be included when the cash payments are distributed with the new securities under the court order.

White Rock Mineral Springs Co.

Press report August 23, 1944:

Waukesha, Wis., Aug. 23 (AP)—A. E. Phillips of New York, president of the White Rock Mineral Springs Company, announced today that stockholders had voted at a special meeting here to accept a proposal of the National Distillers Products Company to acquire the White Rock business. Under the plan, Mr. Phillips said, the first preferred stock of White Rock would be retired at par, plus accrued dividends, and the common stockholders would be given two-sevenths of a share of National Distillers common for each share of White Rock. There are 247,600 shares of common stock outstanding and less than 10,000 shares of preferred stock, valued at $100 a share.

White Rock mineral water first appeared on the market in 1885 and was taken over by the present company in 1906.

Wick Mines Co. Nourse and Dutcher, attorneys, located at Gunnison, Colo., reported the following on April 2, 1942: At your request, and also at the request of the Wick Mines Company, we are giving you an outline of the Doctor Mine property owned by the above company in this County. We are also enclosing a rough sketch of the location of the mining property, forest reserve map gotten out by our local Chamber of Commerce, which also shows the location of the Doctor Group, and a copy of the return on the last two carloads of ore shipped by the present lessee on January 7th, 1938.

The Doctor Group of lode mining claims is located in the Spring Creek Mining District on the Spring River road, about two miles northeast of the main Spring Creek road. The group consists of fourteen patented mining claims, and two unpatented claims, embracing approximately 160 acres. The company holds the claims by good merchantable title, and all taxes have been paid to date. A five-year lease on the property expires on the 15th day of April of this year.

The lease was originally entered into with one J. D. Parsons, and assigned to Rufe Sarson, and is now held by his heirs. Mr. Sarson was a local businessman and he made quite an outlay in development of the property and shipped considerable ore during the years 1937 and 1938. As above stated, we are enclosing a copy of the return on the last shipment. There were no further shipments of the ore from the property, first on account of the death of Mr. Sarson, and, second, by reason of the reduction in the price of zinc ore. There were eight or ten carloads shipped to the Ozark Smelting Company, and they all ran about the same as the one which is shown on the enclosed return.

The development consists of a shaft approximately 250 feet deep sunk at the top of the Doctor Mountain, which connects with the tunnel, approximately 500 feet in length, through which the property is worked. The present lessees sunk a shaft about 75 feet deep to the bottom of the tunnel not far from the intersection of the shaft and tunnel. We are informed that this shaft was sunk in zinc ore, and that from the bottom of the shaft a drift was run for 60 feet or more, which is also in ore. This is the portion of the mine from which shipments were made by the last lessee. One of the men who worked at the property informs us that both the shaft from the bottom of the tunnel and the drift are in ore, and that shipments could be regularly made had it not been for the contingencies above mentioned.

In the winter of 1938 the old bunk house and boarding house were burned, and shortly thereafter two new buildings were constructed at the joint expense of the lessee and the owner, which cost approximately $1,500.00. Besides the new buildings there is an additional bunk house and a machine shop at the breast of the tunnel. The company owns quite a little equipment, which is locked up in the buildings and, so far as is known, the property is in condition so that immediate development and shipments could be made.

From all we can learn the ore is found in a contact rather than in a fissure vein. The report we have leads us to believe that there is a large amount of low-grade ore, which possibly could be concentrated for shipment, located in drifts which the former lessees have run from the main tunnel, and these same parties claim that there is a large amount of ore developed by the present lessees that will run from 15% to 25% zinc in the 75-foot shaft and drift where the recent development was made.

The present lessees hauled their ore by trucks from the mine to Altmont, and shipments were made from there on the Crested Butte branch of the Denver & Rio Grande Western Railroad.

There have been a number of reports made on the property by mining engineers, the last one being a Denver engineer, which, we think, would be available if you determine to become interested in the property.

It is hard to tell just when an inspection of the Doctor Group could be made on account of snow conditions—possibly by the latter part of the present month or the early part of May. If we can give you any further information we will be glad to do so.

Yours very truly,
Nourse and Dutcher.

Wickwire Spencer Steel Co., 500 Fifth Ave., New York, N. Y. Receivers for the company were appointed Oct. 21, 1927. The 1929 reorganization plan made no provision for holders of Class B Notes or stockholders. An arbitrator thereafter decided that the Class B. Notes were entitled to participate in the reorganization. Accordingly, an Amended Plan of Reorganization was adopted July 28, 1930, under which the Class B Notes were recognized. On June 20, 1934, a petition for the reorganization of the company under Section 77B of the Bankruptcy Act was filed in the United States District Court for the Western District of New York, and subsequently the receivers of the company were appointed Trustees in the reorganization proceedings. The Plan of Reorganization dated Aug. 30, 1935, which went into effect May 1, 1937, made the following provisions for the securities of the old company.

Upon the consummation of the Plan holders of First Mortgage Bonds, Prior Lien Bonds, Class A Notes, Class B Notes and the unsecured claims affected by the Plan will, upon surrender and proper delivery of their Certificates of Deposit, bonds, notes, or claims, as the case may be, be entitled to receive Voting Trust Certificates representing common stock of the New Company as follows:

First Mortgage and Prior Lien Bonds Holders of First Mortgage Bonds and Prior Lien Bonds outstanding in the total principal amount of $12,-

679,000 will receive in exchange for their bonds, accompanied by the appurtenant coupons due on and after Nov. 1, 1927, Voting Trust Certificates representing shares of common stock of the New Company at the rate of 21 shares of stock for each $1,000 principal amount of bonds.

Class A Notes.

Holders of Class A Notes outstanding in the total principal amount of $2,515,000 will receive in exchange for their notes, accompanied by the appurtenant coupons due on and after Jan. 1, 1928, Voting Trust Certificates representing shares of common stock of the New Company at the rate of 30 shares of stock for each $1,000 principal amount of notes.

Class B Notes.

Holders of Class B Notes outstanding in the total principal amount of $3,639,340 will receive in exchange for their notes, accompanied by the appurtenant coupons due on and after Jan. 1, 1928, Voting Trust Certificates representing shares of common stock of the New Company at the rate of 10.8171 shares of stock for each $1,000 principal amount of notes.

Claim of The Chase National Bank.

The Chase National Bank of the City of New York, holder of a claim on account of deficiency on mortgage note guaranteed by the Company, which claim amounts to $184,149.57, will receive 18.656 shares of common stock for each $1,000 face value.

Other Unsecured Claims

Holders of certain pre-receivership, merchandise, and other claims which aggregate approximately $194,000 will receive 18.656 shares of common stock for each $1,000 face value.

7½% Secured Notes.

Holders of these notes which are outstanding in the total principal amount of $674,475 will receive new ten-year 6% secured notes in the same principal amount.

Common Stock.

Holders of voting trust certificates for existing common stock will be given the opportunity to purchase one share of common stock of the New Company at the rate of $15 per share for each ten shares now held.

Tax Claim.

The claim of the United States Government for income and excess profits taxes aggregating, with interest approximately $442,000 will be settled for the payment in cash of $144,000.

Real Estate Mortgage.

A real estate mortgage of the Company in the amount of $13,000 will be satisfied by paying in full cash the principal amount thereof.

First Mortgage Bonds of
American Wire Fabrics Corp.

The First Mortgage 7% Twenty-Year Sinking Fund Gold Bonds Series A, due in 1942, of American Wire Fabrics Corp., a subsidiary of the Company will remain outstanding.

Voting Trust Agreement.

The common stock of the New Company will be deposited under a Voting Trust Agreement, and Voting Trust Certificates will be issued to those entitled to stock as hereinabove provided.

To the Holders of Voting Trust Certificates representing common stock of Wickwire Spencer Steel Co.:

(Notice dated Jan. 25, 1944).

By letter dated Aug. 11, 1942, you were advised that the Voting Trust Agreement dated May 1, 1937, was terminated on June 24, 1942, and that you, as holder of voting trust certificates issued under said Voting Trust Agreement, were required to surrender the same to The Chase National Bank of the City of New York, Stock Transfer Department, 11 Broad St., New York, N. Y., and to receive in exchange therefor certificates for the shares of common stock to which you are entitled in respect of the voting trust certificates so surrendered.

The Directors of the Company recently declared on the outstanding common stock a cash dividend of $1.00 per share and a stock dividend at the rate of one share of common stock for every 12½ shares issued and outstanding. No fractional shares or scrip for fractional shares will be issued in connection with the stock dividend, but in lieu thereof there will be distributed to each stockholder of record otherwise entitled to receive fractional shares an amount in cash equivalent to the appropriate fractional part, at the rate of $14 per share.

On the surrender of all of the voting trust certificates standing in your name, certificates for shares of common stock of the Company will be forwarded to you together with the cash dividend and the stock dividend above referred to.

Neither the cash dividend, the stock dividend nor any future dividends will be paid or distributed to you as the holder of voting trust certificates unless and until you shall surrender all of said voting trust certificates in exchange for the shares of common stock to which you are entitled.

There is enclosed herewith a form of letter of transmittal, which you should execute and forward with your voting trust certificates. The instructions printed on the back of the letter of transmittal must be complied with and should be carefully noted.

Willets Engineering Corp., 84 Worth St., Stamford, Conn. Press report Feb. 24, 1944:

Willets Engineering Corp. of Stamford is the second Connecticut war plant to file a bankruptcy petition in U. S. District Court at New Haven, Conn.

According to J. Macy Willets, Jr., president of the firm, the corporation has been doing war work for two years, manufacturing ordnance and airplane parts under sub-contracts. Willets says the cause of the bankruptcy is a large loss incurred under former contracts. The firm employs 42 persons and has assets of $65,000 and liabilities of over $200,000.

Williamson Marks Mines, Ltd. Incorporated in Ontario on Feb. 21, 1906 and filed its last return in 1907. If a company proceeds to dissolution by way of voluntary winding up proceedings under Part XIV of The Companies Act there is a provision that any unclaimed dividends are first of all deposited in a chartered bank for three years, at the end of which time any moneys then unclaimed are turned over to the Provincial Treasurer. In this case no moneys were turned over to the Provincial Treasurer of Ontario. Therefore, it is our opinion that the company is out of existence and its shares are worthless.

Willys-Overland Co.

This company went into receivership on February 15, 1933. On September 5, 1936, it was reported that the reorganization plan had been approved by the court. Judge Hahn ruled that the common and preferred stockholders in the old company should receive no rights in the new company unless they exercise their stock subscription rights in the reorganization. Therefore, I submit the shares as worthless as of June 18, 1942, the date of the decedent's death.

Winston Coal Co. Incorporated in Alabama, and is located at Glen Mary, Winston County, Ala. No taxes have been paid since 1929. The Judge of Probate, Double Springs, Ala., informed us that Mr. Joseph L. Sweigard, located at Lincoln Liberty Bldg., Phila., Pa., is President of the company. Mr. Sweigard informed us as follows on June 15, 1943: "Answering your letter of the 14th instant, upon investigation I find there is no individual holding 83 shares or any combination of shares equalling this amount in the above company. Regarding the status of the company, they have liabilities amounting to $22,514.84; cash on hand $213.64; accounts receivable none; property owned 2235 acres in fee simple and coal and other mineral lands. As to the valuation of the 704 shares of capital stock outstanding, this is questionable but believe it could be acquired for a reasonable cash discount of the liabilities. For your client's information, there are Strip Mining Operations adjacent to this property, also prospecting for oils in the near vicinity."

Winston Coal Co. Incorporated at Birmingham, Ala., on Feb. 27, 1911, with a capital stock of $13,600. and paid in $3,600. The Department of Revenue advised that the company was reported "Dead" by Field Agent in 1921.

Wood Mountain Mines Co. Incorporated in Colorado on May 23, 1922, and was dissolved on Feb. 29, 1932. See report on Gold, Silver & Tungsten, Inc.

Wood Mountain Mining Co. Incorporated in Colorado on March 2, 1898, and was advertised as defunct and inoperative on Sept. 2, 1913. The charter expired by limitation on March 2, 1918. The United States Bureau of Mines at Denver, Colo., informed us that this company has been defunct since 1913, and that the Wood Mountain Group of Mines, held by this company in the Sugar Loaf District, Boulder County, Colo., are now held by Gold, Silver & Tungsten, Inc., c/o J. G. Clark, 940-10th Street, Boulder, Colo. The latter company informed us that they acquired the Wood Mountain Mine in 1931 from Mountain Plains Companies, Inc., and that company obtained the property in 1927 from the Wood Mountain Mines Co. Mr. E. P. Chiado, 2605 W. Travis St., San Antonio, Texas, was Secretary of Wood Mountain Mines Co. Gold, Silver & Tungsten, Inc., acquired the property subject to a mortgage of $18,000. A letter from the Tax Assessor of Boulder County mentions the Wood Mountain Mining Co. that owned the property up to 1928. We have been informed that the title matter in this case could only be straightened out by retaining the Boulder Abstract & Title Co. at Boulder, Colo. We also found that the Wood Mountain Mines Co. was incorporated on May 23, 1922 and was dissolved on Feb. 29, 1932. We have written several letters in this case and many letters have not been answered nor returned. Your best contact, in our opinion would be to have a bank you know in Texas send someone to consult Mr. Chiado about this matter. He could tell you how the property was obtained by the Wood Mountain Mines Co. As far as we have been able to determine, we found no value to the certificates for bonds of the subject company.

Wood Mountain Mining Co. Mr. A. R. Pendleton, of Gold, Silver & Tungsten, Inc., Boulder, Colo., informed us on Aug. 5, 1943, that no shares of stock of Gold, Silver & Tungsten, Inc., were issued to any of the bondholders of the old Wood Mountain Mining Co., and especially no stock was issued to Mr. C. A. Stone.

This information satisfies us that nothing was realized on the bonds of the Wood Mountain Mining Co. The Wood Mountain Mines Co. apparently obtained a clear title to the property through a tax sale or some other way. This company was not incorporated until 1922, ten years after the Wood Mountain Mining Co. ceased to exist. The certificates for the bonds of this company, in our opinion are without value.

Woodbury Co.

Press report Feb. 18, 1944:

A judgment was signed by Supreme Court Justice William T. Collins dissolving the Woodbury Co., soaps and cosmetics, and declaring that its corporate rights, privileges and franchises are forfeited. The court appointed Frank Foley, 11 Wall street, New York City, permanent receiver for the company under a $10,000 bond. The judgment was signed in connection with two actions which were consolidated. In the first suit, Eliot Sarasohn brought an action against the Woodbury company and the Andrew Jergens Co. This was a stockholders' derivative action and it was dismissed on the merits last Nov. 29.

The second action was brought by the Jergens firm, as holder of all of the common stock of Woodbury, asking for the dissolution of Woodbury and the appointment of a receiver.

Root, Clark, Buckner & Ballantine, New York City, represented Jergens.

Notice of Dissolution

To Whom It May Concern:

You and each of you are hereby notified that at a special meeting of the stockholders of the Woodman Building Company of Colo, Iowa, held at Colo, Iowa, on the 7th day of April, 1944, a majority of the stockholders being present in person or by proxy, it was unanimously voted that said corporation be dissolved as of May first, 1944.

Dated at Colo, Iowa, this first day of May, 1944.

Woodmay Realty Corp. N. Y. 1936.

Woodmont County Club Realty Co. Incorporated in Wisconsin on November 8, 1906, and was dissolved on July 2, 1924. Mr. A. J. Friedlander, former Treasurer of the company, located at 732 North Fifth Street, Milwaukee, Wis., informed us that he is unable to give us any information as to the value of the stock but would venture a guess that this stock is absolutely worthless. The property was sold under foreclosure proceedings instituted by the bondholders and is now entirely out of the hands of the former club members. As far as he knows the only individuals who will receive any payment whatsoever are the bondholders who may collect about thirty cents on the dollar.

Youngstown & Southern RR.
Press report August 3, 1944:
A plan to merge the Youngstown & Southern and the Pittsburgh, Lisbon & Western railroads was approved by shareholders of both railroads at meetings here Wednesday afternoon. The two companies have filed an application with the Interstate Commerce Commission for approval.
The new company would be known as the Youngstown & Southern Railway Co.
Lloyd Lyon, vice president of both roads, explained that the merger will save a great deal of accounting and also will save much work in operating both roads.
The new company proposes to issue 9,000 shares of $100 par value common stock; an unsecured note of $500,000 payable in 10 equal annual installments of $50,000 and bearing 3½ per cent interest; one $1,000,000 note maturing in 20 years and bearing 4 per cent interest and secured by a first mortgage on all the merged company property.
The securities would be exchanged for all outstanding stock, bonds and other obligations of the two companies. The Pittsburgh Coal Co., Pennsylvania coal mine operator, owns the capital stock of both companies.
Executives said the merger will be set up as quickly as I.C.C. approves it. The line's principal business is hauling coal to Youngstown.
Officers of both companies are G. C. Harper of Lisbon, president; Lyon, vice-president, and M. A. Young of Youngstown, secretary-treasurer.

Z. & F. Assets Realization Corp.
Supreme Court of the State of New York, County of New York. In the Matter of the Petition of Z. & F. Assets Realization Corporation; and Hubert E. Rogers, Frederick F. Greenman, Guaranty Trust Company of New York, The Chase National Bank of the City of New York, and The New York Trust Company, as Trustees for a judicial settlement of the accounts of said Trustees and for construction of a trust instrument dated April 2, 1925, Petitioners. File No. 17707–1943–Notice to all holders of Participation

Certificates Series "B" and Series "C" of Z. & F. Assets Realization Corporation:

Whereas, Z. & F. Assets Realization Corporation and Hubert E. Rogers, Frederick F. Greenman, Guaranty Trust Company of New York, The Chase National Bank of the City of New York and the New York Trust Company, as Trustees under a trust agreement dated April 2, 1925, have applied to this court by petition dated September 23, 1943, for an order or orders providing among other things as follows: (1) That the accounts of the Trustees under said trust be taken and stated by this court, that the same be judicially settled and allowed, and that the Trustees be discharged as to all matters embraced in said account. (2) That this court construe said trust agreement and determine that the Trustees have the right to vote for the dissolution of the Z. & F. Assets Realization Corporation, and that the trust then be terminated. (3) That the Trustees who have been acting without compensation from April 2, 1925, to the present date be granted reasonable compensation for their services as such Trustees, as the court may deem just and proper, under the facts and circumstances set forth herein, and as the same may be supplemented by additional proof. (4) Directing the payment of Z. & F. Assets Realization Corporation of all proper costs, allowances and expenses, including attorneys' fees incurred by petitioners in this proceeding, and including payment of the compensation to the Trustees as fixed by this court in this proceeding. (5) That an order to show cause be issued to all the holders of Participatilon Certificates Series "B", and Series "C", at the addresses as the same appear on the books and records of the Corporation, as set forth on Exhibit "B" annexed to the petition, directing said certificate holders to show cause at a time to be fixed in said order why the relief requested by the petitioners herein should not be granted, and that such order to show cause prescribe the manner and time of service thereof, and for such other and further relief as to the court may seem just and proper.

You and each of you are hereby ordered to show cause before this court at a Special Term Part I thereof, to be held in and for the County of New York, State of New York, on the 10th day of December, 1943, at 10:00 o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, why the relief requested should not be granted.

Any statements of objections to the account filed by petitioners must be in writing, duly verified, and contain a statement of the address to which all future notices herein may be mailed. Such statements of objections shall be filed in the office of the Clerk of the County of New York on or before December 10, 1943, in default of which you and each of you shall be forever barred from making objections with respect to any matter contained in such account, and copies of said statements of objections shall be served upon the attorneys for the trustees and the attorneys for Z. &. F. Assets Realization Corporation, at the addresses appearing below, on or before the said 10th day of December, 1943.

The foregoing notice is served upon you pursuant to an order of Honorable Benedict D. Dineen, Justice of the Supreme Court of the State of New York, dated the 27th day of September, 1943, and filed with the petition and account of proceedings of said Trustees in the office of the Clerk of the County of New York, at the County Courthouse, Pearl and Centre Streets, Borough of Manhattan, City and State of New York.

Dated: September 27, 1943.

Davis, Polk, Wardwell, Sunderland & Kiendl, Attorneys for the Trustees, petitioners herein, 15 Broad Street, New York, N. Y.

Rogers & Condon, Attorneys for Z. & F. Assets Realization Corporation, 52 Wall Street, New York, N. Y.

Z. & F. Assets Realization Corp. The company reported the following on April 28, 1944:

To: Holders of Record of Participation Certificates of Z. & F. Assets Realization Corp:

As you are aware, distribution has been made or provided for to the extent of 54% of the face amount of the B and C Participation Certificates.

This liquidating corporation has been in operation for approximately twenty years and, other than cash on hand, the Board of Directors knows of no source of recoveries or of assets except the unpaid balance of the Mixed Claims Commission award.

It is the unanimous opinion of the Board of Directors and Trustees, as sole Stockholders, that no useful purpose can be served in continuing the corporation. Consequently the Trustees, as holders of all the issued stock of the corporation, applied to the Supreme Court of the State of New York, which has, after hearing, held that the Trustees are authorized, pursuant to the trust agreement, to vote for the dissolution of the corporation. This has been done and the Directors propose forthwith to bring a proceeding under Section 105 of the Stock Corporation Law for the dissolution and winding up of the corporation and its affairs under the provisions of such statute.

A Plan of Complete Liquidation has been prepared and adopted by the Trustees, as Stockholders, and a copy of this Plan is available for examination by any certificate holder during business hours at The New York Trust Co., 100 Broadway, New York, N. Y.

It is impossible at this time to state the amount of any final distribution to be made upon the outstanding Participation Certificates as a result of these dissolution proceedings. It is estimated, however, that such distribution as may be made, if any, will probably be between 1% and 3% of the original principal amount of the outstanding Participation Certificates, without making any allowance for any further recovery on the unpaid balance on the Mixed Claims Commission award.

The value of the unpaid portion of the Mixed Claims Commission award is highly problematical. While certain funds are held in the Treasury for payment of German and American awards, none of these funds could be made available for any further payment on the corporation's award without new legislation. In the dissolution proceedings it is proposed to submit to the Court the question as to whether to seek to sell this claim at public auction for such amount in cash as the highest bidder offers to pay therefor, or to transfer the claim to The Chase National Bank of the City of New York as Trustee pursuant to an appropriate trust agreement, to hold such unpaid claim for the benefit of holders of Participation Certificates against the eventuality of some payment being made on account of this unpaid balance within some limited time in the future. This latter alternative would of course involve making provision for the expense and contingencies of such trust from cash now held by the corporation.
